RISI, Inc. 401(k) Plan
Salem, New Hampshire

We were engaged to audit the financial statements and supplemental schedules of RISI, Inc. 401(k) Plan as of December 31, 2009 and for the year then ended as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2008 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by JPMorgan Chase Bank N.A., the custodian of the Plan. Their report, dated August 31, 2009, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by JPMorgan Chase Bank N.A., the custodian of the Plan, except for comparing the information with the related information included in the 2009 financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information in the Plan's 2009 financial statements and schedules that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2009 financial statements and schedules taken as a whole. The form and content of the information included in the 2009 financial statements and schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1. DESCRIPTION OF PLAN

The following description of RISI, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of the Company who have attained the age of twenty-one. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 15% of annual compensation on a pretax basis as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may contribute a discretionary match each plan year of 100% of employee deferrals up to 3% of a participant's compensation.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in both their contributions and the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon.

Investment Options: Upon enrollment in the Plan, a participant may direct employee contributions in 1% increments in a variety of investment options. Investment options are defined as both mutual funds and common/collective trust funds. Participants may change their investment options daily.

Participant Loans Receivable: Participants may borrow from their fund account. Loans must be a minimum of \$500 and a participant may only have one loan balance outstanding. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from 1-5 years or up to 25 years for the purchase of a primary residence. The loans bear interest at prime plus 1% and are secured by up to 100% of the balance in the participant's account and/or assets that can be foreclosed on. Principal and interest is repaid through payroll deductions.

Payment of Benefits: On termination of service due to death, disability, retirement, or other termination of employment, a participant may elect to receive the vested value of their account in a lump sum cash payment. Upon termination from employment, if the participants' vested account balance exceeds \$1,000, 401(k) salary deferral funds will be distributed as soon as administratively feasible. If the account balance is less than \$1,000, the entire balance is distributed as soon as administratively feasible.

Forfeited Accounts: At December 31, 2009, forfeited non-vested accounts totaled zero. These amounts, if any, are returned to the plan and used to reduce any Employer contribution.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Shares of the separate investment accounts are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participant loans receivable are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investments in common/collective trusts are stated at estimated fair values, which have been determined based on unit values of the fund. The bank sponsoring such funds determines the values. Investments in common/collective trusts are limited primarily to bonds and notes which are payable upon demand. The bank does not own the underlying assets and consequently these assets are not on the books of the bank.

The incorporation of investment data in the accompanying financial statements is based solely on the certified statements provided by the custodian.

Payments of Benefits: Benefits are recorded when paid.

Funding Policy: With each payroll cycle, the Sponsor deposits contributions based on voluntary withholdings from the paychecks of eligible participants.

Date of Management's Review: Subsequent events have been evaluated through September 14, 2010, which is the date the financial statements were available to be issued.

NOTE 3. RELATED PARTY TRANSACTIONS

ADP Retirement Services, Inc. (ADP) is the third party administrator as defined by the Plan, therefore, any fees paid by participants to ADP qualify as party-in-interest transactions. Fees paid by participants in the plan for investment management services amounted to \$1,171 for the year ended December 31, 2009.

NOTES TO FINANCIAL STATEMENTS

RISI, INC. 401(K) PLAN

NOTE 4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 5. TAX STATUS

The Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the IRC. The plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the plan's financial statements.

The Plan has adopted the provisions of *Accounting for Uncertainty in Income Taxes*. The Plan has not identified any material uncertain tax positions as a result of the implementation of this accounting principle as the board of directors feels that the tax positions taken are supported by unambiguous tax laws. As such, there are no interest and penalties related to uncertain tax positions recognized in the statement of activities included with these financial statements. The board of directors does not feel that their assessment of uncertain tax positions will change in the next twelve months. At December 31, 2010, tax years 2006, 2007, 2008 and 2009 are open to examination by the Federal and Massachusetts tax authorities; however, the Plan is not under examination by either tax authority at December 31, 2009.

NOTE 6. PLAN ADMINISTRATIVE EXPENSES

Certain administrative expenses of the plan have been paid by the Plan sponsor during the year ended December 31, 2009.

NOTE 7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2009 to Form 5500:

DECEMBER 31	2009	2008
Net assets available for benefits per financial statements	\$ 7,841,774	\$ 6,005,764
Contributions receivable	-	(20,353)
Participant loan payments	1,083	-
Net assets available for benefits per Form 5500	<u>\$ 7,842,857</u>	<u>\$ 5,985,411</u>

During 2008, the plan administrator prepared Form 5500 on the cash basis, however the financial statements were prepared on the accrual basis which includes a balance in contributions receivable at year end.

During 2009, the plan administrator included in the participant loan balance on the Form 5500 loans that were previously distributed.

As a result of the 2009 financial statements being prepared on the accrual basis, the net income on the 2009 Form 5500 varies from the audited financial statements by the contributions receivable amount at December 31, 2008 and the difference in the participant loan balance at December 31, 2009.

NOTE 8. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

DECEMBER 31, 2009

Investments at fair value, representing 5% or more of the Plan's net assets:

SSGA Stable Value Fund	\$ 1,936,698
Pimco Investment Grade Bond	590,856
T. Rowe Price Growth Stock Fund	552,509
T. Rowe Price Retirement 2010 Fund	476,245
Van Kampen Comstock Fund	453,557
Neuberger Berman Genesis Fund	414,350
Allianceber International Growth Fund	399,617

\$ 4,823,832

Participant Loans Receivable \$ 76,858

Plan Additions \$ 2,125,382

Plan Deductions \$ 289,372

Net appreciation in fair value of investments:

Mutual Funds \$ 1,365,766

**NOTE 9. NET ASSETS AVAILABLE FOR
BENEFITS RESTATEMENT**

In prior years, the Plan incorrectly omitted contributions receivable. During 2009, the Plan began reporting this asset correctly in accordance with generally accepted accounting principles, which resulted in a restatement of net assets available for benefits. The restatement increased net assets available for benefits as previously reported at December 31, 2008 by \$21,234.

NOTE 10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurements Using:		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
DECEMBER 31, 2009	Fair Value

	<u>\$ 7,820,972</u>	<u>\$ 4,869,991</u>	<u>\$ 2,874,123</u>	<u>\$ 76,858</u>

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of inputs that are observable, either directly or indirectly, other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements: The fair value of mutual funds is based on quoted net asset values of the shares held by the plan at year-end.

Level 2 Fair Value Measurements: The fair value of the investments in common/collective trusts (pooled) funds is determined by each fund's trustee based on the fair value of the underlying securities within the fund, which represent the net asset value (NAV) of shares held by the Plan at year end. The investment in the trust is a public investment security valued using the NAV by State Street. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments that are traded on an active market. The investment in the trust is carried at fair value based on the closing price on NASDAQ. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. The unit values of the fund range from \$9.8896 to \$12.9178 at December 31, 2009.

Level 3 Fair Value Measurements: The fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

DECEMBER 31, 2009	
Beginning balance	\$ 98,003
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	-
Purchases, sales, issuances, and settlements (net)	(21,145)
Ending balance	<u>\$ 76,858</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2009 are reported in net depreciation in fair value of investments.
