INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Terra Holdings 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Terra Holdings 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 and the supplemental Schedule 1, which was certified by Principal Life Insurance Company and Principal Trust Company, the custodians of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedules

The supplemental schedules, Schedules 1 and 2, as of December 31, 2019, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purposes of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Terra Holdings 401(k) Plan (the "Plan") for employees of Terra Holdings, LLC and all affiliates and subsidiaries (the "Company") is provided for general information purposes only. Participants should refer to the plan agreement for a more comprehensive description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan with salary reduction features which is commonly referred to as a 401(k) plan. It covers all nonunion employees attaining age 21 who have completed three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On May 3, 2017, the Company resolved to merge the Plan with Vanderbilt Properties Insurance Brokerage LLC 401(k) Plan ("Vanderbilt") and RealPlus LLC 401(k) Plan ("RealPlus"), related parties through common ownership, with the Plan being the surviving plan. All plan assets were transferred from Vanderbilt and RealPlus on July 17, 2017. At that time, all participants in Vanderbilt and RealPlus became participants in the Plan.

(b) Contributions

Participants may contribute up to 100% of their annual compensation, as defined by the Plan, on a tax-deferred basis, up to the maximum allowed under the provisions of the Internal Revenue Code (IRC). The Company may make matching and profit-sharing contributions to the Plan. The matching contribution would be equal to a participant's elective deferral up to $500 for non-highly compensated employees only. The profit-sharing contribution is discretionary, with the amount being determined by the Company each year. The discretionary matching or profit-sharing contributions for 2019 were $202,813. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants are automatically enrolled in the Plan upon meeting eligibility requirements.

(c) Participants' Accounts

Each participant's account is self-directed and is credited with the participant's contribution, any rollover contribution, allocations of the Company's contribution, allocations of plan earnings, and allocations of plan expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(continued)

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

(d) Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Participants who enter the Plan become vested with respect to the Company's contributions based upon the number of years of service, as follows:

Years of Service	Vesting Percentage
Less than 3	0%
3 or more	100%

(e) Investment Options

The trustees of the Plan determine and approve investment options set up for the Plan. Upon enrollment in the Plan, a participant can direct contributions into various investment options offered by the Plan. The custodians of the Plan are Principal Life Insurance Company and Principal Trust Company. The custodians invest in monies according to participant directions.

(f) Notes Receivable from Participants

Participants may borrow from their vested fund accounts. Loans must be for a minimum of $500, up to a maximum amount of $50,000, or 50% of the participant's nonforfeitable account balance. A participant is limited to having two loans outstanding at any time. A participant may be granted two loans during a single period. The loans are secured by the balances in participants' accounts and bear interest at the prime rate (rates on existing loans ranged from 3.25% to 5.50% for the year ended December 31, 2019 and 3.25% to 5.25% for the year ended December 31, 2018). However, the Plan reserves the right to change the basis. Loans must be repaid by payroll deductions, not to exceed five years, if the participant is currently employed by the Company, except when the loan is used for the purchase of a primary residence, in which case the repayment period cannot exceed 30 years.

(g) Payments of Benefits

On termination of service due to death, disability, or retirement, a participant is eligible to receive a single lump-sum amount equal to the value of his or her vested account balance, or installments only for required minimum distributions. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, either in cash, as a direct rollover, or a combination of both. The Plan permits for hardship withdrawals of the participant's vested account balance. Permissible circumstances for hardship withdrawals include education expenses, purchase of a principal residence, medical expenses, to prevent prevention of eviction or foreclosure of a principal residence, payments for burial or funeral expenses, and expenses for the repair of damage to a principal residence.

(continued)

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

(h) Forfeited Accounts

Nonvested amounts forfeited by departing participants may be used by the Plan for employer discretionary matching contributions or the payment of plan administrative expenses. There were forfeitures of $28,940 applied for employer discretionary matching contributions for the year ended December 31, 2019. The forfeiture balances as of December 31, 2019 and 2018 were $8 and $1,446, respectively.

(i) Administrative Expenses

The Plan is administered by the Company. Administrative expenses can be paid by both the Plan and the Company. The Plan paid administrative expenses of $27,590 as of December 31, 2019.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The accounting and reporting policies of the Plan conform to accounting principles generally accepted in the United States of America ("GAAP"). The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

(b) Investments, Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold, as well as held, during the year. See Note 4 for discussion of fair value measurements.

(c) Payment of Benefits and Other Costs

Benefits are recorded when paid. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to participants' accounts and are included in administrative expenses. Investment-related expenses are included in the net appreciation of fair value of investments.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued and unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

(continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(e) Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires the Plan's management and trustee to make estimates and assumptions that affect the reported amounts of plan assets and liabilities and the disclosure of contingencies, if any, at the date of the financial statements, and additions to and reductions from net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

(f) Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update 2018-13, "Fair Value Measurement - Disclosure Framework (Topic 820)." The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The Plan is currently assessing the timing and impact of adopting the updated provisions.

(g) Subsequent Events

The Plan has evaluated subsequent events after December 31, 2019 through October 6, 2020, the date that the financial statements were available to be issued (Note 11).

NOTE 3 - INVESTMENTS CERTIFIED BY THE PLAN'S CUSTODIANS

The following information represents financial information included in the accompanying statements of net assets available for benefits for the years ended December 31, 2019 and 2018, and the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019, which was provided and certified to be complete and accurate by the Plan's custodians, Principal Life Insurance Company and Principal Trust Company.

	2019	2018
Investments at fair value:		
Pooled separate accounts	$ 30,527,783	$ 24,351,582
Mutual funds	11,068,161	8,276,923
Common collective trust	7,159,353	6,697,153
	$ 48,755,297	$ 39,325,658

During the year ended December 31, 2019, the Plan's investments (including investments bought, sold, and held during the year) appreciated in fair value by $7,935,580.

During the year ended December 31, 2019, the Plan received interest and dividend income in the amount of $121,847.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy gives the highest priority to unadjusted quoted market prices in an active market for identical assets (Level 1) and the lowest to unobservable inputs (Level 3). Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 - Valuation is based upon quoted prices for identical instruments traded in active markets.

- Level 2 - Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.

- Level 3 - Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determinant for fair value requires significant management judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

- Pooled separate accounts - Valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the investments held by the fund, less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

- Common collective trust - A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

- Mutual funds - Valued at the closing price reported in the active market in which the individual security is traded.

(continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Investments measured at net asset value	-	-	-	31,048,735
	$ 8,276,923	$ -	$ -	$ 39,325,658

In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no transfers between levels 1 and 2 during the years ended December 31, 2019 and 2018.

(continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trust	$ 7,159,353	N/A	Daily	12 months
Pooled separate accounts	$ 30,527,783	N/A	Daily	1 day

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trust	$ 6,697,153	N/A	Daily	12 months
Pooled separate accounts	$ 24,351,582	N/A	Daily	1 day

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA, at any time. Upon termination, the Company will discontinue its contributions, and all amounts credited to participants' accounts will become 100% vested. The Plan will direct the distribution of the accounts in a manner permitted by the Plan, as soon as practical.

NOTE 6 - INCOME TAX STATUS

The Plan adopted a Principal Life Insurance Company prototype nonstandardized profit-sharing plan with CODA. The Internal Revenue Service (IRS) has determined and informed the Principal Life Insurance Company, by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since the determination letter was received. However, the plan administrator and the trustees believe that the Plan is designed and is currently operating in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset, or disclosure in the financial statements.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain plan investments held during 2019 were shares of funds managed by Principal Life Insurance Company and Principal Trust Company, custodians of the Plan and, therefore, these transactions qualify as party-in-interest. Administrative expenses paid by the Plan amounted to $27,590 for the year ended December 31, 2019.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The extent of the impact of the coronavirus ("COVID-19") outbreak on the financial performance of the Plan and the Plan's investments will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions and the impact of COVID-19 on the financial markets and the overall economy, in addition to the underlying industries of the Plan's investments, all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially adversely affected.

NOTE 9 - RECONCILIATION OF PLAN FINANCIAL STATEMENTS TO THE FORM 5500

The net assets of the Plan that are attributed to the common collective trust fund investment in fully benefit-responsive contracts are recorded at fair value on the Form 5500 and related schedules. The following is a reconciliation of the Plan's net assets available for benefit and changes in net assets available for benefits between the financial statements and Form 5500 as of December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per financial statements	$ 49,651,868	$ 40,114,139
Adjustment from contract value to net asset value as a practical expedient for common collective trust	107,322	(79,741)
Net assets per Form 5500	$ 49,759,190	$ 40,034,398
Net increase in net assets available for benefits per financial statements	$ 9,537,729	
Adjustment from contract value to net asset value as a practical expedient for common collective trust - current year	107,322	
Adjustment from contract value to net asset value as a practical expedient for common collective trust - prior year	79,741	
Net income per Form 5500	$ 9,724,792	

NOTE 10 - DELINQUENT EMPLOYEE DEFERRAL TRANSMITTALS

During 2019, the Company erroneously failed to remit certain employee deferrals, employee contributions, and loan repayments to the Plan aggregating $254. These contributions and loan repayments were corrected during the plan year following self-correction procedures. The Company has determined the lost earnings on these contributions and loan repayments and made a contribution for the lost earnings to the Plan.

NOTE 11 - SUBSEQUENT EVENTS

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) emerged globally. Although it is not possible to reliably estimate the length or severity of this outbreak, and hence its financial impact, the contributing employer could be materially and possibly adversely affected by the risks, or the public perception of risks, related to the recent outbreak of COVID-19. Also, in connection with concerns over the possible effects of COVID-19, the financial markets have been subject to increased volatility. The extent of the impact of COVID-19 on the Plan's financial performance will depend on future developments, including the duration and spread of the outbreak, as well as market performance.

The Plan has been amended to implement certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The Plan is in the process of operationally being amended to implement certain changes permitted by the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"). Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
