ALLIED PHYSICIANS GROUP PLLC 401(K) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2019 AND 2018 AND FOR THE YEAR ENDED DECEMBER 31, 2019

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Allied Physicians Group PLLC 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan established effective January 1, 2008, amended and restated effective January 1, 2017 and January 1, 2018 and includes all employees of Allied Physicians Group, PLLC (formerly known as Allied Pediatrics of New York, PLLC) (the "Company" or "Employer") who have completed one year and 1,000 hours of eligible service and who have attained age 21. Effective January 1, 2019, the Company is a member of an affiliated service group which now includes Adjuvant.Health, LLC. The Plan is subject to the provisions of the ERISA. The Board of Trustees is responsible for oversight of the Plan. Management of the Company determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Effective April 3, 2018, a new trustee Nationwide Financial Services, Inc. was appointed.

CONTRIBUTIONS

Each year participants may contribute a pre-tax amount equal to not less than 1 percent and up to 100 percent of their pre-tax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans rollovers. Participants direct the investment of their contributions and the employer contributions and rollovers, into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balance fund until changed by the participant. Contributions are subject to certain IRS limitations.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

CONTRIBUTIONS (CONTINUED)

The Plan accepts Roth Elective Deferrals made on behalf of participants. The Company will make a Safe Harbor contribution which is equal to 3 percent of each eligible participant's salary. The Company can also make discretionary profit sharing contributions. During the year ended December 31, 2019, the Company made contributions of $1,675,538, including profit sharing contributions of $733,402.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as an allocation of (a) the Company's discretionary profit sharing contributions, (b) Plan earnings, and (c) Plan administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Allocation of the employer's profit sharing contributions are based on the ratio of the participant's compensation to total eligible compensation, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their voluntary contributions and Employer safe harbor contributions plus actual earnings thereon. The vesting in the Company's discretionary profit sharing contribution portion of the participants' accounts is based on years of continuous service. However, if an active participant dies or becomes totally and permanently disabled prior to attaining the normal retirement age, the participant account becomes 100 percent vested.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

VESTING (CONTINUED)

Participants' vested interest in their discretionary profit sharing contributions shall be determined in accordance with the following schedule:

Years of Vesting Service	Vested Interest
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

FORFEITED ACCOUNTS

Forfeitures of non-vested accounts are used to reduce plan administrative expenses and contributions by the Company. There were $13,203 and $115,731 in forfeited non-vested accounts at December 31, 2019 and 2018, respectively. $102,480 of forfeitures were used to reduce Company contributions for the year ended December 31, 2019.

PAYMENT OF BENEFITS

On termination of service due to death, disability or retirement, a participant shall receive the value of the vested interest in his or her account as a lump-sum distribution. A participant may receive an in-service distribution upon attainment of age 59 ½. Distributions are subject to the applicable provisions of the Plan agreement.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's accounts and bear interest at rates that range from 4.50% to 6.50%, which are commensurate with the local prevailing rate as determined quarterly by the Plan administrator. The loans must be repaid over a period not to exceed five years or thirty years for the purchase of a primary residence. Principal and interest is paid ratably through monthly payroll deductions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Company determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance of credit losses have been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Defaulted loans recorded as benefit payments amounted to $32,116 for the year ended December 31, 2019.

PAYMENTS OF BENEFITS

Benefits are recorded when paid by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ADMINISTRATIVE EXPENSES

The Plan's expenses are paid either by the Plan or the Company as provided by the Plan document. Certain administrative expenses of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

RECLASSIFICATIONS

Certain items in the 2018 financial statements have been reclassified to conform to the presentation in the current year financial statements. Such reclassifications had no effect on the previously reported change in net assets available for benefits.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform, and they did not perform, any auditing procedures with respect to the following information certified by Nationwide, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplementary schedule. Nationwide held the Plan's investment assets and executed investment transactions as of December 31, 2019 and 2018 and year ended December 31, 2019. The information certified by the Plan's trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019 is as follows:

	As of December 31,	
	2019	2018
Investments:		
Investments - at fair value	$32,425,301	$23,788,970
Investments - at contract value	837,644	436,941
Total Investments	$33,262,945	$24,225,911

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (CONTINUED)

	For the Year Ended December 31, 2019
Net appreciation in fair value of investments	$5,016,992
Interest and dividend income	$809,545

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts
Consists of common stocks and mutual funds. The common stocks are valued at the closing price reported in the active market in which the individual securities are traded. The mutual funds are valued at the NAV of shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$31,424,600	$ --	$ --	$31,424,600
Self-directed brokerage accounts	1,000,701	--	--	1,000,701
Total Investments at Fair Value	$32,425,301	$ --	$ --	$32,425,301

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$23,118,701	$ --	$ --	$23,118,701
Self-directed	670,269	--	--	670,269
Total Investments at Fair Value	$23,788,970	$ --	$ --	$23,788,970

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Nationwide totaling $837,644 and $436,941 at December 31, 2019 and 2018, respectively. Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and certain administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 2 percent. The crediting rate is reviewed on a quarterly basis for resetting. The Guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This guaranteed investment contract meets the fully benefit-responsive criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under their terms of the Plan. Contract value, as reported to the Plan by Nationwide, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and/or regulatory events.

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Plan administrator, as well as the Company and its management, believe that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be 100% vested in their employer discretionary profit sharing contributions.

NOTE 7 - TAX STATUS

On August 8, 2014, the Internal Revenue Service ("IRS") stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code ("IRC") Section 401(a). The Plan administrator and the Plan's tax counsel believe that the Plan was designed and is being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Nationwide, the trustee as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of investments, as they are paid by revenue sharing, rather than direct payment.

The Plan paid $202,278 of administrative and advisory fees through participant earnings to service providers for the year ended December 31, 2019. The Company pays directly any other fees related to the Plan's operations.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - DELINQUENT PARTICIPANT CONTRIBUTIONS

During the years ended December 31, 2019 and 2018 and 2012 through 2015, the Company did not remit to the Plan's trustee certain employee contributions and loan payments within the period prescribed by Department of Labor regulations. Delays in remitting contributions to the trustee were due to the time it took the Company to gather and summarize payroll information in order to segregate the employee's contributions and loan payments for remittance. Management of the Company has informed the Plan that they will make contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays. The Company intends to formally correct the late payments. All late payments that the Company intends to correct are included on the schedule of delinquent participant contributions in the supplemental schedules to the financial statements.

NOTE 11 - SUBSEQUENT EVENTS

The Plan's management evaluated events through October 9, 2020, the date the financial statements were available to be issued.

As of the date October 9, 2020 $69 has been remitted by the employer to participant accounts in correction of lost earnings due to delinquent contributions during the years ended December 31, 2018 and 2019.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic which continues to spread throughout the United States and the World, triggering volatility in financial markets and a significant negative impact on the global economy. We have concluded that while it is reasonably possible that COVID-19 could have a negative effect on the fair value of the Plan's investments and results of its operations, the specific impact to the Plan, participants, and Plan Sponsor is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security Act" (the "CARES Act"). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions as a way of providing additional access to retirement funds should a financial need arise due to the current pandemic:

NOTE 11 - SUBSEQUENT EVENTS (CONTINUED)

- The CARES Act permits participants to take a distribution of $100,000 or 100% of their vested balance, whichever is less, until December 31, 2020. Eligible participants who receive a distribution under the CARES Act will not be subject to the standard early withdrawal penalty that generally applies to participants under the age of 59½.

- Qualifying participants may take a loan up to $100,000 or 100% of the participant's vested balance, whichever is less, until September 22, 2020; and

- Repayment on existing loans due through the end of 2020 may be delayed one year.

- Safe Harbor contributions were suspended in April of 2020. The board of Trustees has elected to contribute again in October 2020. The SECURE Act permits the adoption of the 3% safe harbor non-elective contribution up until 30 days prior to the end of the Plan year.

The full impact of the CARES Act is unknown at this time.
