To the Pension Committee of the
Ivoclar Vivadent, Inc. 401(k) Retirement Plan:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Ivoclar Vivadent, Inc. 401(k) Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company and Principal Trust Company, the Trustees of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the Trustees as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the Trustees is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on financial statements referred to in the first paragraph.

1. DESCRIPTION OF PLAN

The following is a brief description of the Ivoclar Vivadent, Inc. 401(k) Retirement Plan (the Plan) provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan as permitted under Section 401(k) of the Internal Revenue Code, covering eligible employees of Ivoclar Vivadent, Inc. and Ivoclar Vivadent Manufacturing, Inc. and Sagemax Bioceramics (collectively the Company and Plan Sponsor). The Plan is funded by employee and employer contributions. The Plan is intended to conform to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent legislation, where applicable.

Eligibility

Employees, who are not covered by a collective bargaining agreement, are eligible to participate in the plan on the first day of the month after their hire date as long as they have attained age 21.

Contributions

Participants who are eligible to participate in the Plan are automatically enrolled with an elected contribution of 4%, unless the employee chooses not to participate or chooses to defer a different percentage. Each participant may elect to contribute up to 100% of his or her eligible compensation subject to the limitations set by the Internal Revenue Code ($19,000 in 2019 and $18,500 in 2018) as a tax-deferred contribution to the Plan. Participants who are at least 50 years old may make additional “catch-up” contributions annually ($6,000 in 2019 and 2018). The Company will make matching contributions up to 50% of the participant’s contribution up to 4% of the participant’s eligible compensation. In addition to matching contributions, the Company may make a discretionary contribution to the Plan of 4% of a participant’s eligible compensation at the end of the Plan year. Discretionary contributions of $1,577,168 and $1,544,965 were made for the years ended December 31, 2019 and 2018, respectively. The Plan provides that participants may rollover balances from other qualified retirement plans.

Participants direct the investment of employee and employer contributions into various investment options offered by the Plan. Participants may change their investment allocation on a daily basis.

Plan Transfers

During the year ended December 31, 2018, a division of Ivoclar Vivadent, Inc. was sold to the Aurum Group and certain participants in the Plan were terminated and transferred out of the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocation of (a) the Company’s matching and profit sharing contributions (b) plan earnings and losses, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their funds up to a maximum amount, which is the lesser of $50,000 or 50% of their vested account balance. The minimum loan amount is $1,000. The number of loans outstanding is limited to one per participant. Loan terms range from one to five years. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with the local prevailing rate. Principal and interest are paid ratably through payroll deductions.

Withdrawals and Distributions

Unless a participant elects otherwise, distributions are made as soon as practical after the participant's normal retirement date or actual retirement date occurs. The normal retirement date is the date upon which the participant reaches age 65. Participating employees who attain the age of 55 and complete five years of vested service are eligible to make an election for early retirement benefits.

Participants may also receive hardship withdrawals and in-service distributions under certain circumstances, as defined in the Plan Document.

Vesting

Participants are immediately 100% vested in their elective deferral contributions. Participants are 100% vested in the employer matching and discretionary profit sharing contributions after three years of service, as defined.

Forfeited Accounts

Forfeitures of nonvested separated participants are available to be applied toward future employer contributions. Forfeited nonvested accounts totaled $11 and $1,093 at December 31, 2019 and 2018, respectively. Forfeitures used to reduce company contributions during the plan years ended December 31, 2019 and 2018 were $28,516 and $16,746, respectively.

Administrative Expenses

A significant portion of the costs of administering the Plan are borne by the Company, with the remainder paid out of the assets of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become fully vested in their account balances.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Valuation of Investments

Investments are reported at fair value or net asset value (NAV) as a practical expedient for fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold or held during the year.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Income Taxes

The Internal Revenue Service has determined and informed the Trustees by a letter dated March 31, 2014, that the prototype Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Risks and Uncertainties

The Plan’s assets include various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to the value of such investments, changes in the values of investments will occur and such changes could materially affect the amounts reported in the accompanying financial statements.

3. FINANCIAL CERTIFICATION

The following financial information relating to the Plan's assets at December 31, 2019 and 2018, as well as investment income and investment transactions for the years then ended, has been derived from information provided by Principal Life Insurance Company and Principal Trust Company, the Trustees of the Plan, and has been certified by them as complete and accurate.

Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The Plan uses various valuation techniques in determining fair value. ASC Section 820 established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Values are determined based on quoted market prices in active markets.

Pooled separate accounts (PSA): The PSA's primarily invest in domestic and international stocks, institutional funds and fixed securities. The majority of the underlying securities of the PSA's have observable level 1 quoted pricing inputs. Most of the security prices were obtained from a pricing service, Interactive Data Corporation (IDC). Because the IDC is valued similarly to mutual funds, the pooled separate accounts are presented in the table below using Level 1 as a practical expedient for fair value. Unfunded commitments typically are found in private equity funds and therefore are not applicable to PSAs.

Guaranteed interest accounts: The guaranteed interest accounts are not fully benefit-responsive and are accordingly stated at fair value. Fair values of the guaranteed interest accounts are the amounts Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination, or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed contract crediting rates. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay Plan benefits and the insurance company's administrative expenses. There are no significant restrictions on redemptions and there are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$22,623,066	$ -	$ -	$22,623,066

Pooled separate accounts, at NAV				50,954,368
Total investments				$78,091,955

4. FAIR VALUE MEASUREMENTS (Continued)

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$17,644,981	$ -	$ -	$17,644,981

Pooled separate accounts, at NAV				40,069,509
Total investments				$62,732,027

The following table sets forth a summary of changes in fair value of the Plan's Level 3 investments for the years ended December 31:

	2019	2018
Balance, beginning of year	$ 5,017,537	$ 5,684,995
Purchases	1,205,111	1,814,023
Interest	67,373	60,683
Sales	(1,775,500)	(2,542,164)
Balance, end of year	$ 4,514,521	$ 5,017,537

The following tables represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

	Quantitative Information about Level 3 Fair Value Measurements 2019			
	Fair Value at 12/31/19	Valuation Techniques	Unobservable Input	Range Significant Input Values
Guaranteed interest accounts	$ 4,514,521	Assumed proceeds at discontinuation	Composite Guaranteed Rate	0.82% - 2.00%
			Current Rate on 12/31/19	2.07% - 2.26%

4. FAIR VALUE MEASUREMENTS (Continued)

	Quantitative Information about Level 3 Fair Value Measurements 2018			
	Fair Value at 12/31/18	Valuation Techniques	Unobservable Input	Range Significant Input Values
Guaranteed interest accounts	$ 5,017,537	Assumed proceeds at discontinuation	Composite Guaranteed Rate	0.86% - 1.86%
			Current Rate on 12/31/18	2.96% - 3.10%

In substantiating the reasonableness of the pricing data provided by the Trustee, the Plan administrator reviews the pricing assumptions and factors used by the Trustee, recently executed transactions, existing contracts, as well as industry and market developments.

5. PARTY-IN-INTEREST TRANSACTIONS

During the years ended December 31, 2019 and 2018, certain plan investments were managed by Principal Life Insurance Company and Principal Trust Company, the Trustees of the Plan, and therefore these transactions quality as party-in-interest.

Notes receivable from participants of $917,437 and $939,928 as of December 31, 2019 and 2018, respectively, with interest rates ranging from 5.25% to 7.50% qualify as party-in-interest.

6. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 7, 2020, which is the date the financial statements were available to be issued.

The United States, as well as many countries around the world, are presently in the midst of a global health emergency related to a virus, commonly known as Novel Coronavirus (COVID-19). The overall consequences of COVID-19 on a global, national, regional and local level are unknown, but it has the potential to result in a significant economic impact. The impact of this situation on the Plan and the Company and its future results and financial position is not presently determinable.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. The CARES Act contains several provisions that temporarily impact 401(k) plans, including the waiver of required minimum distributions, a new hardship withdrawal option, increased loan limits, and a pause option for loan payments. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. The Company has adopted these provisions during 2020.
