Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Global Investors Trust Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019 and Schedule H, line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2019 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following brief description of the Gotham Greens 401(k) (Plan) is provided for general information purposes only. Plan members should refer to the Plan documents for more complete information.

General - The Plan is a prototype 401(k) profit-sharing plan, sponsored by Gotham Greens Butterhead, LLC (Company). The Plan was established on January 1, 2017. The Plan contains a salary reduction feature under Internal Revenue Code Section (IRC) 401(k) and provides for retirement, disability, and death benefits. The Plan is participant directed and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2019, the Plan was amended to adopt the changes with hardship withdrawals as a result of the Bipartisan Budget Act of 2018 that was signed into law February 9, 2018. The most significant changes include removal of six-month suspension of employee contributions and allowing additional contribution types and their earnings.

Eligibility - The Plan covers all employees employed prior to January 1, 2017 and all employees of the Company who have completed ninety days of service, attained the age of eighteen, and are not covered by a collective bargaining agreement.

Employee contributions - Participants may elect to contribute an amount or percentage of their compensation up to a maximum salary reduction contribution permitted by the Internal Revenue Service. The Plan allows participants to designate all or any portion of their elective contributions as a Salary Deferral Contribution (Roth). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from an eligible retirement plan (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer contributions - The Company may elect to make a discretionary employer matching contribution at a percentage determined each year, which shall apply to all active eligible participants for the entire plan year. The match is limited to the participant's elective deferrals. The Company may make an additional discretionary or qualified non-elective contribution determined annually. To be eligible for employer contributions, the employee must have completed 1,000 hours of service and be an active participant at the end of the plan year. There were no employer contributions made during the year ended December 31, 2019.

(Continued)

1. DESCRIPTION OF THE PLAN (Continued)

Notes receivable from participants - Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The term of the loan shall not exceed 5 years; however longer terms may be allowed when the loan is obtained for the purchase of a primary residence.

The loans bear interest rates, which are commensurate with local prevailing rates established by the plan administrator. Principal and interest on loan payments are recorded as contributions and are allocated based on investment elections at time of payment. Principal and interest are paid ratably through routine payroll deductions. The notes are collateralized by the participant's vested interest in their account. There were no loans outstanding at December 31, 2019 and 2018.

Participant accounts - Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary and non-elective contributions and plan earnings. Interest and dividend income and realized and unrealized gains and losses are allocated to each participant's account in the ratio of his/her account balance to the total balance of all participant account balances within the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are always 100% vested in salary deferrals, rollovers and transfers from other plans plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after one year of credited service.

Payment of benefits - Benefits are available for distribution upon retirement, death, or disability in a single lump sum distribution equal to the value of the participant's vested interest in his or her account. In the event of termination for reasons other than retirement, death, or disability, payment of vested benefits will be made by the plan administrator in accordance with procedures described in the Plan. If a participant's vested account balance is less than $5,000, the participant will receive an immediate cash-out of the vested account balance. If a participant's vested account balance is greater than $1,000 and less than $5,000, the vested account balance will be rolled over into an IRA.

In-service withdrawals - The Plan allows for in service distributions from all or a portion of the participant's fully vested account balances upon the participant's attainment of age 59½. Hardship withdrawals may be made due to an immediate financial need, as defined by the Plan. A participant may also withdraw any part of their vested account resulting from elective deferral contributions if the requirements for a qualified reservist distribution are met.

(Continued)

1. DESCRIPTION OF THE PLAN (Continued)

Forfeitures - Forfeitures are created when participants terminate employment before becoming entitled to their full vested benefits under the Plan. Forfeitures may be used to pay plan expenses or used to offset employer contributions and then reallocated among eligible participants. There were no forfeitures in 2019.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value (except for a fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Notes 3 and 4).

Purchases and sales of investment units are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan reports investments that are considered fully benefit responsive in accordance with (ASU) 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962); (Part I) Fully Benefit-Responsive Investment Contracts.*

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of benefits - Benefit payments and withdrawals are recorded when paid.

Administrative expenses - Certain expenses of maintaining the Plan are paid by the Plan. Fees related to the administration of notes receivable from participants and benefit payment requests are charged directly to the participant's account and are included in administrative expenses. Investment related expenses including trustee fees are included in net appreciation in fair value of investments.

3. INVESTMENTS AND FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds - Mutual funds are valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

(Continued)

3. INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

Collective investment trust funds (CIT) - The fair value of the CIT's are calculated using the underlying publicly quoted pricing inputs of the mutual funds to determine the net asset value (NAV) of the CIT's, which are not publicly quoted but are available to current investors through participant account access and the CIT's Annual Report. NAV is the basis for current transactions and the investment can be redeemed as of the measurement date.

Pooled separate accounts - Investments in pooled separate accounts (funds) are stated at fair value, which has been determined by the insurance company sponsoring such funds by dividing the fund's net assets at fair value by the respective units outstanding at the valuation date (NAV). These funds are mainly invested in domestic stocks valued using quoted pricing inputs and can be redeemed on a daily basis, which is considered a "readily determinable fair value" by the insurance company. These funds have no unfunded commitments.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018, respectively:

	2019			
Description	Total Fair Value	Level 1	Level 2	Level 3
Mutual funds	$ 63,454	$63,454		
Collective investment trust funds	137,504		$137,504	
Pooled separate accounts	62,742		62,742	
Total	$263,700	$63,454	$200,246	

	2018			
Description	Total Fair Value	Level 1	Level 2	Level 3
Mutual funds	$ 49,508	$49,508		
Collective investment trust funds	52,050		$52,050	
Pooled separate accounts	23,336		23,336	
Total	$124,894	$49,508	$75,386	

During 2019, the Plan's investments in the mutual funds, collective investment trust funds, and pooled separate accounts (including investments bought, sold, and held during the year) appreciated in value by $37,832.

4. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract (GIC) with Principal Life Insurance Company (Principal) with a contract value of $5,805 and $3,268 as of December 31, 2019 and 2018, respectively. Principal maintains the contributions in a general account.

(Continued)

4. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The net crediting rate is after deduction of .65% for fees for administrative and recordkeeping services to the Plan. The crediting rate is reviewed on a semiannual basis for resetting. This contract meets the fully benefit-responsive contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic or regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan prohibition on competing investment options or delegation of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from the contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

A Plan sponsor initiated liquidation or transfer of the Plan's interest will be subject to either a 12-month advance notice or a 5% surrender charge, whichever the plan fiduciary chooses. Notification of a Plan's intent to terminate its interest may be revoked within 90 days of the issuer's receipt of notice, after which time, notice becomes irrevocable.

5. PLAN FINANCIAL INFORMATION CERTIFIED BY CUSTODIANS

The following is a summary description of the unaudited information regarding the Plan, included in the Plan's financial statements. This information was prepared by Principal Life Insurance Company, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Global Investors Trust Company, the custodians of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the custodians that such information is complete and accurate as of December 31, 2019 and 2018, and for the plan year ended December 31, 2019.

- Schedule of Assets Held for Investment - all items and amounts.

6. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the adopted prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, the participants would become fully vested (100%) in their employer contributions.

8. PARTIES-IN-INTEREST

Certain plan investments are shares of funds managed by Principal Life Insurance Company; Delaware Charter Guarantee and Trust d/b/a Principal Trust Company and Principal Global Investors Trust Company, the custodians, as defined by the Plan. Therefore, these investment transactions qualify as exempt party-in-interest transactions.

Certain employees of the Company, who are also participants in the Plan, perform administrative services at no cost to the Plan.

(Continued)

8. PARTIES-IN-INTEREST (Continued)

During 2019, the Plan reported delinquent participant contributions of $10,546 of which $5,085 were subsequently corrected on August 3, 2020.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. SUBSEQUENT EVENTS

On March 11, 2020, the World Health Organization declared Coronavirus (COVID-19) a pandemic. The extent of the operational and financial impact the COVID-19 pandemic may have on the plan sponsor has yet to be determined and is dependent on its duration and spread, any related operational restrictions and overall economy. The Plan sponsor is unable to accurately predict how COVID-19 will affect results of its operations or the Plan because the virus's severity and duration are uncertain. Management believes the Plan sponsor is taking appropriate actions to respond to the pandemic; however, the full impact is unknown and cannot be reasonably estimated at the date the financial statements were available for issuance.

The Plan has evaluated subsequent events through October 13, 2020, the date of the Independent Auditor's Report, which is the date the financial statements of the Plan were available to be issued.
