Independent Auditor's Report

To the Plan Administrator of
The Allied Power Group LLC 401(k) Plan
Houston, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Allied Power Group LLC 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 which was certified by AXA Equitable Life Insurance Company and MG Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustees hold the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustees as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Other Matter

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2018, and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of The Allied Power Group LLC 401(k) Plan (the "Plan") is provided for general information only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted by The Allied Power Group LLC (the "Company", "Plan Sponsor" or "Employer"), originally established January 1, 2001, covering eligible employees of the Company. The Plan permits salary deferrals by the Plan's participants under Section 401(k) of the Internal Revenue Code ("IRC") and also incorporates a "safe harbor" employer matching contribution feature. The Plan is subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Administration of the Plan

The Plan Sponsor is the Plan Administrator. AXA Equitable Life Insurance Company ("AXA") serves as the trustee and record keeper of the Plan's assets from August 1, 2018 through December 31, 2018. MG Trust Company ("MG Trust") served as the trustee of the Plan's assets from December 31, 2017 through August 1, 2018. Loren D. Stark Company ("Loren D. Stark") served as the recorded keeper of the Plan's assets from December 31, 2017 through August 1, 2018.

Eligibility

The Plan covers all employees (excluding union employees and nonresident aliens), who are eligible to participate in the Plan with respect to making contributions. Employees are eligible to participate on the first day of the first, fourth, seventh and tenth months of the plan year coinciding with, or next following, the completion of one year of service (a minimum of 1,000 hours of service).

Contributions

Participants may elect to make pre-tax contributions to the Plan in an amount up to 100% of their eligible compensation during the Plan year, subject to certain limitations under the IRC. Each participant's annual contribution shall not exceed the maximum allowed for deferral under the IRC. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The Employer makes matching contributions to the Plan for eligible employees on a uniform basis. During the year ended December 31, 2018, the Employer made safe harbor matching contributions equal to 100% of a participant's elective deferrals on the first 3% of that participant's compensation and 50% on the next 2%, for a maximum match of 4%. The Employer may also make additional discretionary matching and profit sharing contributions. During the year ended December 31, 2018, the Employer made no discretionary or profit sharing contributions.

The Plan is participant-directed and participants may change their contribution rates as of the beginning of each payroll period and investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Employer's contributions, and allocation of plan earnings. In addition, participant accounts may be charged with an allocation of certain administrative expenses. Allocations are based on the participant earnings or account balances, as defined by the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants have the right to direct the investment of plan assets held under the Plan on their behalf into various investment securities offered by the Plan and can change the allocation of future contributions and current account balances at their discretion.

Vesting

Before August 1, 2018, participants were always fully vested with respect to their salary deferrals, the Company's safe harbor matching contributions, and related earnings. For all Company discretionary and profit-sharing contributions and related earnings, participants were vested 20% after two years of service and an additional 20% for each year thereafter, and were fully vested at the completion of six years of service. After August 1, 2018, the Company's matching, discretionary, and profit sharing contributions are vested 20% after one year of services and an additional 20% for each year thereafter, and are fully vested at the completion of five years of service. A participant shall be immediately vested upon death, retirement, or termination of employment due to becoming disabled.

Notes Receivable from Participants

Participants are allowed to borrow from their participant directed accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance, less the balance of any existing notes. Note terms range from one to five years, or up to ten years for the purchase of a primary residence. Each note is collateralized by the balance in the participant's account and bears interest at a prevailing rate at the time the note is made, fixed for the term of the note. All interest of 5.25% to 7.00% paid to the Plan with respect to a note receivable is credited to the borrower's account balance. Scheduled principal and interest payments are made ratably through payroll deferrals. Participants are only allowed to have two outstanding loans.

Payment of Benefits

Upon termination of service for any reason including due to death, disability, or retirement, the Plan permits the participant or his or her beneficiary to receive benefits under the Plan in the form of a single lump sum cash payment or in installments of substantially equal payments. In the event the participant's vested account balance exceeds $5,000, the participant may elect to leave the vested account balance in the Plan until April 1 of the calendar year following the year in which the participant attains age 70½, at which time the payment of their benefits under the Plan must commence. In-service distributions may be made from the participant's vested account balance upon attainment of age 59 $^{1/2}$ or for financial hardship in accordance with the Plan Agreement.

Forfeitures

Forfeitures occur when participants terminate employment before becoming 100% vested with respect to their Employer contributions. Forfeitures shall be used to pay administrative expenses of the Plan and reduce future Employer contributions. At December 31, 2018 and 2017, the total unallocated forfeitures were $983 and $11,464, respectively. During the year ended December 31, 2018, $11,415 were used to pay administrative expenses of the Plan or reduce Employer contributions.

Administrative Expenses

Most of the fees related to the administration of the Plan or associated with the investment of Plan assets are paid by the Company. If the Company does not pay plan-related expenses, such fees or expenses will generally be allocated to the accounts of participants either proportionately based on the value of their account balances or as an equal dollar amount based on the number of participants in the Plan. Participants may be assessed fees directly associated with the administration of their account. Investment related expenses are included in net appreciation or depreciation of fair value of mutual funds.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on an accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP") as codified by the Financial Accounting Standards Board in its Accounting Standards Codification ("ASC").

Use of Estimates

The preparation of the Plan's financial statements in conformity with US GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of mutual funds includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefits

Benefits are recorded as a reduction to net assets available for benefits when paid.

Risks and Uncertainties

The Plan provides for various investment options in a variety of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Plan's financial statements and participant account balances.

3. Information Certified by the Investment Trustees (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustees have certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate.

December 31,	2018	2017
Pooled separate accounts	$ 4,088,837	$ -
Mutual funds	-	4,535,146
Notes receivable from participants	306,975	-

Year Ended December 31,	2018
Net appreciation in fair value of mutual funds	$ 276,343
Net depreciation in fair value of pooled separate accounts	(402,921)
Interest income on note receivable from participants	17,956

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. Fair Value Measurements and Disclosures

The Plan measures fair value in accordance with ASC 820, *Fair Value Measurements and Disclosures*, which defines fair value as the price that would be received in the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 requires disclosure of the extent to which fair value is used to measure financial and non-financial assets and liabilities, the inputs utilized in calculating valuation measurements, and the effect of the measurement of significant unobservable inputs on earnings, or changes in net assets, as of the measurement date.

ASC 820 establishes a three-level valuation hierarchy based upon the transparency of inputs utilized in the measurement and valuation of financial assets or liabilities as of the measurement date:

- *Level 1* – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- *Level 2* – inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- *Level 3* – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

- *Mutual Funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- *Pooled Separate Accounts:* The Plan's investments in the pooled separate accounts are stated at fair value, and represent the number of participation units owned by the Plan valued at the NAV of the separate account as of year-end. The net asset value is used as a practical expedient to determine fair value for these accounts. The calculated NAV is directly related to the net asset value of the underlying investment adjusted for dividends or distributions received by the custodian and the daily equivalent of any fees charged. Pooled separate accounts invest primarily in long-term bonds, domestic and international stocks, or single mutual funds. The underlying investments held by each pooled separate account are traded on an active market. Due to the nature of these investments, there are no unfunded commitments or redemption restrictions.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 4,535,146	$ -	$ -	$ 4,535,146

5. Income Tax Status

Before August 1, 2018, the Plan had adopted a Volume Submitter Profit Sharing Plan with CODA sponsored by Loren D. Stark Company, Inc. which received a favorable advisory letter from the Internal Revenue Service ("IRS"), dated March 31, 2008, which stated that the form of the Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. After August 1, 2018, the Plan has adopted a Volume Submitter Profit Sharing Plan with CODA sponsored by AXA which received a favorable advisory letter from the Internal Revenue Service ("IRS"), dated April 2, 2012, which stated that the form of the Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not applied for its own determination letter. The Plan has been amended since the adoption of the Prototype Plan; however, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to and including 2015.

6. Parties-In-Interest

Certain plan investments are managed by AXA and MG Trust. AXA, MG Trust, and Loren D. Stark are the trustee and record keepers, as defined by the plan agreement and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to AXA, MG Trust and Loren D. Start for management services in total amounted to $18,246 for the year ended December 31, 2018. Notes receivable from participants also qualify as party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon any full or partial termination, all amounts credited to the affected participants become fully vested and not subject to forfeiture. Any unallocated assets of the Plan shall be allocated to participants' accounts and distributed in a manner as the Employer may determine.

8. Delinquent Participant Contributions

For the year ended December 31, 2018, the Plan Sponsor determined that certain employee deferrals and loan repayment aggregating $113,427 had not been remitted to the Plan in a timely manner, according to DOL regulations. Although these remittances were made, they fell outside the normal processing time the Company allows. An investigation was held to determine the root cause of the delinquent contributions, and corrective measures were taken. The lost earnings totaling approximately $400 will be calculated, processed and deposited to participant accounts during the year ended December 31, 2019.

9. Subsequent Events

The Plan has evaluated events through January 16, 2020, the date the financial statements were available for issuance.
