Independent Auditor's Report

Administrative Committee
The Winsford Company, LLC 401(k) Plan
Ontario, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Winsford Company, LLC 401(k) Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United State of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) *Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA)*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Mass Mutual, the trustee of the plan during the year ended December 31, 2018 and Fidelity Management Trust Company, the trustee of the plan during the year ended December 31, 2019, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) is required by the DOL's *Rules and Regulations for Reporting and Disclosure under ERISA* and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's *Rules and Regulations for Reporting and Disclosure under ERISA*.

The Winsford Company, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2019

Note 1—Summary Description of Plan

The following description of The Winsford Company, LLC 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution 401(k) cash or deferred profit-sharing plan covering all full-time employees of The Winsford Corporation (the Company) who have completed at least six months of service and are at least 21 years of age. For the purposes of the Plan for the year ended December 31, 2019, compensation in excess of $280,000 has not been taken into account. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated on October 31, 2015 to change the Plan name from the Winsford Corporation 401(k) Plan to the Winsford Company, LLC 401(k) Plan. The form of the Plan has also been changed to a cash or deferred profit-sharing plan under Internal Revenue Code sections 401(a), 401(k), 402(g), 401(m) and 501(a).

Administration—Mass Mutual has been the trustee of the Plan since January 2013 through December 2018, performed trustee, custodian, participant recordkeeping and other administrative duties. The Plan changed trustees to Fidelity Management Trust Company at the beginning of 2019 who now performs the custodian, participant recordkeeping and other administrative duties. The Company appoints a committee to administer the Plan, comprised of Company officers.

Contributions—Each year, the participants may make annual contributions of pre-tax compensation limited to a maximum amount of the lesser of $19,000 or 100% of the participants' compensation as defined by the Plan. Participants may also defer after-tax Roth contributions. Roth-elective deferral contributions and pre-tax elective deferral contributions are both counted in the maximum deferral limit. In addition, participants who have attained the age of 50 before the end of the Plan year have the option to make an additional contribution of up to $6,000 in 2019. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). In 2019, the Company contributed a matching contribution of 25% of the first 2% of compensation that a participant contributes to the Plan.

Participant Accounts—Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, employer matching contribution, Plan earnings, and forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan states investments are participant-directed.

Vesting—Participants in the Plan are immediately vested in their contributions and allocable income. Over a five-year period, participants vest at the rate of 20% per year in the Company's matching contribution, contingent upon a minimum of 1,000 hours service within the Plan year.

Investing Options—Participants may direct their contributions to a variety of mutual funds with Fidelity Management Trust Company. A listing of investment options at December 31, 2019 is included in the supplemental schedule of assets (held at end of year).

Note 1—Summary Description of Plan—*Continued*

Notes Receivable from Participants—The Plan permits participants to borrow from their Plan account for certain specified purposes or in the event of financial hardship. Loans are available to all participants. The Plan allows participants to borrow a minimum of $1,000 up to the lesser of $50,000 or 50% of their account balance. The interest for the loans is determined as of the date of the loan, at the prime rate plus 2%. Interest rates charged on loans during 2019 ranged from 5.25% to 7.50%. Principal and interest are paid ratably through monthly payroll deductions. Loans are offset against the participant's account and the related portion does not share in any income, expenses, gains, or losses (other than the interest on the loan) which are realized by the Plan. The entire unpaid principal amount of the loan will become immediately due either upon the participant's termination of employment or a default in payment of either principal or interest. Loans are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable is recorded when it is earned. Related fees are recorded as administrative expenses and expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan Administrative Committee deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. During 2019, deemed distributions on participant loans totaled $3,889.

Forfeited Accounts—The Plan states that unvested forfeitures by participants be used first to reduce administrative fees and then reduce employer matching contributions. Forfeited non-vested accounts at December 31, 2019 and 2018 totaled $3,965 and $28,418, respectively. Participant forfeitures totaled $10,178, earnings on forfeitures totaled $148, and forfeitures applied to as employer contributions totaled $(34,779) for the year ended December 31, 2019.

Payment of Benefits—Participants may withdraw a certain portion of their account while employed. The portion that can be withdrawn depends upon whether the employee is age 59½ and the source of funds. The withdrawal cannot exceed the current value of the total account. Upon termination of service due to death, disability or normal retirement, the participant may elect, in writing, to receive benefits equal to the vested value of their account in the form of an annuity or a single-sum payment equal to the value of the participant's vested amount. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Administrative Expense—The Company pays the majority of administrative expenses associated with the Plan. The Company is not obligated to pay these costs in the future and may, at its discretion, elect to have the Plan pay these costs.

Note 2—Summary of Significant Accounting Policies

Basis of Accounting—Management has prepared these financial statements in conformity with accounting principles generally accepted in the United States ("U.S. GAAP") on behalf of the Plan.

Income Tax Status—The Plan uses a volume submitter plan document provided by Datair Employee Benefit Systems, Inc. (DEBS). DEBS received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, which states that the volume submitter plan document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself had not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, therefore no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Investment Valuation and Income Recognition—Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for the Fixed Fund, a fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the Fixed Fund totaled $490,784 at December 31, 2018. The fair value of the Fixed Funds totaled $477,772 at December 31, 2018. The Fixed Fund investments were liquidated at the beginning of 2019 in conjunction with the change of trustees from Mass Mutual to Fidelity Management Trust Company. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Payment of Benefits—Benefits are recorded when paid. There were no benefits payable at December 31, 2019 and 2018.

Risks and Uncertainties—The Plan utilizes various investments instruments. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investments securities will occur in the near term, which could materially affect the amounts reported in the financial statements.

Use of Estimates—The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 2—Summary of Significant Accounting Policies—*Continued*

Recently Adopted Accounting Principle—In July 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-09, *Codification Improvements*, which, among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for net asset value per share practical expedient in accordance with ASC 820, *Fair Value Measurement*. Adoption of the amended guidance, which is to be applied prospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. The Plan adopted the provisions of this guidance in 2019, which had no impact on the Plan's financial statement disclosures.

Note 3—Information Certified by Trustee

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule, that was prepared by Mass Mutual, trustee of the Plan during the year ended December 31, 2018 and Fidelity Management Trust Company, trustee of the Plan during the year ended December 31, 2019, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustees that such information is complete and accurate.

a. Investments, as indicated on the statements of net assets available for benefits as of December 31, 2019 and 2018, and in Notes 4 and 5;

b. Investment income and net appreciation in fair value of investments, indicated on the statement of changes in net assets available for benefits for the year ended December 31, 2019 and 2018 and in Note 5; and

c. Investments included in the supplemental schedule of assets (held at end of year) as of December 31, 2019.

Note 4—Fair Value Measurements

In determining the fair value of assets and liabilities, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Plan determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are characterized in one of the following levels:

Level 1—Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Plan at the measurement date.

Level 2—Valuations based on observable inputs (other than Level 1), such as quoted prices for similar assets at the measurement date, quoted prices in markets that are not active, or other inputs that are observable, either directly or indirectly.

Note 4—Fair Value Measurements—*Continued*

Level 3—Valuations based on inputs that are unobservable and significant to the overall fair value measurement and involve management judgment.

The Plan utilizes a practical expedient, Net Asset Value (NAV) per share (or its equivalent), for measuring the fair value of investments in investment companies for which the investment does not have a readily determinable fair value. In some instances, the NAV may not equal the fair value that would be calculated under fair value accounting standards.

During the year ended December 31, 2018, the Plan had investments in participation units held in pooled separate accounts. These unregistered pooled separate accounts are divided into investment divisions called "subaccounts". Each subaccount invests in shares of an underlying mutual fund. The Plan has concluded that the net asset value (NAV), used as a practical expedient, as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The unit value of the fund is calculated daily and available to Plan administrators and client investors on Mass Mutual's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. The Pooled Separate Accounts have no unfunded commitments from participants in the Plan who invest in this account. Redemption can occur daily. There are no redemption restrictions and no redemption notice periods. Pooled separate accounts excluded from presentation in the fair value hierarchy as NAV are valued using a practical expedient.

At the beginning of 2019, the Plan changed trustees from Mass Mutual to Fidelity Management Trust Company. The Pooled separate accounts were liquidated upon the change in trustees. The Plan investments are now held in mutual funds which are valued at the quoted net asset value ("NAV") of share held by the Plan at year end. The NAV is a quoted price in an active market.

Fair values of assets and liabilities measured on a recurring basis at December 31, 2019 are as follows:

	Fair Value	Level 1	Level 2	Level 3
Investments at Fair Value				
Investments in registered investment companies				
Large-Cap funds	$ 484,553	$ 484,553	$	$
Mid-Cap funds	53,631	53,631		
Small-Cap funds	72,402	72,402		
International/global funds	537,929	537,929		
Asset allocation/balanced funds	5,423,699	5,423,699		
Bond funds	137,317	137,317		
Stable value funds	49,470		49,470	
Short term money funds	158		158	
Total Investments at Fair Value	**$ 6,759,159**	**$ 6,709,531**	**$ 49,628**	**$**

Note 4—Fair Value Measurements—*Continued*

Fair values of assets and liabilities measured on a recurring basis at December 31, 2018 are as follows:

Investments Measured at NAV, as a Practical Expedient	
Pooled separate accounts	
Large-Cap funds	$ 1,580,537
Bond funds	683,557
Asset allocation/balanced funds	2,015,600
International/global funds	523,791
Mid-Cap funds	67,121
Small-Cap funds	294,675
Total Investments Measured at NAV, as a Practical Expedient	**$ 5,165,281**

The availability of observable market data is monitored to assess the appropriate classification of assets and liabilities within the fair value hierarchy. Changes in economic conditions, changes in observability of significant inputs, or changes in model-based valuation techniques may require the transfer of an asset or liability between levels of the fair value hierarchy. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2019, there were no transfers between levels.

Note 5—Investments at Contract Value

The Fixed Fund held by the Plan at December 31, 2018, includes annuity contracts or funding agreements that may include fixed fund offerings issued by Mass Mutual Insurance Company. This Fixed Fund is part of the insurance company's general account and is subject to the claims of the insurance company's general creditors.

Interest is credited on contributions made to the Fixed Fund at a rate the insurance company declares, for a period of time it determines. The insurance company guarantees a minimum rate of interest of 3%. Guarantees are subject to the insurance company's claims-paying ability. For 2019, the average yield for the fixed fund and the crediting interest rate was 3.00%. Because the Fixed Fund meets the criteria to be considered to be fully benefit-responsive, contract value is the relevant measurement for this type of investment.

The Fixed Fund investment was liquidated in 2019 as part of the change in trustees from Mass Mutual to Fidelity Management Trust Company.

Following is a roll-forward of the Fixed Fund activity for the year ended December 31, 2019:

Balance at Beginning of Year	**$ 490,784**
Investment income	79
Transfers out	(490,863)
Balance at End of Year	**$**

Note 6—Related Party Transactions

Plan investments were held in general accounts and shares of pooled separate accounts, which were managed Mass Mutual in 2019. Mass Mutual was also the trustee during the year ended December 31, 2019 as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

Plan investments were held mutual funds which were managed by Fidelity Management Trust Company in 2019. Fidelity Management Trust Company was also the trustee during the year ended December 31, 2019, as defined by the Plan; there, these transactions qualify as party-in interest transactions.

Certain employees of the Company provide some administrative services to the Plan. These employees are not compensated by the Plan for their service. Fees paid by the Plan for the administrative services and investment commissions amounted to $10,697 for the year ended December 31, 2019.

Note 7—Plan Termination

Although it has not expressed an interest to do so, the Company has the right to terminate the Plan subject to the provisions set forth in ERISA. In the event of the Plan's termination, participants become fully vested.

Note 8—Recent Accounting Pronouncements

Fair Value Measurement—In August 2018, FASB issued ASU No. 2018-13 *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement.* Under the amendments in this ASU, new disclosure requirements were added regarding fair value hierarchy Level 3 changes in unrealized gains or losses and regarding the fair value hierarchy Level 3 range and weighted average used to develop significant unobservable inputs. Disclosure requirements were modified regarding Level 3 fair value measurements and net asset value disclosure of estimates of timing of future liquidity events. Disclosure requirements were eliminated regarding transfers between Level 1 and Level 2 of the fair value hierarchy and regarding policies related to valuation processes and the timing of transfers between levels of the fair value hierarchy. The ASU is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted for any eliminated or modified disclosures upon issuance of this ASU. The Plan is currently evaluating the impact of ASU No. 2018-13 on the financial statements and related disclosures.

Note 9—Subsequent Events

In early March 2020, the COVID-19 virus was declared a global pandemic. Since then, business continuity, including supply chains and consumer demand across a broad range of industries and countries, has been, and continues to be, severely impacted, as governments and their citizens take significant and unprecedented measures to mitigate the consequences of the pandemic. The Plan's management is continuing to conduct its activities, primarily on a remote basis, and to monitor the ongoing impact of the pandemic response on its overall operations. At the time of this reporting, the cumulative financial impact of the pandemic on the Plan's management cannot be fully determined, therefore no related adjustment has been made to these financial statements.

Note 9—Subsequent Events—*Continued*

Subsequent events were evaluated through October 9, 2020, which is the date the financial statements were available to be issued, and it was concluded that, other than the Plan's management monitoring of the COVID-19 virus pandemic, no other material subsequent events have occurred that would require adjustment to the financial statements or disclosure in the notes to the financial statements.
