INDEPENDENT AUDITORS' REPORT

To the Trustee
United Dental Partners, LLC 401(k) Profit Sharing Plan & Trust
Chicago, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the United Dental Partners, LLC 401(k) Profit Sharing Plan & Trust (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company, John Hancock, except for comparing such information with the related information included in the 2019 financial statements. We have been informed by the plan administrator that John Hancock holds the

Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from John Hancock as of and for the year ended December 31, 2019, that the information provided to the plan administrator by John Hancock is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2019, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Other Matter - 2018 Financial Statements

The financial statements of the Plan as of December 31, 2018, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by John Hancock. Their report, dated October 11, 2019, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by John Hancock, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance with DOL Rules and Regulations - 2019

The form and content of the information included in the Plan's 2019 financial statements and supplemental schedules, other than that derived from the information certified by John Hancock, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of plan:

The following description of the United Dental Partners, LLC 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan sponsor is United Dental Partners, LLC (the Company or Plan Sponsor). The Plan is a defined contribution plan covering substantially all employees of the Company who have completed at least 1,000 hours of service and have attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employee's who met the Plan's eligibility requirements could enroll on either January 1 or July 1. Effective August 1, 2018, the age and service requirements were eliminated and employees are now eligible as of their date of hire. Employees participating in the Plan are eligible to share in the safe harbor employer contribution upon date of hire. Employees are eligible to receive discretionary profit sharing contributions upon completion of one year of service, defined as 1,000 hours of service, and must be employed as of the last day of the plan year.

Contributions

Each year, participants may contribute from 1% to 100% of pretax and after-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes a safe harbor matching contribution equal to 100% of the first 4% of eligible compensation that a participant contributes to the Plan. The Company may also make a discretionary profit sharing contribution. During the year ended December 31, 2019, the Company did not make a profit sharing contribution to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and Company safe harbor matching contributions, as well as allocations of the Company's discretionary profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based

on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and Company safe harbor and profit sharing contributions plus actual earnings thereon.

Forfeitures

Forfeitures of terminated participants' non-vested accounts are first used to pay any administrative expenses of the Plan and then used to reduce any Company contribution to the Plan. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $0 and $4,225, respectively. These accounts will be used to reduce administrative expenses and then to reduce future employer contributions. During the year ended December 31, 2019, employer contributions were reduced by $4,225 from forfeited non-vested accounts. These forfeitures related to Plan corrective amounts due to Plan operational errors.

Payment of benefits

A participant is entitled to receive a lump-sum amount equal to the vested value of his or her account upon attainment of age 59½, termination of service, retirement, disability, or death. A participant may request a withdrawal from the Plan while still under the employment of the Company for reasons of financial hardship, but the withdrawal is limited to the amount of the participant's pretax contributions and earnings thereon.

Notes receivable from participants

Participants may borrow from the Plan in any amount greater than $1,000 up to 50% of the participant's vested account balance, not to exceed $50,000. Note terms are for a period not exceeding five years unless for the purchase of a principal residence. Principal residence loan terms are for a period not to exceed thirty years. Notes are secured by the balance in the

participant's account and bear interest at an agreed-upon percentage based on prevailing market rates. Principal and interest is paid ratably through payroll deductions. Participants are allowed one outstanding note.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Company reserves the right to elect to pay, or have the Plan pay, administrative costs in the future. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, and insurance company.
Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of benefits

Benefits are recorded when paid.

Note 2 - Summary of significant accounting policies - continued:

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make note repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Corrective contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions/increase to benefit payments.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

New accounting pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* (ASU 2018-13). ASU 2018-13 changes the fair value measurement disclosure requirements of Accounting Standards Codification 820, *Fair Value Measurement* (ASC 820).

Note 2 - Summary of significant accounting policies - continued:

New accounting pronouncements - continued

Applicability of the provisions in ASU 2018-13 can depend on whether the reporting entity is a non-public entity. New disclosure requirements under ASU 2018-13 are applicable only to other than non-public entities and not applicable to this Plan. Eliminated and modified disclosure requirements under ASU 2018-13 impact the reporting of transfers between Level 1 and Level 2 assets (defined in Note 4), Level 3 asset disclosures, and disclosures about investments in certain entities valued at net asset value. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. Early adoption is permitted. Entities early adopting are permitted to early adopt the eliminated or modified disclosure requirements and delay the adoption of all new disclosure requirements until the effective date. Retrospective or prospective application to periods presented varies by specified disclosure. Management has not elected to early adopt ASU 2018-13 as of December 31, 2019. Management does not believe the adoption of ASU 2018-13 will have a material impact on the Plan's financial statements.

Subsequent events

The Plan has evaluated subsequent events through October 9, 2020, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2019, have been incorporated into these financial statements. See Note 9.

Note 3 - Investments and information certified by the trustee:

John Hancock Life Insurance Company (John Hancock) is the trustee for the Plan. John Hancock holds the Plan's investment assets and executes investment transactions. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments and interest income on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock.

Note 4 - Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification No. 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets and liabilities measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

- Investments in pooled separate accounts represent a unit of account whose per unit value is the result of the accumulated values of the underlying investments. The

Note 4 - Fair value measurements - continued:

underlying investments are public investment vehicles valued using net asset value (NAV) per share, as determined by the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value.

The methodology described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no assets included in the fair value hierarchy as of December 31, 2019 or 2018.

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2019 and 2018.

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 4,067,847	None	Daily	None

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 2,995,330	None	Daily	None

Note 5 - Related-party transactions:

Certain Plan investments are units of participation in pooled separate accounts managed by an affiliate of John Hancock. John Hancock is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net appreciation.

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Tax status:

The underlying prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 14, 2014 stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Subsequent events:

Subsequent to year end, the World Health Organization declared the novel coronavirus (COVID-19) outbreak a public health emergency. There have been mandates from international, federal, state and local authorities requiring forced closures of various schools, businesses, and other facilities and organizations. The Plan Sponsor understands that these forced closures could negatively impact the Plan. While the closures and limitations on movement, domestically and internationally, are expected to be temporary, at this time the Plan Sponsor cannot estimate the related financial statement impact. In addition, as a result of the COVID-19 pandemic, Congress passed the CARES Act which includes changes to hardship withdrawals and optional changes to participant loans and various other miscellaneous changes that could have an impact on Plan operations.
