Note 1 – Description of Plan

The following description of the North American Client Services, Inc. 401(k) Retirement Savings Plan (formerly North American Health Care, Inc. 401(k) Plan, the "Plan") provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of plan provisions. During 2018, the plan sponsor, formerly North American Health Care, Inc., was subject to a corporate restructuring whereby entity ownership changed. The result was a change in the plan sponsor to North American Client Services, Inc. The restructuring did not have a significant change in the number of employees participating in the Plan.

General – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of North American Client Services, Inc. and all entities under common ownership who adopt the Plan, and is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). North American Client Services, Inc. (the "Company") is the Plan's sponsor and serves as plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan and receive employer paid matching contributions upon reaching age 21 and after completing 3 months of service. Participants must complete at least 1,000 hours of service during a plan year, and be employed as of the last day of the plan year to be eligible to receive any employer paid profit sharing contributions.

Contributions

Participant contributions – Each year, participants may contribute between 1% and 100% of pre-tax annual compensation subject to regulatory limits, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer match and profit sharing contributions – The Company may elect to make discretionary matching and profit sharing contributions to the Plan. In 2019, the Company matched 10% of employee contributions, up to 5% of eligible compensation deferred to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. There were no profit sharing contributions for the year ended December 31, 2019.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and Company matching contributions as well as allocations of the Company's profit sharing contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Note 1 – Description of Plan (continued)

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest in the Company's contributions based on the following schedule:

Years of Service	Vesting Percentage
1	33%
2	67%
3	100%

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case the loan must be repaid within a reasonable period of time not to exceed ten years. Under the terms of the Plan Agreement, plan loans will bear a reasonable rate of interest determined by the plan administrator. Principal and interest is paid ratably through payroll deductions. As of December 31, 2019, the rates of interest on outstanding loans ranged from 4.25% to 6.50% with various maturities through January 2049.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in accordance with the Custodian's Guaranteed Income for Life. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan, and will first be used to pay plan administrative expenses, with any remaining amount used to reduce future Company contributions. As of December 31, 2019 and 2018, forfeited nonvested accounts totaled $15,426 and $12,674, respectively. For the year ended December 31, 2019, no forfeitures were used for payment of plan administrative expenses.

Transfer of assets into the Plan – On December 11, 2018, the Plan entered into a merger and transfer agreement, effective January 1, 2019, to merge the New Orange Hills, Inc. 401(k) into the Plan and assets totaling $2,511,378 were transferred into the Plan on January 8, 2019.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Accounting standards updates – In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement—Disclosure Framework (Topic 820)*. The amendments remove, modify, and add certain fair value disclosure requirements. The updated guidance is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The plan sponsor is currently evaluating the timing and impact of adopting the updated provisions on its financial statements.

Investment valuation – The investments are reported at fair value. The Plan's custodian, John Hancock Life Insurance Company (U.S.A.), certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of benefits – Benefits are recorded when paid.

Expenses – General plan administrative expenses may be paid out of the forfeiture account or paid by the Company. Investment management, distribution, and loan transaction fees are paid by the plan participants.

Excess contributions payable – Excess contributions payable represent amounts refunded to participants after year end to comply with certain nondiscrimination testing.

Note 2 – Summary of Significant Accounting Policies (continued)

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 14, 2020, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3 – Fair Value Measurements (continued)

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2019 and 2018.

Pooled separate accounts – Units held in pooled separate accounts ("PSAs") are valued based on the fair value of the underlying assets owned by the PSA. The PSA accounts only hold registered investment companies. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The funds held by the Plan are deemed to be actively traded. Accordingly, they are presented as Level 1 investments in the fair value hierarchy.

Guaranteed interest accounts – The fair value is determined at the end of each reporting year in which a "composite rate" is determined for each participant account depending on the amount contributed and the rate in effect on the day it is allocated under the participant account. The composite rate is the effective annual rate earned by all contributions to that guaranteed account during that reporting year for that participant. See Note 4.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2019 and 2018:

	Fair Value Measurement at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 35,011,655	$ -	$ -	$ 35,011,655
Guaranteed interest accounts	-	-	634,463	634,463
Total assets in the fair value hierarchy	$ 35,011,655	$ -	$ 634,463	$ 35,646,118

	Fair Value Measurement at December 31, 2018			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 25,828,731	$ -	$ -	$ 25,828,731
Guaranteed interest accounts	-	-	908,200	908,200
Total assets in the fair value hierarchy	$ 25,828,731	$ -	$ 908,200	$ 26,736,931

The following table discloses the summary of changes in the fair value of the Plan's Level 3 investment assets:

	Fair Value Measurements Using Significant Unobservable Inputs (Level 3)			
	3-year Compund	5-year Compound	10-year Compound	Total
Balance, beginning of year	$ 678,635	$ 179,215	$ 50,350	$ 908,200
Interest earnings	19,637	8,410	6,472	34,519
Contributions	41,075	2,225	15,589	58,889
Withdrawals	(348,151)	(775)	(3,030)	(351,956)
Transfers	(18,262)	-	3,073	(15,189)
Balance, end of year	$ 372,934	$ 189,075	$ 72,454	$ 634,463

Note 3 – Fair Value Measurements (continued)

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

The following table summarizes the quantitative information about significant unobservable inputs used in Level 3 fair value measurements:

Name	Fair Value	Valuation Technique	Unobservable Inputs	Range of Input Values/ (Weighted Avg)
Guaranteed interest accounts	$ 634,463	Book value adjusted to market value based on prevailing interest rates	Composite interest rate, market value adjustment	1.58% - 1.96%

Note 4 – Guaranteed Interest Accounts with John Hancock Life Insurance Company

Guaranteed interest accounts (GIAs) guarantee the return of principal plus interest earned over a 3-year to 10-year term provided all contributions remain in the account until maturity. Interest rates are established on the first day of the month and apply to all contributions made into the accounts during the period. The current rate for the 3-year, 5-year, or 10-year GIAs range from 1.58% to 1.96%. The total value of the GIAs is reported at $634,463 and $908,200 at December 31, 2019 and 2018, respectively, which approximates fair value. The GIAs held have maturity dates through December 31, 2028.

The GIAs held by the Plan are not “fully benefit-responsive” as the group annuity contract does not meet the basic criteria to be considered a benefit-responsive contract. Specifically, contract provisions allow that certain transactions, depending on the investment options chosen by the participant, the withdrawal amount, and the reason for the withdrawal, may be subject to a market value adjustment at withdrawal.

Therefore, for financial statement purposes, the contracts must be carried at “fair value;” however, fair value approximates contract value so no adjustment will be made for financial statement reporting purposes.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, may limit the Plan’s ability to transact at contract value with the issuer. The plan administrator does not believe that the occurrence of such events, which would also limit the Plan’s ability to transact at contract value with participants, is probable.

Note 5 – Tax Status

The Plan Document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on August 22, 2014, which stated that the volume submitter plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 5 – Tax Status (continued)

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

Note 7 – Information Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.

- Net appreciation in fair value of investments, dividends, and interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.

- Investments reflected on the Schedule of Assets (Held at End of Year).

Note 8 – Party-in-Interest Transactions

Certain plan investments are managed by an affiliate of John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) is the custodian of the Plan and an affiliate of John Hancock Asset Management and, therefore, transactions with these entities qualify as exempt party-in-interest transactions. Furthermore, certain administrative and record-keeping functions are performed by QBI, LLC, the Plan's third-party administrator. Fees paid by the Plan for these are considered nonexempt party in interest transactions.

Note 9 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 10 – Reconciliation to Form 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.

Note 11 – Delinquent Participant Contributions

As disclosed in the accompanying supplemental schedule, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor. The amounts were remitted to participants' accounts during the year ended December 31, 2019.

Note 12 – Subsequent Events

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant impact on the global economy. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

In response to the COVID-19 outbreak, the CARES Act was signed into law March 27, 2020. The CARES Act includes mandatory provisions including waiving of minimum required distributions for 2020. It also includes optional provisions which the Plan has elected to apply including the delay of loan repayments of up to one year for participants who elect to do so, allowing participants to take loans of 100% of their account balance up to $100,000, through December 31, 2020, and allowing participants to take a CARES Act distribution of up to $100,000 if they have experienced adverse financial impacts due to COVID-19.

In October 2020, the Plan signed an agreement to change recordkeepers from John Hancock Life Insurance Company (U.S.A.) to Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC.
