Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Peak Utility Services Group, Inc. 401(k) Plan (formerly known as the SiteWise Corporation 401(k) Savings and Retirement Plan), which comprise the statement of net asset available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Trust Company, Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC, the Custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Great-West Life and Annuity Insurance Company holds Plan investment assets as of December 31, 2019, and executed investment transactions from January 1, 2019, to December 31, 2019, Great-West Trust Company, LLC holds Plan investment assets as of December 31, 2019, and executed investment transactions from January 1, 2019, to February 11, 2019, and November 1, 2019, to December 31, 2019, and that Principal Trust Company held investment assets and executed investment transactions for the period January 1, 2019, to November 12, 2019. The plan administrator has obtained certifications from the Custodians as of and for the year ended December 31, 2019, that the information provided to the plan administrator by the Custodians are complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2019 financial statements.

Other Matter - Supplementary Information

The financial statements of Peak Utility Services Group, Inc. 401(k) Plan as of December 31, 2018, were audited by Stratagem PC, who merged with Wipfli LLP as of January 1, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed Stratagem PC not to perform, and they did not perform, any auditing procedures with respect to the information certified by Principal Trust Company, the Custodian of the Plan. Their report, dated September 16, 2019, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and, accordingly, they did not express an opinion on the 2018 financial statements and (b) the form and content of the information included in the 2018 financial statements other than that derived from the information certified by the Custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplementary Information

The supplemental Schedule H, Line 4a - Schedule of Deliquent Participant Contributions for the year ended December 31, 2019, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2019 financial statements and supplemental schedules, other than that derived from the information certified by the Custodians, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Peak Utility Services Group, Inc. 401(k) Plan
Notes to Financial Statements

Note 1: Description of Plan

The following description of the Peak Utility Services Group, Inc. 401(k) Plan (the "Plan") provides only general information. The Plan was formerly known as the Sitewise Corporation 401(k) Savings and Retirement Plan sponsored by Sitewise Corporation (Sitewise). Peak Utility Services Group, Inc. (Peak), an affiliate of Sitewise, was an adopting employer of the Plan. Effective January 1, 2019, Peak became the Plan Sponsor and Sitewise became an adopting employer and the Plan was renamed Peak Utility Services Group, Inc. 401(k) Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Peak Utility Services Group, Inc. and any affiliated employer who has adopted the Plan, (collectively the "Company"), except employees represented by a bargaining unit, nonresident aliens, resident of Puerto Rico, leased or reclassified employees, who have completed 30 days of service and are age 18 or older. Effective November 1, 2019, the Plan was amended and restated through the adoption of the Great-West Trust Company, LLC Prototype Plan. As part of the amendment and restatement, Great-West Trust Company, LLC became the Plan's trustee and custodian. The provisions of the Plan remained substantially the same. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

During the year ended December 31, 2019, two defined contribution plans of affiliated employers who have adopted the Plan were merged into the Plan. The transferred net assets were recognized in the accounts of the Plan as of each individual Plan's merger date, at their balances previously carried in the accounts of each individual plan. The accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019, includes the changes in net assets of the merged assets since the date of the merger for each of the individual plans. During the year ended December 31, 2019, the Plan received $5,180,759 of transferred net assets.

Contributions

Each year, participants may contribute up to 100% of their annual compensation on either a pretax or after tax (Roth) basis, as defined by the Plan, subject to maximum deferral limitations established by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may contribute a matching amount equal to a specified percentage of the participant's compensation. During the year ended December 31, 2019, the Company made matching contributions of $236,507. Contributions are subject to certain IRS limitations.

The Plan also provides for the Company to make a discretionary nonelective contribution to eligible employees, as defined by the Plan, who are employed on the last day of the Plan year. Allocation of the discretionary nonelective contribution, if any, to participant accounts will be based on a ratio of participant's compensation as a percentage of the total compensation for all eligible participants. For the year ended December 31, 2019, the Company made no discretionary nonelective contributions to the Plan.

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, and allocations of (a) Plan earnings (losses) and (b) discretionary nonelective contributions, if any. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary nonelective contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants vest at a rate of 20% per year beginning with one year of service. Participants become fully vested after five years of service with 1,000 or more hours worked each year.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined by the Plan's loan administrator. Effective November 1, 2019, new participant loans bear interest at the Wall Street Journal Prime rate plus one percent. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years. Participants may not have more than two outstanding loans at any given time.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a fixed period of not more than the participant's assumed life expentancy. If the value of the vested benefit is $5,000 or less, a lump-sum distribution will be made to the participant. In addition, hardship distributions out of the participant's voluntary contribution account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Forfeitures

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $15,992 and $1,070, respectively. These accounts will be used to reduce future Company contributions or to pay administrative expenses of the Plan in accordance with the Plan document. Also, during the year ended December 31, 2019, Company contributions were reduced by $7,775 from forfeited nonvested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts (FBRICs). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

FBRICs are reported at contract value, which is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the Plan document.

Excess Contributions Payable

At December 31, 2018, amounts payable to participants totaling $9,946 for contributions in excess of amounts allowed by the IRS are recorded as a liability. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019. There were no excess contributions for the year ended December 31, 2019.

Payment of Benefits

Benefits are recorded when paid.

Note 2: Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to Plan participants based on their respective account balances and are included in net investment income.

Note 3: Information Prepared and Certified by the Custodians

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Principal Trust Company, Great-West Life and Annuity Insurance Company, and Great-West Trust Company, LLC, the Custodians of the Plan.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consists of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4: Fair Value Measurements (Continued)

Mutual funds held in pooled separate accounts: Fair value is estimated using the net asset value (NAV) per unit by the issuer of the pooled separate accounts. Fair value is based on the fair value of underlying investments held by the pooled separate accounts.

Common/collective trusts: The common/collective trusts generally invest in mutual funds, Principal Life separate accounts, and collective trust funds. Investment returns and principal values fluctuate with changes in interest rates and other market conditions. The fair value of the underlying asset is used in determining the NAV of the collective investment trust funds. The NAV serves as a practical expedient to estimate the fair value of the collective investment trust funds.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019 and 2018. Investment assets measured at NAV as of December 31, 2018, were mistakenly included in the fair value hierarchy table in the 2018 financial statements. The presentation below properly excludes those assets from the 2018 fair value hierarchy table. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,742,597	$ -	$ -	$ 11,742,597
Total investment assets at fair value	$ 11,742,597	$ -	$ -	$ 11,742,597

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 109,946	$ -	$ -	$ 109,946
Total investment assets in the fair value hierarchy	$ 109,946	$ -	$ -	109,946
Investment assets measured at NAV				3,908,282
Total investment assets at fair value				$ 4,018,228

Note 4: Fair Value Measurements (Continued)

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2018.

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 643,182	N/A	Daily	None
Collective trust fund	$ 3,265,100	N/A	Daily	30 Days

Note 5: Fully Benefit-Responsive Investment Contracts (FBRICs)

The Plan invests in the Key Guaranteed Portfolio Fund with Great-West Life & Annuity Insurance Company (Great-West) in the form of a group annuity contract (GAC) that invests in tradtional investment contracts. The group annuity contract is a fixed account that is part of the general account of Great-West Life & Annuity Insurance Company. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The investment in the Key Guaranteed Portfolio Fund is carried at contract value. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

The GAC provides for distribution of the contract at contract value, upon Plan termination of the contract, if a one year notice of intent to terminate the contract is provided to the contract issuer. For immediate distribution upon Plan termination, the GAC provides for distribution after a market value adjustment is made to contract value. In February, 2019, the Plan notified Great-West of their intent to terminate the contract. In February, 2020, the contract was terminated and the contract value of the investment in the Key Guaranteed Portfolio Fund was transferred to other investment options under the Plan without a market value adjustment.

Note 5: Fully Benefit-Responsive Investment Contracts (FBRICs) (Continued)

The Plan invested in the Principal Fixed Income Guaranteed Option with Principal Trust Company (Principal) in the form of a guaranteed investment contract (GIC). The contract was terminated in November 2019 in connection with the change in custodian discussed in Note 1 and the Plan's investment in the contract was transferred to the new custodian at contract value. Principal maintained the contributions in a general account. The account was credited with earnings/(losses) on the underlying investments and charged for participant withdrawals and administrative expenses. Principal was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The GIC was fully benefit-responsive and carried at contract value in the statement of net assets at December 31, 2018. Participants ordinarily directed the withdrawal or transfer of all or a portion of their investment at contract value.

Note 6: Tax Status

The Plan has adopted a nonstandard prototype plan document with an IRS notification letter dated March 31, 2014, which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Note 7: Related Party Transactions

Certain investment assets of the Plan are managed by Great-West Life & Annuity Insurance Company and Principal Trust Company. Great-West Life & Annuity Insurance Company and Principal Trust Company are Custodians of the Plan, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. In addition, certain expenses are charged to the Plan by service providers for record-keeping, investment advisory and professional services. These transactions qualify as party-in-interest transactions. Fees incurred and paid by the Plan for these services were $80,995 for the year ended December 31, 2019.

Note receivables from participants also qualify as party-in-interest transactions, which are exempt from prohibited transaction rules of ERISA.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Plan has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10: Prohibited Transactions

Under DOL Reg. 2510.3-102(b), the Company is required to remit the employee contributions to the Plan at the earliest date such amounts can be reasonably segregated from the Company's general assets, but no later than the fifteenth business day of the month following the date that participant contributions are withheld by the Company. As reported on Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain contributions for payrolls during the Plan year ended December 31, 2019, totaling $8,549, were remitted outside the 15-day requirement and $26,886 were remitted within the 15-day requirement but not at the earliest day reasonably segregated. These transactions constitute a prohibited transaction as defined by ERISA.

Note 11: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018, to Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$ 12,195,699	$ 4,252,278
Excess contributions payable to participants	-	9,946
Investment in contract value not included in 5500	(105,374)	-
Net assets available for benefits per the Form 5500	$ 12,090,325	$ 4,262,224

The following is a reconciliation of net increase per the financial statements for the years ended December 31, 2019, to Form 5500:

	2019
Net increase	$ 2,762,662
Excess contributions payable to participants	(9,946)
Net income per the Form 5500	$ 2,752,716

Excess contributions were recorded on the accrual basis in the financial statements and on the cash basis on the Form 5500.

Note 12: Reclassification

The presentation of contributions receivable as of December 31, 2018, in the 2018 financial statements overstated Company contributions by $18,206 and understated participant contributions by the same amount. These amounts have accordingly been reclassified in the accompanying statement of net assets as of December 31, 2018.

Note 13: Subsequent Events

The Plan has evaluated subsequent events through October 13, 2020, which is the date the financial statements were available to be issued.

Beginning in March 2020, the United States economy began suffering adverse effects from the Covid 19 virus crisis (CV19 Crisis). The Company's operations have not been significantly impacted by the CV19 Crisis; however, the Company continues to monitor the situation. The Company does not expect a significant impact on its results of operations, cash flows, financial condition or its ability to make contributions to the Plan.

The Plan has adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020, which were immediately available, for coronavirus-related distributions, suspended participant loan payments and increased loan limits, and waiver of 2020 calendar year required minimum distributions. The Plan intends to formally execute the required Plan amendments for these provisions by the last day of the Plan year beginning on or after January 1, 2022, in accordance with the CARES Act regulations.

Effective January 1, 2020, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants will have their pre-tax deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.
