NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of the Plan

The following description of the EventNetwork, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Reference should be made to the Plan Document for a more complete description of the Plan's provisions.

General: The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of EventNetwork, Inc. (the "Company") and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Company is the Plan's sponsor and serves as plan administrator.

Effective January 1, 2009, the Plan changed custodian from State Street Bank and Trust Company ("State Street") to Transamerica Life Insurance Company ("Transamerica"). On December 31, 2008, State Street sold all of the Plan's investments in registered investment companies and common/collective trusts and transferred the proceeds from those sales to Transamerica. Transamerica received these amounts on January 2, 2009 and purchased shares of the Plan's new investment options, as elected by the Plan's participants. At December 31, 2008, the Plan's investments consisted of non-interest bearing cash and participant loans only because the assets were being held in transit because of this change in custodian.

Eligibility: Employees of the Company are eligible to participate in the Plan upon reaching age 21 and after completing three months of service in which at least one hour is worked in each month.

Contributions: Participants may elect to contribute 1 to 70 percent of eligible compensation to the Plan each year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may elect to make discretionary matching and profit sharing contributions to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. There were no discretionary matching or profit sharing contributions for the year ended December 31, 2009. Contributions are subject to regulatory limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are 100 percent vested in their voluntary contributions and earnings thereon. Vesting in the remainder of their accounts, representing employer contributions, plus earnings thereon, is based on years of service. Participants become 20 percent vested with two years of service. Participants then vest an additional 20 percent per year of service, becoming 100 percent vested after six years of service. Any amount not vested upon a participant's separation from service is forfeited as of the anniversary date following distribution of the vested amount.

Note 1 – Description of the Plan (Continued)

Loans to Participants: Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loans are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by the plan administrator. The maximum loan term is five years unless the loan term qualifies as a home loan, in which case the term of the loan is not to exceed 30 years. Principal and interest are paid ratably through payroll deductions. As of December 31, 2009, the rates of interest on outstanding loans ranged from 4.25 to 10 percent, with maturities through July 2015.

Payment of Benefits: Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account balance or annual installment payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 2 – Summary of Significant Accounting Policies

FASB Codification: On July 1, 2009, the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") became the single authoritative source for nongovernmental U.S. generally accepted accounting principles ("GAAP"). The ASC supersedes all previous authoritative GAAP applicable to the Company and is effective for interim and annual periods ended after September 15, 2009.

Basis of Accounting: The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that may affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are recorded at fair value. Under ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade date basis.

Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Administrative expenses are paid by the Company.

Excess Contributions Payable: Excess contributions payable represent amounts refunded to participants after year end to comply with regulatory contribution limitations.

Note 3 – Fair Value Measurement

ASC 820 established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly; and

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Investments are stated at fair value certified by Transamerica. If available, quoted market prices are used to value investments.

Units held in pooled separate accounts are valued at the unit value as reported by the investment manager of the accounts based on the fair value of the underlying assets owned by the fund, minus its liabilities, and divided by the number of units outstanding.

The Stable Value Fund is invested in the general account of Transamerica Life Insurance Company ("Transamerica") and has no stated maturity. Interest rates are reset monthly at the beginning of each month, during which a new interest rate is applied daily to the total outstanding balance of the investment.

Assets held in the Stable Value Fund are commingled with assets in the general account of the insurance company ("Transamerica"). The credited interest rate is backed by the income received from assets held in the general account. The Stable Value Fund seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The rates for 2009 are as follows:

- Minimum rate: 3.00 percent
- Average rate: 3.49 percent
- Closing rate: 3.00 percent

The contract with Transamerica is benefit-responsive and is reported in the financial statements at contract value, which approximates fair value.

Participant loans are not actively traded, and significant other observable inputs are not available. Thus, the fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance.

Note 3 – Fair Value Measurement (Continued)

The following table discloses by level the fair value hierarchy discussed in Note 2:

	Investment Assets at Fair Value as of Decemeber 31, 2009			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 1,102,743	$ -	$ 1,102,743
Participant loans	-	-	16,868	16,868
Stable Value Fund	-	-	60,824	60,824
	$ -	$ 1,102,743	$ 77,692	$ 1,180,435

For the year ended December 31, 2008, the only investment assets included participant loans which are classified at Level 3.

The following table discloses the summary of changes in the fair value of the Plan's Level 3 investment assets:

	Stable Value Fund	Loans to Participants
Balance, beginning of the year	$ -	$ 3,498
Issuances	-	19,518
Net settlements	-	(6,148)
Purchases, sales, transfers, net	58,705	-
Earnings	2,119	-
Balance, end of year	$ 60,824	$ 16,868

Note 4 – Investments

Investments: Investments representing 5 percent or more of net assets available for benefits consist of the following as of December 31, 2009:

Investments, at fair value

Vanguard Target Ret 2020	$ 161,337
Evergreen Precious Metals	114,735
Vanguard Target Ret 2025	107,823
American Funds Fundamentl Inv	94,063
Loomis Sayles Inv Grade Board	92,278

Stable Value Fund:	
Transamerica Stable Value Advantage	60,824

There were no investments at December 31, 2008 representing 5 percent or more of net assets available for benefits.

Note 5 – Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated November 6, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near-term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 7 – Information Certified by the Custodian

The plan administrator has elected the method of compliance by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Transamerica, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2009 and 2008; and
- Net appreciation in fair value of pooled separate accounts and participant loan interest reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2009.
- Investments reflected on the Schedule H, line 4(i) – Schedule of Assets (Held at End of Year).
- Fair value of investments in Note 3.

Note 8 – Party-in-Interest Transactions

Plan investments included shares of pooled separate accounts and stable value funds managed by Transamerica. Transamerica is the custodian of the Plan, as defined by the Plan, and, therefore, these transactions qualify as exempt party-in-interest transactions. All expenses paid to Transamerica for the year ended December 31, 2009, were paid by the Company. Transamerica is also the recordkeeper, as defined by the Plan, and, therefore, Transamerica qualifies as an exempt party-in-interest.

Note 9 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

NOTES TO FINANCIAL STATEMENTS

Add excess contributions, prior year	40,669
Excess contributions per Form 5500	$ -

Note 11 – Subsequent Events

Subsequent events are events or transactions that occur after the statements of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statements of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of net assets available for benefits but arose after the statements of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events thru September 27, 2010, which is the date the financial statements were available for issuance.
