To the Plan Administrator and Participants of
Mercury Print Productions, Inc. Profit Sharing/401(k) Plan
Rochester, New York

We were engaged to audit the accompanying statements of net assets available for benefits – modified cash basis of the Mercury Print Productions, Inc. Profit Sharing/401(k) Plan (the Plan) as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2009 and the supplemental schedule Form 5500, Schedule H, line 4i – Schedule of Assets Held (At End of Year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Frontier Trust Company (Frontier) and OFI Trust Company (OFI), the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that Frontier held the Plan's investment assets and executed investment transactions as of December 31, 2009 and for the period July 20, 2009 through December 31, 2009. OFI held the Plan's investment assets and executed investment transactions as of December 31, 2008 and for the period January 1, 2009 through July 19, 2009. The Plan Administrator has obtained certifications from the trustees as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan Administrator by the trustees is complete and accurate.

As described in Note 2, the financial statements and supplemental schedule were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PROFIT SHARING/401(k) PLAN
ROCHESTER, NEW YORK

NOTES TO FINANCIAL STATEMENTS
(MODIFIED CASH BASIS)
DECEMBER 31, 2009 AND 2008

Note 1 **Description of Plan**

The following description of the Mercury Print Productions, Inc. Profit Sharing/401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Mercury Print Productions, Inc. and Electronic Media Solutions, Inc., a related entity, (the Companies) who have six months of service, as defined in the Plan Agreement, and are age twenty-one or older. Participants are permitted to enter the Plan on the first day of the quarter following completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100 percent of their pretax annual compensation in increments of 1%, as defined in the Plan Agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain limitations. The employer matching contribution is equal to a percentage of each Participant's elective deferral, which the employer, in its sole discretion, determines from year to year. Beginning October, 2007, the employer match was equal to 25% of the first 5% of the employee's deferral. Profit sharing contributions may also be made at the discretion of the Companies' Board of Directors. Profit sharing contributions amounted to $-0- in 2009 and $150,000 in 2008.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Companies' contributions (if any), and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Companies' contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

NOTES TO FINANCIAL STATEMENTS
(MODIFIED CASH BASIS)
DECEMBER 31, 2009 AND 2008

Note 1 **Description of Plan - Continued**

Participant Loans
Participants may borrow from their account a minimum of $1,000, up to a maximum equal to $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the prime rate, as printed in the Wall Street Journal at the time of the loan, plus 1%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits
On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or equal installments over various periods based on life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested balance in his or her account as a lump-sum distribution.

Forfeited Accounts
At December 31, 2009 and 2008, forfeited non-vested accounts totaled $10,148 and $4,635, respectively. Forfeitures of employer matching contributions may be used to reduce employer contributions. Profit sharing forfeitures may be allocated to qualifying participants' individual accounts.

Note 2 **Significant Accounting Policies**

Basis of Accounting
The financial statements of the Plan have been prepared using the modified cash basis of accounting. Under this method of accounting, contributions to the Plan are recognized when received and distributions from the Plan are recognized when paid.

Use of Estimates
The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest and dividends are recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 **Significant Accounting Policies - Continued**

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Administrative expenses are paid for by the Plan or the Companies.

Subsequent Events
For the fiscal year ended December 31, 2009 the Company has evaluated subsequent events for potential recognition and disclosure through October 5, 2010, the date the financial statements were available to be issued.

Note 3 **Investments**
The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Frontier Trust Company and OFI Trust Company, the trustees, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. The trustees have certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits – Modified Cash Basis as of December 31, 2009 and 2008 and the related investment income reflected on the Statement of Changes in Net Assets Available for Benefits – Modified Cash Basis for the year ended December 31, 2009. Additionally, the Trustee has certified the information in the Schedule of Assets (Held at End of Year) – Modified Cash Basis as of December 31, 2009.

The following table presents investments that represent 5% or more of the Plan's net assets at December 31, 2009 and 2008:

Note 3 **Investments - Continued**

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $750,635 as follows:

Common/Collective Trust	$ 11,906
Registered Investment Companies	738,729
	$ 750,635

Note 4 **Fair Value Measurements**

Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 **Fair Value Measurements - Continued**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Cash: Valued at dollars held in the account.

Common/Collective Trust: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Registered Investment Companies: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Participant Loans: Valued at amortized cost, which approximates fair value.

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009.

	Level 3 Assets Year Ended December 31, 2009 Participant Loans
Balance, Beginning of Year	$ 147,992

Unrealized Gains/(Losses) Relating to Instruments Still Held at the Reporting Date	-
Purchases, Sales, Issuances, and Settlements (Net)	(72,518)
Balance, End of Year	**$ 75,474**

Note 5 **Party-In-Interest Transactions**

Certain Plan investments were shares of mutual funds and common/collective trust funds managed by Oppenheimer Funds. OFI Trust Company was the trustee of the Plan and is a related party to Oppenheimer Funds and, therefore, these transactions qualified as party-in-interest transactions.

Note 6 **Plan Termination**

Although the Companies have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balance.

Note 7 **Tax Status**

The Plan adopted a standardized prototype plan sponsored by Ascensus Investment Services. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. Although the prototype plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 8 **Risks and Uncertainties**

The Plan provides for investments which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits - Modified Cash Basis.
