Ski Windham 401(k) Plan
Windham, NY

These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Charles Schwab Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the Plan administrator by the trustee is complete and accurate.

## 1. Description of Plan

The following description of the Ski Windham 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### A. General

The Plan is a defined contribution plan covering all eligible employees of Ski Windham Operating Corp. (the "Company"). Employees who have completed one year of service and are age 21 or older are eligible to participate on January 1, April 1, July 1, or October 1 after such requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

### B. Contributions

Employee contributions to this plan are voluntary. Contributions are subject to certain limitations. Contributions of the following types are permitted:

1. Employee Salary Deferral - Not required but allowed up to 80% of compensation, not to exceed the maximum permitted by law.

2. Employee Catch-Up - Not required but allowed in the calendar year when age 50 is attained. Contributions cannot exceed amount allowed under federal tax laws for the calendar year.

3. Employer Matching - The amount of the employer matching contribution will be determined each year. For 2009 and 2008, the employer matching contribution was 33% of the first 6% of base compensation that a participant contributes to the Plan. Employees must be employed on the last day of the year to receive the contribution, unless employment ends due to retirement, disability, or death.

4. Rollover/Transfer - Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers eleven mutual funds as investment options for participants. If the participant fails to provide such direction, contributions are invested in the Balanced Lifestyle Fund.

**1. Description of Plan (Continued)**

**C. Participants' Accounts**

Each participant's account is credited with the participant's contribution and allocations of (a) the employer's contributions and (b) plan earnings (including unrealized appreciation or depreciation of plan assets) and charged with an allocation of administrative expenses. Plan earnings are allocated daily based on participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**D. Vesting**

Participants are immediately vested in their employee contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants with less than two years of service have zero vesting. With completion of two years, they become 20% vested with annual incremental increases of 20% until 100% vesting after completion of six years of service. At age 65 or upon disability, a participant's account is 100% vested regardless of years of service.

**E. Participant Loans**

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range up to five years or up to a reasonable period of time for the purchase of a residence. The loans are secured by the balance in the participant's account and bear interest at the prime lending rate plus 1%. The interest rate for loans outstanding at December 31, 2009, ranged from 6.00% to 9.25%. Principal and interest is paid ratably through payroll deductions.

## 1. Description of Plan (Continued)

### F. Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive amounts due under the Plan in a single lump sum.

### G. Forfeited Accounts

At December 31, 2009, there were no forfeited nonvested accounts. During 2009, forfeitures of $133 were reallocated to participants in the same manner as employer contributions.

## 2. Summary of Significant Accounting Policies

### A. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

### B. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### C. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**2. Summary of Significant Accounting Policies (Continued)**

**D. Net Appreciation in Fair Value of Investments**

Net appreciation in fair value of investments consists of gains and losses realized during the year plus unrealized gains and losses. The net realized gain or loss on dispositions of assets is the difference between the proceeds received and the cost of investments sold. Unrealized gains and losses represent the change in the difference between fair value and cost of investments. For 5500 purposes, realized and unrealized gains or losses are calculated using only fair market values which deviate from financial statement presentations.

**E. Payment of Benefits**

Benefits are recorded when paid.

**F. Reclassifications**

Certain amounts in the 2008 financial statements have been reclassified to conform with the 2009 financial statement presentation.

**G. Subsequent Events**

Management of the Plan has evaluated all subsequent events through the auditors' report date which is the date financial statements were available to be issued.

**3. Investments**

The Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits, and the accompanying Notes to Financial Statements were prepared entirely from information certified by the trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**3. Investments (Continued)**

Investments that represent 5% or more of the Plan's net assets are separately identified.

During 2009, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value as follows:

| | |
|---|---|
| Registered Investment Company Funds | $161,847 |

**4. Fair Value Measurements**

Financial Accounting Statements Board (FASB) Accounting Standards Codification (ASC), *Fair Value Measurements* topic, established a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices available in active markets for identical investments as of the reporting date.

**4. Fair Value Measurements (Continued)**

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year-end.

Participant loans are valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**4. Fair Value Measurements (Continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

| | Assets at Fair Value as of December 31, 2009 | | | |

**Level 3 Gains and Losses**

The following table sets forth a summary of changes in the value of the Plan's Level 3 assets for the year ended December 31, 2009:

| | Level 3 Assets Year Ended December 31, 2009 Participant Notes Receivable |
|---|---|

| Purchases, Sales, Issuances, and Settlements (Net) | (42,770) |
| **Balance, End of Year** | $ 65,683 |

**5. Related Party Transactions**

Since Charles Schwab Trust Company ("Schwab") serves as investment advisor and custodian, transactions with Schwab qualify as party-in-interest transactions. Additionally, the Plan has loans with participants who are parties-in-interest. These transactions have a statutory exemption from the prohibited transaction rules.

The Company absorbs certain plan expenses such as accounting fees.

**6. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

**7. Tax Status**

The Plan is a volume submitter plan from Conrad M. Siegel, Inc., which was approved by the Internal Revenue Service on March 31, 2008. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

**8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

**9. Reconciliation of Financial Statements to Form 5500**
