Notes to Financial Statements
December 31, 2009 and 2008

Note 1 – Description of Plan

The DCA Profit Sharing 401(k) Plan (the "Plan") is organized as a defined contribution plan under Section 401(k) of the Internal Revenue Code and covers substantially all eligible employees of The Falcon Corporation and Dave Carter & Associates, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered by a trustee appointed by the Board of Directors of the Company The Plan was established effective September 1, 1993. The Plan was amended and restated effective January 1, 2002 and again on December 1, 2003. The Plan was amended on January 1, 2008 to comply with regulations required by law. The following is provided only for general information Participants should refer to the Plan agreement for a complete description of the Plan's provisions

Eligibility

Employees who have attained age 21 and completed at least sixty days of employment are eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to the maximum amount allowable not to exceed the limits of Code Sections 401(k), 402(g), 404 and 415. Additional profit sharing or matching amounts may be contributed at the option of the Company's Board of Directors Participants direct the investment of contributions into various investment options offered by the Plan For 2009 and 2008, the Company did not elect to make any matching contributions or a profit sharing contribution

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's discretionary contribution and Plan earnings and may be charged with an allocation of administration expenses Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is determined under the following schedule:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Note 1 – Description of Plan, (Continued)

Vesting, (Continued)

A participant will also be 100% vested under any of the following circumstances:

- Death before retirement date.
- Disability before retirement date.
- Attainment of normal retirement age.

In addition, a participant is immediately 100% vested in any amount which has been transferred or rolled over into the Plan from another qualified employee benefit plan.

Forfeitures

The nonvested portion of a participant's account is forfeited upon termination of their employment with the Company. Forfeitures attributable to matching contributions will be used to reduce the employer's matching contribution. All other forfeitures are allocated to all participants eligible to share in the same proportion that participant's compensation for the Plan year bears to the compensation of all participants for such year.

Payment of Benefits

On termination due to death, disability, or regular retirement, a participant is entitled to receive a lump-sum amount equal to the value of the participant's account. Upon termination for any reason other than death, disability or retirement a participant shall receive the value of the vested interest in his or her account. Annuities are allowed but are not the normal form of distribution. Benefits are recorded when paid.

Participant Loans

Participant loans are not allowed under the Plan.

Plan Expenses

All expenses of administration may be paid out of the Plan unless paid by the Company. Most of the general expenses of the administration of the Plan are paid by the Company.

Note 2 – Summary of Significant Accounting Policies

The financial statements of the Plan are prepared under the accrual method of accounting. The following is a summary of the more significant accounting principles and practices used in the preparation of the accompanying financial statements.

Note 2 – Summary of Significant Accounting Policies, (Continued)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Some of the Plan's investments are managed internally by Great West Life and Annuity Insurance Company (Great West), and others are managed by external money managers, with well-known mutual funds serving as investment media that underlie such investments options. Regardless of the type of investment option, Great West serves as the intermediary for all asset purchases and redemptions and determines the fair market value of the investments. Separate accounts' unit values are updated daily based upon the change in net asset values of the underlying mutual fund investments, dividends, capital gains or loss distributions and expense charges.

Risks and Uncertainties

The Plan invests in a variety of investment funds and guaranteed funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through the date the financial statements were issued, or August 5, 2010. No subsequent events have been recognized or disclosed.

Note 3 – Information Prepared and Certified by Custodian (Unaudited)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified by the custodian of the Plan as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $1,804,176 and $1,533,770 at December 31, 2009 and 2008 respectively, and related gains of $337,937 for the year ending December 31, 2009. The related gains of $337,937 consist of the appreciation in fair value of the pooled separate account investments of $328,758 and interest from the guaranteed funds of $9,179.

Note 3 – Information Prepared and Certified by Custodian (Unaudited), (Continued)

The following presents investments at December 31, 2009 and 2008 that represent 5% or more of the Plan's net assets:

	2009	2008
Maxim Aggressive Profile II	$ 129,690	$ 134,244
Maxim Moderate Profile II	235,382	189,533
Oppenheimer Capital Appreciation A	158,344	113,596
Maxim T. Rowe Price Equity Income	125,289	91,798
Maxim Loomis Sayles Bond Portfolio	94,702	*
Maxim S & P 500 Index	90,609	115,720
Guaranteed Portfolio Fund	277,625	348,136
Maxim US Government Securities Fund	97,781	191,548
Lord Abbett Value Opportunities A	94,366	*

*Amount of investment not listed, as it does not exceed 5% or more of the Plan's net assets at December 31, 2008.

Note 4 – Investment Contract with Insurance Company

The Plan has an investment contract with Great West. Great West maintains the contributions in pooled separate accounts with a small portion held in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investments are included in the financial statements at fair value as determined by Great West. This value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the investment, withdrawal or transfer of all or a portion of their investment.

Note 5 – Fair Value Measurements

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

Note 5 – Fair Value Measurements, (Continued)

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Variable annuities: Valued at the net asset value ("NAV") of the underlying mutual fund, which is then adjusted for expenses, held by the plan at year end.

Fixed annuities: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Variable annuities	$ 0	$1,526,551	$ 0	$1,526,551
Fixed annuities	0	0	277,625	277,625
Total assets at fair value	$ 0	$1,526,551	$ 277,625	$1,804,176

	Assets at Fair Value as of December 31, 2008			
	Level 1	Level 2	Level 3	Total
Variable annuities	$ 0	$1,185,634	$ 0	$1,185,634
Fixed annuities	0	0	348,136	348,136
Total assets at fair value	$ 0	$1,185,634	$ 348,136	$1,533,770

Note 5 – Fair Value Measurements, (Continued)

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009:

	Level 3 Assets Year Ended December 31, 2009 Fixed Annuities
Balance, beginning of year	$ 348,136
Total gains and losses (realized and unrealized) included in changes in net assets available for benefits	9,179
Purchases, sales, issuances and settlements (net)	(79,690)
Balance, end of year	$ 277,625

Gains and losses (realized and unrealized) included in net assets available for benefits for the year ended December 31, 2009, are reported in interest income and net appreciation in fair value of investments.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts

Note 7 – Tax Status

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan is in compliance with the applicable requirements of the Internal Revenue code.

Note 8 – Parties-In-Interest Transactions

Parties-in-interest include fiduciaries of the Plan, any person who provides services to the Plan, the employer, and certain other parties Transactions during the year with parties-in-interest included the following:

The employer, Dave Carter & Associates, Inc., provided certain accounting, administrative, and investment management services to the Plan for which no fees are charged. Furthermore, Great West, the custodian of the Plan, charged administrative fees in the amount of $475. Great West holds the Plan investments and provides investment advisory and recordkeeping services to the Plan.
