INDEPENDENT AUDITORS REPORT

To the Ashtabula Rubber Co. Employees'
401(k) Profit Sharing Plan and Participants:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ashtabula Rubber Co. Employees' 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of March 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the year ended March 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by John Hancock Trust Company LLC, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended March 31, 2020 and 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule which is the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2020 and 2019

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Ashtabula Rubber Co. Employees' 401(k) Profit Sharing Plan (the "Plan") are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are held in group variable contracts offered by John Hancock Trust Company LLC (JHTC) and, accordingly have both a general account and a separate account. Assets are at stated aggregate fair value, which is determined based on the closing price reported on the last business day of the Plan year as follows:

Mutual Funds
The shares of mutual funds are valued at quoted market prices which represent the net asset values of shares held by the plan at year-end.

Loans
The participant loans are valued at their outstanding balances, which approximate fair value.

Pooled Separate Accounts
Market values of units held in pooled separate accounts are determined daily by JHTC based upon the initial value assignment, the net asset value of the mutual fund investments and the applicable investment management and administrative charges, as set forth in the group annuity contract.

Fully Benefit-Responsive Investment Contracts
As described in Financial Accounting Standards Board ASU 2015-12, reporting of Fully Benefit-Responsive Investment contracts held by Certain Investment Companies are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

NOTE A – SUMMARY OF SIGIFICANT ACCOUNTING POLICIES (Cont'd)

Investment Valuation and Income Recognition (cont'd)

The fair value is based on various valuation approaches dependent upon the underlying investments of the contract.

Investment Transactions
Purchases and sales of securities are recorded on a trade-date basis.

Investment Income
Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefit payments/distributions to participants who withdraw from the Plan are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan Sponsor except for fees attributable to loans and distributions, which are paid by the participant.

Accounting Changes

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure of fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured by using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt parts I and II.

In 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820); Disclosures for Investments in Certain Entities that Calculate Net Asset Value (NAV) per Share*. The amendments in this update remove the requirements to categorize within the fair value hierarchy all investments for which fair value is measured using NAV per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The amendments in this update are effective for fiscal years beginning after December 31, 2016 with early adoption permitted. A reporting entity should apply the amendments retrospectively to all periods presented. Management has elected to adopt this ASU.

NOTE B – DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers substantially all employees of Ashtabula Rubber Company and Ashtabula Rubber Injection Company (collectively the "Employer" or the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan is administered by an Advisory Committee, which is composed of several members of the Company's management.

Eligibility

Salaried employees may begin making contributions to the Plan on the first day of the quarter following the employee's date of hire. Hourly employees may begin making contributions to the Plan on the first day of the quarter following the completion of 120 days of service. Participants are eligible to receive employer matching and profit-sharing contributions on the first day of the quarter following the completion of one year of service.

The Plan has an automatic enrollment feature requiring eligible employees to contribute 3% of their annual compensation, as defined in the Plan. Participants that become eligible on or after July 1, 2016 are required to contribute 6% of their annual compensation, as defined by the plan. Participants of the Plan that were originally contributing 3% of their annual compensation will have their rates increased to 6% effective August 1, 2016.

In addition, all participants will have their contribution rates increased by 1% annually, beginning in 2017, until a contribution rate of 10% is attained. In all cases, the participants can opt out of participating in the Plan or the contribution rate increases by contacting John Hancock Trust Company, LLC.

Contributions

Participants may contribute from 1% to 75% of their annual compensation, as defined by the Plan, on a pre-tax basis or Roth basis. The total amount of the contributions may not exceed the annual dollar limitation specified by the Internal Revenue Service. The Company may contribute a discretionary matching contribution, as determined by the Board of Directors. For the plan years 2020 and 2019, the Company contributed 50% of the first 6% of compensation that a participant contributed to the Plan.

Additionally, a discretionary profit-sharing amount may be contributed by the Company. No discretionary profit-sharing amounts were contributed by the Company during 2020 and 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of a) the Company's contribution and, b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE B – DESCRIPTION OF PLAN (Cont'd)

Vesting

Participants are fully vested in employee contributions, matching employer contributions, safe harbor contributions, and any investment earnings accumulated thereon. Effective June 1, 2007, The Plan provides for vesting on any discretionary employer contributions including related investment earnings, at 20% after two completed years of service and 20% per service year thereafter, until full vesting after six years of service.

Investment Options

Participants may direct their contributions to any or all the John Hancock Trust Company investment funds provided, or securities invested at the participant's direction in the John Hancock Trust Company. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

Participant Loans

Participants may borrow from their fund accounts in an amount not to exceed the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years and repayments are made through bi-weekly payroll deductions. The loans are collateralized by the balance in the participant's account and bear interest at reasonable interest rates as determined by the Advisory Committee.

When a participant, active or terminated, fails to comply with the terms of a plan loan, the outstanding principal amount must be defaulted, and the participant is required to pay any income taxes and penalties, if applicable, on the amount. The plan administrator defaults loans on a quarterly basis.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant is eligible to receive the entire balance in his or her account. A participant who terminates for any other reason receives only the vested portion of the balance. When a participant terminates employment with the Company, the vested portion of the account balances can be distributed to the participant or may be transferred to another qualified plan or an Individual Retirement Account.

Forfeited Accounts

At March 31, 2020 and 2019, there were no forfeited non-vested accounts totaled. Forfeited amounts are initially used to reinstate previously forfeited amounts of any former participants who have been reemployed by the employer and who have repaid their prior distributions in accordance with the Plan agreement. Forfeitures attributable to Company discretionary contributions are used to reduce future Company contributions.

NOTE C – INFORMATION CERTIFIED BY THE CUSTODIAN

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by John Hancock Trust Company, the custodian.

John Hancock Trust Company has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from said investment activity, and the schedule of assets (held at end of year) as of March 31, 2020 and 2019, and for the year ended March 31, 2020.

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan participates in a fully benefit-responsive investment contract with New York Life Insurance Company. The contract is included in the financial statements at contract value, as reported to the Plan. Contract value represents contributions and reinvested income, less any withdrawals plus accrued interest, because these investments have fully benefit-responsive features. For example, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract values for credit risk of contract issues or otherwise. The average yield was approximately 1.75% and 1.75% for 2020 and 2019, respectively. The gross crediting interest rate for these guaranteed funds is reset daily by the issuer, but cannot be less than zero, and was 2.50% and 2.50% at March 31, 2020 and 2019. The asset charge rate for the investment was 0.75% and 0.75% at March 31, 2020 and 2019, respectively.

NOTE F – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820, Fair Value Measurement, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in inactive markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE F – FAIR VALUE MEASUREMENTS (cont'd)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2020 or 2019.

Pooled Separate Accounts: Market values of units held in pooled separate accounts are determined daily by the Custodian based upon the initial value assignment, the net asset value of the mutual fund investments and the applicable investment management and administrative charges, as set forth in the group annuity contract.

Mutual Funds: Valued at the net asset value ("NAV") of shares held by the plan year at year end.

Participant Loans: Valued at amortized cost, which approximates fair value.

Fully Benefit-Responsive Investment Contract: Valued at fair value, with an adjustment to contract value, by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (See NOTE E)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

March 31, 2020	Level 1	Level 3	Total
Mutual Funds	$ 9,209,933	$ -	$ 9,209,933
Participant Loans	-	341,064	341,064
	$ 9,209,933	$ 341,064	
Investments measured at net asset value (a)

Investments measured at net asset value (a)			
Guaranteed Interest Acct			1,768,228
Total Assets at Fair Value			$ 12,547,827

NOTE F – FAIR VALUE MEASUREMENTS (cont'd)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended:

	Participant Loans March 31, 2020	Participant Loans March 31, 2019
Balance, beginning of year	$ 249,705	$ 268,369
Earnings during the year	16,471	13,542
Purchases, sales, issuances and settlements	74,888	32,206
Balance, end of year	$ 341,064	$ 249,705

(a.) – Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. They are valued daily, can be redeemed with no restrictions, and without prior notice. There are no unfunded commitments.

NOTE G – RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by John Hancock Trust Company, LLC. Transactions involving these investments are allowable party-in-interest transactions under ERISA.

Certain administrative functions are performed by the officers and employees of the Company (who may be participants in the plan) at no cost to the Plan. These transactions are not deemed prohibited party-in-interest transactions because they are covered by the statutory or administrative exceptions from the Internal Revenue's Code and ERISA's rules on prohibited transactions.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE I – TAX STATUS

The Plan Sponsor did not request a determination letter upon the amendment and restatement of the Plan, effective October 1, 2004 as JHTC received an IRS opinion letter on its prototype document. The Plan Administrator and Sponsor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statement.

NOTE J – RISKS AND UNCERTAINTIES

The Plan provides for various investment options through the use of mutual funds. Investment securities are exposed to various risks, such as interest rate and market fluctuations. Due to the level of risk associated with certain investment securities, as well as the level of uncertainty related to changes in the value of the investment securities, it is possible that changes in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE K – PLAN AMENDMENTS

Effective July 1, 2016 there have been changes to the contribution rates for participants and the Company's matching contribution rate. These changes have been described in detail in Footnote B.

NOTE L – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of the Statement of Net Assets Available for Benefits per the financial statements at March 31, 2020 and 2019 to Form 5500:
