Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Community Care Physicians, P.C. Profit Sharing Plan (Plan), which comprise the statements of net assets available for benefits as of September 30, 2020 and 2019, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's assets and executes transactions. The plan administrator has obtained a certification from the Trustee as of and for the years ended September 30, 2020 and 2019, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule H, Line 4i, schedule of assets (held at end of year) as of September 30, 2020 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The Community Care Physicians, P.C. Profit Sharing Plan (Plan) was formed effective January 2, 1985. The Plan is sponsored by Community Care Physicians, P.C. (Company).

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries. The outbreak could have a continued material adverse impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate material adverse impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the Plan, its investment performance, and overall financial results.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a profit sharing plan with a 401(k) feature, covering all eligible full-time and part-time employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan assets are held by the Trustee, Principal Trust Company, a member of Principal Financial Group. Company contributions, participant elective deferrals, and participant accounts are held and administered by the Trustee, who invests cash received and income from investments based on written instructions from the Company and participants, and makes distributions to participants. The Company's Pension Committee and investment advisor are responsible for oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

b. Plan Eligibility

Prior to October 1, 2019, employees were required to complete certain length of service requirements to participate in the Plan with respect to both employee and employer contributions (dependent on full-time or part-time employment status when hired). Employees expected to work at least 30 hours per week were required to complete one month of service. Employees expected to work less than 30 hours per week were required to complete 12 months of service in which they were credited with 1,000 hours of service during the eligibility computation period. The "initial eligibility computation period" was defined as the twelve-month period that began with the date the employee was hired. If the employee did not meet the service requirements during the first year following the date of hire, the eligibility period became the Plan year. The requirements could then be met during the Plan year.

Effective October 1, 2019, the Plan was amended, such that employees are eligible to participate in the Plan with respect to employee contributions immediately upon hire (or after attaining age 21, if later). Employees must complete the length of service requirements described in the preceding paragraph to be eligible to receive employer contributions (Note 1c).

Note 1 - Description of Plan - Continued

c. Contributions

Each year, participants may contribute a percentage or fixed dollar amount of their pre-tax annual compensation to the Plan, subject to certain limitations as defined by the Internal Revenue Code (IRC). The limits are based upon a calendar year, and were $19,000 and $18,500 for the years ended December 31, 2020 and 2019, respectively.

Effective October 1, 2019, unless the employee elects otherwise, 6% of his/her eligible compensation will be automatically deferred into the Plan for the benefit of the employee. Participants may also make Roth contributions into the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make "catch-up" contributions. Participants may also contribute rollover amounts representing distributions from other qualified retirement plans.

Subsequent to the satisfaction of Plan eligibility (Note 1b), active employees share in employer profit sharing contributions (if any) and, prior to May 1, 2020, employer safe harbor contributions, regardless of hours worked during the year. Terminated employees are eligible for employer profit sharing contributions (if any) and, prior to May 1, 2020, employer safe harbor contributions, during the year of termination when credited with at least 500 hours of service during the year.

For the year ended September 30, 2019, participants received a profit sharing contribution from the Company based on a class allocation formula. Classes for the profit sharing contribution are as follows:

Class 1	Physicians who own 30 or more shares of Company stock
Class 2	Physicians who own at least one, but less than 30 shares of Company stock
Class 3	Non-owner physicians and management
Class 4	Non-physician providers
Class 5	All other employees

Contributions allocated to each class are discretionary and determined annually by the Board of Directors. The contributions were determined to be nondiscriminatory under the Internal Revenue Code for the year ended September 30, 2019. There were no profit sharing contributions from the Company for the year ended September 30, 2020. Contributions allocated by class were as follows for the year ended September 30, 2019:

Class 1	$ 29,250
Class 2	7%
Class 3	4%
Class 4	2%
Class 5	2%

Prior to May 1, 2020, the Company made a 3%, nonelective "safe harbor" contribution to the Plan based on eligible employee compensation during the period. A nonelective safe harbor contribution is a minimum contribution made by the Company that allows the Plan to be exempt from 401(k) nondiscrimination tests.

Note 1 - Description of Plan - Continued

c. Contributions - Continued

Due to a substantial business hardship as a result of the COVID-19 outbreak, the Plan was amended to terminate the employer's nonelective "safe harbor" contribution with respect to compensation paid to employees on or after the amendment's effective date of May 1, 2020. Participants were notified of the Plan amendment on April 1, 2020.

Participants direct their elective deferral amounts and Company contributions to any of several investment options, which are held and administered by the Trustee of the Plan.

d. Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's profit sharing contribution (if any), an allocation of forfeitures used to reduce the Company's profit sharing contribution (Note 1h), and the Plan's investment earnings net of investment expenses. Prior to May 1, 2020, each participant's account was also credited with the Company's non-elective "safe harbor" contributions. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are immediately vested in their elective deferral amounts, rollover contributions, and, prior to May 1, 2020, the Company's nonelective contribution, plus actual earnings thereon.

Vesting in the Company's profit sharing contribution is based on years of continuous service. A participant is 100% vested upon: (1) attaining six years of credited service; (2) disability; (3) death; (4) normal retirement at age 59½; or (5) termination of the Plan. If a participant's employment with the Company is terminated before age 59½ for any reason other than disability or death, the participant shall be entitled to an amount equal to the vested percentage of his or her account balance.

A participant shall have a vested and nonforfeitable interest in his or her account balance determined by the number of years of service as follows:

Years of Service	Vesting %
Less than 2	0
2 but less than 3	20
3 but less than 4	40
4 but less than 5	60
5 but less than 6	80
6 or more	100

Note 1 - Description of Plan - Continued

f. Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. In addition, the 50% limit is reduced by the highest outstanding loan balance of any previous loans made in the previous twelve months. Participant notes are secured by the balance in the participants' accounts and bear interest at a rate commensurate with rates of commercial lending institutions for loans which would be made under similar circumstances, as determined by the Plan Administrator. Principal and interest are paid ratably through regular payroll deductions. In general, loans must be repaid within five years; however, if the loan is used to purchase a principal residence, the term may be longer.

Under the relief provisions of the CARES Act, Plan sponsors could allow participants to take loans up to $100,000 or 100% of their vested account balance. In addition, participants could delay loan repayments due between March 27, 2020 and December 31, 2020 for up to one year.

g. Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant (or beneficiary in the case of death) may elect to receive an amount equal to the value of the participant's vested interest in their account as a lump sum distribution, or defer distribution until a later date. However, if the vested portion of a participant's account balance is $5,000 or less (excluding rollover balances), this amount will be paid as a lump sum distribution as soon as possible following termination, retirement, disability, or to the beneficiary following death.

Under the relief provisions of the CARES Act, Plan sponsors could allow participants to take up to a $100,000 distribution from a qualified retirement plan, if the participant met certain requirements as defined in the CARES Act.

h. Forfeitures

Forfeitures may be first used to pay administrative expenses under the Plan. Forfeitures not used to pay administrative expenses are used to reduce the employer's discretionary profit sharing contributions and allocated in the same manner. Forfeitures not used to pay administrative expenses or to reduce the Company's discretionary profit sharing contributions are allocated to participant accounts in the same manner as the employer's discretionary profit sharing contribution. The Plan used $2,084 and $3,640 of forfeitures to pay administrative expenses during the years ended September 30, 2020 and 2019, respectively. As of September 30, 2020, and 2019, available forfeitures totaled $294,198 and $249,910, respectively. The Plan allocated $129,498 of the available forfeitures as of September 30, 2020 to participants accounts and used the balance to pay Plan expenses. During the year ended September 30, 2020, the Plan used $156,036 of the available forfeitures to reduce the employer's discretionary profit sharing contribution for the year ended September 30, 2019.

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) for defined contribution plans.

b. Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value, which is defined as the price that would be received to sell an asset in an orderly transaction between market participants on the measurement date. The Plan trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Participant Notes Receivable

Participant notes receivable are stated at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. If a participant ceases to make loan repayments, the loan is deemed to be in default. Defaulted loan balances are taxable income to the participant in the year of default. Defaulted loans remain Plan assets until the loan is repaid or the participant has a distributable event. Loans treated as distributions totaled $143,825 and $173,461 for the years ended September 30, 2020 and 2019, respectively.

e. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants subsequent to the Plan year-end.

f. Payment of Benefits

Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies - Continued

g. Expenses

Certain Plan fees are paid from Plan assets, and other expenses of the Plan are paid directly by the Company. Recordkeeping fees and fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

h. Subsequent Events

The Plan has evaluated subsequent events for potential recognition or disclosure through April 28, 2021, the date the financial statements were available to be issued.

Note 3 - Information Certified and Provided by Trustee (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee as complete and accurate, except for comparing such information certified by the Trustee to the information included in the Plan's financial statements and supplemental schedule:

	September 30,	
	2020	2019
Investments, at fair value	$ 268,387,346	$ 234,268,066
Participant notes receivable	1,999,948	1,790,898
Investment income		
Interest and dividends	1,555,771	2,306,024
Net appreciation in fair value of investments	26,177,294	6,422,883
Interest income from participant notes receivable	86,737	84,268

Note 4 - Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Note 4 - Investments and Fair Value Measurements - Continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset, and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at September 30, 2020 and 2019. There have been no changes to the methodologies at September 30, 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts: Valued at the NAV of units of a collective trust fund. The NAV, as provided by the Trustee, is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is calculated in a manner consistent with U.S. GAAP for investment companies and is the basis for current transactions (purchases and sales), which may occur daily.

Pooled Separate Accounts: Valued based upon the units of such pooled separate accounts held by the Plan at year end multiplied by the respective unit value. The unit value is calculated daily based on the net asset value of shares of the underlying fund and includes the underlying investments' daily performance investment income and related administrative and investment fees assessed. The NAV is not a publicly quoted price in an active market and is computed in accordance with investment company measurement principles. The pooled separate accounts can be redeemed at NAV as of the measurement date. The Plan has no unfunded commitments related to the pooled separate accounts and redemptions and subscriptions are permitted daily.

Corporate Stock and Exchange-Traded Funds: Valued at the closing price reported on the active market on which the securities or funds are traded. Corporate stock and exchange-traded funds are held within the self-directed brokerage accounts.

Note 4 - Investments and Fair Value Measurements - Continued

Self-Directed Brokerage Accounts: Accounts consist of mutual funds, exchange-traded funds, and corporate stock that are valued on the basis of readily determinable market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets measured at fair value:

	September 30, 2020			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 117,746,067	$ -	$ -	$ 117,746,067
Collective Investment Trusts	56,616,879	-	-	56,616,879
Self-Directed Brokerage Accounts	9,247,530	-	-	9,247,530
Total assets in the fair value hierarchy	$ 183,610,476	$ -	$ -	183,610,476
Investments measured at NAV (a):				
Pooled Separate Accounts				84,776,870
Investments at fair value				$ 268,387,346

	September 30, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 96,791,426	$ -	$ -	$ 96,791,426
Collective Investment Trusts	48,592,327	-	-	48,592,327
Self-Directed Brokerage Accounts	7,435,403	-	-	7,435,403
Total assets in the fair value hierarchy	$ 152,819,156	$ -	$ -	152,819,156
Investments measured at NAV (a):				
Pooled Separate Accounts				81,448,910
Investments at fair value				$ 234,268,066

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5 - Related Party and Party-In-Interest Transactions

The Company paid expenses in connection with the administration of the Plan totaling $76,123 and $84,065 for the years ended September 30, 2020 and 2019, respectively. In addition, certain administrative functions are performed by employees of the Company who do not receive compensation from the Plan for such functions.

Pooled separate accounts and collective investment trusts offered as investment options are managed by Principal Trust Company, the Trustee of the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, participants will become 100% vested in their accounts, and the remaining net assets of the Plan will be allocated as prescribed by ERISA and its related regulations. Upon termination of the Plan, the Trustee will continue to hold the Plan assets and will make distributions of the Plan benefits in accordance with the instructions of the Plan Administrator and the Plan provisions.

Note 7 - Tax Status

The IRS has ruled that the Volume Submitter Profit Sharing Plan with Cash or Deferred Arrangement (CODA) offered by the Plan Trustee and adopted by the Plan on October 1, 2014, constitutes a qualified plan under Section 401(a) of the IRC and is, therefore, exempt from federal income taxes under the provisions of Section 501(a). The volume submitter plan has received an opinion letter dated July 1, 2014 from the IRS as to the Plan's qualified status. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.
