Independent Auditor's Report

Trustees of the Employee Profit Sharing Plan and Trust for Employees of F.C.S. Industries, Inc. and Subsidiary Companies

We have audited the accompanying financial statements of Employee Profit Sharing Plan and Trust for Employees of F.C.S. Industries, Inc. and Subsidiary Companies (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independent Auditor's Report

Trustees of the Employee Profit Sharing Plan and Trust for Employees of F.C.S. Industries, Inc. and Subsidiary Companies (Continued)

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Employee Profit Sharing Plan and Trust for Employees of F.C.S. Industries, Inc. and Subsidiary Companies (the "Plan") as of December 31, 2020 and 2019, and the changes in net assets available for benefits for the year ended December 31, 2020 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4i – Schedule of Assets (Acquired and Disposed of Within Year), together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Plan Description

The following description of the Employee Profit Sharing Plan and Trust for Employees of F.C.S. Industries, Inc. and Subsidiary Companies ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full time employees of F.C.S. Industries, Inc. and Subsidiary Companies (collectively "the Company") who have one year of service, and are not covered by a collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees oversee governance of the Plan. The Trustees determine the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Trustees.

Contributions

Each year, participants may contribute up to 100% of their annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, common stocks, bonds, government securities, and an insurance investment contract as investment options for participants. The Company contributes such amount if any, as determined by the Company's Board of Directors. Contributions are subject to certain statutory limitations.

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of (A) the Company's contribution, (B) plan earnings, and (C) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant elects whether employee contributions are invested in fixed, money market, or equity securities. Participants may change their investment options once during any three month period.

Vesting

Participants are immediately vested in the voluntary contributions plus actual earnings thereon. Vesting in the remainder of the accounts is based on years of continuous service as follows:

Years of Service	Vested Percentage
Less than 1 Year	0%
1 Year	10%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

Payment of Benefits

On termination of service, a participant will receive either a lump-sum amount equal to the vested value of his or her account, or substantially equal, annual, quarterly, or monthly installments over a period of more than 1 year but which does not exceed the period, as selected by the participant; provided that such period is for less than the participant's life expectancy as of the annuity starting date, plus accrued net income.

1. Plan Description (Continued)

Forfeited Accounts Forfeited accounts are first retained for former participants who may still re-enter the Plan. Any remaining forfeitures are then allocated to employees or used to reduce sponsor contributions for the plan year. At December 31, 2020, forfeited non-vested accounts totaled $6,492. During the year ended December 31, 2020, $6,492 of forfeitures was reallocated to participants.

2. Summary of Accounting Policies

Basis of Accounting The financial statements of the plan are prepared on the accrual basis of accounting.

Subsequent Events Subsequent events were evaluated through July 9, 2021, which is the date the financial statements were available to be issued.

Administrative Expenses All expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in the net appreciation of fair value of investments.

Estimates The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investments and Income Recognition Investments are stated at fair value. If available, quoted market prices are used to value investments. The amounts shown in Note 3, for securities that have no quoted market price, represent estimated fair value. Many factors are considered in arriving at fair value. The Trustees determine the Plan's valuation policies. Certificates of deposit are valued based on amortized cost or original cost plus accrued interest, which approximates fair value. The fair value of guaranteed investment contracts are calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to mutual fund investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payments of Benefits Benefits are recorded when paid.

Plan Amendments The Plan was amended, effective September 16, 2019, to take advantage of the automatic rollover rules of 401(a)(311)(B) and change the normal retirement age to 62.

The Plan was amended, effective December 10, 2019, to meet the requirements of law, regulations, or other issuances regarding disaster relief assistance.

Risks and Uncertainties During 2020, there was an outbreak of the novel coronavirus (COVID-19) which impacted the financial markets and global economy. COVID-19 has adversely affected, and may continue to adversely affect, the financial markets and global economy. The Plan has not been impacted, but cannot reasonably estimate any future impact.

3. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investment for which Level 1 inputs were not available. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at the price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

The fair values of corporate bonds, and asset backed securities are valued by a third party brokerage house. The fair values of certificates of deposit are based on amortized cost or original cost plus accrued interest.

Level 3 Fair Value Measurements

The investment contracts with insurance companies are not actively traded, and significant observable inputs are not available. Thus, the fair value of the investment contracts is valued at cost plus accrued interest.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Corporate stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

Asset backed securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

Investment contracts with insurance companies: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Certain unobservable inputs are assessed through review of contract terms whereas others are substantiated utilizing available market date.

3. Fair Value Measurements (Continued)

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	8,471	8,471
	$ 290,853	$ 290,853

3. Fair Value Measurements (Continued)

For the Year Ended December 31, 2019	*Investments with Insurance Companies*	*Total*
Beginning balance	$ 381,607	$ 381,607
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	13,453	13,453
Purchases, sales, issuances, settlements, (net)	(112,678)	(112,678)
	$ 282,382	$ 282,382

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2020 and 2019, are reported in net depreciation in fair value of investments.

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	*Fair Value*	*Principal Valuation Technique*	*Unobservable Inputs*	*Significant Values*
Guaranteed investment contracts (annuities)	$ 290,853	Fair value equals contract value	Composite crediting interest rates	3%

4. Investment Contracts with Insurance Companies

The Plan has entered into an investment contract with Talcott Annuity formerly known as Hartford Life. The contract is included in the financial statements at fair value, which approximates contract value, as reported to the Plan by Talcott Annuity formerly known as Hartford Life. Contract value represents contributions made under the contract, plus earnings, less plan withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2020 and 2019 was $290,853 and $282,382, respectively.

5. Certificates of Deposit

Certificates of deposit at December 31, 2020 and 2019 consist of amounts on deposit at banks or savings and loan associations, with interest rates ranging from 2.0% to 2.7%, with maturities during 2021 through 2023.

6. Nonparticipant-Directed Investments

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	December 31, 2020	*December 31, 2019*

Net appreciation	2,164,035
Contributions	996,000
Benefits paid to participants	(2,865,241)
	$ 1,069,588

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated November 24, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory opinion, the Plan Administrator and the Plan's Tax Counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

9. Risks and Uncertainties

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Related Party Transactions

The Trustees of the Plan have fiduciary responsibilities and are also participants. Plan transactions with the Trustees qualify as party-in-interest. The Trustees' investment balances at December 31, 2020, as well as additions to net assets for the year ended December 31, 2020, are not significant to the Plan.

11. Reconciliation of Financial Statements to Schedule H of Form 5500
