Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year)

Independent Auditor's Report

To the Participants and
Plan Administrator of the
Skeffington Enterprises, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed an audit of the financial statements of Skeffington Enterprises, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2020, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audit in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a

material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2020 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

To the Participants and
Plan Administrator of the
Skeffington Enterprises, Inc. 401(k) Plan

Report on the Financial Statement

I was engaged to audit the accompanying statement of net assets available for benefits of Skeffington Enterprises, Inc. 401(k) Plan (the Plan), as of December 31, 2019, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Plan management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on the 2019 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company (U.S.A.)/John Hancock, the custodian of the Plan, except for comparing the information with the related information included in the financial statement. I have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2019, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statement. Accordingly, I do not express an opinion on the 2019 financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2019 financial statement, other than that derived from the information certified by the custodian, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Skeffington Enterprises, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2020 and 2019, and For the Year Ended December 31, 2020

Note 1 - The Plan and Its Significant Accounting Policies

General - The following brief description of Skeffington Enterprises, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established on 2003 by Skeffington Enterprises, Inc. (the Company) to provide benefits to eligible employees of Skeffington Enterprises, Inc., Ben's Asphalt, Inc., Ben's Asphalt & Maintenance Company, Inc., TCK Leasing, Corp., and C & B Crushing, Inc., as defined in the Plan document. The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 as amended, (ERISA).

Administration - Under the terms of the Plan, a designated officer of the Company acts as the trustee. The Company has appointed an Administrative Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with a third-party administrator to process and maintain the records of participant data and John Hancock Life Insurance Company (U.S.A.)/John Hancock to act as the custodian. Substantially all expenses incurred for administering the Plan during 2020 are paid by the Company except for certain direct third-party administration fees of approximately $25,000 which are paid directly from the Plan's assets. The Plan also receives approximately $14,000 in fee income from John Hancock, which are credited to participants' accounts.

Basis of accounting - The accompanying financial statements have been prepared in accordance with U.S. generally accepted accounting principles (GAAP).

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Subsequent events - The Company monitors significant events occurring after the financial statement date and prior to its issuance to determine the impacts, if any, of events on the financial statements to be issued. All subsequent events of which the Company is aware were evaluated through the date of the independent auditor's report.

Investment valuation and income recognition **-** The Plan's investments are stated at fair value. Investments of the Plan are held by John Hancock and invested based solely upon instructions received from participants.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Fair value measurements **-** Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date.

Fair value hierarchy **-** Valuation techniques used by the Plan are based upon observable and unobservable inputs. Observable or market inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's assumptions about market participant assumptions based on the best information available. Assets and liabilities are classified in the fair value hierarchy based on the lowest level of input that is significant to the fair value measurement.

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs for the asset or liability.

The fair value hierarchy gives the highest priority to observable inputs and lowest priority to unobservable inputs.

Valuation techniques **-** The following is a description of the valuation techniques used to measure fair value. There were no changes in the techniques used to measure fair value during the year ended December 31, 2020.

- Mutual funds and exchange-traded funds under John Hancock's group annuity contract and held by John Hancock subaccounts are valued at the net asset value (NAV) established by the fund's sponsor on the last business day of the Plan year, based on the fair value of the assets and measured based on daily quoted market prices of underlying funds in active markets for identical assets. There are no redemption restrictions or future commitments on these investments.

- John Hancock Stable Value Fund Collective Investment Trust (JH CIT) provides a guaranteed principal and interest to deliver stable and steady return. JH CIT is benefit responsive and has been reported in the financial statements at daily net asset value (NAV) / contract value which approximates the fair value at December 31, 2020 and 2019. Investments in the contract are intended to be held until maturity although early liquidation from contract termination could result in a termination charge. The average yield for the years ended December 31, 2020 and 2019 was approximately 1.00%.

- Investments in publicly traded securities held in self-directed brokerage accounts are valued at the closing prices as reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation techniques are appropriate and consistent with other market participants, the use of different techniques or assumptions to estimate fair value could result in a different fair value measurement at the reporting date.

The following tables set forth the Plan's assets and liabilities at fair value as of December 31, 2020 and 2019, by level, within the fair value hierarchy:

	As of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Assets				
Pooled separate accounts at NAV	$ 9,723,106	$ -	$ -	$ 9,723,106
Collective investment trust at NAV	388,493	-	-	388,493
Self-directed brokerage accounts	180,643	-	-	180,643
Total investments, at fair value	$10,292,242	$ -	$ -	$10,292,242
	As of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Assets				
Pooled separate accounts at NAV	$ 8,489,622	$ -	$ -	$ 8,489,622
Collective investment trust at NAV	185,144	-	-	185,144
Self-directed brokerage accounts	179,696	-	-	179,696
Total investments, at fair value	$ 8,854,462	$ -	$ -	$ 8,854,462

Transfers between levels - The availability of observable market data is monitored to assess the appropriate classification of assets and liabilities within the fair value hierarchy. Changes in economic conditions, changes in observability of significant inputs, or changes in model-based valuation techniques may require the transfer of an asset or liability between levels of the fair value hierarchy. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2020, there were no transfers between levels.

Cash and cash equivalent - All highly liquid investments purchased with an original maturity of three months or less (generally money market funds) are considered to be cash equivalents. These investments are usually held for a short period of time, pending long-term investment.

Forfeited accounts - Forfeited nonvested accounts will be used to pay for plan expenses, then reduce future employer contributions, as determined by the Company.

Notes receivable from participants - The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the participant's vested balance. Interest rates remain fixed for the life of the loan and are based on a rate that is commensurate with interest charged for loans that would be made under similar circumstances. For the applicable period, that was determined to be the prevailing prime rate plus 1%. Loans must be repaid to the Plan within a 5-year period, unless the loan is used for the purchase of a principal residence in which case the maximum repayment period can be 15 years. Principal and interest are paid ratably through payroll deductions. The specific terms and conditions of such loans are established by the Plan administrator. Outstanding loans at December 31, 2020 carry annual interest rates ranging from 4.25% to 6.50%.

Participant loans are classified as notes receivable from participants on the Statement of Net Assets Available for Benefits and are valued at their unpaid principal balances, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions in accordance with the Plan's provisions. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Participants can continue to repay their loan post-termination, as long as they have not taken a distribution from their account.

Benefit payments - Benefit payments are generally recorded when paid.

Income tax status - The Plan has adopted Hicks Pension Group Volume Submitter Profit Sharing Plan with CODA which has received an acceptable opinion letter, under section 401, from the Internal Revenue Service, for use by employers for the benefit of their employees. The Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Internal Revenue Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

The Plan administrator evaluates any uncertain tax position taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and uncertainties **-** The Plan provides for various investment options in any combination of mutual funds, fixed income securities and other investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

In late 2019, a novel strain of coronavirus (COVID-19) was first identified, and in March 2020, the World Health Organization declared the outbreak: of COVID-19 to be a pandemic. As part of efforts to control and mitigate the spread of COVID-19, governmental authorities around the world have imposed a variety of restrictions such as travel bans, stay-at-home orders, quarantines, social distancing measures, and temporary business closures.

The full extent of the impact of the COVID-19 pandemic on the accompanying financial statements and the Plan's net assets available for benefits is currently unknown and will depend on many factors that are not within the Company's control, including, but not limited to, the duration and scope of the pandemic; governmental, business, and individuals' actions that have been and continue to be taken in response to the pandemic; general economic uncertainty in key global markets and financial market volatility; global economic conditions and levels of economic growth; and the pace of recovery when the COVID-19 pandemic subsides.

New accounting pronouncements **-** In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820) - Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement,* which amends certain disclosure requirements of ASC 820. The ASU removes the requirement to disclose the amount of and reasons for transfers between level l and level 2 of the fair value hierarchy as well as the policy for timing of transfers between levels. The ASU also updates certain disclosures of restrictions to investments in certain entities that calculate the net asset value (NAV) and clarifies measurement uncertainty disclosures. The guidance is effective for fiscal years beginning after December 15, 2019. The guidance was applied retrospectively and had no effect on the Statements of Net Assets Available for Benefits or the changes therein.

Note 2 - Related Party Transactions

Certain Plan investments in mutual funds, common collective trust, and money market fund are managed by John Hancock, the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value and qualify as party-in-interest. The Plan also pays record-keeping and investment advisory fees to a third-party administrator, and John Hancock and its affiliates. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 3 - Participation and Benefits

Employer contributions **-** The Plan is a safe harbor 401(k) plan which is designed for the Company to commit in making certain contributions enabling the Company to simplify the administration of the Plan by ensuring that nondiscrimination regulations are met. During 2020, the Company has provided safe harbor matching contributions which equal to 100% matching for the first 3% of each eligible participant's compensation plus 50% matching above the first 3% of each eligible participant's compensation, with maximum matching amount capping out at 5% of eligible compensation. This safe harbor matching contribution is allocated to participants' accounts each pay period. The Company is also required to make prevailing wage contributions based on government published hourly rates on public works projects for laborers and mechanics under the United States federal law Davis-Bacon Act of 1931. The Company has made safe harbor matching contributions and prevailing wage contributions in total of approximately $705,000 during 2020. The Company is also allowed to make other discretionary contributions as defined in the Plan and as approved by the Board of Directors.

Participant contributions **-** Participants may elect to have the Company contribute an amount or a percentage of their eligible compensation as defined by the Plan, subject to annual limits specified under the current income tax regulations. Participants can choose pretax contributions, after-tax Roth 401(k) contributions, or a combination of the two. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans, including amounts from a Roth deferred account. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Vesting **-** Participants are fully vested in their contributions, the Company's safe harbor and prevailing wage contributions, and earnings there on. Participants are subject to a five-year cliff vesting with regard to Company's other non-safe harbor contributions and earnings thereon, after which time they become 100% vested. In addition, participants become 100% vested in their Company's non-safe harbor contributions, and earnings thereon, at attainment of age 65, death before termination of employment, or becoming permanent disabled.

Participant accounts **-** Each participant's account is credited with the participant's contributions, applicable Company matching contributions, and Plan earnings, and is reduced for any benefit payments and administrative expenses. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance and share of net earnings or losses of their respective elected investment options. Allocations of the Company's contribution are based on participant contributions and eligible employee compensation, as defined in the Plan. Allocations are determined in accordance with the provisions of the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Forfeitures - If a participant terminates employment before becoming fully vested in their Company matching contributions, the nonvested Company matching contributions (and earnings thereon) are forfeited at the earlier of the date the participant receives a distribution or incurs a five-year break-in-service. Forfeited balances due to taking a distribution of vested amounts are restored if the participant returns to an eligible status within five years of termination and repays any amount previously distributed. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company matching contributions, restore previously forfeited balances, or pay eligible plan expenses.

Payment of benefits - Upon termination, death, or retirement, participants or beneficiaries may elect to receive a lump-sum amount or a partial or systematic withdrawal amount based on the vested value of their accounts. The Plan allows for in-service and hardship distributions when participants meet certain criteria. Participants may also, at any time, withdraw all or part of their rollover accounts. The Plan also allows for automatic lump sum distribution of participant vested account balances that do not exceed $5,000.

Note 4 - Certified Information

In accordance with 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by John Hancock regarding the current value of assets held at December 31, 2020 and 2019, and transactions entered into for the year ended December 31, 2020.

	2020	2019
Pooled separate accounts	$ 9,723,106	$ 8,489,622
Collective investment trust	388,493	185,144
Self-directed brokerage accounts	180,643	179,696
Total investments, at fair value	$10,292,242	$ 8,854,462

	Year ended December 31, 2020
Net realized and unrealized appreciation in fair value of investments	$ 1,133,558

Note 5 - Plan Termination and/or Modification

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate and/or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.
