INDEPENDENT AUDITORS' REPORT

To the Trustees of the
UniStaff Retirement Savings Plan
Georgetown, South Carolina

We have audited the accompanying statements of net assets available for benefits of the UniStaff Retirement Savings Plan (the "Plan") as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of UniStaff Retirement Savings Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the year ended December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2009 on Page 11 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

UNISTAFF RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of UniStaff Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement and amendments for a more complete description of the Plan's provisions.

General – The Plan was formed effective January 1, 1999 by UniStaff, Inc. (the "Plan Administrator"). This Plan is a multiple-employer plan. The Plan is subject to some, but not all, of the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is a defined contribution plan.

Eligibility – The Plan covers all employees, as defined in the Plan, of the adopting employers (the "Employers") who have completed the age and service requirements selected by the Employer in the Adoption Agreement. New Employers entering the Plan may initially waive the eligibility requirements for employees employed by the Employers as of the date entering the Plan. Participation occurs on the first of any month after completing each Employers' age and service requirements.

Employee Contributions – Participants may elect to contribute from 1% to 50% of their eligible pre-tax compensation for the years ended December 31, 2009 and 2008, as defined in the Plan, up to a maximum of \$16,500 and \$15,500 for the years ended December 31, 2009 and 2008, respectively. Participants who have attained age 50 during the Plan year may make an additional elective deferral contribution of \$5,500 and \$5,000 for the years ended December 31, 2009 and 2008, respectively. The percentage may be changed as of any subsequent Plan entry date. Any such change will apply only after its effective date, and after it is executed and filed with the Plan Administrator. Fund allocation may be changed at anytime without a charge.

Employers' Contributions – Discretionary employer-provided matching contributions may be made to the Plan. The match, if any, will be a specified percentage of the elective contributions the employee makes to the Plan. The Employers will determine the amount of the discretionary contributions, if any, they will make each Plan year. Employers can also elect to make a 401(k) safe harbor plan design contribution which aids the companies in passing discrimination testing required by ERISA. Under the safe harbor election, the Employer chooses between a fully vested contribution of 3% of compensation to all employees eligible to be in the Plan, or a fully vested contribution equal to the first 4% of compensation each participant contributes to the Plan. Discretionary employer-provided non-elective (profit sharing) contributions may also be made to the Plan. Allocation of these contributions to participants will be made in accordance with the formula selected by the Employers as defined in the Plan.

The total of employer and employee contributions is limited to the lesser of \$49,000 or 100% of the participant's eligible pre-tax compensation for the year ended December 31, 2009 and \$46,000 or 100% of the participant's eligible pre-tax compensation for the year ended December 31, 2008.

UNISTAFF RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Participant Accounts – Each participant's account is credited with the participant's contribution and, if applicable, employer-provided matching contributions, allocations of employer-provided non-elective (profit sharing) contributions, Plan earnings, and charged with management or service fees. Allocations are based on participant earnings or account balances, as defined by the Plan. Additional administrative fees are charged by the custodian upon fund withdrawal. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participant contributions are 100% vested. Each adopting employer selects among three options for vesting of employer contributions. Under the first option, employer contributions are 20% vested after two years of service, and 20% for each additional year of service. Under the second option, employer contributions are not vested until after three years of service at which time the contributions are 100% vested. The third option is full and immediate vesting, or any accelerated vesting that vests sooner than the first two options. Automatic 100% vesting occurs upon attainment of normal retirement age (65), upon retirement due to disability, upon death, and upon termination of the Plan.

In general, to have a year of service for vesting purposes, employees must complete at least 1,000 hours of service during the 12 months beginning on the day they start to work for their employer. If they do not, they must complete at least 1,000 hours of service in any Plan year. They complete a year of service only upon working for a full 12 months, regardless of when during the applicable 12 month period they complete 1,000 hours of service. See each respective employer's adoption agreement for any variations in the time of service requirement.

Investment Options – Participants may direct contributions in 1% increments to any of the investment options offered by the Plan. The investment options include money market funds and various stock and bond funds. The fund values are computed daily by the custodians and reflect changes in the unit values of the investments.

Participant Loans – Participants can borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the excess (if any) of (1) the highest outstanding balance of any other loans from the Plan during the one-year period prior to the date of the new loan, over (2) the aggregate outstanding balance of any other loans from the Plan on the date of the new loan, or 50% of their vested account balance. Loan terms range from one to five years or up to 15 years for the purchase of a principal residence. Participants can only have one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with local prevailing rates at the time the loan is approved by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – Upon retirement or separation from service with the Employers, the participant may elect to receive a single lump-sum cash payment. Also, upon reaching age 59½, participants may receive a lump-sum cash payment for any portion of their vested accounts on a yearly basis. Until a participant actually retires from the employment of the participant's employer, the participant shall continue to be treated in all respects as a participant.

Hardship Withdrawal – A participant can withdraw from the Plan, part or all of the participant's contributions for a financial hardship. The Trustees shall determine what portion of all of such account balance is necessary to alleviate the hardship. A financial hardship must be one of the reasons specified below:

1. Medical expense incurred by the participant, the participant's spouse, or any dependents of the participant;
2. The purchase (excluding mortgage payments) of a principal residence of a participant;
3. Certain educational expenses for the participant, his or her spouse, or dependents of the participant;
4. The need to prevent the eviction of the participant from his or her principal residence or foreclosure on the mortgage of his or her principal residence; or
5. Other events as may be prescribed by the Internal Revenue Service Commissioner in revenue rulings, notices, and other documents of general applicability.

Forfeited Accounts – As of December 31, 2009 and 2008, the balances in the forfeited non-vested accounts were \$4,057 and \$471, respectively. These accounts are used to reduce future company discretionary and/or matching contributions or to pay for plan expenses. During the year ended December 31, 2009, \$823 was paid from non-vested accounts for employer matching contributions.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES AND OTHER MATTERS

Date of Management Review – Subsequent events were evaluated through September 20, 2010, which is the date the financial statements were available to be issued.

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting, except that benefits are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of additions and deductions to net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES AND OTHER MATTERS (Continued)

Withdrawals and Exchanges – Withdrawals and exchanges between investment fund options by participants are recorded based upon the specific proceeds and cost of the investment at the date of withdrawal or exchange.

Investments – Investments in mutual funds (registered investment companies) are reflected in the financial statements at fair value, using quoted market prices. Unrealized gains or losses as a result of changes in market value are recorded in income of the current period. Participant loans are stated at historical costs.

Administrative Expenses – Certain administrative expenses are paid by the Plan Administrator. Management fees, asset fees, and account administrative fees are paid by the participants.

NOTE 3 - INVESTMENTS

The fair market values of individual assets that represent 5% or more of the Plan net assets are as follows:

	As of December 31,

Vanguard Total Stock Market Index Signal	658,339	473,366

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

UNISTAFF RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

- Level 2 inputs to the valuation methodology include the following:
 - Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted prices that are observable for the asset or liability.
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

NOTE 5 - TAX STATUS

The Company's Plan initially was a prototype plan of Automatic Data Processing, Inc. (ADP). A determination letter has been received from the Internal Revenue Service dated May 24, 2002, indicating that the plan is a qualified plan under Section 401 of the Internal Revenue Code and is exempt from federal income taxes. Subsequently, the Plan has received a favorable determination letter from the Internal Revenue Service as to the Plan's tax-exempt status dated December 15, 2008. UNISTAFF RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 6 - PLAN TERMINATION

Although they have not expressed any intent to do so, the Employers have the right under the Plan to discontinue their contributions at any time. In addition, although they have not expressed any intent to do so, the Trustees have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - RELATED PARTY TRANSACTIONS

Slavic Mutual Funds Management Corporation (SMF) is the investment advisor to the Plan. Participants, if they elect this service, are charged a quarterly management fee.

Slavic Integrated Administration (SIA), the Plan's Third Party Administrator, receives annual administrative and asset fees per participant.

Slavic Investment Corporation (SIC), an SEC, registered securities broker/dealer, collects from mutual fund companies, and 12b-1 commissions and SubTa and SSF recording fees paid by the funds held in plan accounts, and credits them on a quarterly basis directly to participant accounts holding those funds. Only participants actually holding the funds at the crediting date receive a proration of this fund revenue; those trading out of the funds before that date are not credited any prorated 12b-1 and SubTa and SSF payments.

The shareholders of SMF, SIC and SIA are the same.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
