1. SIGNIFICANT ACCOUNTING POLICIES

Money market investments are stated at cost plus accrued interest, which equals current value. Mutual funds are stated at current value based on quoted market values. Current value is the amount that the Plan can reasonably expect to receive for the investment in a current sale. Purchases and sales of securities are recorded on a trade date basis.

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

2. DESCRIPTION OF THE PLAN

QORE, Inc. Profit Sharing Plan is a defined contribution plan covering all employees of QORE, Inc. who have met certain minimum service requirements. The Plan was established in 1988 and qualifies under Section 401 of the Internal Revenue Code of 1986. It satisfies the requirements of Section 401(k) and the provisions of the Employee Retirement Income Security Act of 1974.

The Plan allows salary reductions (401(k) deductions) up to the maximum allowed by federal statute. The Company will match 50% of the employee contribution, up to a maximum of 1% of an employee's annual compensation. There are also provisions for additional contributions by the Company at its option. Employees' salary reduction contributions are funded monthly.
The participants have a choice of fifteen investment programs for their account balances. Each participant has the option to change his investment program every three months. The investment funds and the total participants account balances in each at December 31, 2009 are as follows:

American Funds Growth Fund of America	$1,554,396

2. DESCRIPTION OF THE PLAN (Continued)

The Company has the right to discontinue contributions at any time and terminate the Plan. In the event the Plan terminates, the net assets of the Plan shall be used, subject to the payment of expenses and taxes, for the benefit of participants and beneficiaries. Each participant's account shall be fully vested and thereafter non-forfeitable.

Each participant's account is credited with the following:

(a) the participant's salary reduction contributions
(b) the Company's matching contribution
(c) additional contributions by the Company (if any)
(d) Plan earnings

The Plan provides for withdrawals by Plan participants in the event of death, retirement, disability and other specified circumstances. All employee contributions vest immediately. The vested percentage of Company contributions is 20% after two years, 40% after three years, 66% after 4 years, and 100% for five years or more. If the plan becomes top-heavy, Company contributions vest at the rate of 20% upon completion of two years service, increasing thereafter 100% upon completion of five years service. The Company does not expect the Plan to become top-heavy. Total vested employee balances, including earnings, totaled $9,015,041 and $7,973,626, as of December 31, 2009 and 2008, respectively.

3. TAX STATUS

The Plan filed with the Internal Revenue Service information necessary for it to rule on the Plan's qualification pursuant to Section 401 of the Internal Revenue Code of 1986. The Plan received a favorable determination letter dated April 26, 1995, and it is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The qualification means the Plan is not subject to tax under present income tax law. The Trustees do not believe that amendments made since the determination letter, or any other events that have occurred, will adversely affect the Plan's qualification.

4. INVESTMENTS

The Plan's investments are held in a fiduciary trust fund. The current value of individual investments that represent 5% or more of the Plan's net assets for the years ended December 31, 2009 and 2008, are as follows:

7. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement No. 157, Fair Value Measurements (FASB Statement No. 157), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value ('NAV") of shares held by the plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
MUTUAL FUNDS	$8,005,147	-	-	$8,005,147
MONEY MARKET	$1,122,154	-	-	$1,122,154
PARTICIPANT LOANS	-	-	$172,658	$ 172,658

The following schedule sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009.

Balance beginning of the year	$164,828
Originations, repayments (net)	7,829
Balance end of the year	$172,658

8. SUBSEQUENT EVENTS

On March 1, 2010, selected assets of the plan sponsor, Qore, Inc. were purchased by S&ME, Inc. In connection with the asset purchase, the board of directors of S&ME approved the merger of the Qore, Inc. profit sharing plan into the S&ME Personal Option Retirement Plan ("Pro Plan"). As a result, all investments and participant loans will be transferred to the S&ME Pro Plan.
