INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Tipton Motors, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Tipton Motors, Inc. 401(k) Plan ("Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. However, because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company (Fidelity) and Sentry Life Insurance Company (Sentry), the trustees of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Sentry held the Plan's investment assets and executed investment transactions from December 1, 2020 through December 31, 2020 and that Fidelity held the Plan's investment assets and executed investment transactions as of December 31, 2019 and for the period January 1, 2020 to November 30, 2020. The plan administrator has obtained the certifications from the trustees as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter- Supplemental Schedules

The supplemental Schedule H, Line 4 (i) – Schedule of Assets (Held at End of Year) as of December 31, 2020 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1: DESCRIPTION OF PLAN

The following description of the Tipton Motors, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan.

General

The Plan is a defined contribution plan covering all eligible full-time employees of Tipton Motors, Inc., the Plan Sponsor. This Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is intended to be a qualified retirement plan under Internal Revenue Service ("IRS") Code Section 401(k). Plan management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act of 2020 (the "CARES Act") was passed by Congress. The CARES Act, among other things, includes several temporary relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and approved changes to the Plan in 2020 to temporarily (i) add COVID-19-related distributions of up to $100,000 for eligible participants, (ii) permit employees to repay COVID-19 related distributions within three years of the date of distribution, (iii) increase the limit on Plan loans for eligible participants to the maximum permitted under the CARES Act, (iv) suspend payments on Plan loans otherwise due in 2020 for eligible participants, and (v) suspend required minimum distributions for 2020. These temporary CARES Act provisions expired at the end of 2020. The Plan will be amended to reflect these changes prior to the December 31, 2022 deadline.

Plan assets were held and managed by Fidelity Management Trust Company (Fidelity) from January 1, 2020 through November 30, 2020 and Sentry Life Insurance Company (Sentry) from December 1, 2020 through December 31, 2020, which invests contributions and Plan earnings and makes investment transactions as directed by Plan management. Fidelity and Sentry also provide certain recordkeeping services, perform certain plan administration and annual ERISA compliance testing.

Eligibility

Employees may become a participant of the Plan when they have reached six months of service. An eligible employee may enter the Plan on the first day of the month coinciding with or the next month following the date requirements are met.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Contributions

Each year, participants may elect to contribute up to 90% of their compensation on a pre-tax basis, up to the dollar limit set by law, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e. rollover contributions). Although the Plan Sponsor may also make a discretionary contribution to the Plan, none were made for the 2020 Plan year. Employer contributions are invested according to employee apportionments.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Plan Sponsor's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their elective deferral account, rollover contribution account, qualified non-elective contribution account and safe harbor matching contribution amount, plus actual earnings thereon. Discretionary non-safe harbor matching contributions will vest according to the following schedule:

Years of Service	Vesting Percentage
1	0%
2	25%
3	50%
4	75%
5	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of $1,000 of their vested account balance up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined in the Plan. Loan terms may not exceed five years unless the purpose of the loan is for the acquisition of the participant's principal residence. Principal and interest are paid ratably through regular payroll deductions.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants (Continued)

Plan management approved changes related to the CARES Act in 2020, increasing the limit on Plan loans for eligible participants to the lesser of $100,000 or 100% of the participant's vested account balances in 2020 and permitting eligible participants to suspend payments on Plan loans otherwise due in 2020.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or designated beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service due to other reasons, a participant will receive the value of the vested account balance in the Plan as a lump-sum distribution.

Plan management approved changes related to the CARES Act in 2020, permitting eligible participants to take COVID-19 related distributions of up to $100,000 without a 10% early withdrawal penalty in 2020 and suspend required minimum distributions for 2020.

Forfeitures

At December 31, 2020 and 2019, there were no forfeited nonvested accounts. These accounts can be used to reduce future employer contributions. Also, in 2020, no employer contributions were reduced by forfeited nonvested accounts.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The participant must self-certify that he or she has insufficient cash or other liquid assets to satisfy the financial need. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of U.S. GAAP financial statements requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements and NAV.

Plan management determines the Plan's valuation policies utilizing information provided by Fidelity Management Trust Company from January 1, 2020 through November 30, 2020 and Sentry Life Insurance Company from December 1, 2020 through December 31, 2020, the trustees of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus the accrued unpaid interest, which approximates fair value. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2020 and 2019.

Payment of Benefits

Distributions to participants are recorded when paid.

Expenses

Expenses attributable to the general Plan administration were paid by the Plan and allocated among the accounts of all participants, in proportion to their account balances, unless paid by the Plan Sponsor. During the year ended December 31, 2020, expenses of $1,041 were paid by the Plan and allocated to participant accounts.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

The Plan Sponsor has evaluated subsequent events through September 23, 2021, the date the financial statements were available to be issued and determined there were no events that occurred that required disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Recent Accounting Pronouncements

In July 2018, the FASB issued ASU 2018-09, *Codification Improvements*. The guidance amends Subtopic 962-325, Plan Accounting—Defined Contribution Pension Plans—Investments—Other by removing the stable value common collective trust fund from the illustrative example in paragraph 962-325-55-17 to avoid the interpretation that such an investment would never have a readily determinable fair value and, therefore, would always use the net asset value per share practical expedient. Rather, a plan should evaluate whether a readily determinable fair value exists to determine whether those investments may qualify for the practical expedient to measure at net asset value in accordance with Topic 820. The guidance is effective for fiscal years beginning after December 15, 2019. Thus, on January 1, 2020, we applied the provisions of this ASU, however, there was no impact on to the financial statements.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820)*. The guidance modifies, removes, and adds certain disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement. The amount of and reason for transfers between Level 1 and Level 2 fair value measurements and Plan's transfer policy were removed under this ASU. The guidance is effective for fiscal years beginning after December 15, 2019. Thus, on January 1, 2020, the Plan applied the provisions of this ASU. Certain disclosures relating to the Plan's transfer policy have been removed in accordance with this ASU.

NOTE 3: INFORMATION CERTIFIED BY THE TRUSTEES (UNAUDITED)

The Plan's investments were held by Fidelity Management Trust Company (Fidelity) from January 1, 2020 through November 30, 2020 and Sentry Life Insurance Company (Sentry) from December 1, 2020 through December 31, 2020. The following is a summary of the Plan's financial information that is included in the financial statements and supplemental schedule based on information certified by Fidelity and Sentry as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974:

a) Total investments, at fair value, included in the statements of net assets available for benefits at December 31, 2020 and 2019;
b) Notes receivable from participants, included in the statements of net assets available for benefits at December 31, 2020 and 2019;
c) Investment income information included in the statement of changes in net assets available for benefits for the year ended December 31, 2020;
d) All amounts included in Note 4, *Fair Value Measurements (Unaudited)*;
e) All information included in the supplemental schedule of assets (held at end of year) as of December 31, 2020

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1 Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2 Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
  - Observable; or
  - Can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts (PSAs): The Plan's PSAs are valued based on NAV per share or unit as a practical expedient as reported by the fund manager, multiplied by the number of shares or units held as of the measurement date. Accordingly, these NAV based investments have been excluded from the fair value hierarchy.

Fully benefit responsive investment contract (FBRIC): The Plan's FBRIC is valued at contract value as further disclosed in Note 5. Accordingly, this investment has been excluded from the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

December 31, 2020	**Level 1**	**Level 2**	**Level 3**	**Total**
Pooled separate accounts (A)	**$ -**	**$ -**	**$ -**	**$ 1,333,956**
Total investments at fair value	**-**	**-**	**-**	**1,333,956**

December 31, 2020	**Level 1**	**Level 2**	**Level 3**	**Total**
Fully benefit responsive investment contract	**-**	**-**	**-**	**236,315**
Total investments at contract value	**-**	**-**	**-**	**236,315**
Total investments	**$ -**	**$ -**	**$ -**	**$ 1,570,271**

December 31, 2019	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,363,571	$ -	$ -	$ 1,363,571
Total investments at fair value	$ 1,363,571	$ -	$ -	$ 1,363,571

(A) Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes information related to the pooled separate accounts measured at fair value based on NAV per share as of December 31, 2020. The pooled separate accounts are maintained by investment companies and hold investments in accordance with a stated set of fund objectives.

Year-End	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (if currently eligible)**	**Redemption Notice Period**
December 31, 2020	$ 1,333,956	N/A	Daily	Daily

NOTE 5: INVESTMENTS REPORTED AT CONTRACT VALUE (UNAUDITED)

In 2020, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Sentry Life Insurance Company ("Sentry") totaling $236,315 for 2020. Sentry maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Crediting rates are not based directly on the actual performance of the underlying securities in the Guaranteed Fund, but rather determined in the contract. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Sentry, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6: TAX STATUS

The Plan has adopted a prototype standardized plan and the prototype sponsor has received an opinion letter on the acceptability of the form of the Plan dated March 31, 2014 indicating the plan is a qualified plan meeting the applicable requirements of applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code, and, therefore believes that the Plan is qualified, and the related trust is tax-exempt.

NOTE 6: TAX STATUS (Continued)

Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7: RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments in mutual funds were managed by Fidelity Management Trust Company from January 1, 2020 through November 30, 2020 and Sentry Life Insurance Company from December 1, 2020 through December 31, 2020, the trustees of the Plan's assets. Any purchases and sales of these funds are performed in the open market at fair value. Administrative expenses paid by the Plan to the trustees for the year ended December 31, 2020 amounted to $1,041. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

The Plan Sponsor enters into other transactions for professional services related to the Plan. Such transactions are paid directly from the Plan Sponsor and are not paid by the Plan assets.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all amounts credited to the participant's accounts shall become 100% vested and paid to the participants as allowed under federal law.

NOTE 9: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the Plan's financial statements at December 31, 2020, to the Plan's Form 5500.

For the year ended December 31,	**2020**
Net increase in net assets available for benefits as presented in these financial statements	**$ 191,015**
More: excess contributions	**14,088**
Less: corrective distributions were accrued in prior year financial statements	**(24,512)**
Net increase in net assets available for benefits per Schedule H of Form 5500	**$ 180,591**

Additional Information:

Fidelity may have provided non-monetary compensation, such as meals or business entertainment, to associates or service providers during the plan year for which this data is being reported. If you believe there are associates or plan service providers who have received total non-monetary compensation, from all sources of $5,000 or more, that are not reflected on this report, you may contact your Fidelity representative and ask for a detailed summary of non-monetary compensation provided during the plan year. For additional information, please refer to the Auditor's Guide.

Fidelity utilizes omnibus accounts at unaffiliated banks to facilitate transactions for the defined contribution plans it services as set forth in your trust or service agreement or letter of authorization. If markets permit, omnibus account balances are invested in short-term investments that generally earn a rate approximating the Target Federal Funds Rate and/or money market rates. These earnings are called "float" and are considered eligible indirect compensation for purposes of Schedule C. Fidelity uses these earnings to pay bank fees and make other required adjustments and generally retains any float earnings that exceed such fees and adjustments. Fidelity is responsible for paying bank fees to the extent they exceed float earnings.

Since the amount of float generated depends on the length of time that assets are held in the omnibus accounts, Fidelity adheres to the following specific time frames within which cash pending investment or distribution is held:

SCHEDULE C SUPPLEMENTAL REPORT

- If contributions are received by Fidelity in good order before the close of trading, Fidelity executes transactions in the investment options as of that day's closing price (the "transaction date" or "T"). Settlement of trades for most investment options occurs on the following business day ("T+1") or, in the case of certain securities including company stock, on T+2 (prior to September 5, 2017 the settlement period for certain securities including company stock was T+3).
- Exchange requests received by Fidelity in good order before the close of trading are processed in that day's nightly cycle. If investment options have identical settlement rules, exchanges between them generate no overnight balances, as money is received from one investment option and conveyed to another investment option on the same business day. If investment options have different settlement rules, balances attributable to exchanges may remain in the omnibus account for a few days if FMTC serves as trustee of the plan.
- Disbursement requests received in good order before the close of trading are processed in that day's nightly cycle, and reflected as debits from participant accounts as of that date ("T"). Proceeds attributable to disbursements are received from investment options or from the unaffiliated Plan trustee based on the settlement period for the investment options. Disbursements are made to participants on T+2 either through electronic funds transfers or by mailing a check. Disbursement proceeds distributed by check remain in the omnibus account until the check is presented for payment.
