INDEPENDENT AUDITOR'S REPORT

September 17, 2021

To the Trustees of
Construction Administration Network, LLC
Employees Savings and Prevailing Wage Plan:

Report on the Financial Statements
We have audited the accompanying financial statements of the Construction Administration Network, LLC Employees Savings and Prevailing Wage Plan (the Plan), which comprise the statements of net assets available for benefits of as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Construction Administration Network, LLC Employees Savings and Prevailing Wage Plan as of December 31, 2020 and 2019, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. THE PLAN

The following description of the Construction Administration Network, LLC Employees Savings and Prevailing Wage Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Rifenburg Construction, Inc. and its affiliates (Rifenburg Contracting Corp, Marcy Excavation Services, LLC, New Castle Asphalt, LLC, Park East Sales, LLC, and Construction Administration Network, LLC), collectively referred to as "Company," who are not covered under a collective bargaining agreement and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions and Contributions Receivable

Contributions to the Plan may include profit sharing, employee 401(k) deferrals, Roth deferral contributions, Company matching, and wage rate contributions.

Eligible employees may contribute up to 75% of their income (not exceeding dollar limitations set by law) into the Plan under 401(k) and Roth provisions. Participants are 100% vested in their 401(k) and Roth contributions. The Company matches a percentage of a participant's 401(k) contribution. This percentage is discretionary and is determined each year. The percentage is applied to contributions based on the first 6% of the participants' eligible compensation. The company match is only available for participants who do not receive a wage rate contribution.

The Company may make a profit sharing contribution for eligible employees. The amount of the profit sharing contribution, if any, is determined by the Board of Directors at its sole discretion each year. The Company is not required to make any profit sharing contribution for any year.

Wage rate contributions are made for each eligible participant while working on construction jobs located in New York State. 15% of the gross eligible wages of a participant are contributed to the Plan on their behalf. Participants are 100% vested in their wage rate contributions.

At December 31, 2020 and 2019 the details of the employer and participant portion of the contributions receivable were as follows:

	2020	2019
Employer match	$ 900,148	$ 522,840
Employer wage rate contribution	2,787	-
Participant contribution	10,757	-
Total contribution receivable	$ 913,692	$ 522,840

1. THE PLAN (Continued)

Participant Accounts
Each participant's account is credited with an allocation of (a) the employee's contributions (b) the Company's contribution, (c) Plan earnings/(losses), and (d) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Forfeitures
At December 31, 2020 and 2019, forfeited amounts from nonvested accounts totaled $2,947 and $6,409, respectively. Each year, the balance of forfeited nonvested accounts is used to partially fund the employer matching contributions.

Vesting
Vesting in the Company's contributions, including profit sharing and the 401(k) match, plus earnings thereon, is based on years of continuous service. A participant is 100 percent vested after six years of credited service. Participants are immediately vested in their voluntary contributions and wage rate contributions, plus actual earnings thereon.

Investment Options
The Plan entered into an agreement with Charles Schwab Bank (the custodian of the Plan) whereby the custodian directs new contributions, in accordance with the participant's election, into a choice of twenty-four mutual funds and one stable value collective trust fund.

Participants may change their investment options daily.

Payment of Benefits
On termination of service, a participant will receive an amount equal to the value of the participant's vested interest in his or her account in a qualified joint and survivor annuity, unless the participant elects to receive the amount in a lump sum, installment arrangement, or life annuity.

Administrative Expenses
The majority of Plan administrative expenses are paid by the Plan. The primary administrative expenses incurred for 2020 and 2019 were investment advisory/management fees and professional fees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for various investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate risk, financial market risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

The United States is presently in the midst of a pandemic related to a virus, commonly known as Novel Coronavirus (COVID-19). As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the financial statements. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Payment of Benefits

Benefits to terminated participants are recorded when paid.

Financial Instruments Measured at Fair Value

The Plan has financial instruments which are recorded at fair value in the accompanying statements of net assets available for benefits. The Plan makes estimates regarding the valuation of assets and liabilities measured at fair value in the financial statements. These assets and liabilities include the investments in mutual funds, and insurance contracts.

Fair Value Measurement - Definition and Hierarchy

The Plan uses various valuation techniques in determining fair value and classifies into a three level hierarchy based on the nature of the inputs. Level 1 valuations are based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Level 2 valuations are based on inputs, other than quoted prices included within Level 1 that are observable either directly or indirectly. Level 3 valuations are based on inputs that are unobservable and significant to the overall fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of nonobservable inputs.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Instruments Measured at Fair Value (Continued)

Fair Value Measurement - Definition and Hierarchy (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020.

Money market and mutual funds: Valued at the net asset value of shares held at year-end based on quoted market prices.

Stable value collective trust fund: Valued based on the fair value using the NAV practical expedient as determined by the issuer based on the current fair values of the underlying assets of the fund.

Cash surrender value of life insurance: Valued at the current cash surrender value of the individual whole life insurance policies, which approximates fair value.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan was provided asset classification by the Plan record keeper, The Howard E. Nyhart Company, Inc.

3. INVESTMENTS

Except for its insurance policies with insurance companies, the Plan's investments are held in a bank-administered trust fund. The following tables present a breakdown of the Plan's investments at fair value as of December 31, 2020 and 2019.

At December 31, 2020, the Plan's investments are measured at fair value on a recurring basis and are valued as follows:

	Level 1	Level 2	Level 3	Total
Money market funds	$ 721,929	$ -	$ -	$ 721,929
Mutual funds	46,070,266	-	-	46,070,266
Cash surrender value of life insurance	-	-	149,951	149,951
Total assets measured within fair value hierarchy	46,792,195	-	149,951	46,942,146
Stable value collective trust fund measured at NAV	-	-	-	2,441,150
Total investments at fair value	$ 46,792,195	$ -	$ 149,951	$ 49,383,296

3. INVESTMENTS (CONTINUED)

At December 31, 2019, the Plan's investments are measured at fair value on a recurring basis and are valued as follows:

	Level 1	Level 2	Level 3	Total
Money market funds	$ 99,537	$ -	$ -	$ 99,537
Mutual funds	40,619,442	-	-	40,619,442
Cash surrender value of life insurance	-	-	144,518	144,518
Total assets measured within fair value hierarchy	40,718,979	-	144,518	40,863,497
Stable value collective trust fund measured at NAV	-	-	-	1,841,221
Total investments at fair value	$ 40,718,979	$ -	$ 144,518	$ 42,704,718

In accordance with ASC 820, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Investments measured using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (If Eligible)	Redemption Notice Period
Stable value collective trust fund	$ 2,441,150	n/a	Daily	12 months

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (If Eligible)	Redemption Notice Period
Stable value collective trust fund	$ 1,841,221	n/a	Daily	12 months

3. INVESTMENTS (CONTINUED)

Investments measured using the Net Asset Value per Share Practical Expedient (Continued)

The Plan invests in the Morely Stable Value Fund, a stable value collective trust fund whose underlying assets are fully benefit-responsive investment contracts. This stable value fund seeks to provide preservation of capital and relatively stable returns by investing primarily in short-term investments and investment-grade stable value investment contracts. The underlying investments of the Morley Stable Value Fund consist of Conventional Guaranteed Investment Contracts ("GICs") and Synthetic Guaranteed Investment Contracts (wrap contracts) and cash equivalents. The GICs are typically issued with a fixed crediting rate and a fixed maturity date that does not change over the life of the contract. Whereas, wrap contracts typically reset on a monthly or quarterly basis as negotiated with the issuer and do not have a final stated maturity date. Gains and losses on the underlying portfolio are amortized over the duration of the investment, through adjustments to the future interest-crediting rate.

A number of factors can influence future crediting rates of wrap contracts, which may include but are not limited to: portfolio cash flows, underlying portfolio performance, current market interest rates for reinvestment, duration posture, change in credit ratings, default or bankruptcy by an asset or wrap issuer, the unexpected receipt of principal and interest payments, extraordinary withdrawals and certain wrap contract terms, including wrap fees.

Cash Surrender Value of Life Insurance

The Plan's investments in Cash Surrender Value of Life Insurance are insurance contracts between the Plans' participants and Reliastar and Phoenix Home Life Insurance Company. The cash surrender value is reported at fair value, which is the aggregation of cash surrender value for each individual policy. The insurance companies calculate the cash surrender value based on each individual's insurance policy.

The plan administrator assesses and approves the fair value measurement policies and procedures applied in the measurement of fair value on a continuing basis.

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Type	Fair Value	Valuation Technique
Cash surrender value of life insurance	2020 $ 149,951 2019 $ 144,518	Cash surrender value calculated for each individual insurance policy

3. INVESTMENTS (CONTINUED)

Cash Surrender Value of Life Insurance (Continued)

The following is a reconciliation of the beginning and ending balances for the Plan's investments measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during 2020 and 2019:

	2020	2019
Level 3 inputs balance January 1,	$ 144,518	$ 138,536
Increase in cash surrender value of life insurance	5,433	5,982
Level 3 inputs balance December 31,	$ 149,951	$ 144,518

4. INSURANCE POLICIES

A number of Plan participants elected to have the Plan trustee purchase individual life insurance contracts as permitted by the Plan. The trustees have chosen Reliastar and Phoenix Home Life Insurance Company to provide these services. Purchasing insurance policies is no longer allowed in the Plan.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. RELATED-PARTY TRANSACTIONS

As of December 31, 2020 and 2019, all of the Plan's assets were invested with Charles Schwab Bank, the Plan's custodian.

7. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodian as of and for the years ended December 31:

	2020	2019
Investments at fair value	$ 49,233,345	$ 42,560,200
Net appreciation of investments	$ 5,059,881	$ 6,208,391

The Plan's investment in insurance policies with insurance companies are not held in the bank-administered trust fund or certified by the custodian.

8. TAX STATUS

The Plan is tax-exempt under Section 401(b)(3) of the Internal Revenue Code. The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 17, 2021, which is the date the financial statements were available to be issued.
