ATLAS SIGN INDUSTRIES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Atlas Sign Industries 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan, established on January 1, 2008, is a defined contribution plan covering all employees of Atlas Sign Industries (the "Employer", the "Company", or "Plan Sponsor"), who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective February 7, 2020, the Plan changed its Custodian from Reliance Trust Company to Matrix Trust Company. Additionally, the Plan changed its Trustee from ADP, LLC to CMFG Life Insurance Company, a member Company of CUNA Mutual Group, the Trustee of the Plan. On the same date, the Plan adopted an amended Plan document with the new Trustee of the Plan. Effective March 3, 2020, the Plan transferred its assets from Reliance Trust Company to Matrix Trust Company. The Custodian and Trustee hold the Plan's assets and the Custodian also performs certain administrative services including the maintenance of certain participant records.

The plan administrator is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

CONTRIBUTIONS

Each year, participants may contribute, through payroll deductions, up to 90% of their pre-tax annual eligible compensation, as defined in the Plan document, not to exceed annual limits established in the Internal Revenue Code ("IRC") ($19,500 in 2020). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions ($6,500 in 2020). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("Rollovers"). At its discretion, the Company may make matching contributions on behalf of each participant who makes elective deferrals to the Plan. In 2020, no Company discretionary matching contributions were made.

Participants direct the investment of their contributions into various investment options offered by the Plan.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, any Rollovers into the Plan, an allocation of the Company's discretionary matching contributions, if any, and Plan investment earnings or losses. Each participant's account is reduced by any withdrawals or distributions and an allocation of administrative fees that are paid by the Plan. Allocations are based on the participant's elective contributions and accounts balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately 100% vested in their elective deferrals, catch-up contributions, Rollovers and related earnings.

Effective February 7, 2020, the Company discretionary matching contributions vest according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%

4	60%

Prior to February 7, 2020, participants vested in Company discretionary matching contributions following a 1-5 year graded vested schedule.

The Plan provides for 100% vesting of Company discretionary matching contributions and earnings thereon upon death, disability or attainment of normal retirement age of 65.

NOTES RECEIVABLE FROM PARTICIPANTS

The Plan allows participants to borrow against their vested balances (minimum loan of $1,000). The maximum amount available for loans is the lesser of the 50% of participant's vested account balance or $50,000, reduced by the highest outstanding loan balance during the prior 12-month period. Loan repayment periods are for a maximum of five years unless the loan is for the purchase of a primary residence, in which case a reasonable repayment period is determined at the time of the loan.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS (CONTINUED)

Loan repayments are made through payroll deductions. The loans bear interest at a fixed rate of the prime rate plus 2%. As of December 31, 2020, interest rates on outstanding loans ranged from 5.25% to 7.50%.

During 2020, the Plan adopted the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which was signed into law on March 27, 2020. Pursuant to the CARES Act, Plan participants could request a delay of note repayments that occurred between March 27, 2020 and December 31, 2020 for one year. Such participant notes are re-amortized and included any interest accrued during the period of delay. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020. Additionally, the CARES Act temporarily permitted Plan participants to take loans during the 180 day period starting on the date of enactment, up to the lessor of either $100,000 or 100% of the participant's vested account balance.

PAYMENT OF BENEFITS

Upon termination of service due to death, disability or retirement, a participant (or participant's beneficiary in the event of death) may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or periodic payments over a period of no more than the participant's assumed life expectancy. Withdrawals under the Plan are allowed for hardship (as defined in the IRC) or the attainment of age 59-1/2.

Pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 distribution and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020. Additionally, the CARES Act permitted Plan participants to request up to $100,000 in coronavirus-related distributions, with repayment terms of up to three years. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

During 2020, the Plan adopted the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act"), which was signed into law on January 1, 2020. The SECURE Act changes the minimum distributions age from when distributions must begin from 70 ½ to 72.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

HARDSHIP WITHDRAWALS

A participant who is experiencing a financial hardship, as defined in the Plan document, may request a withdrawal of all or any portion of such participant's salary deferral contributions and Rollovers, excluding earnings, if any. During the year ended December 31, 2020, hardship withdrawals amounted to $110,000, which is included in benefits paid to participants in the accompanying Statement of Changes in Net Assets Available for Benefits.

Effective January 1, 2020, the Plan adopted the Bipartisan Budget Act of 2018 ("BBA") that was signed into law and impacted the administration of hardship withdrawals. The BBA eliminated the long-standing requirement that a participant must first request all available plan loans before taking a hardship withdrawal. The BBA directed the Department of the Treasury to amend its 401(k) regulations to eliminate the 6-month suspension period for contributing 401(k) elective deferrals and after-tax employee contributions. The BBA expanded the types of accounts that can be distributed in the event of a hardship withdrawal to include qualified nonelective contributions ("QNECs"), qualified matching contributions ("QMACs"), safe harbor contributions, and 401(k) earnings after 12/31/1998.

EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants during 2021. The Plan distributed the 2019 excess contributions to the applicable participants during 2020.

FORFEITURES

Forfeitures are those amounts of Company discretionary matching contributions in which a participant is not fully vested at the time of termination. Forfeitures can be used to reduce future Company discretionary matching contributions. There were no forfeitures as of December 31, 2020 or 2019. No forfeitures were used during the year ended December 31, 2020.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for the Plan's fully benefit responsive contract which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Plan determines the Plan's valuation policies utilizing information provided by the investment advisor, Custodian and Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. All gains and losses are reported in the accompanying Statement of Changes in Net Assets Available for Benefits.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

PLAN EXPENSES

Administrative expenses incurred in relation to the maintenance of the Plan are substantially paid by the Plan Sponsor. Such expenses paid by the Plan Sponsor are excluded from these financial statements. Fees related the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

RISKS AND UNCERTAINTIES

The Plan provides for various investment options in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic which continues to spread throughout the United States, triggering volatility in financial markets and a negative impact on the global economy. As of the date the financial statements were available to be issued, there was considerable uncertainty around the expected duration of this pandemic. The ultimate impact of COVID-19 on the Plan, which may be material, is uncertain and will depend on future developments.

RECENTLY ISSUED ACCOUNTING PRONOUNCEMENT

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, Fair Value Measurement (Topic 820) Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement, which modifies the disclosure requirements on fair value measurements under ASC Topic No. 820, Fair Value Measurements and Disclosures, as amended. For nonpublic companies, ASU 2018-13, removes (a) the prior requirement to disclose the amount and reason for transfers between Level 1 and Level 2 of the fair value hierarchy, (b) the policy for timing of transfers between levels, (c) the valuation process used for Level 3 fair value measurements, and (d) the requirement to disclose changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

RECENTLY ISSUED ACCOUNTING PRONOUNCEMENT (CONTINUED)

For nonpublic companies, ASU 2018-13 also adds, among other things, a requirement to disclose transfers into and out of Level 3 of the fair value hierarchy, and purchases and issuances of Level 3 assets and liabilities, rather than reconcile the opening balances to the closing balances of recurring Level 3 fair value measurements. The amendment is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption was permitted upon issuance of ASU 2018-13. The Plan adopted ASU 2018-13 effective January 1, 2020; however, it did not have a significant impact on the Plan's financial statements.

SUBSEQUENT EVENTS

The plan administrator has evaluated subsequent events through October 4, 2021, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") Topic 820, Fair Value Measurements and Disclosures, are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2
Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts ("CCTs")

As of December 31, 2019, the Plan is invested in several CCTs. The CCTs are valued at the NAV of the units owned and the NAV is used as a practical expedient to estimate fair value. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund. As of December 31, 2020, the Plan did not invest in any CCTs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value measurements at December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,075,281	$ --	$ --	$ 1,075,281
Assets at Fair Value	$ 1,075,281	$ --	$ --	$ 1,075,281

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 899,962	$ --	$ --	$ 899,962
Total assets in the fair value hierarchy	899,962	--	--	899,962
Investments measured at NAV*	--	--	--	44,946
Assets at Fair Value	$ 899,962	$ --	$ --	$ 944,908

* In accordance with FASB ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent), used as the practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying Statements of Net Assets Available for Benefits.

FAIR VALUE OF INVESTMENTS THAT CALCULATE NET ASSET VALUE (PRACTICAL EXPEDIENT)

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE 4 - STABLE VALUE FUND

During 2020, the Plan elected to offer a Stable Value Fund (the "Fund") to the Plan's participants. The Fund is a Deposit Administration Group Annuity Contract whose objective is to provide guaranteed protection of principal with a set rate of return. CMFG Life Insurance Company, a member Company of CUNA Mutual Group, is the issuer, trustee, and investment manager of the Fund. The Fund seeks a high level of current income consistent with preservation of capital by investing primarily in corporate bonds, mortgage-backed securities, collateralized mortgage obligations, high quality commercial mortgage loans, municipal bonds and other high-grade fixed income securities. All investment contracts in the Fund are fully benefit responsive. Characteristics of these contracts allow for their principal value to remain stable regardless of the volatility of the bond markets. As of December 31, 2020, the Fund's contract value is $50,296, which is presented in the accompanying Statements of Net Assets Available for Benefits.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value daily. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Withdrawals from the Fund for benefit payments and participant transfers to noncompeting options to be paid to participants shall be made within 30 days after written notification has been received and are considered as made immediately after the next valuation date subsequent to the Plan trustee's approval.

Withdrawals other than benefit payments and transfers require twelve-month advance written notice. The Plan trustee, however, reserves the right to grant a withdrawal earlier than that mentioned above if there are sufficient cash assets to satisfy the withdrawal and it is not detrimental to the best interest of the Fund.

Certain Plan Sponsor directed actions require advance written notice and may limit the ability of participants to transact at contract value. Such events include but are not limited to: (i) trustee or Plan Sponsor directed reallocation of investments; (ii) Company-sponsored layoffs/termination of groups of employees; (iii) disposing of or selling a component of the business which involves the transfer or termination of employees; (iv) terminating the Fund as an investment option of the Plan; and (v) terminating the Plan. The Plan Administrator does not believe any events which would limit unit holders to transact at contract value are probable of occurring.

NOTE 4 - STABLE VALUE FUND (CONTINUED)

The issuer can terminate the investment contract upon the event of default by the Plan, which ultimately may result in the Plan not being able to receive immediate contract value. Such events may include but are not limited to: (i) management of the portfolio is not in accordance with investment guidelines, (ii) a breach of any material obligation under the wrap agreement, (iii) any representation or warranty made by the contract holder becomes untrue in any material way, (iv) a replacement of the Investment Advisor without prior consent of the issuer, (v) the Fund is terminated or ceases to qualify as a group trust or plans cease to meet the appropriate tax qualifications, (vi) or the wrap becomes a prohibited transaction within the meaning of Section 406 of ERISA.

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS AND TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by current Custodian and Trustee (Matrix Trust Company and CMFG Life Insurance Company, respectively) and the former Custodian (Reliance Trust Company).

NOTE 6 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in a stable value fund that is issued by CMFG Life Insurance Company, a member Company of CUNA Mutual Group, the Trustee of the Plan. For the year ended December 31, 2020, fees charged to the Plan by CMFG Life Insurance Company for commissions, insurance and recordkeeping services amounted to approximately $8,000. These transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction rules.

NOTE 7 - PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

NOTE 8 - TAX STATUS

The Plan uses a prototype non-standardized profit sharing plan with CODA which received an opinion letter from the IRS dated March 31, 2014, that the Plan and related trust, as then designed, was in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. The plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements at December 31, 2020 and 2019 to the Form 5500:

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

The following is a reconciliation of total deductions per the financial statements for the year ended December 31, 2020 to the Form 5500:

	2020

Add: 2019 excess contributions payable	22,861
Less: loans deemed distributed	(8,450)
Total Deductions Per the Form 5500	$ 182,642

NOTE 10 - PROHIBITED TRANSACTIONS

During 2019, participant contributions totaling approximately $27,000 were not remitted timely to the Plan. The DOL requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Company's general assets. Failure to remit such contributions to the Plan in a timely manner results in a prohibited transaction which must be separately reported to the DOL and may result in penalties to the Company. During August 2020, the Plan corrected the participant contributions and respective lost interest earnings. The accompanying Supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions presents the prohibited transactions of the Plan.
