INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator,
King's Hawaiian 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of King's Hawaiian 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019 and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Mass Mutual Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2020 and 2019 and for the year ended December 30, 2020, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the accompanying financial statements.

Other Matter

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2020 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the King's Hawaiian 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Effective February 25, 1981, the Plan was established as a defined contribution profit sharing plan under Internal Revenue Service Code Section 401(k) covering all eligible employees of King's Hawaiian Holding Company, Inc. (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Full-time employees who have completed two months of service and have attained age twenty-one (21) are eligible to participate in the Plan. Entry dates for the Plan are the first days of each month coinciding with the month following the date eligibility requirements are satisfied. No employee will be eligible to commence participation in the Plan so long as his or her participation in the Plan or an offer of participation would violate applicable federal or state securities laws.

Automatic Enrollment and Automatic Escalation

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation on a pre-tax basis, and the funds will automatically go into the participant's respective Target Date Fund. In addition, on an annual basis, each participant with a deemed elective deferral rate of less than 10% will have his or her elective deferral rate increased by 1% up to a maximum deemed elective deferral rate of 10%. Participants may elect to opt out of the automatic enrollment feature.

Contributions

Each participant may contribute up to 50% of his or her compensation to the Plan up to a maximum amount determined annually by the Internal Revenue Service.

For the year ended December 31, 2020, the Company made Safe Harbor contributions equal to 100% of salary deferrals up to 1% of eligible participant's compensation plus 50% of salary deferrals up to the next 5% of eligible participant's compensation. Safe Harbor contributions of $1,883,317 were made for the year ended December 31, 2020.

The Company may also make discretionary matching contributions to the Plan for all employees on the basis of his or her compensation. The Company made no discretionary matching contributions to the Plan for the year ended December 31, 2020.

The Company may also make a discretionary profit-sharing contribution to the Plan for all employees allocated on the basis of his or her compensation. The Company made no discretionary profit-sharing contributions to the Plan for the year ended December 31, 2020.

Participant Accounts

Each participant's account is allocated based on the individual participant's investment election and is credited with the participant's contribution and the Company's Safe Harbor matching contribution and an allocation of (a) the Company's discretionary profit-sharing contribution and (b) Plan earnings. Allocations of plan earnings are based on participant balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Notes Receivable from Participants
Participants may borrow up to 50% of their vested account balances, but not less than $500 or more than $50,000. The loan repayment period must be no more than five years, or no more than 30 years for hardship loans. The notes receivable are secured by the vested balance in the participant's account, and bear interest rates that are commensurate with local prevailing rates at the date of the loan, as determined by the Plan administrator. Interest rates on participant loans were 4.25% to 6.50% at December 31, 2020. Principal and interest are paid ratably through either payroll deductions or participant payments.

Vesting
The participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Employer safe harbor contributions and earnings thereon are 100% vested after two years of continuous service. Employer discretionary contributions and employer discretionary matching and profit-sharing contributions and earnings thereon vest in accordance with the following table:

Years of Service	Vested Percentage
Less than 1	0%
1-2	25%
2-3	50%
3-4	75%
4 or more	100%

In addition, a participant becomes 100% vested in his or her Company contributions plus earnings thereon upon attainment of normal retirement age while employed by the Company (age 65).

Investments
Each participant directs the allocation of his or her contribution and employer matching and profit-sharing contributions to one or more of 30 investment options.

Distribution of Plan Benefits
Upon attaining age 65, each participant may elect to have his or her benefits distributed as follows:

- A lump sum in cash or in kind, or
- Monthly or annual installments over a period of time not to exceed the life expectancy of the participant or the combined life expectancy of the participant and his or her designated beneficiary.

If a participant elects a full distribution due to disability, he or she is entitled to the same rights as those aged 65 and above, described above.

Participants who terminate employment before attaining age 65 may elect immediate distribution of his or her benefits. If the value of the vested portion of a participant's account is equal to or less than $5,000, the participant may receive an immediate lump sum payment. If the value of the vested portion of a participant's account exceeds $5,000, he or she is entitled to the same payout options afforded to those aged 65 and above, described above.

Forfeitures
Forfeitures of terminated participants' non-vested accounts stay within the Plan and are used to offset the Company's matching contributions. At December 31, 2020 and 2019, unallocated forfeitures totaled $70,989 and $32,854, respectively. Forfeitures of $39,752 were used to offset employer contributions during the year ended December 31, 2020. Forfeitures of $1,469 were used to pay for administrative expenses during the year ended December 31, 2020.

Administrative Costs
Administrative expenses are paid by the Plan. In addition, certain investment related expenses have been offset with investment income and are not readily determinable.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The financial statements have been prepared under accounting principles generally accepted in the United States of America and in compliance with the Department of Labor Rules and Regulations for reporting and disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA").

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition
Investments are reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

New Accounting Pronouncement
In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Disclosure Framework*: Changes to the Disclosure Requirements for Fair Value Measurement. This update changes the disclosure requirements for fair value measurements by removing, adding, and modifying certain disclosures. ASU 2018-13 is effective for financial statements issued for annual periods beginning after December 15, 2019, and interim periods within those annual periods. Early adoption is permitted. The Plan adopted this ASU for the period ended October 31, 2020 and there was no material impact on the Plan's financial statements.

Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Subsequent Events

The Plan evaluated subsequent events through October 6, 2021, the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

There were no transfers between Levels 1, 2, and 3 for the periods presented.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used during 2020 and 2019 for assets measured at fair value.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following is a description of the valuation methodologies used for assets measured at NAV as the practical expedient to estimate fair value:

Common/Collective Trusts: Common/collective trusts ("CCT") are valued at NAV which is based on the fair value of the underlying investments of the CCT, less any liabilities. CCT are composed of investments in mutual funds and other collective trusts that are valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. CCT require the Plan sponsors to provide a five-day written notice for withdrawals which will exceed $1 million.

The fair value of the CCT is determined by the respective Fund managers using the NAV as a practical expedient. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. There were no significant unfunded commitments or restrictions on redemptions related to the CCT as of December 31, 2020 and 2019. The CCT can be redeemed daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in methods used during the years ended December 31, 2020 and 2019.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 18,857,867	$ -	$ -	$ 18,857,867
Total assets in the fair value hierarchy	18,857,867	-	-	18,857,867
Investments measured at net asset value (a)	-	-	-	21,481,731
Investments at fair value	$ 18,857,867	$ -	$ -	$ 40,339,598

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,891,703	$ -	$ -	$ 15,891,703
Total assets in the fair value hierarchy	15,891,703	-	-	15,891,703
Investments measured at net asset value (a)	-	-	-	15,748,054
Investments at fair value	$ 15,891,703	$ -	$ -	$ 31,639,757

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an investment contract with Mass Mutual Life Insurance Company ("Mass Mutual"). This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The investment contract held by the Plan is summarized as follows:

	2020	2019
Investment contract	$ 4,639,565	$ 3,885,917

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a semiannual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contract
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract.

Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

5. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Mass Mutual Life Insurance Company (the "custodian"), except for comparing such information with the information reported in the financial statements. Based on information provided and certified by the custodian, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2020 and 2019. Accordingly, the custodian of the Plan assets has certified to the completeness and accuracy of:

- Investments at fair value, investment contract and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019.

- Net appreciation in fair value of investments, interest income and interest income on notes receivable from participants and dividend income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020.

6. TAX STATUS

The Plan is a Prototype Non-Standardized Profit-Sharing Plan that is sponsored by Mass Mutual Life Insurance Company. The prototype plan obtained its latest determination letter in March 2014, in which the Internal Revenue Service stated that the plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, all amounts credited to a participant's deferral account will be fully vested.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Mass Mutual Life Insurance Company. Mass Mutual Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, certain Plan investments are managed by flexPATH Strategies, LLC, an affiliate of NFP Corporation. NFP Corporation is the Plan's investment advisor and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Schedule C Soft Dollar Compensation
Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
