Report on the Financial Statements

We were engaged to audit the accompanying financial statements of **Insco Distributing, Inc. Profit Sharing and 401(k) Retirement Plan** (the "Plan"), which are comprised of the statement of net assets available for plan benefits as of December 31, 2020, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with auditing standards generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 4, which was certified by Delaware Charter Guarantee & Trust Company, d/b/a Principal Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements referred to in the first paragraph.

INDEPENDENT AUDITOR'S REPORT (continued)

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at year end) as of December 31, 2020 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2019 Financial Statements

The financial statements of the Plan as of December 31, 2019, were audited by Parr & Associates, PC. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Delaware Charter Guarantee & Trust Company, d/b/a Principal Trust Company, the trustee of the Plan. Their report, dated October 14, 2020, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2020

The form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

INSCO DISTRIBUTING, INC. PROFIT SHARING AND 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

(1) Description of the plan

Effective October 14, 2014, Insco Southwest, Inc. adopted the Insco Distributing, Inc. Profit Sharing and 401(k) Retirement Plan (the "Plan") to provide retirement benefits for all eligible employees. The Plan was amended as of January 2, 2020. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all participants of Insco Southwest, Inc. and its subsidiary Insco Distributing, Inc. (collectively known as the "Employer"), who have completed 90 days of service and age twenty-one (21) years or older at enrollment date. Prior to January 2, 2020, there was a one thousand (1,000) hour service requirement. Eligible employees can enter the Plan on the first day of the Plan month coinciding or next following the date requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Trustee and administration

The Plan's assets are held by Principal Trust Company ("Principal"), the trustee of the Plan and are invested through participant-directed accounts in various mutual funds or other investments offered by the trustee. Duties of the trustee include, among others, recordkeeping, receiving and investing cash contributions and investment income and making payments from the Plan funds as directed by the participants and the Plan administrator.

Administrative functions are performed by officers or employees of the Company. Certain administrative services and costs are incurred by the Company without cost to the Plan. No officer or employee of the Company receives compensation from the Plan.

Contributions

The Plan permits eligible employees, through salary deferral election, to make annual contributions, on or before-tax or Roth basis, of their eligible compensation subject to the Internal Revenue Code ("IRC") limit of $19,500 for 2020. Participants who have attained 50 years of age before the end of the Plan year are eligible to make catch-up contributions of up to $6,500 for 2020. Participants are also allowed to contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan also provides for discretionary matching and profit sharing contributions. For the year ended December 31, 2020, the Company elected to make matching contributions equal to 100% of the employee's elective salary deferral up to a maximum of 5% of eligible compensation.

During 2020, the Company made no profit sharing contributions.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of the Employer's contributions, Plan earnings, and forfeitures. Participant accounts are charged with an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of the plan (continued)

Vesting

Participants are immediately fully vested in their contributions plus actual earnings thereon. Vesting in the Employer's discretionary matching and profit sharing portions of their accounts plus actual earnings thereon is based on continuous service. Participants are vested in the Company discretionary matching and discretionary profit sharing contributions based on the following table:

Years of Service	Vesting Percentage
Less than 2	-0-%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investments

Upon enrollment in the Plan, a participant may direct the allocation of their contributions and Company contributions among various investment funds offered by the Plan's trustee. Each participant can choose to deposit all contributions in one fund or allocate the investment among several funds in any whole percentages. The funds are invested in a broad range of stocks and bonds with varying risks. The allocation of investment income for each of the investment options is based on the ratio that each participant's account balance bears to the total account balance of all eligible participants.

Participant loans receivable

Under provisions of the Plan, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Generally, loan terms may not exceed five years unless the loan is for the purchase of a primary residence, in which case the Plan administrator may permit a longer repayment term. The loans are collateralized by the vested balance in the participant's accounts and bear interest at either the prime rate of interest that is published in the Wall Street Journal or a rate of return commensurate with the prevailing interest rate charges on similar loans. Interest rates on participant loans outstanding as of December 31, 2020 and 2019 ranged from 4.25% to 6.50%. Principal and interest are repaid ratably through periodic payroll deductions.

Payment of benefits

On termination of service, a participant who has a vested interest in their account which is less than or equal to $5,000 shall receive a lump sum or a deferred annuity equal to the vested interest of their account. Participants who have a vested interest in their account which exceeds $5,000 may elect to leave their account balance in the Plan or receive a single or partial lump sum payment equal to the vested interest of their account.

Under the terms of the Plan, participants who attain retirement age or become totally disabled prior to their retirement date will receive all amounts credited to their accounts. Upon the death of the participant while actively employed, the distribution is made in accordance with the participant's previous direction. All participants will receive their account balance in a lump sum equal to the vested interest of their account.

(1) Description of the plan (continued)

Withdrawals

Participants may make early withdrawals from any part of their vested account resulting from elective deferral contributions, matching contributions, discretionary contributions and additional contributions under the hardship provision of the Plan. A participant may make unrestricted withdrawals of the vested interest of their accounts on or after age 59 1/2.

Forfeitures

Forfeitures are used to pay administrative expenses during the year with forfeitures remaining at the end of the Plan year being available for discretionary allocation to participant accounts in the same manner as Employer contributions. As of December 31, 2020 and 2019, forfeited nonvested accounts totaled $6,388 and $767, respectively. During 2020, $6,676 in additional contributions were funded and allocated to Plan participants from these accounts.

(2) Summary of significant accounting policies

Basis of statement presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan has investment holdings in a fixed interest investment fund that invests primarily in non-benefit responsive contracts issued by Principal. The statements of net assets available for plan benefits present the fixed income option fund under the Principal general account at fair value within the total investments of the Plan. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to pay a specified interest rate that is guaranteed to the Plan. The contract does not permit the issuer to terminate the agreement prior to the scheduled maturity date. As of December 31, 2020, the interest rates ranged from 0.61% to 0.75%. The contracts are included in the financial statements at fair market value as certified by the trustee.

Participant loans receivable

Loans to participants are reported as participant loans receivable at the unpaid principal balance plus any accrued but unpaid interest.

Payment of benefits

Benefit are recorded when paid.

(2) Summary of significant accounting policies (continued)

Federal income tax

GAAP provides detailed guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions recognized in an entity's financial statements and requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination. The Plan administrator believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2020, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2017 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

Subsequent events

The Plan has evaluated subsequent events through October 11, 2021, the date financial statements were available to be issued. No subsequent events occurred which would require adjustment or disclosure to the financial statements as of December 31, 2020.

(3) Coronavirus Aid, Relief, and Economic Security Act

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), which changed the Plan, among others, to allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Pursuant to the CARES Act, the Plan permitted qualified participants to take coronavirus-related distributions of up to $100,000, or 100% of their vested balance, whichever is less, with repayment terms of up to three years. In addition, pursuant to the CARES Act, the Plan adopted the temporary loan repayment deferral provision which allows qualified Plan participants who have Plan loan repayments to elect to defer loan repayments that occurred between March 27, 2020 and December 31, 2020. The ability to request special coronavirus-related distributions and/or request to defer loan repayments under the CARES Act ceased as of December 31, 2020. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

(4) Information certified by the trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA). The assets of the Plan are held by the trustee. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

a. Investments and participant loans receivable, as shown in the statements of net assets available for plan benefits as of December 31, 2020 and 2019.

b. Investment activity, as shown in the statement of changes in net assets available for plan benefits for the year ended December 31, 2020.

c. The information in the supplemental schedule of assets (held at year end) as of December 31, 2020.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and the supplemental schedule.

(5) Fair value measurements

GAAP provides the framework for measuring fair value and expands disclosures about fair value measurement. The Plan categorizes its fair value measurements into a three-level fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include:
    - Quoted prices for similar assets and liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019:

Pooled separate accounts

Valued at the net asset value of shares held by the Plan as reported to the Plan by the insurance company. The net asset values are based on the cumulative fair value of the investments in which the pooled separate account invests which may include mutual funds, common stocks, fixed securities, or commercial paper. As of December 31, 2020 and 2019, respectively, none of the pooled separate accounts had unfunded commitments and redemptions were on a daily basis with no redemptions notices required.

Registered investment companies

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

(5) Fair value measurements (continued)

Guaranteed investment contracts

Valued at the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirements. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rate. There are no unfunded commitments. The significant unobservable input is the discount (interest) rate used.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	2020			
	Fair Value	Level 1	Level 2	Level 3
Pooled separate accounts	$ 15,884,580	$ 15,884,580	$ -	$ -
Registered investment companies	8,331,586	8,331,586	-	-
Guaranteed investment contracts	325,578	-	-	325,578
	$ 24,541,744	$ 24,216,166	$ -	$ 325,578

	2019			
	Fair Value	Level 1	Level 2	Level 3
Pooled separate accounts	$ 11,678,829	$ 11,678,829	$ -	$ -
Registered investment companies	5,760,787	5,760,787	-	-
Guaranteed investment contracts	192,448	-	-	192,448
	$ 17,632,064	$ 17,439,616	$ -	$ 192,448

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2020.

	Guaranteed Investment Contracts
Balance, beginning of year	$ 192,448
Interest credited	2,336
Net investment loss (realized and unrealized) included changes in net assets	(3,504)
Purchases	158,761
Sales	(24,463)
Balance, end of year	$ 325,578

(6) Related-party transactions and party-in-interest transactions

Certain Plan investments are shares or units of pooled separate accounts managed by the trustee as defined by the Plan and, therefore, these qualify as party-in-interest transactions. In addition, certain Plan investments are guaranteed investment contracts managed by Principal. The Plan has participant loans receivable as of December 31, 2020 and 2019. As a result, these investments, the participant loans and all related transactions qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Fees paid by the Plan to the trustee and the third-party administrator for administrative services amounted to $8,557 for the year ended December 31, 2020.

(7) Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become 100% vested in Employer contributions and allocated earnings.

(8) Tax status

Effective October 12, 2014, the Plan adopted a restated standardized form of a prototype plan sponsored by Principal. The restated prototype plan received approval and a favorable determination letter from the Internal Revenue Service as to the prototype plan's qualified status as of March 31, 2014, and that the Plan is designed in accordance with applicable sections of the IRC.

Effective January 2, 2020, the Plan was amended to change the service requirement for employee deferrals and the employer match formula. The amendment had no effect on Plan benefits or net assets.

Although the Plan has been amended since receiving the determination letter, the Employer believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

(9) Risks and uncertainties

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global outbreak of the Coronavirus ("COVID-19"), which was declared a pandemic by the World Health Organization in March 2020, has led to significant volatility in financial markets. The ultimate impact of COVID-19 on the Plan, which may be material, is uncertain and will depend on future developments.
