The Benefits Committee
United Water Resources Inc.

We were engaged to audit the accompanying financial statements and supplemental schedules of the United Water Resources Inc. 401(k) Plan (the "Plan") as of December 31, 2009 and 2008, and for the years then ended, as listed in the table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 4, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's financial statements and supplemental schedules that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

United Water Resources Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2009 and 2008

1. Description of the Plan

The following brief description of the United Water Resources Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers the eligible employees of United Water Resources Inc. and its subsidiaries and certain affiliates (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

All employees of the Company, except for those covered by a collective bargaining agreement and leased employees, automatically become eligible to participate in the Plan upon hire.

Contributions

The Plan permits each participant to make pre-tax contributions of between 1% and 50% of their compensation for the year, not to exceed the dollar limitation in effect under the Internal Revenue Code (the "Code"). The Plan also permits each participant to make post-tax contributions between 1% and 50% of their compensation for the year, not to exceed the allowable amount under the Code. The total of the participant's pre-tax contribution and post-tax contribution may not exceed 50% of their compensation for the year, not to exceed the allowable amount under the Code. Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans. The Company contributes a certain percentage of each participant contribution which in majority is 50% of the first 6% of compensation that the participant contributes.

Participants are fully vested in their contributions and earnings thereon immediately and become fully vested in the Company's contributions and earnings thereon after one year of credited service. Full vesting also occurs upon attaining age 65, permanent disability or death, regardless of the participant's length of service.

1. Description of the Plan (continued)

Investment Options

All of the Plan's investment options are participant-directed.

Participant Accounts

Each participant's account is credited with his or her contribution, the Company's contribution, and Plan earnings or losses.

Forfeitures

Forfeitures of terminated, non-vested participants' accounts are first applied to restore any participant accounts of employees who are re-employed and any remaining amounts are used to reduce the Company's future matching contributions.

For 2009 and 2008, there were \$27,136 and \$12,857 of forfeitures reducing employer contributions, respectively.

Payment of Benefits

Benefits may be paid upon death, disability, termination, normal retirement or attainment of age 59½ to the participants or their beneficiaries. These benefits are generally paid in lump-sum amounts equal to the value of the participant's vested interest in his or her account. The Plan also permits installment distributions not to exceed a ten year period.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The term of the loans range from one to five years with the exception of the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prevailing market interest rates. Principal and interest are paid through payroll deductions.

Administrative Expenses

Substantially all of the Plan's administrative expenses are paid for by the Company.

1. Description of the Plan (continued)

Plan Mergers

Effective July 1, 2008, the AOS Operating Company ("AOS") Employee Savings & Investment Plan merged into the Plan. Assets totaling \$7,713,035 were transferred from the AOS plan. Only those participants who were not covered under a Collective Bargaining agreement had assets transferred.

Effective November 3, 2008, the North American Contract Operations ("NACO") Aecom Technology Corporation Retirement and Savings Plan merged into the Plan. Assets totaling \$8,597,895 were transferred from the NACO plan. Only those participants who were not covered under a Collective Bargaining agreement had assets transferred.

Transfers

Transfers in for 2009 and 2008 of \$521,135 and \$194,039, respectively, represent assets from participants in the United Water Resources Inc. Collectively Bargained 401(k) Plan as a result of the change in their status from bargained employees to nonbargained employees of the Company.

Transfers out represent the assets of the Plan participants which were transferred to United Water Resources Inc. Collectively Bargained 401(k) Plan as a result of the change in their status from nonbargained employees to bargained employees of the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation

The Plan's financial statements have been prepared on the accrual basis of accounting.

United Water Resources Inc. 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value generally by reference to published market prices. Participant loans are valued at their outstanding principal balances, which approximate fair value.

Purchases and sales of investments are recorded on a trade date basis (the day the order to buy or sell is executed). Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

The Plan holds an investment in the Vanguard Retirement Savings Trust which is a common and commingled trust (the "Trust") that invests solely in Vanguard Retirement Savings ("VRST") Master Trust. The Plan's investment in the Trust is valued at the unit value of the Trust. The Trust values its investments in the VRST Master Trust similarly. The underlying investments of the VRST Master Trust are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by bond trusts and bond mutual funds. The contracts are comprised of: (a) traditional investment contracts issued by insurance companies and banks which are not transferable but provide for benefit-responsive withdrawals by plan participants at contract value, and (b) alternative investment contracts consisting of investments together with contracts under which a bank or other institution provides for benefit-responsive withdrawals by plan participants at contract value.

The accounting guidance for the Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Audit Guide and Defined-Contribution Health and Welfare and Pension Plans requires investments to be reported at fair value. However, contract value is the relevant measurement attribute for fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the underlying defined-contribution plans. As such, in determining the net assets available for benefits, the contracts are stated at their contract values.

United Water Resources Inc. 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

For traditional investment contracts, fair value comprises the expected future cash flows for each contract discounted to present value. Contract value represents contributions made plus interest accrued at the contract rate, less withdrawals. The crediting rate on traditional contracts is typically fixed for the life of the investment.

For alternative investment contracts, the fair value comprises the aggregate fair values of the underlying investments in mutual funds and bond trusts, and the value of the wrap contracts, if any. The difference between valuation at contract value and fair value is reflected over time through the crediting rate formula provided for in the VRST Master Trust's synthetic contracts.

An investor currently redeeming the VRST Master Trust units may forgo a benefit, or avoid a loss, related to a future crediting rate different from then-current market rates.

The issuers' ability to meet these obligations may be affected by economic developments in their respective companies and industries.

3. Fair Value Measurements

In 2008, the Company adopted Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures. ASC 820 defines fair value, establishes a framework for measuring fair value under U.S. generally accepted accounting principles and expands disclosure about fair value measurements. It also applies to other accounting pronouncements that require or permit fair value measurements. The fair value hierarchy for disclosure of fair value measurements under ASC 820 is as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

United Water Resources Inc. 401(k) Plan

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Assets at fair value as of December 31, 2009 and 2008 are as follows:

2009	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

4. Investments

The Plan administrator has elected the method of compliance permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to all investment information presented and disclosed in the accompanying financial statements certified as complete and accurate by Vanguard Fiduciary and Trust Company (the "Trustee").

All investment information disclosed in the accompanying financial statements and schedules including investments held at December 31, 2009 and 2008, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee. The contract value and fair value of Vanguard Retirement Savings Trust were also certified as complete and accurate by the Trustee.

United Water Resources Inc. 401(k) Plan

Notes to Financial Statements (continued)

5. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated April 5, 2010, which superseded the previous one dated December 24, 2003, maintaining that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since the last amendment covered by the determination letter. However, the Plan administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Differences Between Financial Statements and Form 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits per the financial statements to the Form 5500:

	December 31
