Independent Auditor's Report

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Phase 2 Company 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E which was certified by Principal Life Insurance Company (Principal) the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2020 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A – Description of Plan

The following description of the Phase 2 Company 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Phase 2 Company (Plan Sponsor). All eligible employees who have completed one year of service, as defined by the Plan, are eligible to make salary deferrals to the Plan, and receive Employer matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, subject to the section 402(g) limitation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company's matching contributions are discretionary and determined on a year to year basis. In 2020 the Company contributed $114,940 in matching contributions (net of forfeiture credit applied), which represented a 50% match of employee contributions up to 4% of compensation deferred.

Investment Options

Participants may direct the investment of their contributions into various investment options offered by the Plan. Currently, the Plan offers mutual funds and a fixed interest investment option. Participants should consult the Plan Administrator for the complete list of investment options.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer matching contribution, and allocations of (a) the Plan Sponsor's discretionary contribution, if any, and, (b) Plan earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant vests 20% per year and is 100 percent vested after six years of credited service.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive installment payments or a lump-sum amount equal to the value of the participant's vested interest in his or her account. Hardship withdrawals are permitted.

Note A – Description of Plan (continued)

Forfeited Accounts
Forfeited nonvested accounts totaled $423 and $367 at December 31, 2020 and 2019 respectively, and will be used to pay future plan expenses or reduce employer matching contributions. The Plan used $1,588 of forfeitures for the year ended December 31, 2020 to reduce the plan sponsor's matching contributions.

Participant Loans
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer from (to) the investment fund to (from) the participant's loan fund. Loan terms range from 1-5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at an appropriate rate as determined by the Plan Administrator. Principal and interest is paid ratably through monthly payroll deductions.

Subsequent Events
The Plan Sponsor has evaluated events through July 30, 2021, which is the date the financial statements were available to be issued, for consideration of subsequent events to be included in the December 31, 2020 financial statements.

Note B – Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in these financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation
The Plan's investments and earnings are stated at fair value as reported by Principal Life Insurance Company, the custodian of Plan assets. Participant loans receivable are valued at their outstanding balances, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Dividends and earnings include the gains and losses on investments bought and sold as well as held during the year and dividends earned on those investments.

Payment of Benefits
Benefits are recorded when paid.

Note C – Investments

For the year ended December 31, 2020, the Plan's investments (including gains and losses on investments bought, sold, and held during the year, and reinvested dividends) increased in value by $1,310,086.

Note D – Fair Value Measurements

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access including quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in inactive markets.
- Level 2: Inputs other than quoted prices that are observable for the asset or liability or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

- Pooled Separate Accounts: The net asset value (NAV) of shares held by the Plan at year end.
- Common/collective Trusts: The net asset value (NAV) of shares held by the plan at year end.
- Mutual Funds: Valued at quoted market prices, which represent the new asset value (NAV) of shares held by the plan at year end.
- Investment in insurance contract: Fair value using discounted cash flow methods.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note D – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

December 31,	2020	2019
Level 1		
Mutual Funds	$ 727,903	$ 636,838
Level 2		
Pooled separate accounts	7,131,651	5,947,359
Common/collective trusts	1,762,211	1,641,156
Investment in insurance contract	220,042	209,254
Level 2 Totals	9,113,904	7,797,769
Total Assets at Fair Value	$9,841,807	$8,434,607

Note E – Information Certified by the Plan's Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2020 and 2019.
- Interest, dividends, and earnings on fair value of investments as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.
- Assets held for investment purposes as of December 31, 2020, as shown on the supplemental schedule.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary schedule.

Note F – Investment in Insurance Contract

The Plan offers as an investment vehicle, the Principal Guaranteed Interest Accounts ("the Accounts"). The Accounts are non-benefit responsive.

Contributions allocated to the Accounts guarantee interest rates for a specified period of time as determined by the Plan. Currently the Plan offers guaranteed interest for periods of one to five years.

The rate credited to the Accounts are the rates in effect on the day when each deposit is directed to the accounts. To simplify reporting to plan participants, all rates credited during the 12-month 'deposit year' are averaged into a single composite rate. The plan sponsor has chosen the 12-month period for the deposit year to coincide with the annual Plan year. Reports, expenses, and guarantee periods are based on the deposit years.

Note F – Investment in Insurance Contract (continued)

The Accounts promise contract value for a benefit event (termination, death, disability and retirement); however, they do include a possible surrender charge if funds are withdrawn prior to the deposit year maturity. Thus, the Accounts are considered non-benefit responsive and require reporting at fair value with an adjustment from contract value to fair value on the statement of net assets available for benefits.

If the contract holder terminates the contract before the guaranteed interest accounts mature or transfers funds to other investments beyond the limits of the contract, the insurance company will apply an early withdrawal charge to the guaranteed interest account balances.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note H – Tax Status

The Internal Revenue Service (IRS) has informed the Plan administrator by letter dated March 31, 2014 that the Prototype plan adopted by the Plan Sponsor is acceptable under section 401 of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note I – Related Party Transactions and Plan Expenses

Certain Plan investments are shares of pooled separate accounts, common/collective trusts, and a guaranteed interest insurance contract managed by Principal Financial Group (Principal). Principal is the custodian, as defined by the Plan, and therefore those transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services to Principal totaled $19,565 for the year ended December 31, 2020.

Certain fees were paid by the Sponsor on behalf of the Plan and include accounting and other professional services. Other fees, such as loan processing and maintenance fees, distribution fees, and administrative fees allocated to participants are incurred by individual participants, and were deducted from the individual participant's account balance.

All party-in-interest transactions for the Plan are exempt from prohibited transaction rules of ERISA and the IRC.

Plan participants qualify as parties-in-interest. The fair value of notes receivable from participants are shown on the statements of net assets available for benefits.

Note J – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note K – Reconciliation of Financial Statements to Schedule H of Form 5500
