1. DESCRIPTION OF PLAN

The following description of the Jay's Catering 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all eligible employees of the Mastroianni Family Enterprises (the "Company"). Eligible participants are employees who have completed one year of service, a minimum of 1,000 hours and are at least twenty-one years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions
Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-one mutual funds as investment options for participants. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Participant Loans
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the vested balance in the participant's account, but not in excess of 50% of such vested account balance. Principal and interest are paid ratably through bi-weekly payroll deductions.

The period of the loan may not exceed a period of five years, unless the loan is used to acquire the principal residence of the participant.

As of December 31, 2009 and 2008 outstanding balances were $34,388 and $15,241, respectively. The interest rates charged range from 3.25% to 8.75%, based on the rates that were reasonable when the loan was placed.

Payment of Benefits
On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments, or a single sum distribution of a portion of his or her vested account.

1. DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts
Forfeited accounts are used to reduce future employer contributions. There were no forfeited accounts at December 31, 2009 and 2008.

Investments
During 2008, the Plan changed the custodian of its assets from Great-West Life & Annuity Insurance Company (Great-West) to Standard Insurance Company (Standard). Each participant directs the allocation of his or her contribution to one or more of twenty-one investment options offered by Standard.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review
Subsequent events were evaluated through September 16, 2010, which is the date the financial statements were available to be issued.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting
The financial statements of the plan are prepared on the modified cash basis of accounting.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gain and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Operating Expenses
Operating expenses of the Plan paid by the Company are not reflected in these financial statements.

3. INVESTMENTS

The following participant directed accounts as of December 31, 2009 and 2008 have been certified by the Plan's trustee. Investments are summarized as follows:

	2009	2008
Investments that represent 5% or more of the Plans net assets:		
Galliard Ret Income Fund	$ 148,164	$ 77,333
Goldman Sachs Core Fixed Income	0	76,136
Vanguard Wellington Fund	78,443	58,797
BlackRock Large Cap Value I	46,516	32,854
Vanguard 500 Index Fund	75,485	41,646
Vanguard Morgan Growth Fund	55,068	36,150
Harbor Bond Fund	142,316	0
Dodge and Cox International Stock	71,185	45,557
TOTAL	$ 617,177	$ 368,473

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Registered investment companies	$ 133,531

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2001, the plan entered into a benefit-responsive investment contract with Great-West, who maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the plan by Great-West. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2009 and 2008 was $0 and $3851, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. In 2009, the investment contract with Great-West was expired, and the Plan assets were liquidated and transferred to Standard Insurance Company.

The value included in the financial statements at December 31, 2009 and 2008, is the contract values as reported to the Plan by Great-West.

The values are as follows:

	2009	2008
Guaranteed Portfolio Fund	$ 0	$ 3,851

The average yields are as follows:

	2009	2008
Based on actual earnings	0	5.43
Based on interest rate credited to participants	0	5.43

5 RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Standard. Standard is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $7,589 for the year ended December 31, 2009.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the ARC Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

8. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. ERISA BONDING REQUIREMENTS

At December 31, 2009, the Plan was not in compliance with the ERISA bonding requirements. Subsequent to the balance sheet date, the Plan increased its insurance coverage to comply.

10. PLAN AMENDMENTS

Effective April 30, 2009, the Plan was amended to no longer operate as a 401(K) Safe Harbor Plan. A discretionary match may be provided in an amount as determined by the Employer from time to time.

The employer did not approve a discretionary contribution for the plan years ending December 31, 2009 and 2008.
