Substantially all Company employees who are at least 21 years old are eligible to participate in the Plan after one year of service, provided they worked at least 1,000 hours during such Plan year.

Contributions

Participants may elect to defer up to 90% of their compensation as an employee contribution, subject to certain limitations under the IRC. Plan participants over age 50 may defer additional catch-up contributions, subject to IRC limitations. Participants may also contribute rollovers representing distributions from other qualified plans.

In accordance with the Plan document, the Company may elect each year to make a discretionary non-elective contribution in an amount to be determined by the ratio that each eligible participant's compensation bears to the total compensation paid to all eligible participants. Also, the Company may elect each year to make discretionary matching contributions in an amount to be determined by the Company. Participants must be employed on the last day of the Plan year to be eligible to share in the allocation of employer contributions.

NOTE 1 - DESCRIPTION OF PLAN – CONTINUED

Contributions – Continued

For the year ended December 31, 2020, the Company did not make any employer contributions to the Plan.

Participants direct the investment of their contributions and their share of employer contributions into various investment options offered by the Plan, and they may change their investment elections anytime.

Vesting

Participants are fully vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer contributions and earnings thereon is based on years of continuous service as follows:

Years of Service	
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more years	100%

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures may be first used to reduce the employer's contributions that would otherwise be made to the Plan. As of December 31, 2020 and 2019, there were no forfeitures available for future use.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions (including those rolled over from another qualifying plan), related employer's contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations are based on the proportion that each participant's account balance bears to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN – CONTINUED

Payment of Benefits

Upon termination of services due to severance from employment, death, disability, or retirement, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. If the vested account balance is $1,000 or less, the entire balance will be paid out. For balances between $1,000 and $5,000, the participant may elect to either directly transfer the vested account balance to an Independent Retirement Account (IRA) or another qualified plan or received the vested benefits in a lump-sum payment. If no election is made, vested benefits are transferred to a separate IRA established by the Plan. Payments of account balances in excess of $5,000 may be deferred until age 70½. In addition, hardship distributions are permitted if certain criteria are met.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum limited to the lesser of: (i) $50,000 or (ii) 50% of the participant's vested account balance. Each note receivable bears a reasonable rate of interest, which is determined by the plan administrator, and must be repaid on an installment basis through payroll deductions over a period not to exceed five years, except when borrowed funds are used to acquire a primary residence.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses. Audit fees and other administrative expenses are paid by the Company.

NOTE 2 - SUMMARY OF SIGNFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America (GAAP).

NOTE 2 - SUMMARY OF SIGNFICANT ACCOUNTING POLICIES – CONTINUED

Recently Adopted Accounting Guidance

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies certain disclosure requirements of FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. ASU 2018-13 removes the requirements to disclose the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of level transfers, the valuation processes for Level 3 fair value measurements, and the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. The guidance also requires entities that calculate net asset value to disclose the timing of liquidation. The Plan adopted the provisions of ASU 2018-13 effective January 1, 2020. Adoption of this new standard did not have a material impact on the Plan's financial statements.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements, and the reported amounts of additions and deductions during the reporting period. The most important of these estimates and assumptions relate to fair value measurements of the Plan's investments. These and other estimates and assumptions are based on the best available information but actual results could be materially different from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization declared the outbreak of novel coronavirus disease (COVID-19) as a pandemic. In response to the COVID-19 pandemic, the U.S. Congress enacted the Coronavirus Aid, Relief and Economic Security Act (CARES Act) on March 27, 2020, which among other things, includes provisions that impacted retirement plan rules for 2020. The plan administrator did not elect any of the CARES Act provisions applicable to retirement plans for 2020.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Risks and Uncertainties - Continued

The extent to which the COVID-19 pandemic may materially impact the Plan's investment values in subsequent periods remains highly uncertain.

Valuation of Investments

In accordance with GAAP, all assets of the Plan are stated at fair value or amounts approximating fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

Recognition of Income

Sales and purchases are accounted for on a trade date basis. Dividends are recorded on the ex-dividend date.

Net Change in Fair Value of Investments

The net change in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned.

Benefits

Benefit payments to participants are recorded when paid.

Recent Accounting Pronouncements

In the normal course of business, the Plan evaluates all new accounting pronouncements to determine the potential impact they may have on its financial statements. Based upon this review, the Plan does not expect any of the recently issued accounting pronouncements, which have not already been adopted by the Plan, to have a material impact on its financial statements.

Subsequent Events

The Plan evaluated for recognition or disclosure subsequent events through the report issuance date and determined that no such events were identified.

NOTE 3 - TAX STATUS

The Company has adopted ADP's prototype 401(k) plan that received a favorable opinion letter from the Internal Revenue Service (IRS) stating that the prototype 401(k) plan was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that, except as disclosed in Note 8, the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

In accordance with GAAP, the plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. As a result, the Plan has recognized no interest or penalties related to uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to tax examinations for years prior to 2017.

NOTE 4 - PLAN TERMINATION AND AMENDMENT

Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified to the completeness and accuracy of investments (see table below) reflected in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, as well as the related investment activity reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020.

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE – CONTINUED

Completeness and accuracy of investments certified by the trustee of the Plan is as follows at December 31:

	2020	2019
Investments:		
Common/collective trust funds	$ 1,165,938	$ 1,041,935
Mutual funds	$ 151,134	$ 109,290

Completeness and accuracy of related investment activity certified by the trustee of the Plan is as follows for the year ended December 31, 2020:

Investment income:	
Net change in fair value of investments	$ 69,946
Dividends	$ 6,510

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are managed by Reliance, the trustee, as defined by the Plan. Therefore, these transactions qualify as party-in-interest and are denoted as such on the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020. However, these party-in-interest transactions are exempt pursuant to ERISA regulations.

NOTE 7 - FAIR VALUE MEASUREMENTS

The fair value hierarchy prioritized the inputs to valuation techniques used to measure fair value into three levels, with the highest priority given to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority given to unobservable inputs (Level 3). The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value:

- *Mutual funds:* Valued at quoted market prices of shares held by the Plan at year-end.

NOTE 7 - FAIR VALUE MEASUREMENTS – CONTINUED

- *Common/collective trust funds:* Valued using the market approach at a unit price (net asset value as a practical expedient) determined by the portfolio's sponsor based on the fair value of underlying investments held by the common collective trust fund on the last business day of the Plan year.

  In accordance with GAAP, these are not classified in the fair value hierarchy table. The fair values are included in the table to allow reconciliation of the fair value hierarchy to the fair value of investments per the statements of net assets available for benefits. The common/collective trust funds measured at net asset value (NAV) may impose, in its sole discretion, a prior notice period of up to 12 months for Plan initiated withdrawal of assets. They may also require that within 90 days from withdrawal from the fund, money from the fund cannot be invested directly into a competing fund, such as a money market fund. There are currently no redemption restrictions or unfunded commitments on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2020 and 2019:

	Fair Value Measurement at December 31, 2020 Using Input Type			
	Fair Value	Level 1	Level 2	Level 3
Mutual funds	$ 151,134	$ 151,134	$ -	$ -
Total assets in fair value hierarchy	151,134	$ 151,134	$ -	$ -
Common/collective trust funds*	1,165,938			
Total investments at fair value	$ 1,317,072			

NOTE 7 - FAIR VALUE MEASUREMENTS – CONTINUED

		Fair Value Measurement at December 31, 2019 Using Input Type		
	Fair Value	Level 1	Level 2	Level 3
Mutual funds	$ 109,290	$ 109,290	$ -	$ -
Total assets in fair value hierarchy	109,290	$ 109,290	$ -	$ -
Common/collective trust funds*	1,041,935			
Total investments at fair value	$ 1,151,225			

*The fair values are valued at NAV of shares held by the Plan at year end.

During 2020, the Plan's investments (including dividends, gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $76,456.

NOTE 8 - CORRECTIVE DISTRIBUTIONS

The Plan failed to pass certain nondiscrimination test for the 2020 and 2019 Plan years. In order to correct such testing failure, federal law generally requires that corrective action be completed no later than the end of the following year to avoid Plan disqualification. The corrective distributions of $49,328 and $50,834 as of December 31, 2020 and 2019, respectively, were made subsequent to the respective year ends, and are reported as liabilities in the accompanying statements of net assets available for benefits.

Considering the remedial actions taken pursuant to the provisions of the Plan document, management believes that the failed nondiscrimination test will not affect the tax-exempt status of the Plan.

NOTE 9 - RECONCILIATION OF THE FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2020 and 2019:
