NOTE A - DESCRIPTION OF THE PLAN

The following description of The Rabine Group 401(k) Profit Sharing Plan (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution 401(k) and profit sharing plan covering eligible employees of GAR Construction, LLC and certain related entities covered under the corresponding participation agreements, including Crawford Roofing Experts, Rabine, LLC, Rabine Snow Pros, LLC, Gary Rabine & Sons, Inc., Pipeview, LLC, Primekss Rabine North America, LLC, R. Commercial Roofing Solutions, LLC, Rabine Paving Self Performing LLC, Rabine Paving America, LLC, Rabine Paving Mid Atlantic, LLC, Rabine Paving, LLC, Rabine America, LLC, Rabine America Maintenance, LLC, Rabine Sealco, LLC, Site Technologies, LLC, Rabine Utility Pavements, LLC, Raykist, Inc., Super Trucking Construction Inc., Ultralot Pavements-Rabine, LLC, and Ultralot Paving Systems, LLC (collectively, the "Company"). Employees that are not covered under a collective bargaining agreement or seasonal employees are eligible to participate and receive discretionary employer contributions upon completion of three months of service through August 2020 (Note K-2). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

The Plan is funded by voluntary traditional and Roth contributions of participants and discretionary matching and profit sharing contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans, subject to certain limitations. The Company made or accrued discretionary matching contributions of $242,610 to the Plan for the year ended December 31, 2020. The Company made no discretionary profit sharing contributions to the Plan for the year ended December 31, 2020.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

2. Contributions (Continued)

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan (Note K-3). Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatically enrolled participants have their deferral rate increased at a rate of 1% per year on January 1st up to a maximum of 8% of eligible compensation, unless otherwise elected by the participant.

3. Investment Options

Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

4. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary matching and profit sharing contributions, and an allocation of plan earnings. The Company's discretionary matching contribution is allocated based on a percentage of the participant's contribution. The Company's discretionary profit sharing contribution is allocated as of the last day of the year to employees with at least 1,000 hours of service during the Plan year to designated groups as determined by the Company. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

5. Vesting

Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions becomes 20% vested after one year of service and continues to vest at the rate of 20% for each successive year until 100% vested after five years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

NOTE A - DESCRIPTION OF PLAN (Continued)

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, installments over a specified period of time, or a direct rollover distribution. In-service and hardship withdrawals from certain accounts are also permitted by the Plan.

Under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), participants who self-certify that they meet certain criteria of the CARES Act are eligible for in-service distributions up to $100,000 without penalty. These distributions are taxed ratably over a three year period, but may be repaid by the participant over the same three year period to avoid such taxes. Under the CARES Act, provisions may be implemented prior to a formal amendment being executed. The Plan has until the last day of the Plan year in 2022 to amend the Plan for the provisions of the CARES Act.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest ranging from 4.25% to 6.25%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Under the CARES Act described in Note A-6, participants who self-certify that they meet certain criteria of the CARES Act are permitted to take loans up to a maximum equal to the lesser of $100,000 or 100% of their vested account. Self-certifying individuals may also elect to defer payments on outstanding loans until January 1, 2021.

8. Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

NOTE A - DESCRIPTION OF PLAN (Continued)

9. Forfeitures

At December 31, 2020 and 2019, unallocated plan assets resulting from forfeited nonvested accounts totaled $161,839 and $128,904, respectively. These accounts will be used to reduce future administrative expenses of the Plan or be reallocated to participants. No forfeitures were used during 2020.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:
* Quoted prices for similar assets or liabilities in active markets;
* Quoted prices for identical or similar assets or liabilities in inactive markets;
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Level 2 If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant and Plan transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The fair value amounts presented in these tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments, at fair value line item presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020, and 2019, respectively. There are no participant or Plan redemption restrictions for these investments.

	December 31, 2019

Common/collective trusts	$ 6,298,947	$ -	Immediate	None

3. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the custodian. See Note B-2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Payment of Benefits

Benefits are recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE C - INFORMATION CERTIFIED BY DELAWARE CHARTER GUARANTEE & TRUST COMPANY D/B/A PRINCIPAL TRUST COMPANY

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental information, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental information related to the following assets:

	2020	2019
Investments, at fair value		
Mutual funds	$ 1,681,453	$ 710,004
Common/collective trusts	6,660,366	6,298,947
Investment, at contract value		
Guaranteed annuity contract	183,043	11,058
	$ 8,524,862	$ 7,020,009

NOTE C - INFORMATION CERTIFIED BY DELAWARE CHARTER GUARANTEE & TRUST COMPANY D/B/A PRINCIPAL TRUST COMPANY (Continued)

The custodian also certified the completeness and accuracy of $1,115,666 of net appreciation in fair value of investments, $21,933 of interest and dividends related to the aforementioned assets, and $8,448 of interest from notes receivable from participants for the year ended December 31, 2020.

NOTE D - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive investment contract with Principal Life Insurance Company through the Principal Fixed Income Guaranteed Option, which is reported at contract value. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

Principal Life Insurance Company maintains the contributions in its general account. Principal Life Insurance Company guarantees the Plan a return of principal and interest under the terms of the contract. The interest-crediting rate is updated semi-annually based upon contract provisions. The effective annual rate is 1.15% at December 31, 2020. Principal Life Insurance Company's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code, (2) premature termination of the contracts, (3) Plan termination or merger, (4) changes to the Plan's prohibition on competing investment options, or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE D - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.

NOTE E - INCOME TAX STATUS

The Plan has adopted a volume submitter plan sponsored by National Benefit Services, Inc. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The direct and indirect future impacts of the current COVID-19 outbreak on the Plan are currently unknown, as is the duration and severity of any impacts that the Plan Sponsor may experience. Plan management is currently unable to quantify the future effects on the Plan.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Principal Trust Company ("Principal"). Principal is the custodian and recordkeeper, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest. Employees of the Company provide administrative services to the Plan for which no fees are charged.

NOTE I - EXCESS CONTRIBUTIONS PAYABLE

Excess contributions payable represents amounts withheld from participants in excess of IRS limitations that are to be refunded at year end. As of December 31, 2020 and 2019, $10,969 and $12,360, respectively, of excess contributions are required to be refunded prior to December 31, of the subsequent year. These amounts were refunded to participants prior to March 2021 and March 2020 related to year ended December 31, 2020 and 2019, respectively. Excess contributions are netted against contributions in the statement of changes in net assets available for benefits.

NOTE J - PROHIBITED TRANSACTIONS

In a prior year, the Plan Sponsor failed to deposit participant contributions within the required timeframe determined by Plan management using DOL guidelines. The DOL considers late deposits to be prohibited transactions as disclosed in the accompanying supplemental information. The Plan Sponsor self-corrected these deficiencies during 2020.

NOTE K - PLAN CHANGES

The Plan was amended multiple times for the year ended December 31, 2020 and subsequent to year end. Significant provisions of the amended plan document are consistent with those of the current plan document, other than the changes noted below. Interested parties should refer to the related amendments for a more complete description of the Plan's new provisions.

NOTE K - PLAN CHNAGES (Continued)

1. Amendment Effective April 2020

   The plan was amended to allow any Qualified Non-elective Contributions ("QNEC") to be allocated in a manner as determined by the Company.

2. Amendment Effective September 2020

   The plan was amended to make participants eligible to participate and receive discretionary employer contributions upon the first day of the calendar month following completion of two months of service (Note A-1). Additionally, modifications of elective deferrals were changed from quarterly to each scheduled pay period and pay date.

3. Amendment Effective January 2021

   The plan was amended to subject any participant with a deferral rate of 0% to auto-enrollment provisions as of January 1 each calendar year (Note A-2).

4. Bipartisan Budget Act

   The Bipartisan Budget Act ("BB Act") has been formally enacted. Certain provisions of the BB Act would have future impact on the Plan for certain eligible participants. The BB Act will allow for the availability of immediate participant contributions to the Plan following a hardship distribution. Interested parties should refer to the BB Act for a more complete description of the provisions.

NOTE L - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 11, 2021, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions, other than disclosed in Note K-3, have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.
