1 – DESCRIPTION OF PLAN

GENERAL

The Amynta 401(k) Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on March 1, 2018, and covers substantially all employees of Amynta Agency Inc. and certain participating employers (the "Company" or "Plan Administrator"). John Hancock Trust Company, LLC served as the Custodian ("Custodian"), and John Hancock Retirement Plan Services, LLC served as the recordkeeper ("Recordkeeper") of the Plan through January 31, 2020. Bank of America serves as the Trustee ("Trustee") and Merrill Lynch , Pierce, Fenner & Smith, Inc., an affiliate of Bank of America, N.A., serves as the recordkeeper ("Recordkeeper") of the Plan for the period from February 1, 2020 through December 31, 2020. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Effective February 1, 2020, the Plan was amended and restated due to a change in Trustee to Bank of America, N.A.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees become eligible for participation on their employment commencement date, with the exception of members of union employees, nonresident aliens, leased employees, and independent contractors, as defined by the Plan document. Eligible employees classified as part-time/temporary/seasonal employees are eligible to participate after completion of one year of service, as defined by the Plan document.

Subject to certain limitations on annual additions, each participant's account is credited with participant elective deferrals, Company matching or profit sharing contributions, and an allocation of Plan earnings or losses and charged with administrative expenses. The allocations are based on participant earnings or account balances, as defined. Participants may modify salary deferral elections each payroll period.

CONTRIBUTIONS

Each year, a participant may elect to contribute a portion of his or her pre-tax compensation from 1% to 75%, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($19,500 for 2020). The Plan also allows for after-tax, Roth contributions, subject to the same IRC limitations. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,500 for 2020). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted by the Plan.

The Plan has an automatic enrollment feature. Following forty-five days after meeting eligibility requirements, newly eligible employees will be automatically enrolled in the Plan at a rate of 3% of eligible compensation, unless otherwise elected by the participant. The Plan also has a voluntary automatic increase feature. All participants will be automatically increased, as elected by the participant, on the anniversary date of participation in the Plan.

1 – DESCRIPTION OF PLAN, CONTINUED

CONTRIBUTIONS, CONTINUED

The Plan allows for discretionary Company matching and profit sharing contributions in amounts to be determined by the Company. During 2020, the Company made matching contributions in the amount of 50% of participant elective deferrals up to 7% of eligible compensation. For the year ended 2020, no profit sharing contributions were made.

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits may be payable in a lump-sum amount equal to 100% of the participant's vested account balance. Participants may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Account balances of $5,000 or less at the time of distribution will be "cashed out" as an involuntary lump sum payment.

INVESTMENT OPTIONS

The Plan provides for contributions to be invested by the participants into a common collective trust and mutual funds of registered investment companies in accordance with participant investment elections and the provisions of the custodial and trust agreements. Participants should refer to the Plan website for additional fund information.

VESTING

Participants are immediately vested in participant elective deferrals, including catch-up contributions, plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions plus actual earnings, thereon, is based on years of continuous service. Participants are 100% vested after three years of qualified service or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

FORFEITURES

Forfeitures of terminated participants' non-vested accounts are used to reduce Company contributions or pay Plan expenses or are reallocated to participant accounts. These amounts are reported as a component of investments within net assets available for benefits. At December 31, 2020 and 2019, $171,937 and $178,850 in forfeitures were available for use, respectively. During 2020, $126,663 in forfeitures were used to pay administrative expenses and no forfeitures were used to reduce Company contributions.

ADMINISTRATIVE EXPENSES

Certain Plan investments are managed by the Trustee or an affiliate of the Trustee; therefore, these transactions qualify as party-in-interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

1- DESCRIPTION OF PLAN, CONTINUED

PLAN TERMINATION

Although the Company expects to continue the Plan, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available for all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). A one-time origination fee is charged at inception of the note receivable. The notes receivable from participants are secured by the vested balance in the participant's account and bear interest at a rate equal to 1% above the prime rate. All notes must be repaid within five years, unless for the purchase of a primary residence, in which case the repayment period may not exceed fifteen years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2020, have interest rates ranging from 4.25% to 7.25% and maturity dates from January 2021 through October 2035. Notes receivable from participants as of December 31, 2019, have interest rates ranging from 4.25% to 7.25% and maturity dates from January 2020 through June 2034.

CORONAVIRUS AID RELIEF AND ECONOMIC SECURITY ACT

During 2020, Plan management approved a resolution to adopt certain provisions of the Coronavirus Aid Relief and Economic Security Act ("CARES Act"). The Plan elected the distribution provision under the CARES Act. The maximum dollar amount that can be requested per participant is $100,000 without a 10% early withdrawal penalty. These CARES Act distributions are available for repayment through the last day of the Plan year that begins in 2022. For eligible CARES Act distribution requests, all vested contribution sources are made available and restrictions based on age or length of participation in the Plan do not apply. CARES Act distributions may be repaid to the Plan within three years; income taxes may be spread ratably over three years.

The Plan elected to temporarily suspend required minimum distributions ("RMDs") under the CARES Act. This provision provides relief to individuals who would otherwise be required to take RMDs from retirement accounts due to economic slowdown due to COVID-19. This provision applies to participants who have reached the age of 70 ½ during 2019 but who have not yet taken RMDs in 2020. In addition, the Plan also elected to suspend RMDs for participants who reach age 72 in 2020 following the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act"). If a participant has received RMDs in 2020, they may be able to recontribute these amounts back into the Plan in the form of direct rollovers.

The Plan also adopted certain loan provisions of the CARES Act. Through September 22, 2020, participants are eligible to borrow up to $100,000 from their vested account balance, reduced by the highest balance of any notes outstanding during the previous twelve months. Repayments of existing notes receivable from participants can be deferred until December 31, 2020. Notes will be re-amortized to include accrued interest during the deferred payment period, and repayments began in January 2021.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual basis in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see "Note 3 – Fair Value Measurements"). Purchases and sales of securities are recorded on a trade-date basis. Interest income or loss is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation or depreciation of fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as, held during the year.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document on note policy of the Plan. Notes receivable are valued at amortized cost, which approximates fair value.

RECENT ACCOUNTING PRONOUNCEMENTS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. The Plan's adoption of this pronouncement did not have a material impact on the Plan.

3 - FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and insignificant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Interest bearing cash: Valued at cost of $1 per unit held by the Plan at year end.

Mutual funds of registered investment companies: Valued at the net asset value ("NAV") or quoted market prices of shares held by the Plan at year end.

Common collective trusts: Valued at NAV of units of a bank common collective trust, as provided by the Custodian and Trustee. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trusts, the Custodian and Trustee reserve the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

3 - FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING, CONTINUED

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Interest bearing cash	$ 48,003	$ -	$ -	$ 48,003
Mutual funds of registered investment companies	53,553,376	-	-	53,553,376
Common collective trust	-	2,476,963	-	2,476,963
Total investments, at fair value	$ 53,601,379	$ 2,476,963	$ -	$ 56,078,342

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 15,068,784	$ -	$ -	$ 15,068,784
Common collective trusts	-	30,999,651	-	30,999,651
Total investments, at fair value	$ 15,068,784	$ 30,999,651	$ -	$ 46,068,435

4 - INFORMATION CERTIFIED BY THE CUSTODIAN AND TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, the Custodian and Trustee of the Plan have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, and the supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

5 – GUARANTEED INTEREST ACCOUNT

Through January 31, 2020, the Plan held an interest in The New York Life Guaranteed Interest Account, which was a fully benefit-responsive group annuity contract issued by New York Life Insurance Company. The account was credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and specific interest rate that was guaranteed to the Plan. Certain observable inputs are assessed through review of contract terms (ex: duration or payout date) while others were substantiated utilizing available market data (ex: swap curve ratio). Certain events would have limited the ability of the Plan to transact at contract value with the contract issuer. These events would be different under each contract. Examples of such events include the following:

5 – GUARANTEED INTEREST ACCOUNT, CONTINUED

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contract
- Plan terminations or mergers
- Changes to the Plan's prohibition or competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor event (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events were probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allowed the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events were different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contact
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee or an affiliate of the Trustee; therefore, these transactions qualify as party-in-interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

7 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in an interest bearing cash account, common collective trust and mutual funds of registered investment companies. Investment securities are exposed to various risks, such as interest rate, market, concentration, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8 – TAX STATUS OF THE PLAN

Effective February 1, 2020, the Plan is based on a prototype plan developed by Merrill Lynch, Pierce, Fenner & Smith, Inc., which received a favorable opinion letter dated March 31, 2014, from the Internal Revenue Service ("IRS") stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. Prior to February 1, 2020, the Plan was based on a prototype plan developed by John Hancock Retirement Plan Services LLC, which received a favorable opinion letter dated May 18, 2015, from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

8 – TAX STATUS OF THE PLAN, CONTINUED

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

As a result, excess contributions payable amounting to $124,331 and $6,182 respectively, are recorded as liabilities in the accompanying Statements of Net Assets Available for Benefit, and as a reduction to contributions in the related Statement of Changes in Net Assets Available for Benefits.

11 - SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "Subsequent Events," the Plan has evaluated events or transactions occurring after December 31, 2020, the Statements of Net Assets Available for Benefits date, through October 14, 2021, the date the financial statements were issued, and determined there were no such events or transactions that would impact the financial statements for the year ended December 31, 2020, other than those noted below.

Effective March 1, 2021, the Plan no longer has the automatic enrollment or automatic increase feature.
