The following description of the Royston, Rayzor, Vickery & Williams Savings Plan for Partners and Staff (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete description of the Plan's provision. The Plan trustees are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

GENERAL

The Plan is a defined contribution plan covering all employees of Royston, Rayzor, Vickery & Williams, LLP (the "Company") who are age 21 or over. An employee is eligible to participate in the plan on the day the eligibility requirements are met. The Plan is qualified under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective January 1, 2017, the Plan was restated to comply with current Internal Revenue Services ("IRS") and ERISA requirements. The changes in the Plan restatement did not have any impact to the financial statements.

CONTRIBUTIONS

Each year participants may contribute up to 100% of their compensation, up to the maximum of $19,500 for 2020. Participants who have reached the age of 50 before the end of the Plan year are eligible for an additional "catch up" contribution of up to $6,500 for 2020 as per Internal Revenue Service Regulations.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company contributes a Safe Harbor Nonelective Employer Contribution ("Employer Contributions") on behalf of each participant equal to 3% of such participant's annual compensation to receive the employer contribution. To receive the employer contribution, the participant must complete 1,000 hours of service during the Plan year and be employed the last day of the Plan year. For the year ended December 31, 2020, the Company has committed to make Employer Contributions in the amount of $238,857, which is included on the accompanying statements of net assets available for benefits as an employer contribution receivable.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

CONTRIBUTIONS (CONTINUED)

The Plan provides that the Company may make discretionary profit sharing contributions determined by the Company. For the year ended December 31, 2020, the Company has committed to make discretionary profit sharing contributions in the amount of $182,597, which is included on the accompanying statements of net assets available for benefits as an employer contribution receivable. Additional amounts may be contributed at the option of the Company. Participants direct the investment of contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, Plan earnings and an allocation of the employer contributions. Benefit payments, if any, are specifically charged to the participant's account. Certain fees incurred in connection with the direction of a participant on any Plan account maintained on the participant's behalf may be charged and paid from the assets of such participant account. As a participant-directed Plan, each participant's investments determine his or her share of earnings or losses. Allocations of Employer Contributions are based on a participant's salary deferral. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Effective September 1, 2006, participants are fully vested in non-elective employer contributions, matching contributions, safe harbor non-elective employer contributions and transferred benefit accounts at all times. For participants terminated prior to September 1, 2006, the non-elective employer contribution, matching contribution and transferred benefits accounts of a terminated participant was based on their years of service. A participant was 100% vested after 6 years of credited service.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or fifty percent (50%) of their account balance, whichever is less. The loans are fixed term secured by the balance in the participant's account and bear interest at the prevailing interest rate charged by persons in the business of lending money for loans under similar circumstances.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS (CONTINUED)

Interest rates on outstanding loans at December 31, 2020 range from 4.25% to 6.50%. Principal and interest is paid ratably through payroll deductions over a one to five year period, except for loans for the purchase of a principal residence, which may be repaid over a reasonable period of time that may be longer than fifteen years. If any scheduled loan repayment remains unpaid for more than ninety (90) days after due, the loan is considered to be in default. During the year ended December 31, 2020, there were two participants who left the Company, which resulted in defaulted loans totaling $16,578. These defaulted loans were recognized as deemed distributions and are included in benefits paid to participants in the accompanying statement of changes in net assets available for benefits.

In March 2020, the U.S. government passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") to provide expanded access to retirement plan accounts during the coronavirus disease ("COVID-19") pandemic. Participants may now borrow up to $100,000 from the Plan (an increase from the $50,000 previously allowed) and loan repayments could be deferred up to one year.

PAYMENT OF BENEFITS

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account. Certain withdrawals are also permitted under the Plan upon a participant attaining age 55 and 59 1/2.

As a result of the CARES Act, generally, participants may take a coronavirus-related distribution of up to $100,000 from their retirement plan without a 10% early withdrawal penalty. Eligible distributions can be taken up to December 31, 2020. Generally, coronavirus-related distributions may be repaid to the Plan within three years.

HARDSHIP WITHDRAWALS

The Plan provides for hardship withdrawals, as set forth in accordance with applicable sections of the Internal Revenue Code, not to exceed a participant's actual contributions to the Plan and must result from an immediate and heavy financial need of the participant as determined on a non-discriminatory basis by the Plan Administrator.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

HARDSHIP WITHDRAWALS (CONTINUED)

Due to changes in legislation, effective January 1, 2020, there is no longer a six-month suspension period for participant contributions after the receipt of a hardship distribution. However, any remaining portion of the six-month suspension period for a prior hardship distribution would still apply the suspension until its expiration date, even if the expiration date is in 2020.

ADMINISTRATIVE EXPENSES

Administrative expenses are paid out of the net assets available for benefit unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. For the year ended December 31, 2020, expenses for the general administration and recordkeeping of the Plan were paid out of the net assets available for benefits. These amounts were allocated among accounts of all participants in the Plan, in a fair manner, or, where applicable, allocated to a specific participant based on transactions requested under the Plan. Investment related expenses are included in net appreciation of fair value of investments.

FORFEITURES

Forfeitures resulting from non-vested portions of participants' accounts that terminate prior to being fully vested may be used to reduce administrative expenses, and any remaining amounts are used to reduce non-elective employer contributions and certain safe harbor non-elective employer contributions. There were no forfeited non-vested accounts at December 31, 2020 and 2019 and no forfeited non-vested amounts were used during the year ended December 31, 2020.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements of the Plan are prepared under the accrual method of accounting.

USE OF ESTIMATES IN THE FINANCIAL STATEMENTS

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses (realized and unrealized) on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan trustee deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded based upon terms of the Plan document.

PAYMENT OF BENEFITS

Benefit payments to participants are recorded when paid.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows.

LEVEL 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

LEVEL 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: The self-directed brokerage accounts are valued based on the fair value of the underlying investments. The underlying investments are carried at fair value based on quoted marked prices.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total

Investments (stable value fund) measured at net asset value [(a)]				3,009,900
Total Investments at Fair Value				$24,354,943

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total

Investments (stable value fund) measured at net asset value [(a)]				2,562,520
Total Investments at Fair Value				$21,467,779

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

INVESTMENTS MEASURED USING THE NET ASSET VALUE PER SHARE PRACTICAL EXPEDIENT

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform, and they did not perform, such auditing procedures with respect to the information certified by BMO Harris Bank NA ("BMO Harris"), as agent for Frost National Bank N.A, except for comparing the information certified to information included in the Plan's financial statements and supplemental schedule. The information certified by BMO Harris as of December 31, 2020 and 2019 and for the year ended December 31, 2020 is as follows:

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (CONTINUED)

Net appreciation in fair value of investments	$ 2,074,237

Interest income on notes receivable	9,959

NOTE 5 - TAX STATUS

The Company has adopted a prototype plan designed to be qualified under applicable provisions of the Internal Revenue Code ("IRC") and is not subject to Federal and State income tax. The Company obtained an opinion letter dated January 30, 2017, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC and also informed the Company that the prototype plan will not receive a determination letter. The Company may separately request a determination from the IRS with respect thereto. The Company has not requested such determination as of December 31, 2020. The Plan sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain investments are managed by BMO Harris, as agent for Frost National Bank N.A., the trustee and, therefore, these transactions qualify as party-in-interest transactions. Also, certain administrative functions are performed by officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan. The Plan also extends loans to participants who are considered parties-in-interest, therefore, these transactions qualify as party-in-interest transactions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants remain 100% vested in their Company contributions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic which continues to spread throughout the United States and the World, triggering volatility in financial markets and a significant negative impact on the global economy. There is still considerable uncertainty about the duration of the pandemic and the extent to which COVID- 19 may impact the Plan's participants, financial condition, and changes in the fair value of its investments, is uncertain.

NOTE 9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

The Company determined that certain remittances of employee deferrals for the Plan year ended December 31, 2020 and 2019 were not made timely in accordance with Department of Labor ("DOL") guidelines. The Company ultimately decided to categorize the remittances in question as prohibited transactions. The Company intends to formally correct the 2020 violations. The Company corrected the 2019 contributions on November, 30, 2020, which included lost earnings of $226. All late remittances are included on the schedule of delinquent participant contributions in the supplemental schedules to the financial statements.

NOTE 10 - SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued.

Effective May 2021, the Plan terminated its relationship with BMO Harris Bank N.A., as agent for Frost National Bank N.A as trustee for the Plan, at which time net assets of approximately $4,470,000 were transferred to Matrix Trust Company, the successor trustee.
