WAWONA FROZEN FOODS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of Wawona Frozen Foods 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of Wawona Frozen Foods (the "Company") who are 21 years of age or older and have completed one year of service. The Plan was established on January 1, 1991 and restated on January 1, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions:

Eligible employees of the Company may elect to contribute up to the maximum limit established annually by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified plans. The Company may elect to contribute a discretionary matching contribution. In order to receive the discretionary employer contribution under the Plan, the participant must have worked at least 1,000 hours during the plan year and be employed on the last day of the plan year. Participants direct the investment of the contributions into various options offered by the Plan.

Vesting:

Participants are immediately 100% vested in their employee deferral contributions and rollover contributions, plus actual earnings thereon. The Company's discretionary contributions are vested at 20% each year after two years of service of credited vesting service. A participant is 100% vested after 6 years of credited service or upon death.

Participant Accounts:

The custodian of the plan maintains an account for each participant. Each participant account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with administrative expenses, not paid by the Company. Allocations are based on participant compensation or account balances, as defined. The participant directs the investment of their account into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

WAWONA FROZEN FOODS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Cont.)

Participant Loans:

Participants may borrow from their account balance a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their vested account balance. Participants may only have one loan outstanding at any time. Principal and interest must be repaid over a period not to exceed five years. Loans used to acquire a principal residence shall provide for periodic repayment over a reasonable period of time that may exceed five years. The loans are secured by the balance in the participant's account. Interest rates are based on the prime rate plus 1% at the time the loan is made and remains fixed for the duration of the loan. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits:

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or various options as defined in the Plan. Similar options are available upon termination of employment. The Plan provides a mandatory cash-out on a terminated participant's account with a non-forfeitable balance of less than $5,000 unless the terminated participant provides rollover instructions. The Plan permits an in-service distribution to a participant in accordance with the Plan's in-service policies. Hardship distribution are not permitted by the Plan.

Forfeited Accounts:

At December 31, 2020 and 2019, forfeited non-vested accounts totaled $4,271 and $2,380, respectively. Amounts accumulated in the forfeiture account will be used to reduce employer contributions and administrative fees of the Plan. Forfeitures of $3,979 and $1,739 were used to reduce employer contributions during the years ended December 31, 2020 and 2019, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Note 2. Summary of Significant Accounting Policies (Cont.)

Investment Valuation and Income Recognition (Cont.):

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Gains and losses (realized and unrealized) included in the changes in net assets available for benefits for the year ended December 31, 2020 are reported in net appreciation in fair value of investments.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis of accounting. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note is recorded as a benefit payment based upon the terms of the Plan document.

Benefits:

Benefits are recorded when paid.

Administrative Expenses:

Expenses related to specific participant transactions are charged to the respective participant's account. Investment related expenses are included in net appreciation in fair value of investments. The Plan administrative expenses and the annual audit and tax return preparation fees are paid by the Company.

Use of Estimates:

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America. Those standards require management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Date of Management's Review of Subsequent Events:

The Plan has evaluated subsequent events through October 15, 2021, the date on which the financial statements were available to be issued.

Note 3. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 measurements consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 measurements are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or 2 inputs were not available. There are no plan assets requiring the use of Level 1 or 3 inputs for the periods presented.

Level 2 Fair Value Measurements:

The fair values of the pooled separate accounts are based on quoted net asset values of the shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

	Total	Fair Value Measurement Using Significant Other Observable Inputs (Level 2)
December 31, 2020		
Pooled separate accounts	$ 5,555,707	$ 5,555,707
Total investments in the fair value hierarchy	5,555,707	$ 5,555,707
Investments measured at net asset value [(a)]	604,136	
Investments at fair value:	$ 6,159,843	

Note 3. Fair Value Measurements (Cont.)

	Total	Fair Value Measurement Using Significant Other Observable Inputs (Level 2)
December 31, 2019		
Pooled separate accounts	$ 5,027,020	$ 5,027,020
Total investments in the fair value hierarchy	5,027,020	$ 5,027,020
Investments measured at net asset value [(a)]	557,670	
Investments at fair value:	$ 5,584,690	

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliations of the fair value hierarchy to the line items presented in the statement of net assets available for benefit.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019. There are no restrictions on participant redemptions for these investments; the redemption notice period is applicable only to the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 4. Summary of Information Certified by Custodian (Unaudited)

The Plan's investments are held and administered by John Hancock Life Insurance Company (U.S.A.), as custodian. The custodian of the Plan has provided a certification that the following information, which is contained in or used to develop the accompanying financial statements, is complete and accurate:

Investments as of December 31, 2020 and 2019.

Investment income for the year ended December 31, 2020.

Schedule of Assets Held for Investment Purposes as of December 31, 2020.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions set forth in ERISA and the Internal Revenue Code. Upon termination of the Plan, the total net assets of the Plan are to be distributed to the participants in proportion to their account balances.

Note 6. Related Party Transactions

During the plan year December 31, 2020, the custodian of the plan provided participant-level services as defined by the Plan and, therefore, these transactions qualify as party-in-interest. There were no separate fees paid by the Plan for the investment services.

Note 7. Income Tax Status and Plan Amendments

The Plan obtained its latest advisory letter on March 31, 2014, in which the Internal Revenue Service has determined and informed the sponsor of the volume submitter plan that the Plan, as then designed, was in accordance with applicable requirements of the Internal Revenue Code. The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however; there are currently no audits for any tax periods in progress. Generally, the Plan's tax returns remain open for three to four years for income tax examination.

NOTES TO FINANCIAL STATEMENTS

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As a result of the COVID-19 outbreak in the United States, economic uncertainties have arisen which are likely to have an impact on the Plan's net assets and investment returns, though the effects of such potential impact and its duration are unknown at this time.
