INDEPENDENT AUDITOR'S REPORT

Plan Committee
AC PRO 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of AC PRO 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified and provided by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodians hold the Plan's assets and execute transactions. The Plan Administrator has obtained certifications from the custodians as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules: Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. These supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of AC PRO 401(k) Retirement Plan (the "Plan"), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Material Supply, Inc. dba AC PRO (the "Company") who are age 21 or older and have completed one year of service with entrance into the Plan occurring on the first day of every quarter. The Plan is administered by management of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians, are responsible for the custody and management of the Plan's assets. Empower Retirement serves as the record keeper and third party administrator for the plan.

Participant Accounts

An account is maintained for each participant. The participant's account is credited with the participant's contribution, Company safe harbor matching contribution, allocation of the Company's profit sharing discretionary contribution, if any, and Plan earnings, losses and is charged with an allocation of administrative expenses. The allocation of certain Plan expenses is based on participant's earnings or account balances as defined by the Plan document. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Unless an eligible employee elects otherwise, employee's compensation will be reduced by 4% (automatic enrollment rate) for employee contributions to the Plan and their contributions will be invested in a designated fund until changed by the participant. Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan not to exceed the maximum allowable as defined by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan adopted the safe harbor provisions effective beginning January 1, 2013. Under these provisions, the Company contributes 100 percent of the first 4 percent of the participant's compensation that the participant contributes to the Plan each payroll period. Effective May 17, 2020, the Plan elected to remove the safe harbor provisions and there were no further employer contributions made in 2020. In addition, the Company may offer a matching contribution equal to a discretionary percentage determined by the Company. The discretionary contribution will be based on the participant's elective deferrals. Profit-sharing contributions may also be made at the discretion of the Company. For the Plan year ended December 31, 2020, the Company contributed safe harbor matching of $284,040 but did not make any profit-sharing contributions or discretionary contributions. All employer contributions are invested in the same manner that the participant directs his or her participant-withheld amounts.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Investments

Participants direct the investments of their contributions and the Company's contributions into various investment options offered by the Plan. For 2020 and 2019, the investments available included various mutual funds (registered investment companies), and a benefit responsive investment contract (guaranteed portfolio fund).

Vesting

Participants' accounts are immediately vested in their voluntary contributions and employer safe harbor matching contributions, plus actual earnings thereon. Participants vest in employer discretionary and profit-sharing contributions and actual earnings thereon based on years of continuous service according to the following schedule:

Number of Years of Credited Service at Date of Termination	Vested Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of Benefits

A participant who attains normal retirement age of 65, completes five years of service, or who retires because of disability shall have a vesting percentage of 100 percent. These participants shall be entitled to receive a distribution of the entire value of their participant's account as a single lump sum. Participants who terminate employment shall be entitled to a distribution of their vested accrued benefits in the same manner. If an active participant dies prior to attaining normal retirement age, his vesting percentage shall be 100 percent. The Plan may also elect to distribute accounts of terminated participants with an aggregate value of $1,000 or less if the participant has not made an election to distribute their balance within 180 days of termination.

The Plan allows hardship withdrawals in accordance with Internal Revenue Service (IRS) regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to pay administrative expenses or applied against future employer contributions. At December 31, 2020 and 2019, forfeited nonvested accounts totaled $9,660 and $1,637, respectively. These accounts will be used to reduce future employer contributions and administrative expenses. During the Plan year 2020, no forfeitures were used by the Plan.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments in registered investment companies are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Investment contracts are reported at contract value on the statements of net assets available for benefits. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Management fees charged to the Plan for investments in registered investment companies (mutual funds) are based on assets invested and are deducted on a daily basis. Management fees are reflected as a reduction of investment return for such investments.

Payment of Benefits
Benefit payments to participants are recorded when paid. As of December 31, 2020 and 2019, there were no benefits payable to participants who elected to withdraw from the Plan. Corrective distributions generally represent the distribution of certain assets to employees in order for the Plan to comply with nondiscrimination rules. As of December 31, 2020 and 2019, there were no corrective distributions to participants for contributions made in excess of amounts allowed by the IRS.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

CARES Act

The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. The Plan was not amended to adopt the provisions available under the CARES Act.

Income Taxes

Effective December 14, 2018, the Plan adopted a volume submitter plan sponsored by Great-West Trust Company, LLC. The volume submitter plan provider received an advisory letter from the Internal Revenue Service ("IRS") as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. Although, the Plan has been amended since the volume submitter plan received the advisory letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Subsequent Events

On January 5, 2021, the Plan's management signed a new plan agreement effective January 5, 2021 for a non-standardized form of a defined contribution pre-approved plan sponsored by The Great-West Trust Company, LLC. No changes were made to the Plan's provisions or the Plan's service providers.

On October 6, 2021, the Plan's management amended the plan agreement effective November 1, 2021 to add the Roth deferral contribution option for participants.

The Plan has evaluated subsequent events through October 15, 2021, the date the financial statements were available to be issued, and concluded that, other than the matters described above, no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) No. 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC No. 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	**$12,027,858**	**$**	**$**	**$12,027,858**

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	**$11,232,088**	**$**	**$**	**$11,232,088**

NOTE 4 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians of the Plan, have certified the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019.
- Investment activity reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Assets reflected on the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020.

NOTE 5 – FULLY BENEFIT – RESPONSIVE CONTRACT

The Plan maintains a fully benefit-responsive investment contract with Great-West, the Key Guaranteed Portfolio Fund. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero. The interest crediting rate is reset quarterly. The actual average interest rate earned by the plan for the years ended December 31, 2020 and 2019 was 1.04% and 1.20%, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 5 – FULLY BENEFIT – RESPONSIVE CONTRACT (Continued)

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Fair value of the investment contract prior to contract termination equals the contract value as presented in the statements of net assets available for benefits.

NOTE 6 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians for the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Certain fees are not paid directly by the Plan but rather reduce the amount of investment earnings allocated to individual participant accounts. Fees for custodian services and distributions paid by the Plan to the custodians amounted to $34,421 for the year ended December 31, 2020. The Plan Sponsor, Plan Administrator, record keeper and the investment advisor, are also a party-in-interest with respect to the Plan. Fees paid by the Plan to Merrill Lynch Pierce Fenner & Smith, the investment advisor for the Plan, amounted to $27,063 for the year ended December 31, 2020.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company, by action of its Board of Directors, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions. Thus, net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 8 – PROHIBITED TRANSACTIONS

As required by ERISA Section 2510.3-102, the Sponsor is required to segregate participant contributions from its general assets and remit them to the Plan as soon as administratively feasible.

During the Plan year ended December 31, 2020, the Sponsor inadvertently failed to remit certain participant contributions totaling $2,876 within the required timeframe as stated by the DOL. The Sponsor plans to deposit the lost earnings on late contributions with the Plan custodians in 2021.
