Independent Auditors' Report

To the Plan Administrator of Modern Method Gunite, Inc. 401(k) Profit Sharing Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for 2021 Financial Statements

We have performed an audit of the financial statements of Modern Method Gunite, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of March 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended March 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended March 31, 2021 and 2020, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Modern Method Gunite, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Modern Method Gunite, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the 2021 Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Modern Method Gunite, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Modern Method Gunite, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held for Investment Purposes at End of Year and Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Modern Method Gunite, Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated January 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Modern Method Gunite, Inc. 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, formed on December 16, 1995, covering all employees of Modern Method Gunite, Inc. (the "Company") meeting participation requirements described below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and all requirements of Section 401(a) and 401(k) of the Internal Revenue Code ("the Code") and all amendments. The Plan is sponsored by Modern Method Gunite, Inc. (the "Plan Sponsor"). Empower serves as the custodian and record-keeper. Nova 401(k) Associates provides administrative services to the plan. The plan trustees are responsible for oversight of the Plan and monitoring the investment offerings and performance.

The Plan is intended to be a qualified defined contribution plan which satisfies the requirements of Section 401(k) of the Code. Under the Code, participants are not liable for federal income taxes on employee contributions, the Company's contributions or plan earnings until such time as they are partially or completely withdrawn from the plan.

Effective December 31, 2020 the Plan's custodian and recordkeeper changed from MassMutual to Empower. The change is a result of the retirement plan division of MassMutual being sold to Empower ("Custodian").

Enrollment

Company employees hired prior to the Plan's adoption were automatically eligible to participate. The Plan was amended, effective April 1, 2019, to allow all employees that are eighteen (18) years or older and have completed 60 days of service to be eligible to participate in the Plan. Prior to this amendment employees were required to complete one year of service before becoming eligible. This amendment had no effect on net assets. Eligible employees can enroll in the Plan at the beginning of each weekly pay period.

Contributions

Contributions to the 401(k) Plan may consist of funds contributed by the Company, employees, and rollover contributions. Each year participants can make contributions in specific dollar amounts, or in percentages of compensation, as defined in the plan document on a tax-deferred basis subject to certain Internal Revenue Code limitations.

The Company provides a discretionary matching contribution equal to a uniform percentage of the salary reduction up to a discretionary percentage of compensation. The percentages are determined annually. The Company also provides a discretionary profit sharing contribution allocated utilizing the "New Comparability Method". For the plan year ended March 31, 2021, the Company's matching contribution and profit sharing contribution amounted to $181,577 and $699,654, respectively. For the plan year ended March 31, 2020, the Company's matching contribution and profit sharing contribution amounted to $160,763 and $596,573, respectively.

1. Description of the Plan (continued)

Vesting

Participants are fully vested in their elective contributions, qualified non-elective contribution ("QNEC") and the actual earnings thereon. Vesting in the employer matching contribution, profit sharing contributions, and earnings thereon is based on years of service and is determined as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures and Non-Vested Balances

At March 31, 2021 and 2020, forfeited non-vested accounts totaled $54,179 and $26,345, respectively. These accounts are used to reduce the employer profit sharing contribution and offset administrative expenses. During the years ended March 31, 2021 and 2020, no forfeited amounts were used to reduce the employer profit sharing contribution or administrative expenses.

Payment of Benefits

Participants may withdraw all or a portion of vested contributions subject to certain conditions as specified in the Plan document. In the event of termination, hardship or death, a participant will receive a distribution in the form of a single lump sum payment equal to their vested interest in the account. Participants attaining age 59 ½ years may also elect distributions without regard to employment status.

Under certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, all or part of the amount in his or her account attributed to elective deferrals (exclusive of earnings allocated thereon) only to the extent permitted by the hardship rules and subject to availability, restrictions, and limitations pursuant to the applicable funding vehicle. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, and the payment of postsecondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean up on the participant's principal residence, or to prevent eviction or foreclosure from the participant's principal residence. The hardship rules are per the Plan document, which is more restrictive than the rules set forth by the Internal Revenue Services (IRS).

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All contributions made to these accounts are directed by the participant into a particular investment offered by the administrator and the allocations between investments can be changed at will.

1. Description of the Plan (continued)

Investment Options

Participants direct the investment of their contribution, employer match and profit sharing, if any, into various investment options offered by the Plan in accordance with participant investment elections and the provision of the trust agreement.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. No more than one loan per participant is allowed at a time. The loans are secured by the balance in the participant's accounts and bear interest at a rate equal to the current prime rate plus 2%. Principal and interest are paid ratably through weekly payroll deductions. During the year ended March 31, 2021, thirty-one new loans were made totaling $451,966 at interest rates between 3.25% and 7.5%. During the year ended March 31, 2020, forty-six new loans were made totaling $467,522 at interest rates between 5.25% and 7.5%. Loan balances including interest as of March 31, 2021 and 2020 amount to $714,451 and $775,514, respectively.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Distribution and loan fees are charged directly to the requesting participant's account. Investment related expenses are included in net appreciation of fair value of investments.

CARES and SECURE ACT

In January 2020, Congress passed the "Setting Every Community Up for Retirement Enhancement Act of 2019" that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act are effective on January 1, 2020 and require significant changes to plan administration and recordkeeping.

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that included numerous employee benefit plan provisions to assist plan sponsors and participants.

During 2020, the Plan allowed for CARES Act distributions which allowed participants to take up to $100,000 of distributions from their retirement account from January 1, 2020 to December 31, 2020. Qualified individuals could spread the income evenly over a three-year period for income tax purposes unless they elect otherwise. Also, the CARES Act distributions do not incur the 10% early withdrawal penalty for distributions made before age 59 ½.

The Plan also allowed CARES Act Loans, which increased the loan limits until September 22, 2020. The limits were increased to the lesser of 100% of the participant's vested account balance or $100,000 (reduced by the highest outstanding loan balance within the past twelve months).

The CARES Act allowed for loan payment deferments in 2020. The deferment of the loan payments were effective the date the participant elected through December 31, 2020. Interest continued to accrue during the deferment period.

1. Description of the Plan (continued)

Plan Amendment

The IRS has determined and informed the Plan sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting and present the net assets available for plan benefits, and the changes in those net assets, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully-benefit responsive investments reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of March 31, 2021 and 2020.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contribution for the plan year ended March 31, 2021 on August 16, 2021.

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Terminated Employees with Vested Benefits

As of March 31, 2021, terminated participants with vested benefits in the amount of $1,593,671 remain in the Plan. The benefit payments are not reflected in the financial statements until benefit claims have been processed and approved for payment.

Reclassifications

Certain amounts in 2020 have been reclassified to conform to the 2021 presentation. Fund name changes have been retroactively restated.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments and notes receivable from participants held at March 31, 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended March 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by MassMutual (the former custodian of the plan).

4. Information Prepared and Certified by Custodian

At March 31, 2021 and 2020, the Plan's investments were held by Empower and MassMutual, respectively. The following is a summary of the Plan's financial information that is included in the financial statements based on the information certified by the custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

	2021	2020
Contract assets in:		
Fully benefit-responsive investment contract at contract value	$ 1,956,262	$ 1,481,289
Investments, at fair value	12,648,602	9,817,302
Notes receivable from participants	714,451	775,514
Interest and investment income (loss)	3,703,547	(291,320)

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

5. Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds, including money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2021 and 2020:

Assets at Fair Value as of March 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	12,648,602	-	-	12,648,602
Total investments at fair value	$ 12,648,602	$ -	$ -	$ 12,648,602

Assets at Fair Value as of March 31, 2020

	Level 1	Level 2	Level 3	Total
Mutual funds	9,817,302	-	-	9,817,302
Total investments at fair value	$ 9,817,302	$ -	$ -	$ 9,817,302

6. Fully Benefit-Responsive Investment Contract

The Plan holds an investment in a benefit-responsive investment contract with their custodian totaling $1,956,262 and $1,481,289 as of March 31, 2021 and 2020, respectively. The Custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and fees. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reset semiannually by the custodian based on a formula established by the contract issuer but may not be less than 1 percent.

6. Fully Benefit-Responsive Investment Contract (continued)

The contract meets the fully benefit-responsive contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by its custodian, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct with withdrawal or transfer of all or a portion of their investment at contract value. Withdrawals other than for plan benefit payments are subject to a market value adjustment.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

7. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRS and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

8. Plan Termination

Although it has not expressed an interest to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their profit sharing contributions.

9. Risks and Uncertainties

At March 31, 2021 and 2020, none of the Plan's funds are insured by the Federal Deposit Insurance Corporation (FDIC). The Plan also invests in various investment securities and as a result is exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan Sponsor is party to various claims, legal actions and complaints arising in the ordinary course of business. The Plan administrator believes that the resolution of outstanding legal matters involving the Plan Sponsor will not have a material adverse effect on the Plan's financial position or net assets. However, legal matters are subject to inherent uncertainties and the possibility exists that the ultimate resolution of these matters could have a material adverse impact on the Plan Sponsor or the Plan in the period in which any such effect is recorded.

10. ERISA Bond Requirements

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets and is required to be at least equal to the lesser of 10% of the Plan's assets at the beginning of the plan year or $500,000. At March 31, 2021 and 2020, the Plan's sponsor maintained bond coverage in the amount of $500,000.

11. Related Party Transactions and Party in Interest Transactions

Related parties and parties-in-interest include the Plan Sponsor, employees of the Plan Sponsor who are owners, directors, executives or members of the investment committee, the third-party administrator and custodian, the investment advisor and the auditor. Some Plan investments are managed by the Custodian and, therefore, qualify as party-in-interest transactions. During 2020, employees, including one of the related parties and parties-in-interest mentioned above, contributed to the plan. As of March 31, 2021, no amounts were owed to related parties and parties-in-interest. None of the transactions mentioned above were prohibited transactions.

Plan investments include mutual funds and a guaranteed investment contract managed by their custodian. Empower (formerly MassMutual) acts as the custodian and record-keeper for the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the plan for investment management services are included in net appreciation in fair value of investments.

12. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits as shown in the financial statements at March 31, 2021 and 2020 to Schedule H of Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	$ 16,014,268	$ 12,668,243
Employer profit sharing contribution receivable	(699,654)	(596,574)
Excess contributions payable	4,701	2,436
Net assets available for benefits per Schedule H of Form 5500	$ 15,319,315	$ 12,074,105

The following is a reconciliation of net increase in assets available for benefits per the financial statements for the year ended March 31, 2021 to Schedule H of Form 5500:

Net increase in assets available for benefits per the financial statements	$ 3,346,025
(Increase) in employer profit sharing contribution receivable	(103,080)
Increase in excess contribution payable	2,265
Net income per Schedule H of Form 5500	$ 3,245,210

13. Subsequent Events

The Plan has evaluated subsequent events through January 17, 2022, the date the financial statements were available to be issued.
