Note 1 – Description of Plan

The following description of the Swedeco, Inc. 401k Plan (the "Plan") provides only general information. The "Sponsoring Company" is Swedeco, Inc. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of the Sponsoring Company who are not governed by a collective bargaining agreement or who are not non-resident aliens. To be eligible for all types of contributions permitted by the plan an employee must have reached the age of twenty-one and completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in which employees participated prior to their employment with the Sponsoring Company. Participants direct the investment of contributions into various investment options offered by the Plan. The Sponsoring Company may elect to match a percentage of the employee's pre-tax contributions to the Plan. Matching contributions accrued to the Plan by the Sponsoring Company totaled $15,390 during the year ended December 31, 2009. Contributions are subject to certain limitations.

Participant accounts – Each participant's account is credited with the participant's contribution and an allocation of the Sponsoring Company's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested 100% in their contributions and become vested in company matching contributions plus actual earnings thereon according to the top-heavy 6-year graded vesting schedule.

Payment of benefits – Upon termination of employment, for any reason other than disability or death, a participant with an account balance of less than $5,000 will receive his vested account balance in the form of a lump sum. Installment payments may only be elected if the participant is subject to lifetime RMD's. If a participant terminates employment due to disability or death, a lump sum distribution will be paid. Participants are also permitted to take distributions in the case of a hardship safe harbor election.

Note 2 – Summary of Accounting Policies

Basis of presentation – The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates – The preparation of financial statements requires Plan management to make estimates and assumption that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2 – Summary of Accounting Policies (Continued)

Payment of benefits – Benefits are recorded when paid.

Operating expenses – Administrative expenses of the Plan are paid by the Trust.

Note 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

	Total Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
December 31, 2009			
Money Market Funds	$ 35,769	$ 35,769	$ -
Mutual Funds	403,043	403,043	-
Common Trust Funds	360,675	-	360,675
Total	$799,487	$438,812	$360,675

In 2009, the Plan adopted Financial Accounting Standards Board Statement No. 157, *Fair Value Measurements* (FASB Statement No. 157), which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described below:

Level 1 Fair Value Measurements - The fair value of mutual funds and money market funds is based upon quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements – The fair value of common trust funds is based upon quoted market values of the underlying investments.

Level 3 Fair Value Measurements - None

Note 4 – Investments

The following presents the fair value of the Plan’s investments at December 31, 2009. Investments that represent 5% or more of the Plan’s net assets are separately identified.

Note 4 – Investments (Continued)

Total		$799,487

Note 5 – Related Party Transactions

Certain Plan investments are shares of collective investment funds managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions.

Note 6 – Plan Termination

Although they have not expressed any intention to do so, the Sponsoring Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 – Tax Status

The Plan obtained its latest opinion letter on November 19, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 8 – Certifications by the Trustee

The following account balances and transactions were obtained from statements certified by the Trustee:

Statement of net assets available for benefits: Investments

Statement of changes in net assets available for benefits:
Net appreciation (depreciation) in fair value of investments
Interest and dividends

Schedule of assets held for investment purposes

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 – Subsequent Events

The Company has evaluated subsequent events through October 5, 2010, the date which the financial statements were available to be issued.
