Independent Auditors' Report

The Administrative Committee
Ben Hill Griffin, Inc. Employees'
Profit Sharing Plan:

Opinion

We have audited the financial statements of Ben Hill Griffin, Inc. Employees' Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Ben Hill Griffin, Inc. Employees' Profit Sharing Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years ended December 31, 2021 and 2020, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ben Hill Griffin, Inc. Employees' Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ben Hill Griffin, Inc. Employees' Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ben Hill Griffin, Inc. Employees' Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ben Hill Griffin, Inc. Employees' Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

The Administrative Committee
Ben Hill Griffin, Inc. Employees'
Profit Sharing Plan

Other Matter - Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held at End of Year as of December 31, 2021 and the Schedule of Assets Acquired and Disposed Within Year as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BEN HILL GRIFFIN, INC. EMPLOYEES' PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(1) Plan Description

(a) General

The Board of Directors of Ben Hill Griffin, Inc. (the Company) adopted the Ben Hill Griffin, Inc. Employees' Profit Sharing Plan (the Plan) effective November 1, 1963 and executed a Trust Agreement to enable eligible employees to share in its profits. All employees of Ben Hill Griffin, Inc., who are employed on the last day of the plan year and employees who are separated from service during the year due to retirement or disability are classified as active participants in the Plan.

The Ben Hill Griffin, Inc. Employees' Profit Sharing Trust (the Trust), established by Trust Agreement executed on September 30, 1964, as amended, is intended to form a part of the Plan. The Plan and the Trust are intended to meet the needs of the Company and the requirements of Sections 401(a) and 501(a) of the Internal Revenue Code of 1954, as amended by the Employee Retirement Income Security Act of 1974.

Truist Financial Corporation serves as trustee and investment manager. In this capacity, they have custodial responsibilities and make investment decisions within the guidelines established by the "Statement of Investment Policy, Objectives and Guidelines".

(b) Contributions

The amount of the Company's contribution is determined annually by its Board of Directors.

(c) Participant Accounts

Each active participant's account is credited with an allocation of the Company's contribution as well as forfeitures of terminated participants' nonvested accounts upon distribution of the terminated participants' vested portion. Each active and inactive participant's account is credited or debited with an allocation of the Plan's investment earnings or losses. Allocations of forfeitures and the Company's contribution are based on participants' compensation. Earnings or losses from investments are allocated based on participants' account balances.

(1) Plan Description, Continued

(d) Vesting

Vesting in participants' accounts who are credited with at least 500 hours of service annually, is as follows:

Years of service	Vesting percentage
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six or more years	100%

Participants are fully vested in equity transferred from other qualified plans, plus earnings thereon.

(e) Payment of Benefits

Upon entitlement to payment of benefits, a participant may elect to receive either a lump sum amount equal to the value of their account, periodic installments of substantially equal amounts over a period not to exceed twenty years or nonperiodic amounts over a period not to exceed the life expectancy of the participant and a designated beneficiary.

(f) Plan Termination

Although it has not expressed any intent to do so, the Company has a right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(g) Forfeitures

Allocated forfeitures of terminated participants' nonvested accounts for the years ended December 31, 2021 and 2020 totaled $16,901 and $12,145, respectively. At December 31, 2021 unallocated forfeitures of terminated participants totaled $40,392.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The Plan's financial statements are prepared using the accrual method of accounting.

(b) Investment Valuation and Income Recognition

Investments are stated at fair value. Mutual funds are valued at the quoted prices of the underlying investments. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Appreciation or depreciation in the value of investments is reflected in the statements of changes in net assets available for benefits.

(c) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles may require use of estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(3) Fair Value Measurements Used In Investment Valuation

The Financial Accounting Standards Board *Accounting Standards Codification* 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring the fair value of investments. That framework prioritizes the inputs used to measure fair value, as follows:

- Level 1 Inputs have the highest priority and are used when quoted prices in active markets for identical assets are available.
- Level 2 Inputs consist of observable inputs other than quoted prices for identical assets.
- Level 3 Inputs are used when the criteria for levels 1 and 2 are not available.

The methods used to measure the fair value of investments may produce amounts that may not be indicative of their net realizable value. All investments held at December 31, 2021 and 2020 are valued using Level 1 criteria.

(4) Contributions Receivable from Ben Hill Griffin, Inc.

For the years ended December 31, 2021 and 2020, the Company's profit sharing contributions were equal to 7.0% and 7.5%, respectively, of eligible participants' allowable compensation, as defined by the Plan document.

(5) Income Tax Status and Uncertain Tax Positions

The Plan document was restated effective January 1, 2016. The Plan obtained its latest determination letter dated March 31, 2014 from the Internal Revenue Service which states that the Plan and related trust are designed in accordance with applicable requirements of the Internal Revenue Code. The Plan administrator and tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by a plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits in progress for any tax periods. The Plan Administrator believes it is no longer subject to income tax examinations for years before 2018.

(6) Investments

Investments in 2021 and 2020 consist of cash and short-term cash investments and equity and fixed income investments. The following is a summary of the original cost and fair market value of investments owned at December 31, 2021 and 2020:

Investment	December 31, 2021		December 31, 2020	
	Original Cost	Market Value	Original cost	Market Value
Cash and short-term cash Investments	$ 792,780	$ 792,780	$ 788,121	$ 788,121
Fixed income mutual funds and exchange traded funds	13,384,801	13,454,599	11,711,991	12,252,677
Equity mutual funds and exchange traded funds	16,586,393	24,201,162	14,672,837	22,233,956
Total	$ 30,763,974	$ 38,448,541	$ 27,172,949	$ 35,274,754

(6) Investments, Continued

For the years ended December 31, 2021 and 2020, the Plan's investments (including investments bought, sold and held at year-end) appreciated (depreciated) in value, as follows:

	2021	2020
Equity investments	$ 3,847,644	$ 3,626,053
Fixed income investments	(26,478)	441,371
Net appreciation (depreciation) in fair value of investments	$ 3,821,166	$ 4,067,424

(7) Accounts of Terminated Participants

Net assets available for benefits as of December 31, 2021 and 2020 include fully vested accounts of inactive participants totaling $19,694,809 and $18,060,780, respectively.

(8) Risks and Uncertainties

Investments held by the Plan are exposed to risks including interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) Plan Administrative Costs

All administrative costs of the Plan and Trust were paid by Ben Hill Griffin, Inc.

(10) Date of Management's Review

There are no subsequent events to disclose during this period. Subsequent events were evaluated through February 3, 2022 which is the date the financial statements were available to be issued.
