INDEPENDENT AUDITORS' REPORT

The Plan Administrator and participants of
Colorado Allergy & Asthma Centers, P.C.
Profit Sharing 401(k) Plan

We were engaged to audit the accompanying statements of assets available for benefits of Colorado Allergy & Asthma Centers, P.C. Profit Sharing 401(k) Plan (the "Plan") as of December 31, 2009 and 2008, and the related statement of changes in assets available for benefits for the year ended December 31, 2009 and the supplemental Schedule H, line 4i-Schedule of assets (held at end of year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

INDEPENDENT AUDITORS' REPORT

The Plan Administrator and participants of
Colorado Allergy & Asthma Centers, P.C.
Profit Sharing 401(k) Plan

We were engaged to audit the accompanying statements of assets available for benefits of Colorado Allergy & Asthma Centers, P.C. Profit Sharing 401(k) Plan (the "Plan") as of December 31, 2009 and 2008, and the related statement of changes in assets available for benefits for the year ended December 31, 2009 and the supplemental Schedule H, line 4i-Schedule of assets (held at end of year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

COLORADO ALLERGY & ASTHMA CENTERS, P.C.
PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2009

1. Description of the Plan:

The following description of the Colorado Allergy & Asthma Centers, P.C. (the "Company" or the "Employer") Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a qualified defined contribution plan. All eligible employees who have completed one year of service, as defined by the Plan, and are age twenty-one or older, are eligible to make salary deferrals to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

Contributions:

Each year, eligible participants may elect to have a portion of their salary deferred and contributed to the Plan, up to a maximum amount, adjusted annually by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and, subject to certain limitations as defined by the Plan, voluntary after-tax contributions.

The Employer may make a discretionary matching contribution equal to a percentage of each participant's voluntary contributions as well as a discretionary profit sharing contribution to the Plan. Participants are eligible for discretionary matching contributions and annual discretionary profit sharing contributions once they complete two years of service, as defined by the Plan.

For the year ended December 31, 2009, the Employer contributed a percentage equal to the participant-elected contribution percentage, but not greater than five percent as a matching contribution to each eligible participant's account. In addition, the Employer contributed a profit sharing contribution on behalf of each eligible participant equal to a percentage of the participant's compensation to total compensation of all participants for the year ended December 31, 2009. Contributions are subject to certain limitations.

Investment options:

Participants may direct the investment of their contributions and Employer contributions into various investment options offered by the Plan. Currently, the Plan offers mutual funds, a collective stable return fund and self-directed accounts as investment options. Interests in the collective stable return fund are represented by units, each of which represents an undivided pro rata share of the net assets of the collective stable return fund. A self-directed account allows a participant to direct the investment of his or her contributions among individual stocks, bonds and shares of various mutual funds through a self-directed brokerage account. Participants may change their investment options on any day.

1. **Description of the Plan (continued):**

Participant accounts:

The trustee of the Plan establishes an account for each participant. Each participant's account is credited or charged with the participant's contribution and an allocation of (a) the Company's contributions, if any; (b) Plan earnings or losses; and (c) administrative and other expenses, as defined by the Plan.

With the exception of the self-directed accounts, investment income is allocated to each participant's account based on the participant's account balance in each Plan option. Transaction fees for the purchase and sale of securities for the self-directed account of a participant are charged in accordance with a schedule of rates disclosed in the self-directed account agreement.

Vesting:

All participants are immediately vested in their voluntary contributions and Employer contributions, plus actual earnings thereon.

Participant loans:

The Plan allows participants to borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at current market rates, as defined by the Plan, determined at the date of the loan. All loans must be repaid to the Plan within a period specified by the Employer, generally not exceeding five years. The Employer establishes the specific terms and conditions of each loan. Loans outstanding at December 31, 2009, bear interest at rates that range from 3.25 percent to 8.25 percent. Principal and interest is paid ratably through semi-monthly payroll deductions.

Payment of benefits:

On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account or an annuity, as defined by the Plan. A participant may also elect to receive his or her benefit as a direct rollover to an IRA or another qualified plan.

Administrative expenses:

The Plan's administrative expenses are paid by either the Plan or the Employer, as provided in the Plan document (Note 7).

2. **Summary of significant accounting policies:**

Basis of accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution Plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution Plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective stable return fund. Contract value for this collective stable return fund is based on the net asset value of the fund as reported by the investment advisor. The Statements of Assets Available for Benefits present the fair value, as well as, the adjustment from fair value to contract value relating to the collective stable return fund. The Statement of Changes in Assets Available for Benefits is prepared on a contract value basis.

Use of estimates:

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

2. **Summary of significant accounting policies (continued):**

Recently issued and adopted accounting pronouncements:

In June 2009, the Financial Accounting Standards Board ("FASB") approved its Accounting Standards Codification ("Codification"), as the source of authoritative United States accounting and reporting standards applicable for all non-governmental entities, with the exception of the Securities and Exchange Commission and its staff. The Codification, which changes the referencing of financial standards, became effective for the Plan for its fiscal year ended December 31, 2009. As a result, all references made to US GAAP now use the new Codification numbering system prescribed by the FASB. As the Codification is not intended to change or alter existing US GAAP, it did not have any impact on the Plan's financial statements.

In January 2010, the FASB issued FASB ASU No. 2010-06, Improving Disclosures about Fair Value Measurements, which amends and expands the fair value disclosure requirements (Note 4) regarding (a) transfers in and out of Levels 1 and 2, and (b) activity in Level 3 fair value measurements. ASU 2010-06 also provides amendments that clarify existing fair value disclosures regarding (a) level of disaggregation for each class of assets and liabilities, and (b) disclosures about inputs and valuation techniques for fair value measurements that fall in either Level 2 or Level 3. The new disclosures and clarifications of existing disclosures are effective for annual reporting periods beginning after December 15, 2009, except for the disclosures regarding the roll-forward of activity in Level 3 fair value measurements, which are effective for fiscal years beginning after December 15, 2010. The adoption will require additional disclosures, and is not expected to have a financial impact on the Plan's financial statements.

In September 2010, the FASB issued FASB ASU No. 2010-25, Reporting Loans to Participants by Defined Contribution Plans, which requires that participant loans be classified as notes receivable from participants, segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Existing guidance requires participant loans to be classified as plan investments, which are generally measured at fair value. The new requirements are effective for fiscal years ending after December 15, 2010 and are required to be applied retrospectively to all prior periods presented. The adoption is not expected to have a material impact on the Plan's financial statements.

3. **Investments (unaudited):**

The financial information related to investments and investment activity included in the Plan's financial statements and supplemental schedule of assets (held at end of year) has been derived from information certified as complete and accurate by Wells Fargo Bank, N.A., the trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974, and furnished to the Employer. Accordingly, the following information was not subjected to any auditing procedures performed by the independent public accountants.

3. Investments (unaudited) (continued):

Investments that represent 5 percent or more of the Plan's assets are as follows:

	December 31, 2009	2008
Self-Directed Accounts	$ 3,405,147	$ 2,647,232
Collective Stable Return Fund:		
Wells Fargo Collective Stable Return Fund, at contract value	$ 1,750,626	$ 1,496,410
Mutual Funds:		
PIMCO Total Return Fund	$ 1,577,009	$ 1,110,184
Janus Overseas Fund	$ 1,453,089	$ 982,530
Wells Fargo Advantage Small Cap Opportunities Fund	$ 965,741	$ 684,426
Gabelli Value Fund	$ 855,699	$ 588,522
Wells Fargo Advantage Index Fund	$ 781,841	$ 723,668

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $3,111,037 as follows:

Self-Directed Accounts	$ 757,915
Mutual Funds	2,309,784
Collective Stable Return Fund	43,338
	$ 3,111,037

4. Fair value measurements:

The Plan measures financial assets and liabilities under accounting guidance which establishes a three-tier fair value hierarchy and prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions. In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The determination of where assets and liabilities fall within this hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Much of the information used to determine fair values is highly subjective and judgmental in nature and, therefore the results may not be precise. In addition, estimates of cash flows, risk characteristics, credit quality and interest rates are all subject to change. Since the fair values are estimated as of the statement of assets available for benefits date, the amounts, which will actually be realized or paid upon settlement or maturity of the various instruments, could be significantly different.

4. Fair value measurements (continued):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Collective stable return fund: Valued based on financial statements provided by the Plan's investment trustee, which are audited annually by independent accountants. The value for this fund is stated at estimated fair value, which has been determined based on the unit values of the fund, and recent transactions at year end. Net unit values are determined by the bank sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation dates.

Self-directed accounts: Include mutual funds, which are valued at the net asset value of shares held by the Plan at year end; and, common stocks, which are valued at quoted market prices.

Participant loans: Valued at amortized cost, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at fair value as of December 31, 2009 (unaudited)			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,645,699			$ 9,645,699
Collective stable return fund		$ 1,754,127		1,754,127
Self-directed accounts:				
Mutual funds	3,093,784			3,093,784
Common stock	311,363			311,363
Participant loans			$ 101,031	101,031
Total assets at fair value	$13,050,846	$ 1,754,127	$ 101,031	$ 14,906,004

	Assets at fair value as of December 31, 2008 (unaudited)			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,709,918			$ 6,709,918
Collective stable return fund		$ 1,417,100		1,417,100
Self-directed accounts:				
Mutual funds	2,381,855			2,381,855
Common stock	265,377			265,377
Participant loans			$ 37,643	37,643
Total assets at fair value	$ 9,357,150	$ 1,417,100	$ 37,643	$ 10,811,893

4. Fair value measurements (continued):

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009:

	Participant loans
Balance, beginning of year	$ 37,643
Purchases, sales, issuances and settlements (net)	63,388
Balance, end of year	$ 101,031

5. Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan by resolution of its Board of Directors and subject to the provisions of ERISA.

6. Tax status:

The Internal Revenue Service has determined and informed the Company by letter dated August 30, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

7. Related party transactions:

Certain Plan investments are units of a collective stable return fund and shares of various mutual funds managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. is the trustee, as defined by the Plan, and therefore these transactions qualify as party-in interest transactions.

Fees paid by the Employer for legal, accounting and other professional services provided to the Plan and rendered by parties-in-interest on behalf of the Plan were approximately $18,000 during the year ended December 31, 2009. Other fees, such as loan processing fees, withdrawal charges and service fees, incurred by individual participants, were deducted from the individual participant's account balance.

8. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participant's account balances and the amounts reported in the statement of assets available for benefits.

9. Subsequent events:

The Employer has evaluated events through September 29, 2010, the date the financial statements were available to be issued, for consideration of subsequent events to be included in its December 31, 2009 financial statements.

INDEPENDENT AUDITORS' REPORT

The Plan Administrator and participants of
Colorado Allergy & Asthma Centers, P.C.
Profit Sharing 401(k) Plan

We were engaged to audit the accompanying statements of assets available for benefits of Colorado Allergy & Asthma Centers, P.C. Profit Sharing 401(k) Plan (the "Plan") as of December 31, 2009 and 2008, and the related statement of changes in assets available for benefits for the year ended December 31, 2009 and the supplemental Schedule H, line 4i-Schedule of assets (held at end of year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2009

1. Description of the Plan:

The following description of the Colorado Allergy & Asthma Centers, P.C. (the "Company" or the "Employer") Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a qualified defined contribution plan. All eligible employees who have completed one year of service, as defined by the Plan, and are age twenty-one or older, are eligible to make salary deferrals to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

Contributions:

Each year, eligible participants may elect to have a portion of their salary deferred and contributed to the Plan, up to a maximum amount, adjusted annually by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and, subject to certain limitations as defined by the Plan, voluntary after-tax contributions.

The Employer may make a discretionary matching contribution equal to a percentage of each participant's voluntary contributions as well as a discretionary profit sharing contribution to the Plan. Participants are eligible for discretionary matching contributions and annual discretionary profit sharing contributions once they complete two years of service, as defined by the Plan.

For the year ended December 31, 2009, the Employer contributed a percentage equal to the participant-elected contribution percentage, but not greater than five percent as a matching contribution to each eligible participant's account. In addition, the Employer contributed a profit sharing contribution on behalf of each eligible participant equal to a percentage of the participant's compensation to total compensation of all participants for the year ended December 31, 2009. Contributions are subject to certain limitations.

Investment options:

Participants may direct the investment of their contributions and Employer contributions into various investment options offered by the Plan. Currently, the Plan offers mutual funds, a collective stable return fund and self-directed accounts as investment options. Interests in the collective stable return fund are represented by units, each of which represents an undivided pro rata share of the net assets of the collective stable return fund. A self-directed account allows a participant to direct the investment of his or her contributions among individual stocks, bonds and shares of various mutual funds through a self-directed brokerage account. Participants may change their investment options on any day.

1. **Description of the Plan (continued):**

Participant accounts:

The trustee of the Plan establishes an account for each participant. Each participant's account is credited or charged with the participant's contribution and an allocation of (a) the Company's contributions, if any; (b) Plan earnings or losses; and (c) administrative and other expenses, as defined by the Plan.

With the exception of the self-directed accounts, investment income is allocated to each participant's account based on the participant's account balance in each Plan option. Transaction fees for the purchase and sale of securities for the self-directed account of a participant are charged in accordance with a schedule of rates disclosed in the self-directed account agreement.

Vesting:

All participants are immediately vested in their voluntary contributions and Employer contributions, plus actual earnings thereon.

Participant loans:

The Plan allows participants to borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at current market rates, as defined by the Plan, determined at the date of the loan. All loans must be repaid to the Plan within a period specified by the Employer, generally not exceeding five years. The Employer establishes the specific terms and conditions of each loan. Loans outstanding at December 31, 2009, bear interest at rates that range from 3.25 percent to 8.25 percent. Principal and interest is paid ratably through semi-monthly payroll deductions.

Payment of benefits:

On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account or an annuity, as defined by the Plan. A participant may also elect to receive his or her benefit as a direct rollover to an IRA or another qualified plan.

Administrative expenses:

The Plan's administrative expenses are paid by either the Plan or the Employer, as provided in the Plan document (Note 7).

2. **Summary of significant accounting policies:**

Basis of accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution Plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution Plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective stable return fund. Contract value for this collective stable return fund is based on the net asset value of the fund as reported by the investment advisor. The Statements of Assets Available for Benefits present the fair value, as well as, the adjustment from fair value to contract value relating to the collective stable return fund. The Statement of Changes in Assets Available for Benefits is prepared on a contract value basis.

Use of estimates:

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

2. **Summary of significant accounting policies (continued):**

Recently issued and adopted accounting pronouncements:

In June 2009, the Financial Accounting Standards Board ("FASB") approved its Accounting Standards Codification ("Codification"), as the source of authoritative United States accounting and reporting standards applicable for all non-governmental entities, with the exception of the Securities and Exchange Commission and its staff. The Codification, which changes the referencing of financial standards, became effective for the Plan for its fiscal year ended December 31, 2009. As a result, all references made to US GAAP now use the new Codification numbering system prescribed by the FASB. As the Codification is not intended to change or alter existing US GAAP, it did not have any impact on the Plan's financial statements.

In January 2010, the FASB issued FASB ASU No. 2010-06, Improving Disclosures about Fair Value Measurements, which amends and expands the fair value disclosure requirements (Note 4) regarding (a) transfers in and out of Levels 1 and 2, and (b) activity in Level 3 fair value measurements. ASU 2010-06 also provides amendments that clarify existing fair value disclosures regarding (a) level of disaggregation for each class of assets and liabilities, and (b) disclosures about inputs and valuation techniques for fair value measurements that fall in either Level 2 or Level 3. The new disclosures and clarifications of existing disclosures are effective for annual reporting periods beginning after December 15, 2009, except for the disclosures regarding the roll-forward of activity in Level 3 fair value measurements, which are effective for fiscal years beginning after December 15, 2010. The adoption will require additional disclosures, and is not expected to have a financial impact on the Plan's financial statements.

In September 2010, the FASB issued FASB ASU No. 2010-25, Reporting Loans to Participants by Defined Contribution Plans, which requires that participant loans be classified as notes receivable from participants, segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Existing guidance requires participant loans to be classified as plan investments, which are generally measured at fair value. The new requirements are effective for fiscal years ending after December 15, 2010 and are required to be applied retrospectively to all prior periods presented. The adoption is not expected to have a material impact on the Plan's financial statements.

3. **Investments (unaudited):**

The financial information related to investments and investment activity included in the Plan's financial statements and supplemental schedule of assets (held at end of year) has been derived from information certified as complete and accurate by Wells Fargo Bank, N.A., the trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974, and furnished to the Employer. Accordingly, the following information was not subjected to any auditing procedures performed by the independent public accountants.

3. Investments (unaudited) (continued):

Investments that represent 5 percent or more of the Plan's assets are as follows:

	December 31, 2009	2008
Self-Directed Accounts	$ 3,405,147	$ 2,647,232
Collective Stable Return Fund:		
Wells Fargo Collective Stable Return Fund, at contract value	$ 1,750,626	$ 1,496,410
Mutual Funds:		
PIMCO Total Return Fund	$ 1,577,009	$ 1,110,184
Janus Overseas Fund	$ 1,453,089	$ 982,530
Wells Fargo Advantage Small Cap Opportunities Fund	$ 965,741	$ 684,426
Gabelli Value Fund	$ 855,699	$ 588,522
Wells Fargo Advantage Index Fund	$ 781,841	$ 723,668

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $3,111,037 as follows:

Self-Directed Accounts	$ 757,915
Mutual Funds	2,309,784
Collective Stable Return Fund	43,338
	$ 3,111,037

4. Fair value measurements:

The Plan measures financial assets and liabilities under accounting guidance which establishes a three-tier fair value hierarchy and prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions. In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The determination of where assets and liabilities fall within this hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Much of the information used to determine fair values is highly subjective and judgmental in nature and, therefore the results may not be precise. In addition, estimates of cash flows, risk characteristics, credit quality and interest rates are all subject to change. Since the fair values are estimated as of the statement of assets available for benefits date, the amounts, which will actually be realized or paid upon settlement or maturity of the various instruments, could be significantly different.

4. Fair value measurements (continued):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Collective stable return fund: Valued based on financial statements provided by the Plan's investment trustee, which are audited annually by independent accountants. The value for this fund is stated at estimated fair value, which has been determined based on the unit values of the fund, and recent transactions at year end. Net unit values are determined by the bank sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation dates.

Self-directed accounts: Include mutual funds, which are valued at the net asset value of shares held by the Plan at year end; and, common stocks, which are valued at quoted market prices.

Participant loans: Valued at amortized cost, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at fair value as of December 31, 2009 (unaudited)			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,645,699			$ 9,645,699
Collective stable return fund		$ 1,754,127		1,754,127
Self-directed accounts:				
Mutual funds	3,093,784			3,093,784
Common stock	311,363			311,363
Participant loans			$ 101,031	101,031
Total assets at fair value	$13,050,846	$ 1,754,127	$ 101,031	$ 14,906,004

	Assets at fair value as of December 31, 2008 (unaudited)			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,709,918			$ 6,709,918
Collective stable return fund		$ 1,417,100		1,417,100
Self-directed accounts:				
Mutual funds	2,381,855			2,381,855
Common stock	265,377			265,377
Participant loans			$ 37,643	37,643
Total assets at fair value	$ 9,357,150	$ 1,417,100	$ 37,643	$ 10,811,893

4. Fair value measurements (continued):

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009:

	Participant loans
Balance, beginning of year	$ 37,643
Purchases, sales, issuances and settlements (net)	63,388
Balance, end of year	$ 101,031

5. Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan by resolution of its Board of Directors and subject to the provisions of ERISA.

6. Tax status:

The Internal Revenue Service has determined and informed the Company by letter dated August 30, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

7. Related party transactions:

Certain Plan investments are units of a collective stable return fund and shares of various mutual funds managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. is the trustee, as defined by the Plan, and therefore these transactions qualify as party-in interest transactions.

Fees paid by the Employer for legal, accounting and other professional services provided to the Plan and rendered by parties-in-interest on behalf of the Plan were approximately $18,000 during the year ended December 31, 2009. Other fees, such as loan processing fees, withdrawal charges and service fees, incurred by individual participants, were deducted from the individual participant's account balance.

8. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participant's account balances and the amounts reported in the statement of assets available for benefits.

9. Subsequent events:

The Employer has evaluated events through September 29, 2010, the date the financial statements were available to be issued, for consideration of subsequent events to be included in its December 31, 2009 financial statements.

INDEPENDENT AUDITORS' REPORT

The Plan Administrator and participants of
Colorado Allergy & Asthma Centers, P.C.
Profit Sharing 401(k) Plan

We were engaged to audit the accompanying statements of assets available for benefits of Colorado Allergy & Asthma Centers, P.C. Profit Sharing 401(k) Plan (the "Plan") as of December 31, 2009 and 2008, and the related statement of changes in assets available for benefits for the year ended December 31, 2009 and the supplemental Schedule H, line 4i-Schedule of assets (held at end of year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2009

1. Description of the Plan:

The following description of the Colorado Allergy & Asthma Centers, P.C. (the "Company" or the "Employer") Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a qualified defined contribution plan. All eligible employees who have completed one year of service, as defined by the Plan, and are age twenty-one or older, are eligible to make salary deferrals to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

Contributions:

Each year, eligible participants may elect to have a portion of their salary deferred and contributed to the Plan, up to a maximum amount, adjusted annually by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and, subject to certain limitations as defined by the Plan, voluntary after-tax contributions.

The Employer may make a discretionary matching contribution equal to a percentage of each participant's voluntary contributions as well as a discretionary profit sharing contribution to the Plan. Participants are eligible for discretionary matching contributions and annual discretionary profit sharing contributions once they complete two years of service, as defined by the Plan.

For the year ended December 31, 2009, the Employer contributed a percentage equal to the participant-elected contribution percentage, but not greater than five percent as a matching contribution to each eligible participant's account. In addition, the Employer contributed a profit sharing contribution on behalf of each eligible participant equal to a percentage of the participant's compensation to total compensation of all participants for the year ended December 31, 2009. Contributions are subject to certain limitations.

Investment options:

Participants may direct the investment of their contributions and Employer contributions into various investment options offered by the Plan. Currently, the Plan offers mutual funds, a collective stable return fund and self-directed accounts as investment options. Interests in the collective stable return fund are represented by units, each of which represents an undivided pro rata share of the net assets of the collective stable return fund. A self-directed account allows a participant to direct the investment of his or her contributions among individual stocks, bonds and shares of various mutual funds through a self-directed brokerage account. Participants may change their investment options on any day.

1. **Description of the Plan (continued):**

Participant accounts:

The trustee of the Plan establishes an account for each participant. Each participant's account is credited or charged with the participant's contribution and an allocation of (a) the Company's contributions, if any; (b) Plan earnings or losses; and (c) administrative and other expenses, as defined by the Plan.

With the exception of the self-directed accounts, investment income is allocated to each participant's account based on the participant's account balance in each Plan option. Transaction fees for the purchase and sale of securities for the self-directed account of a participant are charged in accordance with a schedule of rates disclosed in the self-directed account agreement.

Vesting:

All participants are immediately vested in their voluntary contributions and Employer contributions, plus actual earnings thereon.

Participant loans:

The Plan allows participants to borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at current market rates, as defined by the Plan, determined at the date of the loan. All loans must be repaid to the Plan within a period specified by the Employer, generally not exceeding five years. The Employer establishes the specific terms and conditions of each loan. Loans outstanding at December 31, 2009, bear interest at rates that range from 3.25 percent to 8.25 percent. Principal and interest is paid ratably through semi-monthly payroll deductions.

Payment of benefits:

On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account or an annuity, as defined by the Plan. A participant may also elect to receive his or her benefit as a direct rollover to an IRA or another qualified plan.

Administrative expenses:

The Plan's administrative expenses are paid by either the Plan or the Employer, as provided in the Plan document (Note 7).

2. **Summary of significant accounting policies:**

Basis of accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution Plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution Plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective stable return fund. Contract value for this collective stable return fund is based on the net asset value of the fund as reported by the investment advisor. The Statements of Assets Available for Benefits present the fair value, as well as, the adjustment from fair value to contract value relating to the collective stable return fund. The Statement of Changes in Assets Available for Benefits is prepared on a contract value basis.

Use of estimates:

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

2. **Summary of significant accounting policies (continued):**

Recently issued and adopted accounting pronouncements:

In June 2009, the Financial Accounting Standards Board ("FASB") approved its Accounting Standards Codification ("Codification"), as the source of authoritative United States accounting and reporting standards applicable for all non-governmental entities, with the exception of the Securities and Exchange Commission and its staff. The Codification, which changes the referencing of financial standards, became effective for the Plan for its fiscal year ended December 31, 2009. As a result, all references made to US GAAP now use the new Codification numbering system prescribed by the FASB. As the Codification is not intended to change or alter existing US GAAP, it did not have any impact on the Plan's financial statements.

In January 2010, the FASB issued FASB ASU No. 2010-06, Improving Disclosures about Fair Value Measurements, which amends and expands the fair value disclosure requirements (Note 4) regarding (a) transfers in and out of Levels 1 and 2, and (b) activity in Level 3 fair value measurements. ASU 2010-06 also provides amendments that clarify existing fair value disclosures regarding (a) level of disaggregation for each class of assets and liabilities, and (b) disclosures about inputs and valuation techniques for fair value measurements that fall in either Level 2 or Level 3. The new disclosures and clarifications of existing disclosures are effective for annual reporting periods beginning after December 15, 2009, except for the disclosures regarding the roll-forward of activity in Level 3 fair value measurements, which are effective for fiscal years beginning after December 15, 2010. The adoption will require additional disclosures, and is not expected to have a financial impact on the Plan's financial statements.

In September 2010, the FASB issued FASB ASU No. 2010-25, Reporting Loans to Participants by Defined Contribution Plans, which requires that participant loans be classified as notes receivable from participants, segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Existing guidance requires participant loans to be classified as plan investments, which are generally measured at fair value. The new requirements are effective for fiscal years ending after December 15, 2010 and are required to be applied retrospectively to all prior periods presented. The adoption is not expected to have a material impact on the Plan's financial statements.

3. **Investments (unaudited):**

The financial information related to investments and investment activity included in the Plan's financial statements and supplemental schedule of assets (held at end of year) has been derived from information certified as complete and accurate by Wells Fargo Bank, N.A., the trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974, and furnished to the Employer. Accordingly, the following information was not subjected to any auditing procedures performed by the independent public accountants.

3. Investments (unaudited) (continued):

Investments that represent 5 percent or more of the Plan's assets are as follows:

	December 31, 2009	2008
Self-Directed Accounts	$ 3,405,147	$ 2,647,232
Collective Stable Return Fund:		
Wells Fargo Collective Stable Return Fund, at contract value	$ 1,750,626	$ 1,496,410
Mutual Funds:		
PIMCO Total Return Fund	$ 1,577,009	$ 1,110,184
Janus Overseas Fund	$ 1,453,089	$ 982,530
Wells Fargo Advantage Small Cap Opportunities Fund	$ 965,741	$ 684,426
Gabelli Value Fund	$ 855,699	$ 588,522
Wells Fargo Advantage Index Fund	$ 781,841	$ 723,668

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $3,111,037 as follows:

Self-Directed Accounts	$ 757,915
Mutual Funds	2,309,784
Collective Stable Return Fund	43,338
	$ 3,111,037

4. Fair value measurements:

The Plan measures financial assets and liabilities under accounting guidance which establishes a three-tier fair value hierarchy and prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions. In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The determination of where assets and liabilities fall within this hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Much of the information used to determine fair values is highly subjective and judgmental in nature and, therefore the results may not be precise. In addition, estimates of cash flows, risk characteristics, credit quality and interest rates are all subject to change. Since the fair values are estimated as of the statement of assets available for benefits date, the amounts, which will actually be realized or paid upon settlement or maturity of the various instruments, could be significantly different.

4. Fair value measurements (continued):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Collective stable return fund: Valued based on financial statements provided by the Plan's investment trustee, which are audited annually by independent accountants. The value for this fund is stated at estimated fair value, which has been determined based on the unit values of the fund, and recent transactions at year end. Net unit values are determined by the bank sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation dates.

Self-directed accounts: Include mutual funds, which are valued at the net asset value of shares held by the Plan at year end; and, common stocks, which are valued at quoted market prices.

Participant loans: Valued at amortized cost, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at fair value as of December 31, 2009 (unaudited)

Total assets at fair value	$ 9,357,150	$ 1,417,100	$ 37,643	$ 10,811,893

4. Fair value measurements (continued):

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009:

	Participant loans
Balance, beginning of year	$ 37,643
Purchases, sales, issuances and settlements (net)	63,388
Balance, end of year	$ 101,031

5. Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan by resolution of its Board of Directors and subject to the provisions of ERISA.

6. Tax status:

The Internal Revenue Service has determined and informed the Company by letter dated August 30, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

7. Related party transactions:

Certain Plan investments are units of a collective stable return fund and shares of various mutual funds managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. is the trustee, as defined by the Plan, and therefore these transactions qualify as party-in interest transactions.

Fees paid by the Employer for legal, accounting and other professional services provided to the Plan and rendered by parties-in-interest on behalf of the Plan were approximately $18,000 during the year ended December 31, 2009. Other fees, such as loan processing fees, withdrawal charges and service fees, incurred by individual participants, were deducted from the individual participant's account balance.

8. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participant's account balances and the amounts reported in the statement of assets available for benefits.

9. Subsequent events:

The Employer has evaluated events through September 29, 2010, the date the financial statements were available to be issued, for consideration of subsequent events to be included in its December 31, 2009 financial statements.

INDEPENDENT AUDITORS' REPORT

The Plan Administrator and participants of
Colorado Allergy & Asthma Centers, P.C.
Profit Sharing 401(k) Plan

We were engaged to audit the accompanying statements of assets available for benefits of Colorado Allergy & Asthma Centers, P.C. Profit Sharing 401(k) Plan (the "Plan") as of December 31, 2009 and 2008, and the related statement of changes in assets available for benefits for the year ended December 31, 2009 and the supplemental Schedule H, line 4i-Schedule of assets (held at end of year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

COLORADO ALLERGY & ASTHMA CENTERS, P.C.
PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2009

1. Description of the Plan:

The following description of the Colorado Allergy & Asthma Centers, P.C. (the "Company" or the "Employer") Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a qualified defined contribution plan. All eligible employees who have completed one year of service, as defined by the Plan, and are age twenty-one or older, are eligible to make salary deferrals to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

Contributions:

Each year, eligible participants may elect to have a portion of their salary deferred and contributed to the Plan, up to a maximum amount, adjusted annually by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and, subject to certain limitations as defined by the Plan, voluntary after-tax contributions.

The Employer may make a discretionary matching contribution equal to a percentage of each participant's voluntary contributions as well as a discretionary profit sharing contribution to the Plan. Participants are eligible for discretionary matching contributions and annual discretionary profit sharing contributions once they complete two years of service, as defined by the Plan.

For the year ended December 31, 2009, the Employer contributed a percentage equal to the participant-elected contribution percentage, but not greater than five percent as a matching contribution to each eligible participant's account. In addition, the Employer contributed a profit sharing contribution on behalf of each eligible participant equal to a percentage of the participant's compensation to total compensation of all participants for the year ended December 31, 2009. Contributions are subject to certain limitations.

Investment options:

Participants may direct the investment of their contributions and Employer contributions into various investment options offered by the Plan. Currently, the Plan offers mutual funds, a collective stable return fund and self-directed accounts as investment options. Interests in the collective stable return fund are represented by units, each of which represents an undivided pro rata share of the net assets of the collective stable return fund. A self-directed account allows a participant to direct the investment of his or her contributions among individual stocks, bonds and shares of various mutual funds through a self-directed brokerage account. Participants may change their investment options on any day.

1. **Description of the Plan (continued):**

Participant accounts:

The trustee of the Plan establishes an account for each participant. Each participant's account is credited or charged with the participant's contribution and an allocation of (a) the Company's contributions, if any; (b) Plan earnings or losses; and (c) administrative and other expenses, as defined by the Plan.

With the exception of the self-directed accounts, investment income is allocated to each participant's account based on the participant's account balance in each Plan option. Transaction fees for the purchase and sale of securities for the self-directed account of a participant are charged in accordance with a schedule of rates disclosed in the self-directed account agreement.

Vesting:

All participants are immediately vested in their voluntary contributions and Employer contributions, plus actual earnings thereon.

Participant loans:

The Plan allows participants to borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at current market rates, as defined by the Plan, determined at the date of the loan. All loans must be repaid to the Plan within a period specified by the Employer, generally not exceeding five years. The Employer establishes the specific terms and conditions of each loan. Loans outstanding at December 31, 2009, bear interest at rates that range from 3.25 percent to 8.25 percent. Principal and interest is paid ratably through semi-monthly payroll deductions.

Payment of benefits:

On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account or an annuity, as defined by the Plan. A participant may also elect to receive his or her benefit as a direct rollover to an IRA or another qualified plan.

Administrative expenses:

The Plan's administrative expenses are paid by either the Plan or the Employer, as provided in the Plan document (Note 7).

2. **Summary of significant accounting policies:**

Basis of accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution Plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution Plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective stable return fund. Contract value for this collective stable return fund is based on the net asset value of the fund as reported by the investment advisor. The Statements of Assets Available for Benefits present the fair value, as well as, the adjustment from fair value to contract value relating to the collective stable return fund. The Statement of Changes in Assets Available for Benefits is prepared on a contract value basis.

Use of estimates:

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

2. **Summary of significant accounting policies (continued):**

Recently issued and adopted accounting pronouncements:

In June 2009, the Financial Accounting Standards Board ("FASB") approved its Accounting Standards Codification ("Codification"), as the source of authoritative United States accounting and reporting standards applicable for all non-governmental entities, with the exception of the Securities and Exchange Commission and its staff. The Codification, which changes the referencing of financial standards, became effective for the Plan for its fiscal year ended December 31, 2009. As a result, all references made to US GAAP now use the new Codification numbering system prescribed by the FASB. As the Codification is not intended to change or alter existing US GAAP, it did not have any impact on the Plan's financial statements.

In January 2010, the FASB issued FASB ASU No. 2010-06, Improving Disclosures about Fair Value Measurements, which amends and expands the fair value disclosure requirements (Note 4) regarding (a) transfers in and out of Levels 1 and 2, and (b) activity in Level 3 fair value measurements. ASU 2010-06 also provides amendments that clarify existing fair value disclosures regarding (a) level of disaggregation for each class of assets and liabilities, and (b) disclosures about inputs and valuation techniques for fair value measurements that fall in either Level 2 or Level 3. The new disclosures and clarifications of existing disclosures are effective for annual reporting periods beginning after December 15, 2009, except for the disclosures regarding the roll-forward of activity in Level 3 fair value measurements, which are effective for fiscal years beginning after December 15, 2010. The adoption will require additional disclosures, and is not expected to have a financial impact on the Plan's financial statements.

In September 2010, the FASB issued FASB ASU No. 2010-25, Reporting Loans to Participants by Defined Contribution Plans, which requires that participant loans be classified as notes receivable from participants, segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Existing guidance requires participant loans to be classified as plan investments, which are generally measured at fair value. The new requirements are effective for fiscal years ending after December 15, 2010 and are required to be applied retrospectively to all prior periods presented. The adoption is not expected to have a material impact on the Plan's financial statements.

3. **Investments (unaudited):**

The financial information related to investments and investment activity included in the Plan's financial statements and supplemental schedule of assets (held at end of year) has been derived from information certified as complete and accurate by Wells Fargo Bank, N.A., the trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974, and furnished to the Employer. Accordingly, the following information was not subjected to any auditing procedures performed by the independent public accountants.

3. Investments (unaudited) (continued):

Investments that represent 5 percent or more of the Plan's assets are as follows:

	December 31, 2009	2008
Self-Directed Accounts	$ 3,405,147	$ 2,647,232
Collective Stable Return Fund:		
Wells Fargo Collective Stable Return Fund, at contract value	$ 1,750,626	$ 1,496,410
Mutual Funds:		
PIMCO Total Return Fund	$ 1,577,009	$ 1,110,184
Janus Overseas Fund	$ 1,453,089	$ 982,530
Wells Fargo Advantage Small Cap Opportunities Fund	$ 965,741	$ 684,426
Gabelli Value Fund	$ 855,699	$ 588,522
Wells Fargo Advantage Index Fund	$ 781,841	$ 723,668

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $3,111,037 as follows:

Self-Directed Accounts	$ 757,915
Mutual Funds	2,309,784
Collective Stable Return Fund	43,338
	$ 3,111,037

4. Fair value measurements:

The Plan measures financial assets and liabilities under accounting guidance which establishes a three-tier fair value hierarchy and prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions. In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The determination of where assets and liabilities fall within this hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Much of the information used to determine fair values is highly subjective and judgmental in nature and, therefore the results may not be precise. In addition, estimates of cash flows, risk characteristics, credit quality and interest rates are all subject to change. Since the fair values are estimated as of the statement of assets available for benefits date, the amounts, which will actually be realized or paid upon settlement or maturity of the various instruments, could be significantly different.

4. Fair value measurements (continued):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Collective stable return fund: Valued based on financial statements provided by the Plan's investment trustee, which are audited annually by independent accountants. The value for this fund is stated at estimated fair value, which has been determined based on the unit values of the fund, and recent transactions at year end. Net unit values are determined by the bank sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation dates.

Self-directed accounts: Include mutual funds, which are valued at the net asset value of shares held by the Plan at year end; and, common stocks, which are valued at quoted market prices.

Participant loans: Valued at amortized cost, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at fair value as of December 31, 2009 (unaudited)			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,645,699			$ 9,645,699
Collective stable return fund		$ 1,754,127		1,754,127
Self-directed accounts:				
Mutual funds	3,093,784			3,093,784

Total assets at fair value	$13,050,846	$ 1,754,127	$ 101,031	$ 14,906,004

	Assets at fair value as of December 31, 2008 (unaudited)			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,709,918			$ 6,709,918
Collective stable return fund		$ 1,417,100		1,417,100
Self-directed accounts:				
Mutual funds	2,381,855			2,381,855
Common stock	265,377			265,377
Participant loans			$ 37,643	37,643
Total assets at fair value	$ 9,357,150	$ 1,417,100	$ 37,643	$ 10,811,893

4. Fair value measurements (continued):

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009:

	Participant loans
Balance, beginning of year	$ 37,643
Purchases, sales, issuances and settlements (net)	63,388
Balance, end of year	$ 101,031

5. Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan by resolution of its Board of Directors and subject to the provisions of ERISA.

6. Tax status:

The Internal Revenue Service has determined and informed the Company by letter dated August 30, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

7. Related party transactions:

Certain Plan investments are units of a collective stable return fund and shares of various mutual funds managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. is the trustee, as defined by the Plan, and therefore these transactions qualify as party-in interest transactions.

Fees paid by the Employer for legal, accounting and other professional services provided to the Plan and rendered by parties-in-interest on behalf of the Plan were approximately $18,000 during the year ended December 31, 2009. Other fees, such as loan processing fees, withdrawal charges and service fees, incurred by individual participants, were deducted from the individual participant's account balance.

8. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participant's account balances and the amounts reported in the statement of assets available for benefits.

9. Subsequent events:

The Employer has evaluated events through September 29, 2010, the date the financial statements were available to be issued, for consideration of subsequent events to be included in its December 31, 2009 financial statements.
