Independent Auditors' Report

To the Plan Administrator of the
Gravity Retirement Plan
Midland, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Gravity Retirement Plan (formerly the Light Tower Rentals, Inc. 401(k) Profit Sharing Plan), which comprise the statement of net assets available for benefits as of December 31, 2018 and March 31, 2018, and the related statement of changes in net assets available for benefits for the nine-month period then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the nine-month period ended December 31, 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

1. Description of the Plan

The following description of the Gravity Retirement Plan (formerly the Light Tower Rentals, Inc. 401(k) Profit Sharing Plan) (the "Plan") provides only general information. Participants should refer to the plan document or summary plan description for a more complete description of the Plan's provisions.

General

Gravity Oilfield Services Inc. ("Gravity") is a Delaware Corporation incorporated on January 24, 2017. Gravity is a holding company whose only material assets consist of membership interests in Gravity Oilfield Operating LLC ("OpCo LLC"), which was formerly known as Globe Energy Holdings, LLC ("GEH" or "Globe Energy" or the "Company" or "Plan Sponsor"). OpCo LLC directly or indirectly owns 100% of LTR Holdco, Inc., Globe Energy Services, LLC, Mission West Holdings, LLC, Permian Basin H2O LP and McKenzie Energy Partners. In connection with a private placement on February 23, 2017, LTR Holdco, LLC (formerly LTR Holdco, Inc.) and Mission West Holdings, LLC were contributed to GEH (which then became OpCo LLC as a result of a name change) in a corporate reorganization of entities under common control.

The Light Tower Rentals, Inc. 401(k) Profit Sharing Plan ("Light Tower Plan") was a defined contribution plan and covered substantially all employees of Light Tower Rentals, Inc. (ultimately owned by LTR Holdco, LLC) and its wholly owned subsidiaries, which was established under the provisions of Internal Revenue Code ("IRC") Section 401 on January 1, 1998. The Plan provided employees eligible to participate an opportunity to accumulate funds for retirement, death, and disability benefits. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and its subsequent amendments. The Globe Energy Retirement Plan ("Globe Plan") was a defined contribution plan, which was established under the provisions of the IRC Section 401 on July 1, 2011.

On January 1, 2018, the Globe Plan changed custodians from Massachusetts Mutual Life Insurance Company to Fidelity Management Trust Company as the new investment custodian and recordkeeper, and all of the Globe Plan's assets of approximately $11.9 million were transferred accordingly and merged with the Light Tower Plan. On April 1, 2018, Globe Energy, Mission West Holdings, LLC, and LTR Holdco, LLC were merged, and the surviving entity was renamed Gravity Oilfield Services, LLC. Therefore, there was no change in ownership as all of the entities were part of the same controlled group before and after April 1, 2018, and there was no plan termination. On April 1, 2018, the Light Tower Rentals, Inc. 401(k) Profit Sharing Plan's name was changed to Gravity Retirement Plan, and Gravity is the Plan Sponsor and filing under Gravity's EIN, which is plan number 002, and $29.7 million was the beginning net assets from the Light Tower Plan, which was plan number 001.

Eligibility

An employee is eligible to become a participant in the Plan after being credited with 90 days of service and after having attained age 18, provided such employee is not (1) a member of a collective bargaining unit unless his or her collective bargaining agreement provides for coverage under the Plan or (2) a non-resident alien with no earned income from the Company that constitutes income from sources within the United States. Employees are automatically enrolled in the Plan upon attaining eligibility unless a formal election is made not to participate.

Administration of the Plan

The Plan Sponsor is the plan administrator. Fidelity Management Trust Company is the custodian for the Light Tower Plan and Gravity Retirement Plan.

Contributions

During the calendar year 2018, participants can contribute up to $18,500 of their annual compensation, subject to certain limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make additional catch-up contributions limited to $6,000 for 2018.

The Company makes safe harbor matching contributions equal to 100% of each employee's elective deferrals up to 5% of his or her eligible wages in the plan year. The Company may make discretionary non-elective contributions to the Plan in the same proportion that each participant's compensation for the plan year bears to the compensation of all participants for such year. The discretionary match would be invested in various investment options as directed by the participant and subject to vesting requirements described below. For the plan period ended December 31, 2018, the Company did not make a discretionary match.

Rollovers

Rollovers represent funds transferred to the Plan from other qualified plans of the participants.

Participants' Accounts

Each participant's account is credited with the participant's and the Company's contributions, an allocation of net plan earnings (losses) and charged with administrative expenses, where applicable. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan. During 2018, the Plan offered 1 common/collective trust and 23 mutual fund investment options for participants.

Vesting

Under the terms of the plan document, participants are immediately 100% vested in their voluntary contributions and the related earnings thereon. Effective January 1, 2018, the Plan Sponsor adopted a safe harbor provision for the Plan in which participants are 100% vested in employer matching contributions. Prior to January 1, 2018, Participants vested in their discretionary employer contributions on the basis of the participant's number of years of service according to the following schedule:

Years of Service	Percent Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures of non-vested participant balances are determined at least once during each plan year and are used to pay plan expenses and reduce employer contributions with the excess amount to be allocated to eligible participants. At December 31, 2018, forfeitures totaled $253,675. For the nine-month period ended December 31, 2018, $277,936 was allocated to participants based on a pro-rata formula, which incorporates the participant's 2017 annual eligible compensation and total forfeiture to be allocated among all eligible participants.

Payment of Benefits

Upon termination of service, due to death, disability, retirement or separation, a participant may elect to receive a lump-sum distribution.

If the total vested value is below $5,000 in a participant's account at the time of termination, a distribution will be made to the participant regardless of whether they consent to receive it. Any distribution greater than $1,000 that is made to a participant without the participant's consent before the participant's normal retirement age will be rolled over to an individual retirement plan designated by the plan administrator.

Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. After withdrawal, participants may not make deferral contributions to the Plan for at least six months after receipt of hardship distributions.

In-Service Withdrawals

A participant who has attained age 59½ may withdraw from his or her account an amount not exceeding his or her vested account balance.

The Plan also provides for minimum required distributions per Internal Revenue Service ("IRS") regulations by April 1 of the calendar year following the later of the calendar year in which the participant reaches age 70 ½ or the calendar year in which the participant retires.

Additionally, the Plan provides for distributions to participants ordered or called to active duty from the participant's account of amounts attributable to deferral contributions, provided such distribution is made during the period beginning on the date of the order or call to active duty and ending at the close of the active duty period.

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum loan amount is $1,000. Interest is determined by the plan administrator based upon prevailing interest rates charged for similar types of loans by other lenders. The loans outstanding at December 31, 2018 are secured by the balance in the participant's account and bear interest from 3.25% to 8.00%. The loans are repaid ratably through payroll deductions generally over a period of five years or less, except for the purchase of a principal residence, which may be repaid over a period of 10 years or less.

Administrative Expenses

Fees and expenses incurred in the administration of the Plan, to the extent not paid by the Company, are charged to and paid from the Plan's assets. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payments of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), as codified by the Financial Accounting Standards Board ("FASB") in its Accounting Standards Codification ("ASC").

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for discussion of fair value measurements. Purchases and sales are recorded on a trade date basis.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participant loans are classified as notes receivable and are measured at the unpaid principal balance plus unpaid accrued interest. The Plan classifies all participant loans with no payments received for 6 months as in default. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. From April 1, 2018 to December 31, 2018, $308,114 was recorded as deemed distributions. No allowance for credit losses has been recorded for the period from April 1, 2018 through December 31, 2018.

Payment of Benefits

Benefit payments to participants are recorded when paid as a reduction to net assets available for benefits.

3. Information Certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate.

	December 31 2018	March 31, 2018
Common/collective trust	$ 870,868	$ 923,147
Mutual funds	28,917,016	27,457,479
Notes receivable from participants	1,359,483	1,290,225

Period from April 1, 2018 through December 31,	2018
Interest from notes receivable from participants	$ 58,986
Dividends	1,803,130
Net appreciation in fair value of common/collective trust	11,975
Net depreciation in fair value of mutual funds	(4,076,130)

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information certified by the custodian to the related information included in the financial statements and supplemental schedules.

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- *Level 1* - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- *Level 2* - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
  a. Quoted prices for similar assets or liabilities in active markets,
  b. Quoted prices for identical or similar assets or liabilities in inactive markets,
  c. Inputs other than quoted prices that are observable for the asset or liability, and
  d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the assets or liability.
- *Level 3* - Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods used to value investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018.

- *Mutual Funds*: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily fair value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Common/Collective Trust*: The shares of a Common/Collective Trust ("CCT") are valued at net asset value ("NAV") as determined by the custodian at period end except when holding fully benefit responsive investment contracts. The Plan holds shares of a CCT that have investments in fully benefit-responsive investment contracts. The fair value of such investment contracts held by the CCT is determined using the market price of the underlying securities and the value of the investment contract. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

There were no transfers between levels for the nine-month period ended December 31, 2018.

The following table sets forth by level within the fair value hierarchy the Plan's investment assets and investment liabilities at fair value as of December 31, 2018. As required by FASB ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Investment Assets at Fair Value As of December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 28,917,016	$ -	$ -	$ 28,917,016
Total investments at fair value	$ 28,917,016	$ -	$ -	$ 28,917,016
Investments measured at net asset value*				870,868
Total Investments	$ 28,917,016	$ -	$ -	$ 29,787,884

	Investment Assets at Fair Value Period Ended March 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 27,457,479	$ -	$ -	$ 27,457,479
Total investments at fair value	$ 27,457,479	$ -	$ -	$ 27,457,479
Investments measured at net asset value*				923,147
Total Investments	$ 27,457,479	$ -	$ -	$ 28,380,626

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

5. Party-In-Interest Transactions

Certain plan investments are managed by Fidelity Management Trust Company, the custodian of the Plan; therefore, these transactions qualify as parties-in-interest. Participant loans also qualify as parties-in-interest transactions. Fees paid by the Plan for the investment management services to the custodian were $20,059 for the nine-month period ended December 31, 2018.

6. Plan Termination

The Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts would become fully vested and non-forfeitable.

7. Tax Status

On January 1, 2018, the Plan adopted a non-standardized prototype arrangement designed by Fidelity Management Trust Company. Fidelity Management Trust Company obtained its latest determination letter on March 31, 2014, in which the IRS stated that the prototype arrangement, as designed, was in compliance with the applicable requirements of the IRC including amendments to comply with recent legislation. The Plan has not yet received its own determination letter from the IRS and has made amendments to the Plan since March 31, 2014. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for federal and state income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a tax liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Delinquent Participant Contributions

For the nine-month period ended December 31, 2018, the Company determined that certain employee deferrals aggregating $585,326 had not been remitted to the Plan in a timely manner, according to Department of Labor regulations. Although these remittances were made, they fell outside the normal processing time the Company allows. An investigation was held to determine the root cause of the delinquent contributions, and corrective measures were taken. Of the aggregate amount, lost earning calculations of approximately $2,000 were processed and deposited to participant accounts in 2019.

10. Subsequent Events

The Plan's management evaluated subsequent events through July 21, 2022, which is the date the financial statements were available to be issued.
