Report on the Financial Statements

We were engaged to audit the accompanying financial statements of GHA Intermediate 401(k) Plan and Trust (formerly Global Healthcare Alliance Inc. 401(k) Plan and Trust) (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the "Trustees" of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustees hold the Plan's investment assets and execute investment transactions. The Plan Administrator has obtained certifications from the Trustees as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan Administrator by the Trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2020, is required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1—Description of the Plan

GHA Intermediate 401(k) Plan and Trust (the "Plan") was originally established effective January 1, 1996 and was amended and restated as of June 24, 2020 at which time the Plan name was changed from Global Healthcare Alliance Inc. 401(k) Plan and Trust. The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution profit-sharing plan with 401(k) option covering all employees of GHA Intermediate, Inc. (formerly Global Healthcare Alliance, Inc.) (the "Company" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Great West Life & Annuity Insurance Company and Great-West Trust Company, LLC, (the "Administrator" or the "Trustees") are the third party Administrators and Trustees of the Plan. Employees are eligible to participate in the Plan after reaching a minimum age of 21. Upon eligibility, all employees are automatically enrolled to contribute 3% from eligible compensation, unless the employee makes a contrary election.

On March 27, 2020, Congress enacted the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). The CARES Act took immediate effect and contains several provisions that temporarily impact qualified plans, including a new hardship withdrawal option and a loan payment pause option. The Company incorporated these provisions into the Plan effective March 27, 2020. Additionally, the CARES Act provides for significant changes to new loans and distributions. Loan limits are increased to the lessor of $100,000 or 100% of participants' vested account balances. For distributions, participants negatively impacted by the coronavirus ("COVID-19") outbreak can withdraw up to $100,000 without being charged a 10% early withdrawal penalty for the 2020 Plan year. The mandatory 20% tax withholding for such distributions is also suspended.

Contributions – Effective July 1, 2017, participants may contribute eligible pretax compensation, as defined in the Plan, up to the maximum amount allowed by law ($19,500 for 2020), or after-tax contributions, otherwise known as ROTH. Prior to July 1, 2017, ROTH contributions were not allowed by the Plan. This Plan also allows for catch-up contributions up to $6,500 in 2020 for participants over 50 years of age. Participants who have a balance in another qualified employee benefit plan, as described in the Plan Document, may transfer or rollover the lump sum values of their account directly into the Plan, provided it meets the requirements of the Internal Revenue Code ("IRC").

The Company may make matching contributions based on defined eligible compensation that a participant contributes to the Plan. The Company's matching contributions will be made only to eligible participants. The Company made Safe Harbor matching contributions for 2020 equal to 100% of the first 3% of total eligible compensation contributed and 50% of the next 2% of total eligible compensation contributed, totaling $377,823 for the 2020 Plan year.

The Company may also make a non-elective contribution, declared annually for each Plan year at its discretion, based on each participant's defined eligible compensation. The Company may include discretionary Safe Harbor matching contributions. The Plan follows a Last Day Rule in allocating the Company's non-elective contributions, if any. The Last Day Rule states that, if a participant is not employed by the Company on December 31 of that Plan year, the participant is not eligible to receive an allocation of the Company's non-elective contribution. The Company elected not to make a non-elective contribution during 2020. The matching and non-elective Company contributions, if any, are invested pro-rata with the participant contributions. Contributions are subject to certain limitations.

Participant Directed Investments – Participants direct the investment of their contributions and the Plan Sponsor contributions into various investment options offered by the Plan. Participants may change their investment options at any time. The Plan currently offers variable and fixed annuity contracts as investment options for participants. There are no non-participant directed investments as December 31, 2020 and 2019.

Note 1—Description of the Plan (continued)

Participant Accounts – Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings (losses). Allocations of earnings are based on participant earnings or account balances, as defined by the Plan. Plan expenses are charged to participant accounts on a per capita flat dollar amount, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Forfeited Accounts – At December 31, 2020 and 2019, there were balances of $15,155 and $14,117, respectively, in forfeited non-vested accounts. Forfeited accounts are used to pay employer matching or non-elective contributions, if any, at the Company's discretion. In 2020, no forfeited non-vested amounts were used to fund matching employer contributions.

Notes Receivable from Participants – Participants may borrow from their fund account a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The notes receivable are secured by the balance in the participant's account and generally bear interest at the prime rate plus 1%. All Plan notes receivable from participants must be repaid within five years, except those that are used for the purchase of a principal residence, in which case the note receivable repayment period may exceed five years. Participants will not be allowed to have more than two notes receivable outstanding at any one time. In most cases, repayment of the note receivable will be made through after-tax payroll deductions. If a participant defaults on the loan, the outstanding loan balance plus accumulated interest is deemed a distribution and reported as income to the participant subject to early withdrawal penalty.

Vesting – Participants are immediately vested in their contributions, plus actual earnings thereon. Effective January 1, 2015, participants are immediately vested in the Company's matching contributions, plus actual earnings thereon. Vesting in the Company's non-elective contributions, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after five years of credited service, summarized as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 years	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

Participants will become fully vested in the Company's matching contributions and non-elective contributions upon termination of the Plan, normal retirement age of participant, or upon the death or permanent disability of a participant.

Note 1—Description of the Plan (continued)

Distributions During Employment – As a general rule, a participant's contributions will remain in the Plan as long as the participant remains employed by the Company. The Plan does provide exceptions to this rule for withdrawals of the participant's contributions under certain circumstances (subject to the satisfaction of the Plan Sponsor) that include the following:

- Medical expenses,
- Purchase of a principal residence,
- Post-secondary education for participant or their dependents,
- To prevent eviction from or foreclosure on the participant's principal residence,
- Funeral expenses for parent, spouse, children, or dependent, or
- Expenses for the repair of damages to a principal residence that would qualify for a casualty deduction under Section 165 of the IRC.

However, should a participant reach age 65 and not elect to terminate employment, the participant can take an in-service distribution from their vested account balance.

Payment of Benefits – Benefits become available to participants on the earliest date of five events: (1) termination of employment, (2) death of the participant (benefits are payable to the participant's spouse or beneficiary), (3) upon the participant's retirement, (4) the participant becomes disabled, or (5) minimum required distributions.

If the participant's account balance is $1,000 or less, the Trustees distribute the account balance via lump-sum distribution without participant's consent. If the terminating participant's account balance exceeds $5,000, the participant may choose to keep the funds in the Plan, request a direct rollover to another qualified plan, or take a distribution (with consent of the participant's spouse, if applicable).

On termination of service due to death prior to retirement, 100% of the Company contributions become immediately vested. The account balance is paid to the participant's spouse or beneficiary in a lump sum if the death benefit does not exceed $5,000. If the death benefit exceeds $5,000, it will be paid to the beneficiary in a lump sum, installments or ad hoc payments, at the beneficiary's election.

On termination of service due to retirement after attaining the normal retirement age of 65, 100% of the Company contributions become immediately vested. The account balance is paid to the participant in a lump sum, installment or ad hoc payment arrangement. However, should a participant reach age 65 and not elect to terminate employment, the participant can take an in-service distribution from the vested account balance. The participant is required to begin taking minimum distributions no later than April 1 of the calendar year following the calendar year the participant turns 72 or terminates employment, whichever is later.

If the participant becomes disabled and is eligible for Social Security disability benefits, or is determined disabled by a physician selected by the Plan Sponsor, the full value of the participant's account becomes 100% vested.

Plan Expenses – Certain expenses of operating and maintaining the Plan have been paid by the Company and accordingly are not reflected in the accompanying financial statements of the Plan. In the event the Company does not continue to pay the Plan expenses, the Plan expenses will be paid by the Plan and charged on a pro-rata basis to the value of the participants' account balances.

Note 2—Summary of significant accounting policies

Basis of Accounting – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") for all periods presented.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires the Plan Sponsor to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Significant estimates of the Plan include the estimate of the fair value of investments.

Income Recognition – The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments. Purchases and sales of securities are recorded on a settlement date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned daily and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Investment Valuation – Investments in variable and fixed annuity contracts are reflected in the accompanying statements of net assets available for benefits at their fair values. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As further described at Note 4, fair value at December 31, 2020 and 2019, as determined by the Trustees, is based primarily on the quoted market prices of the underlying securities or observable inputs other than quoted prices that are used in the valuation of the asset or liabilities. Because of the inherent uncertainty of these valuations, the estimated values may differ from the actual fair values that may or may not be ultimately realized.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan document. For the year ended December 31, 2020, $16,332 was recorded as interest income on notes receivable from participants.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain administrative expenses, including legal and accounting, are paid by the Plan Sponsor and, accordingly, are not reflected in the accompanying financial statements of the Plan. Certain transaction processing fees are charged to the participants and, therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses. Investment related expenses are included in net appreciation of the fair value of investments.

Recently Issued Pronouncements – The Plan's management is not aware of any recently issued accounting pronouncements that would have a material impact on the Plan's financial statements.

Note 3—Information prepared and certified by the Plan's Trustees (unaudited)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees of the Plan have certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule:

- Investments, at fair value, and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2020.

The Plan's independent auditors did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Note 4—Fair value measurements

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability, including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Variable Annuity Contracts – The initial pricing input is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula-calculated unit value is then compared to an accounting-driven unit value the following morning. The accounting unit value is determined in a manner similar to a mutual fund net asset value (NAV) calculation: dividing the net assets by the number of units outstanding. Any discrepancies between the two-unit values are resolved to ensure the recordkeeping system reflects the accurate value for the day.

Note 4—Fair value measurements (continued)

Fixed Annuity Contracts – Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for the financial statement reporting purposes only.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. As of and for the year ended December 31, 2020, there were no changes in methodologies.

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels described above as of December 31:

	2020			
	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Variable annuities	$ -	$ 7,423,008	$ -	$ 7,423,008
Fixed annuities	-	726,556	-	726,556
Total investments, at fair value	$ -	$ 8,149,564	$ -	$ 8,149,564

	2019			
	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Variable annuities	$ -	$ 5,582,650	$ -	$ 5,582,650
Fixed annuities	-	1,009,913	-	1,009,913
Total investments, at fair value	$ -	$ 6,592,563	$ -	$ 6,592,563

The investment securities are reported at fair value utilizing Level 2 inputs. The prices for these instruments are obtained through the Trustees with whom the Plan has historically transacted both purchases and sales of investment securities. Prices obtained from these sources include market quotations and other information. The fair value measurements consider observable data that may include market quotes, market spreads, and cash flows, among other things. Management reviews the data and assumptions used in pricing the securities by its third party providers to ensure the lowest level of significant input is market observable data.

Note 4—Fair value measurements (continued)

The Plan invests in a fixed annuity contract, the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund ("KGPF") is a general account product of Great West Life & Annuity Insurance Company ("GWL&A"). The principal and interest are fully guaranteed by the entire general account assets of GWL&A. The investment strategy employed for this product seeks to achieve consistent returns to support a competitive credited rate. Bonds invested in the general account segment have an average maturity between three and seven years; are investment grade in quality and are diversified across a range of fixed-income asset classes such as asset-backed securities, mortgage-backed securities, commercial mortgage-backed securities, commercial mortgages, and private equity.

The general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The KGPF issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The Plan has no unfunded commitments relating to the fixed annuity contract at December 31, 2020 and 2019.

Note 5—Party-in-interest transactions

The Company provided certain administrative services without compensation from the Plan during the year ended December 31, 2020. The Company also paid for certain Plan administrative services during the year ended December 31, 2020, which are not included in the accompanying financial statements.

Certain administrative expenses are paid to Advised Assets Group, LLC, investment advisor of the Plan, and Great-West Life & Annuity Insurance Company, recordkeeper of the Plan, for the year ended December 31, 2020. These transactions qualify as party-in-interest transactions. These administrative expenses amounted to $11,430 for the year ended December 31, 2020.

Notes receivable from participants qualify as party-in-interest transactions.

Note 6—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7—Tax status

The Company adopted a prototype non-standardized profit-sharing plan with a cash or deferral arrangement. The prototype plan received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014 which stated that the prototype plan is designed in accordance with applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has not received a determination letter specific to the Plan itself, however, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan also has no income subject to unrelated business income tax and therefore continues to be tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements

Note 8—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements and supplemental schedules.

As a result of the spread of the COVID-19, economic uncertainties have arisen triggering volatility in financial markets and a significant negative impact on the global economy. As the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of potential losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

Note 9—Subsequent events

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated subsequent events through January 12, 2022, the date these financial statements were available to be issued.

Effective January 1, 2021, the Plan was restated, and the Plan name changed to Cedar Gate Technologies 401(k) Plan.
