INDEPENDENT AUDITORS' REPORT

To the Trustees of Apple 401(K) Savings Plan
Hackensack, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements:
We have performed an audit of the financial statements of Apple 401(K) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement to net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements:
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by Fidelity Management Trust Company, a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements:
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Apple 401(K) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements:
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Apple 401(K) Savings Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued..

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements:
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibility for the Audit of the 2021 Financial Statements: (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Apple 401(K) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Apple 401(K) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, item 4(i) Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters (continued)
In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by Fidelity Management Trust Company, a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Apple 401(k) Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by Fidelity Management Trust Company, a qualified institution. In our report dated August 18,2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express and opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The accompanying notes are an integral part of these financial statements.

1. Plan description and summary of significant accounting policies :
   a. Description of plan:
   The following description of the Apple 401(K) Savings Plan, (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

   On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was signed into law. The Plan has implemented certain provisions of the CARES Act. A CARES Act distribution provision allows the Plan's participants to take coronavirus-related distributions up to $100,000 from the Plan beginning on or after January 1, 2021 and before December 31, 2021. The Plan did not opt-in to a temporary loan repayment deferral provision of the CARES Act.

   b. General:
   The Plan is a defined contribution plan covering all employees of the controlled group of corporations listed below (the Company) who have completed one year of service, are not subject to certain collective bargaining agreements and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security act of 1974 (ERISA). The Board of Trustees overseas governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

   The controlled group consists of the following entities:
   - Tuschak - Jacobson, Inc.
   - Regent Care Center, Inc. T/A Regent Care Center
   - Eagle Rock Convalescent and Nursing Center, Inc. T/A West Caldwell Care Center
   - Medford Convalescent and Nursing Center T/A Medford Care Center
   - Browertown Associates, Inc. T/A Prospect Heights Care Center
   - Tandem Management Company, LLC
   - Jersey Healthcare Resources, LLC
   - Franklin Universal Building Corp.

   c. Basis of accounting:
   The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefits are recorded when paid.

1. Plan description and significant accounting policies: (continued)
   d. Contributions:
   Each year, participants may contribute any amount up to 90% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions can be made up to a maximum contribution limitation established by the Internal Revenue Service for the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers (a) 30 various mutual funds and (b) a common collective trust as investment options for participants. Participants may change their investment options or transfer funds between investment options at any time.

   The Company may make elective contributions at the discretion of the Company's Board of Directors. During December 31, 2021, the Company did not make a discretionary matching contribution.

   e. Participant accounts:
   Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, (b) Plan earnings (losses), and charged with an allocation of administrative expenses and fees that are paid by the Plan, and (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

   f. Vesting:
   Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after five years of credited service.

   g. Notes receivable from participants:
   Participants may borrow from their vested account balances at a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Participants may have a maximum of one loan outstanding against their account at a time. All loans must be repaid within five years except for loans of a primary residence. The notes are secured by the vested balance in the participant's account and bear interest at fixed rates upon issue of prime plus 1.5%, which are commensurate with local prevailing rates as determined by the Trustees. The rate is set on the first day of the following month of charge. Principal and interest is paid ratably through bi-weekly payroll deductions. As of December 31, 2021, rates range from 4.75% to 7.00%.

1. Plan description and significant accounting policies: (continued)
   g. Notes receivable from participants: (continued)
   Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the participant's loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. As of December 31, 2021 and 2020, no allowances for losses have been recorded

   h. Payment of benefits:
   On termination of service due to death, disability, retirement or other reasons, a participant/ beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account if the account balance is greater than $1,000. For accounts of $1,000 or less, the distribution will be automatically made as soon as possible after separation. Benefits are recorded when paid.

   i. Forfeited accounts:
   At December 31, 2021 and 2020, accumulated forfeited non-vested account balances totaled $3,805 and $240, respectively. Upon a participant's termination of employment, the non-vested portion of a participant's employer matching contribution account shall be forfeited. As determined by the Plan trustees, these forfeitures may be used for several purposes, such as paying Plan expenses, reducing future employer matching contributions. For the year ended December 31, 2021, payments from forfeited nonvested accounts amounts to $14,146, and was used for Plan expenses, which include the third-party administrator recordkeeping fees, and audit/accountant fees.

   j. Investment valuation and income recognition:
   The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurement. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end as determined by the investment custodian based on quoted market prices.

   The Common collective trust is fully benefit-responsive and is reported at contract value as reported to the Plan by Fidelity Management Trust Company. Contract value represents the accumulated contributions plus accrued net earnings, less participant withdrawals and administrative expenses and is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts and the fully benefit-responsive investment contracts at contract value.

1. Plan description and significant accounting policies: (continued)

   j. Investment valuation and income recognition:
   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends, if any, are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

   k. Use of estimates:
   The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

   l. Administrative expenses and fees:
   Expenses that are paid by the Plan sponsor are excluded from these financial statements. For the year ended December 31, 2021, certain expenses of maintaining the Plan including audit/accountant fees are paid by the Plan and allocated to participant's accounts, which amounted to $1,000, net of forfeited, nonvested amounts. For the year ended December 31, 2021, fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses and fees, which amounted to $2,133. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

   m. Income taxes:
   Accounting principles generally accepted in the United State of America require the Plan administrator to evaluate the tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan files an annual return and report of employee benefit plan and related schedules with the Department of Labor (DOL). The Plan's annual filings are subject to audit by the various taxing authorities and the DOL. The Plan's open audit periods are 2018 to 2021.

   Through the year ended December 31, 2021, the Plan administrator is of the opinion that there are no uncertain income tax positions. Accordingly, the Plan has recognized no adjustment for uncertain income tax positions as a result of compliance with this standard.

   The Plan recognizes interest related to uncertain tax positions in interest expense and penalties in plan expenses. For the year ended December 31, 2021, the Plan recorded no interest or penalties related to uncertain tax positions.

1. Plan description and significant accounting policies: (continued)
   n. Excess contributions payable:
   Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions for the years ended December 31, 2021 and 2020.

   o. Investment options:
   The Plan is participant directed. Participants may change their investments by telephone or by the internet directly with Fidelity Management Trust Company (FMTC) through the third party administrator, Fidelity Plan Sponsor Web-Station (PSW) as maintained by Fidelity Workplace Services LLC (record keeper) and Fidelity Technology Group LLC (system administration). Each participant is provided a list of available investment options that have diverse investment strategies. Neither the Plan Administrator nor the Trustees provide investment advice to the participants.

   p. Date of management's review of subsequent events:
   As required by accounting standards, management of the Plan has evaluated subsequent events through September 1, 2022 (see Note 9). There were no subsequent events requiring recognition as of December 31, 2021 that have occurred through that date that would have a material impact on these financial statements.

2. Plan termination:
   Although management has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

3. Tax status of plan:
   The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 30, 2020, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the

   Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

3. Tax status of plan: (continued)

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

4. Information certified by the trustees/custodians (unaudited):

Management has elected an ERISA Section 103(a)(3)(C) audit pursuant to 29 CFR 2520.103-8.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA by Fidelity Management Trust Company (the trustee /custodian of the Plan).

The following are held by Fidelity Management Trust Company in which the Plan assets are invested.

	2021	2020
Total mutual funds at fair value	$15,145,863	$13,533,920
Common collective trust:		
Managed Income Portfolio – Class 1	427,313	971,570
Notes receivable from participants	194,318	178,703
Total investments and notes receivable from participants	$15,767,494	$14,684,193

The investment income reported in the statement of changes in net assets available for benefits for the year ended December 31, 2021 is based on information certified by Fidelity Management Trust Company.

During the year ended December 31, 2021, the Plan's investments in the funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $755,105. Investment income from dividend and interest income amounted to $1,220,677.

4. Information certified by the trustees/custodians (unaudited): (continued)
   Investment in common collective trust:
   Because the common collective trust is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The investment contract is presented on the face of the statements of Net Assets Available for Benefits at contract value. Contract value, as reported to the Plan by Fidelity Management Trust Company, represents contributions made under the Plan contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

   The Fidelity Management Trust Company, the Trustee, has established a separate fund (the Fund) called a Managed Income Portfolio (MIP). The Fund's investment objective is stability of principal and high current income. The underlying portfolio is a commingled pool actively managed with investment objectives and guidelines. Eligible investments are primarily fixed income securities that meet credit and diversification restrictions as determined by the Trustee. The Fund pursues this investment objective by investing primarily in Guaranteed Investment Contracts (GICs), including traditional, synthetic and separate account GICs; money market mutual funds and other stable value products that can be carried at contract value.

   There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair values of the investment contract at December 31, 2021 and 2020 are $431,116 and $1,005,599, respectively. As of December 31, 2021 and 2020, contract values amounted to $427,313 and $971,570, respectively. For the years ended 2021 and 2020, the amounts recognized as an adjustment from fair values to contract values are $3,803 and $34,029, respectively. The MIP portfolio units are issued and redeemed daily at the MIP Fund's constant net asset value of $1 per unit. The policy is to maintain a stable net asset value of $1.00 per unit and the Trustee makes an effort, however, it does not guarantee to maintain this value. The Funds duration as of December 31, 2021 is 2.99 years.

   Interest crediting rates typically rest on a monthly or quarterly basis. Because changes in market interest rates affect the yield to maturity and the fair value of the underlying fixed-income securities, they can have a material impact on the interest crediting rate. In addition, withdrawals and transfers from the MIP Fund are paid at contract value but may be funded through fair value liquidation of the underlying fixed income securities, which could impact crediting rates. All synthetic GICs provide for a minimum crediting rate of zero percent, which is intended to protect participant's principal and accrued interest.

4. Information certified by the trustees/custodians (unaudited): (continued)
   Investment in common collective trust: (continued)
   The MIP Fund's trust agreement provides that withdrawals for purposes other than normal benefit, participant loans, direct transfers or paying trustee fees may require advance notice of up to twelve months. Certain events limit the ability of the Plan to transact at contract value with the issuer. These circumstances may include, but are not limited to the following:

   - Mergers,
   - mass layoffs,
   - plan terminations,
   - implementation of early retirement incentive programs or
   - other events within the control of the MIP Fund or Plan.

   The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring. The investment contract does not permit the fund to terminate the agreement prior to the scheduled maturity date.

5. Reconciliation of financial statements to Form 5500:

Contributions per Schedule H, Part II, line 2a(3) of Form 5500	$ 473,890

6. Fair value measurements:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels as follows:

Level 1

Inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.

6. Fair value measurements: (continued)

Level 2

Inputs consist of observable inputs other than quoted prices for identical assets (Level 1)

Level 3

Inputs are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value with Fidelity Management Trust Company as of December 31, 2021 and 2020.

Level 1 Fair Value Measurements:

- Registered mutual funds: The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

The following table sets forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Fair Value Measurements at the end of the reporting period using:

	Quoted prices in active markets for identical assets (Level 1)	Other observable inputs (Level 2)	Unobservable inputs (Level 3)	Fair Value Total
December 31, 2021:				
Mutual funds at fair value	$15,145,863	$ 0	$ 0	$15,145,863
December 31, 2020:				
Mutual funds at fair value	$13,533,920	$ 0	$ 0	$13,533,920

6. Fair value measurements: (continued)

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2021, are reported in the net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

The preceding methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's policy is to recognize transfers between Level 1 and Level 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2021, there were no significant transfers between Levels 1 and other Levels. There were no Level 2 and Level 3 investments.

7. Related party transactions

Certain Plan investments are assets held and maintained by Fidelity Management Trust Company as the Plan's trustee/custodian. Fees paid by the Plan for the investment management services, third-party administrator recordkeeping fees, and audit/accountant fees amounted to $17,133 for the year ended December 31, 2021. These transactions qualify as exempt party-in-interest transactions.

Notes receivable from participants also qualify as part-in-interest transactions, but are exempt from the prohibited transaction rules of ERISA.

8. Risks and uncertainties:

The Plan provides for various investment options that include mutual funds and common/collective trust. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

9. Subsequent events:

Subsequent to December 31, 2021, the investment assets have experienced market volatility and a decline in value resulting in depreciation in the fair value of investments totaling approximately $2,500,000. Also, benefit payments totaling approximately $600,000 have been distributed from the Plan.

INDEPENDENT AUDITORS' REPORT

To the Trustees of Apple 401(K) Savings Plan
Hackensack, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements:
We have performed an audit of the financial statements of Apple 401(K) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement to net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements:
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by Fidelity Management Trust Company, a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

21-00 ROUTE 208 SOUTH – SUITE 120 • FAIR LAWN, NEW JERSEY 07410 • (201) 796-7300 • FAX (201) 796-7301

Basis for Opinion on the 2021 Financial Statements:
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Apple 401(K) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements:
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Apple 401(K) Savings Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued..

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements:
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibility for the Audit of the 2021 Financial Statements: (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Apple 401(K) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Apple 401(K) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, item 4(i) Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters (continued)
In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by Fidelity Management Trust Company, a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Apple 401(k) Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by Fidelity Management Trust Company, a qualified institution. In our report dated August 18,2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express and opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Plan description and summary of significant accounting policies :
   a. Description of plan:
   The following description of the Apple 401(K) Savings Plan, (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

   On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was signed into law. The Plan has implemented certain provisions of the CARES Act. A CARES Act distribution provision allows the Plan's participants to take coronavirus-related distributions up to $100,000 from the Plan beginning on or after January 1, 2021 and before December 31, 2021. The Plan did not opt-in to a temporary loan repayment deferral provision of the CARES Act.

   b. General:
   The Plan is a defined contribution plan covering all employees of the controlled group of corporations listed below (the Company) who have completed one year of service, are not subject to certain collective bargaining agreements and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security act of 1974 (ERISA). The Board of Trustees overseas governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

   The controlled group consists of the following entities:
   - Tuschak - Jacobson, Inc.
   - Regent Care Center, Inc. T/A Regent Care Center
   - Eagle Rock Convalescent and Nursing Center, Inc. T/A West Caldwell Care Center
   - Medford Convalescent and Nursing Center T/A Medford Care Center
   - Browertown Associates, Inc. T/A Prospect Heights Care Center
   - Tandem Management Company, LLC
   - Jersey Healthcare Resources, LLC
   - Franklin Universal Building Corp.

   c. Basis of accounting:
   The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefits are recorded when paid.

1. Plan description and significant accounting policies: (continued)
   d. Contributions:
   Each year, participants may contribute any amount up to 90% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions can be made up to a maximum contribution limitation established by the Internal Revenue Service for the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers (a) 30 various mutual funds and (b) a common collective trust as investment options for participants. Participants may change their investment options or transfer funds between investment options at any time.

   The Company may make elective contributions at the discretion of the Company's Board of Directors. During December 31, 2021, the Company did not make a discretionary matching contribution.

   e. Participant accounts:
   Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, (b) Plan earnings (losses), and charged with an allocation of administrative expenses and fees that are paid by the Plan, and (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

   f. Vesting:
   Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after five years of credited service.

   g. Notes receivable from participants:
   Participants may borrow from their vested account balances at a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Participants may have a maximum of one loan outstanding against their account at a time. All loans must be repaid within five years except for loans of a primary residence. The notes are secured by the vested balance in the participant's account and bear interest at fixed rates upon issue of prime plus 1.5%, which are commensurate with local prevailing rates as determined by the Trustees. The rate is set on the first day of the following month of charge. Principal and interest is paid ratably through bi-weekly payroll deductions. As of December 31, 2021, rates range from 4.75% to 7.00%.

1. Plan description and significant accounting policies: (continued)
   g. Notes receivable from participants: (continued)
   Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the participant's loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. As of December 31, 2021 and 2020, no allowances for losses have been recorded

   h. Payment of benefits:
   On termination of service due to death, disability, retirement or other reasons, a participant/ beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account if the account balance is greater than $1,000. For accounts of $1,000 or less, the distribution will be automatically made as soon as possible after separation. Benefits are recorded when paid.

   i. Forfeited accounts:
   At December 31, 2021 and 2020, accumulated forfeited non-vested account balances totaled $3,805 and $240, respectively. Upon a participant's termination of employment, the non-vested portion of a participant's employer matching contribution account shall be forfeited. As determined by the Plan trustees, these forfeitures may be used for several purposes, such as paying Plan expenses, reducing future employer matching contributions. For the year ended December 31, 2021, payments from forfeited nonvested accounts amounts to $14,146, and was used for Plan expenses, which include the third-party administrator recordkeeping fees, and audit/accountant fees.

   j. Investment valuation and income recognition:
   The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurement. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end as determined by the investment custodian based on quoted market prices.

   The Common collective trust is fully benefit-responsive and is reported at contract value as reported to the Plan by Fidelity Management Trust Company. Contract value represents the accumulated contributions plus accrued net earnings, less participant withdrawals and administrative expenses and is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts and the fully benefit-responsive investment contracts at contract value.

1. Plan description and significant accounting policies: (continued)

   j. Investment valuation and income recognition:
   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends, if any, are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

   k. Use of estimates:
   The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

   l. Administrative expenses and fees:
   Expenses that are paid by the Plan sponsor are excluded from these financial statements. For the year ended December 31, 2021, certain expenses of maintaining the Plan including audit/accountant fees are paid by the Plan and allocated to participant's accounts, which amounted to $1,000, net of forfeited, nonvested amounts. For the year ended December 31, 2021, fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses and fees, which amounted to $2,133. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

   m. Income taxes:
   Accounting principles generally accepted in the United State of America require the Plan administrator to evaluate the tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan files an annual return and report of employee benefit plan and related schedules with the Department of Labor (DOL). The Plan's annual filings are subject to audit by the various taxing authorities and the DOL. The Plan's open audit periods are 2018 to 2021.

   Through the year ended December 31, 2021, the Plan administrator is of the opinion that there are no uncertain income tax positions. Accordingly, the Plan has recognized no adjustment for uncertain income tax positions as a result of compliance with this standard.

   The Plan recognizes interest related to uncertain tax positions in interest expense and penalties in plan expenses. For the year ended December 31, 2021, the Plan recorded no interest or penalties related to uncertain tax positions.

1. Plan description and significant accounting policies: (continued)
   n. Excess contributions payable:
   Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions for the years ended December 31, 2021 and 2020.

   o. Investment options:
   The Plan is participant directed. Participants may change their investments by telephone or by the internet directly with Fidelity Management Trust Company (FMTC) through the third party administrator, Fidelity Plan Sponsor Web-Station (PSW) as maintained by Fidelity Workplace Services LLC (record keeper) and Fidelity Technology Group LLC (system administration). Each participant is provided a list of available investment options that have diverse investment strategies. Neither the Plan Administrator nor the Trustees provide investment advice to the participants.

   p. Date of management's review of subsequent events:
   As required by accounting standards, management of the Plan has evaluated subsequent events through September 1, 2022 (see Note 9). There were no subsequent events requiring recognition as of December 31, 2021 that have occurred through that date that would have a material impact on these financial statements.

2. Plan termination:
   Although management has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

3. Tax status of plan:
   The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 30, 2020, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the

   Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

3. Tax status of plan: (continued)

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

4. Information certified by the trustees/custodians (unaudited):

Management has elected an ERISA Section 103(a)(3)(C) audit pursuant to 29 CFR 2520.103-8.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA by Fidelity Management Trust Company (the trustee /custodian of the Plan).

The following are held by Fidelity Management Trust Company in which the Plan assets are invested.

	2021	2020
Total mutual funds at fair value	$15,145,863	$13,533,920
Common collective trust:		
Managed Income Portfolio – Class 1	427,313	971,570
Notes receivable from participants	194,318	178,703
Total investments and notes receivable from participants	$15,767,494	$14,684,193

The investment income reported in the statement of changes in net assets available for benefits for the year ended December 31, 2021 is based on information certified by Fidelity Management Trust Company.

During the year ended December 31, 2021, the Plan's investments in the funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $755,105. Investment income from dividend and interest income amounted to $1,220,677.

4. Information certified by the trustees/custodians (unaudited): (continued)
   Investment in common collective trust:
   Because the common collective trust is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The investment contract is presented on the face of the statements of Net Assets Available for Benefits at contract value. Contract value, as reported to the Plan by Fidelity Management Trust Company, represents contributions made under the Plan contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

   The Fidelity Management Trust Company, the Trustee, has established a separate fund (the Fund) called a Managed Income Portfolio (MIP). The Fund's investment objective is stability of principal and high current income. The underlying portfolio is a commingled pool actively managed with investment objectives and guidelines. Eligible investments are primarily fixed income securities that meet credit and diversification restrictions as determined by the Trustee. The Fund pursues this investment objective by investing primarily in Guaranteed Investment Contracts (GICs), including traditional, synthetic and separate account GICs; money market mutual funds and other stable value products that can be carried at contract value.

   There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair values of the investment contract at December 31, 2021 and 2020 are $431,116 and $1,005,599, respectively. As of December 31, 2021 and 2020, contract values amounted to $427,313 and $971,570, respectively. For the years ended 2021 and 2020, the amounts recognized as an adjustment from fair values to contract values are $3,803 and $34,029, respectively. The MIP portfolio units are issued and redeemed daily at the MIP Fund's constant net asset value of $1 per unit. The policy is to maintain a stable net asset value of $1.00 per unit and the Trustee makes an effort, however, it does not guarantee to maintain this value. The Funds duration as of December 31, 2021 is 2.99 years.

   Interest crediting rates typically rest on a monthly or quarterly basis. Because changes in market interest rates affect the yield to maturity and the fair value of the underlying fixed-income securities, they can have a material impact on the interest crediting rate. In addition, withdrawals and transfers from the MIP Fund are paid at contract value but may be funded through fair value liquidation of the underlying fixed income securities, which could impact crediting rates. All synthetic GICs provide for a minimum crediting rate of zero percent, which is intended to protect participant's principal and accrued interest.

4. Information certified by the trustees/custodians (unaudited): (continued)
   Investment in common collective trust: (continued)
   The MIP Fund's trust agreement provides that withdrawals for purposes other than normal benefit, participant loans, direct transfers or paying trustee fees may require advance notice of up to twelve months. Certain events limit the ability of the Plan to transact at contract value with the issuer. These circumstances may include, but are not limited to the following:

   - Mergers,
   - mass layoffs,
   - plan terminations,
   - implementation of early retirement incentive programs or
   - other events within the control of the MIP Fund or Plan.

   The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring. The investment contract does not permit the fund to terminate the agreement prior to the scheduled maturity date.

5. Reconciliation of financial statements to Form 5500:
   a. The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2021 and 2020 to Schedule H, Part I of Form 5500:

	2021	2020

Add: unrealized loss adjustment on the common collective trust from fair value to contract value at December 31, 2020	(34,029)
Net increase in net assets available for benefits per Schedule H, Part II of Form 5500	$ 1,053,075

c. The following is a reconciliation of investment income per the financial statements for the year ended December 31, 2021 to Schedule H, Part II, lines 2b less 2b(1)(E) of participant loan interest of Form 5500:

Investment income per the financial statements	$ 1,975,782
Add: unrealized gain adjustment on the common collective trust from fair value to contract value at December 31, 2021	3,803
Add: unrealized loss adjustment on the common collective trusts from fair value to contract value at December 31, 2020	(34,029)
Income on investments per Schedule H, Part II, lines 2b less 2b(1)(E) of Form 5500	$ 1,945,556

d. The following is a reconciliation of total contributions per the financial statements for the year ended December 31, 2021 to Schedule H, Part II, line 2a(3) of Form 5500:

Contributions per the financial statements	$ 474,629
Less: participants' contributions receivable at December 31, 2021	(4,529)
Add: participants' contribution receivable at December 31, 2020	4,284
Less: accrued due to employer contributions at December 31, 2020	(494)
Contributions per Schedule H, Part II, line 2a(3) of Form 5500	$ 473,890

6. Fair value measurements:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels as follows:

Level 1

Inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.

6. Fair value measurements: (continued)

Level 2

Inputs consist of observable inputs other than quoted prices for identical assets (Level 1)

Level 3

Inputs are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value with Fidelity Management Trust Company as of December 31, 2021 and 2020.

Level 1 Fair Value Measurements:

- Registered mutual funds: The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

The following table sets forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Fair Value Measurements at the end of the reporting period using:

	Quoted prices in active markets for identical assets (Level 1)	Other observable inputs (Level 2)	Unobservable inputs (Level 3)	Fair Value Total
December 31, 2021:				
Mutual funds at fair value	$15,145,863	$ 0	$ 0	$15,145,863
December 31, 2020:				
Mutual funds at fair value	$13,533,920	$ 0	$ 0	$13,533,920

6. Fair value measurements: (continued)

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2021, are reported in the net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

The preceding methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's policy is to recognize transfers between Level 1 and Level 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2021, there were no significant transfers between Levels 1 and other Levels. There were no Level 2 and Level 3 investments.

7. Related party transactions

Certain Plan investments are assets held and maintained by Fidelity Management Trust Company as the Plan's trustee/custodian. Fees paid by the Plan for the investment management services, third-party administrator recordkeeping fees, and audit/accountant fees amounted to $17,133 for the year ended December 31, 2021. These transactions qualify as exempt party-in-interest transactions.

Notes receivable from participants also qualify as part-in-interest transactions, but are exempt from the prohibited transaction rules of ERISA.

8. Risks and uncertainties:

The Plan provides for various investment options that include mutual funds and common/collective trust. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

9. Subsequent events:

Subsequent to December 31, 2021, the investment assets have experienced market volatility and a decline in value resulting in depreciation in the fair value of investments totaling approximately $2,500,000. Also, benefit payments totaling approximately $600,000 have been distributed from the Plan.
