Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Fisher Associates, P.E.,L.S.,L.A.,D.P.C.401k Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

WE VALUE YOUR FUTURE

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Fisher Associates, P.E.,L.S.,L.A.,D.P.C.401k Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fisher Associates, P.E.,L.S.,L.A.,D.P.C.401k Profit Sharing Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

WE VALUE YOUR FUTURE

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fisher Associates, P.E.,L.S.,L.A.,D.P.C.401k Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fisher Associates, P.E.,L.S.,L.A.,D.P.C.401k Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at End of Year – December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

WE VALUE YOUR FUTURE

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Fisher Associates, P.E.,L.S.,L.A.,D.P.C. 401k Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 1, 2021, we indicated that (*a*) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (*b*) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A: DESCRIPTION OF THE PLAN

The following description of the Fisher Associates, P.E., L.S., L.A., D.P.C. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Fisher Associates, P.E., L.S., L.A., D.P.C. (the "Company") who meet the eligibility requirements defined below. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

In July 2021, the Company entered into an agreement to purchase certain assets of a landscape architecture firm. Effective October 1, 2021, the Plan was amended to recognize the prior years of service of employees of this firm that enroll in the Plan.

Participant Requirements

All eligible employees of the Company will become eligible to participate in all aspects of the Plan on their date of hire.

Union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of a good faith bargaining, nonresident aliens, leased employees and any employee who is a resident of Puerto Rico are excluded from both the employer profit sharing contributions and elective deferrals.

Contributions

Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, not to exceed maximum limits established by the IRS. The Company may, at its discretion, contribute and allocate to eligible participants' accounts a discretionary amount as determined by the Company. Effective September 1, 2020, each participant who receives a profit-sharing contribution will receive a contribution of at least 2.3% of their compensation. The profit sharing contributions totaled $282,408 and $240,000 for of the years ended December 31, 2021 and 2020, respectively.

Effective July 1, 2019, participants are permitted to make Roth elective deferrals.

Vesting

Participants are immediately vested in their contributions and actual earnings thereon. Employer contributions vest 20% per year beginning with the completion of two years of service. Participants are 100% vested after six years of service. A year of service has been defined as completion of at least 500 hours of service during a plan year.

NOTE A: DESCRIPTION OF THE PLAN, Cont'd

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings or losses. Participants direct all investment contributions into various investment options offered by the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. As of December 31, 2021 and 2020, there were no amounts allocated to accounts of participants who have elected to withdraw from the Plan, but have not been paid.

Participant notes receivable

Participant notes receivable are measured and valued at their unpaid principal balance plus any accrued but unpaid interest.

Participants are permitted to borrow up to 50% of the vested balance in their plan accounts to a maximum of $50,000 and minimum amount of $1,000. Participants may only have two loans outstanding at any time. Loan terms may not exceed five years unless the loan is for the purchase of a principal residence, in which case the Administrator can permit a longer repayment term. Loans are granted at 2% over the prime interest rate. Principal and interest payments are generally made through payroll withholdings.

Payment of benefits

Upon retirement, death or disability, a participant's entire vested account balance will be distributed in the form of a lump-sum payment. In addition, lump-sum distributions may be made, with participant consent, upon separation from service or participant's attainment of age 59 ½. On separation of service, a participant may request early payment of benefits or defer receipt of a distribution in accordance with Plan provisions. Partial withdrawals or installments are only permitted for required minimum distributions. If the participant's account is $5,000 or less, the Plan will distribute the entire balance as soon as practicable after termination of employment.

Forfeitures

Forfeited amounts are first used to pay administrative expenses of the Plan or used to reduce future Company contributions. Forfeited amounts consist of employer profit sharing contributions for excess contributions refundable. There were unallocated forfeiture balances of $16,527 and $5,225 at December 31, 2021 and 2020, respectively.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition

The Plan's money market and mutual fund investments are stated at fair value. Quoted market prices are generally used to value investments. If quoted market prices are not available, fair value is determined based on other relevant factors, including dealer price quotations, price activity for equivalent instruments and valuation pricing models. Shares of common/collective trusts and pooled separate accounts are valued at the net asset value of shares held by the Plan at year-end. Investments in fully benefit-responsive investment contracts are valued at contract value, which commonly approximates fair value, as upon discontinuance of the contract an adjustment does not apply.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when received. Historical cost is used to determine the net appreciation of investments, as reported by the Plan's custodian.

Payment of benefits

Benefits paid to participants are recorded when paid.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Administrative expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Forfeitures may be used to pay expenses, at the discretion of the Plan trustees. During the years ended December 31, 2021 and 2020 forfeitures were used to pay approximately $38 and $6,900 of administrative expenses, respectively. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent events

The Plan has conducted an evaluation of potential subsequent events occurring after the statement of net assets available for benefits date through August 31, 2022, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.

NOTE C: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America ("GAAP") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quote prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value under GAAP are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at quoted prices in active markets on which the individual securities are traded.

Pooled Separate Accounts: Unit value calculated based on the net asset value of the underlying investments or pool of securities.

Common/collective Trusts: Valued on the basis of the relative interest of each participating investor (including each participant) in the fair value of the underlying assets of the collective trust. There are no unfunded commitments for the collective trusts as of December 31, 2021 or 2020. There is no waiting period or other restrictions on redemptions from the common collective trusts.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C: FAIR VALUE MEASUREMENTS, Cont'd

The following disclosures are required by generally accepted accounting principles in the United States of America:

Principal Stable Value Fund

The Principal Stable Value Fund is an investment contract.

At December 31, 2021 and 2020, the Principal Stable Value Fund invested its assets in the Morley Stable Value Fund. The Morley Stable Value Fund invests in conventional, synthetic and separate account investment contracts (collectively "contracts") issued by life insurance companies, banks and other financial institutions. Characteristics of these contracts allow for their principal value to remain stable regardless of the volatility of the financial markets. For liquidity purposes, the Morley Stable Value Fund may have a portion of its assets invested in high quality money market instruments, investment companies and collective investment trusts. The total returns of the fund based on the value of a single unit of participation outstanding throughout the year was 1.61% and 2.01% for the years ended December 31, 2021 and 2020, respectively.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Mutual funds	$ 8,998,860	$ -	$ -	$ 8,998,860
Investments measure at net asset value:				
Common collective trusts	-	-	-	8,940,969
Pooled separate accounts	-	-	-	6,256,198
	-	-	-	15,197,167
Total assets at fair value	$ 8,998,860	$ -	$ -	$ 24,196,027

	Assets as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Mutual funds	$ 7,738,279	$ -	$ -	$ 7,738,279
Investments measured at net asset value:				
Common collective trusts	-	-	-	7,919,547
Pooled separate accounts	-	-	-	4,719,253
	-	-	-	12,638,800
Total assets at fair value	$ 7,738,279	$ -	$ -	$ 20,377,079

Gains and losses (realized and unrealized) included in changes in net assets for the periods above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

NOTE D: FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule, prepared by the custodian and furnished to the Plan Administrator. The plan administrator has obtained certifications from the custodian that such information is complete and accurate:

	December 31,	
	2021	2020
Investments, at fair value	$ 24,196,027	$ 20,377,079
Investments, at contract value	805,326	833,887
Dividends	122,762	
Net appreciation in fair value of investments - Mutual funds	968,075	
Net appreciation in fair value of investments - Common/collective trusts	1,063,184	
Net appreciation in fair value of investments - Pooled separate accounts	1,215,617	

All information included in the attached supplemental Schedule of Assets Held for Investment Purposes at End of Year - December 31, 2021, except participant notes receivable.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE E: PLAN TERMINATION

The Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts and their accounts will be paid to them as provided by the plan document.

NOTE F: TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's legal counsel believe that the plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the plan is qualified and the related trust exempt from taxation as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2018.

NOTE G: PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments funds are managed by Principal Life Insurance Company, the custodian of the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transactions rules.

As described in Note B, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

NOTE H: RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I: ACCOUNTING IMPACT OF COVID-19 OUTBREAK

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

During the plan year ended December 31, 2020, the Plan adopted certain features specified in Federal regulations of the Coronavirus Aid Relief and Economic Security Act for qualifying participants including elimination of 2020 Required Minimum Distributions for those participants who meet certain qualifications.
