INDEPENDENT AUDITORS' REPORT

Trustees and Plan Administrator of the Heat and Frost
Insulators and Asbestos
Workers Local 38 Retirement Investment Account Plan
315-317 North Washington Street
Wilkes-Barre, Pennsylvania 18705

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Heat and Frost Insulators and Asbestos Workers Local 38 Retirement Investment Account Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2021 and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Heat and Frost Insulators and Asbestos Workers Local 38 Retirement Investment Account Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2021 financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Heat and Frost Insulators and Asbestos Workers Local 38 Retirement Investment Account Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Heat and Frost Insulators and Asbestos Workers Local 38 Retirement Investment Account Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Heat and Frost Insulators and Asbestos Workers Local 38 Retirement Investment Account Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Heat and Frost Insulators and Asbestos Workers Local 38 Retirement Investment Account Plan. As permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following brief description of the Heat and Frost Insulators and Asbestos Workers Local 38 Retirement Investment Account Plan, (the "Plan"), a multiemployer money purchase plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan came into existence on January 1, 2001 and was initially funded by a transfer of funds from the Retirement Plan for the Heat and Frost Insulators and Asbestos Workers Local No. 38, Plan No. 001 in the amount of $12,773,155. The transfer represented the net assets available for benefits of the defined contribution component of Plan No. 001 at the time of the transfer.

A. General:
The Plan is a defined contribution plan covering substantially all members of the Heat and Frost Insulators and Asbestos Workers Local No. 38 (the "Local"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan.

B. Contributions:
Each covered employer (as defined by the most recent collective bargaining agreement) contributes amounts monthly as required by the collective bargaining agreement in effect during the course of the Plan year. The covered employers contributed $3.00 per hour paid for the first six months and $5.90 per hour paid for the final six months of 2021. The covered employers contributed $5.65 per hour paid for the first nine months and $3.00 per hour paid for the final three months of 2020. The covered employers have complied with the collective bargaining agreement contribution rates for the 2021 and 2020 Plan years. Participants may direct the trustee to invest all of the participant's accounts in specific funds or other investments permitted under the Plan. The employees are not required or permitted to make any contributions to the retirement plan. Contributions are subject to certain IRS limitations.

C. Participants Accounts:
Each participant's account is credited with the employer contribution, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting:
Participant accounts are 100% vested at all times.

E. Notes Receivable from Participants:
Participants may not borrow from the Plan.

F. Payment of Benefits:
When each participant shall reach his normal retirement date (i.e. his/her 59th birthday) while in the employ of the employer, he shall be entitled to receive the full amount which has accumulated in his individual account. The participant can choose any one of the following benefit payment options:

1. Lump sum distribution
2. Husband-wife 50% form (joint and survivor annuity)
3. Specified monthly payment
4. Combination lump sum and specified monthly payments
5. The Plan allows COVID distributions of up to $100,000. Repayment of CARES Act distributions is allowed partially or in full within three years of withdrawal of funds.

Upon termination of a participant's employment for any reason other than death, retirement or disability, which results in a break of service of six consecutive months, the terminated participant shall be eligible for a separation from service distribution. The distribution shall be in the form of a lump sum distribution of the participant's individual account.

If a participant becomes totally and permanently disabled, as defined by the Plan, prior to reaching normal retirement age (59) the participant shall be eligible for distribution of his or her individual account as if the participant had retired under the normal retirement provisions of the Plan. The distribution of the participant's disability retirement benefits shall be in the form available to participants that retire under the normal retirement provisions of the Plan.

G. Forfeited Accounts:
Participant accounts are 100% vested at all times. Accordingly, there are no forfeited accounts.

H. Plan Amendments:
Effective April 2020, the Plan adopted the suspension of required minimum distribution provision of the Coronavirus Aid, Relief, and Economic Security (CARES) Act that was signed into law on March 27, 2020. As a result of the act, required minimum distributions were completely waived for 2020. The plan has until 2022 to formally amend the Plan. Effective January 2020, the Plan was amended to allow a participant once they reach age 59½, but does not retire pursuant to terms of the Plan, to be eligible to receive an in-service partial lump sum distribution.

Effective April 2020, the Plan adopted the distribution provision of the CARES Act. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The Plan has until 2025 to formally amend the Plan.

Effective January 2020, the Plan has adopted certain requirements of the Setting Every Community Up for Retirement Enhancement (SECURE) Act which changed required minimum distribution age from 70.5 to 72, requires non-spouse beneficiaries to withdraw funds within ten years, allows penalty free withdraws for new parents and other provisions. The Plan has until 2025 to formally amend the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting:
The financial statements of the Plan are prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

B. Use of Estimates:
The preparation of financial statements requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition:
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management of the Heat and Frost Insulators and Asbestos Workers Local 38 Retirement Investment Account Plan determines the Plan's policies utilizing information provided by the investment advisers, trustee and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Contributions are recorded in period earned. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year, and may include interest and dividends earned in mutual funds and pooled separate accounts as allowed by Department of Labor.

D. Payment of Benefits:
Benefits are recorded when paid.

E. Administrative Expenses:
Expenses of maintaining the Plan are paid directly and indirectly by the Plan and are allocated directly to the participant accounts as defined in the Plan document. Investment related expenses are included in net appreciation of fair value of investments.

F. Date of Management Review:
Subsequent events were evaluated through October 3, 2022 which is the date the financial statements were available to be issued.

3. CASH AND CASH EQUIVALENTS

Details on cash and cash equivalent balances at December 31, 2021 and 2020 are as follows:

	2021	2020
FDIC Insured Deposit Account	$ 95,646	$ 52,972
Cash	-	1,397
TOTAL CASH AND CASH EQUIVALENTS	$ 95,646	$ 54,369

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE AND CUSTODIAN

The Plan Administrator has elected the method of compliance in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following investment information was certified as complete and accurate by the trustee, Alerus Financial, N.A. and was not subjected to any auditing procedures performed by the independent auditors:

A. Investments as shown in the accompanying statement of net assets available for benefits of $26,668,189 as of December 31, 2021 and $23,814,329 as of December 31, 2020 except for $95,646 and $52,972, respectively in FDIC Insured Deposit Account and cash.

B. Net investment income as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021 of $3,550,206 except for $2 of investment income and $23,400 of investment expense and $28,150 of administrative expense. The investment and administrative expenses were netted against investment earnings on the certification as part of a revenue sharing agreement and are reflected in investment and administrative expenses on the financial statements.

C. All investment-related information in the accompanying supplemental Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2021, except for $95,646 of cash and cash equivalents.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1:
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2:
Input to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets:
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3:
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds:
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts:
Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 24,497,689	$ -	$ -	$ 24,497,689
Investments Measured at Net Asset Value (a)	-	-	-	2,170,500
INVESTMENTS AT FAIR VALUE	$ 24,497,689	$ -	$ -	$ 26,668,189

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 22,314,494	$ -	$ -	$ 22,314,494
Investments Measured at Net Asset Value (a)	-	-	-	1,499,835
INVESTMENTS AT FAIR VALUE	$ 22,314,494	$ -	$ -	$ 23,814,329

(a) In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021 and 2020, respectively. Since the individual funds comprising the Plan's investment in common collective trust file a Form 5500 as a direct filing entity (DFE), the individual funds are not grouped by their significant investment strategies.

Fair Value Estimated Using Net Asset Value Per Share as of December 31, 2021

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	$ 2,170,500	$ -	Immediate	None

Fair Value Estimated Using Net Asset Value Per Share as of December 31, 2020

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	$ 1,499,835	$ -	Immediate	None

6. PARTY-IN-INTEREST

The Plan investments are primarily mutual funds managed by Alerus, the Plan trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Alerus Financial, N.A. was paid $38,320 and $13,072, for administrative services to the plan during 2021 and 2020, respectively.

Northeast Advisors, Inc., a Registered Investment Advisor, was paid $54,630 for investment advisory services to the Plan during 2021.

Ira H. Weinstock, P.C., the Plan's attorney, was paid $1,495 for legal services provided to the Plan during 2021.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Board of Trustees has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participant's accounts are 100% vested at all times.

8. TAX STATUS

The IRS has determined and informed the Company by a letter dated January 11, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt. Also, on February 2, 2018, the Plan was amended based on a signed compliance statement received from the Department of the Treasury's Voluntary Compliance Group. In accordance with the compliance letter the Plan was amended to bring it in compliance with various legislative and regulatory changes.

Plan management is required to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. DUE TO OTHER PLAN

Employer contributions for the Retirement Plan for the Heat and Frost Insulators and Asbestos Workers Local No. 38 (Plan No. 001) are received by the Plan and forwarded in the beginning of the year following the year in which the contributions were made. Interest earned on the employer contributions while in the Plan is also forwarded to Plan No. 001 at this time. At the end of 2021, the Plan inadvertently received $22,772 of contributions that were due to Plan No. 001. They were returned to Plan No. 001 on January 3, 2022. As of December 31, 2021 and 2020 the amount due to Plan No. 001 was $23,267 and $495, respectively.

11. ECONOMIC IMPACT

In December 2019, a novel strain of coronavirus was reported in Wuhan, China. The World Health Organization has declared the outbreak to constitute a "Public Health Emergency of International Concern." The COVID-19 outbreak is disrupting supply chains and affecting production across a range of industries. The extent of the impact of COVID-19 on the operational and financial performance of the covered employers and the Plan will depend on certain developments, including the duration, spread and virus mutations of the outbreak, the impact on our customers, employees and vendors all of which are uncertain and cannot be predicted. At this point, the extent to which COVID-19 may impact the financial condition or results of operations for the remainder of 2022 and thereafter cannot be predicted.

12. OTHER MATTER

The Plan made an in-service rollover distribution at age 60 in 2020 which violates the allowable in-service distribution age of 62 defined in the plan document. The Plan Sponsor subsequently amended the Plan to allow for such distribution effective January 1, 2020.

13. RECENT ACCOUNTING STANDARDS

Between May 2019 and April 2020 the AICPA Auditing Standards Board (ASB) issued Statements on Standards (SAS) Nos. 134 - 141. In an effort to enhance the communication value and transparency of the auditor's report, these standards reflect a new reporting model for audit of ERISA plans that, among other things, changes the form and content of the auditor's report when management elects to exclude from the audit certain investment information held and certified by a qualified institution, as permitted by ERISA Section 103(a)(3)(C). These standards also includes incremental performance requirements to affect certain of the new reporting requirements in addition to those currently set forth in the existing AU-C Sections in AICPA Professional Standards including engagement acceptance, audit risk assessment and response, communications with those charged with governance, procedures for an ERISA Section 103(a)(3)(C) audit, and considerations relating to the Form 5500. These new standards significantly changed the auditor's report and added various procedural requirements that need to be done by the Plan's auditors.
