INDEPENDENT AUDITORS' REPORT

Administrative Committee
The Segerdahl Corp. Employee Stock Ownership Plan
Wheeling, Illinois

We have audited the accompanying statements of net assets available for benefits of The Segerdahl Corp. Employee Stock Ownership Plan as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Segerdahl Corp. Employee Stock Ownership Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the year ended December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information as listed in the accompanying table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplemental information required by the United States Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTE A - DESCRIPTION OF THE PLAN

The following description of The Segerdahl Corp. Employee Stock Ownership Plan (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Segerdahl Corp. (the Company) established the Plan effective January 1, 2003. The Plan operates as a non-leveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (Code), as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by a committee composed of individuals appointed by the Company's Board of Directors. The trust department of an independent third-party bank is the Plan's Trustee.

The Plan purchased common shares of the Company using the proceeds of qualified rollover distributions from another qualified plan sponsored by the Company, and holds the stock in a trust established under the Plan.

2. Contributions

The Company can make discretionary contributions to the Plan, as determined by the Company's Board of Directors. For the year ended December 31, 2009, the Company made discretionary contributions of $357,494. The Plan does not permit participant contributions, except for the transfer of fully vested amounts from another qualified plan sponsored by the Company pursuant to a special election.

3. Eligibility

A non-union employee of the Company automatically becomes a participant of the Plan upon becoming a participant in the Segerdahl Corporation Employee Savings Plan. Those requirements are the completion of 90 days of service and attaining age 21. Participants who do not participate in the Segerdahl Corporation Employee Savings Plan sponsored by the Company or are not employed as of the last working day of the plan year are not eligible for an allocation of the Company's contribution for such year.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with an allocation of the Company's discretionary contribution, forfeitures of terminated participants' nonvested accounts, and an allocation of plan investment income. The Company's discretionary contribution and forfeitures are allocated as of the last day of the plan year and are based on a discretionary matching formula, which is based on contributions made by the participants to the other qualified plan sponsored by the Company. Plan earnings are allocated to participant's accounts in direct proportion to their respective account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

5. Vesting

Participants are fully vested in the portion of their account attributable to shares purchased with qualified rollover distributions from the other qualified plan sponsored by the Company. The balance in a participant's account attributable to Company contributions becomes fully vested upon retirement, death, disability, or completion of six years of service. If a participant terminates employment for any reason other than retirement, death, or disability, the participant's account balance is vested with the following schedule:

Years of Service	Vested Percent
Less than 2	0%
2 but not less than 3	20%
3 but not less than 4	40%
4 but not less than 5	60%
5 but not less than 6	80%
More than 6	100%

NOTE A - DESCRIPTION OF THE PLAN (Continued)

6. Payment of Benefits

Upon leaving the Plan, a participant's account will be distributed in the form of a lump sum or, if elected by the participant, equal annual installments over a period not to exceed five years. These payments may be made directly to the participant, a participant's beneficiary, or represent a direct rollover distribution to another qualified plan.

The distribution of benefits may be in the form of either Segerdahl Corp. common stock, cash, or a combination of both. However, currently the by-laws of the Company restrict ownership of substantially all of the outstanding Company stock to employees and the Trust. Therefore, distributions of benefits made in the form of stock are subject to the immediate sale of all stock back to the Segerdahl Corp.

In accordance with the Plan's Distribution Policy, effective January 1, 2009, distributions are made in April and September of each plan year. April distribution amounts are based upon the value of the Sponsor's common stock as appraised at the prior December 31 and September distribution amounts are based upon the value of the Sponsor's common stock as appraised at the prior June 30.

7. Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account, in accordance with the plan document. The Trustees shall vote, at their discretion, any allocated Company stock with respect to which voting instructions are not given and shares of Company stock which are not then allocated to participants' accounts.

8. Put Option

The employer stock that is held by the Plan and its participants is distributed to a participant only after the participant agrees to a put option. The put option requires an employee receiving a distribution of Company stock to immediately sell the shares back to the Company. The put price is representative of the fair market value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash and that Company stock will not be owned outside of the Trust.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

9. Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to accept distributions from the Plan and purchase investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in this Plan or another qualified plan sponsored by the Company may elect to diversify a portion of their accounts. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the participant may diversify an additional 25 percent of his or her total shares.

10. Administration of Plan Assets

The Plan's assets, which consist mainly of Segerdahl Corp. common stock, are held by the Trustees of the Plan. Company contributions are held and managed by the Trustees, who invest cash received and make distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain plan administrative expenses for the annual independent appraisal, stock offering, and audit are paid directly by the Company. Administrative fees paid by the Company approximated $156,000 for 2009.

11. Forfeitures

At December 31, 2009 and 2008, there were no unallocated plan assets resulting from forfeited nonvested accounts. Forfeitures are reallocated on the last day of the plan year, in the same manner as Company discretionary contributions, as discussed in Note A-4.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 (formerly known as FASB Statement No. 157), *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

* Quoted prices for similar assets or liabilities in active markets;
* Quoted prices for identical or similar assets or liabilities in inactive markets;
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Common stock: The methods of valuation used to determine the fair value of the Company's stock are the guideline company method and the discounted cash flow method. The guideline company method is a valuation technique whereby the value of a company is estimated by comparing it to similar publicly traded companies. The discounted cash flow method is a valuation technique in which the value of a company is estimated based on the present value of its expected future economic benefits. The appraised value of the Company's stock decreased from $1,949.90 per share at December 31, 2008 to $1,344.90 per share at December 31, 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year-end.

Other financial instruments: The carrying amounts of other financial instruments, including employer and other receivables approximate fair value due to the short maturity of these instruments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2009 and 2008. Plan investments at December 31, 2009 are further disaggregated, as required by FASB ASC 820.

Balance, end of year	$ 28,700,750

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Investment Valuation, Income Recognition and Significant Estimate

The majority of the Plan's investments consist of the Sponsor's outstanding shares of common stock. The primary liquidity of the Plan for the Sponsor stock comes from the Sponsor's repurchase of the stock or additional cash contributions to the Plan.

The value of the Sponsor's common stock is determined by a semi-annual independent appraisal, in the absence of readily ascertainable market values. Because of the inherent uncertainty of valuation, those estimated fair values may differ significantly from the values that would have been used had a ready market for those securities existed, and the differences could be material. Unrealized gains or losses from appreciation or depreciation of Company stock are recognized as increases or decreases in net assets available for benefits.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

6. New Accounting Pronouncements

a. Generally Accepted Accounting Principles

In June 2009, the FASB issued ASC 105, *Generally Accepted Accounting Principles*, which establishes the FASB ASC as the sole source of authoritative generally accepted accounting principles ("GAAP"). Pursuant to the provisions of FASB ASC 105, the Plan has updated references to GAAP in its financial statements issued for the year ended December 31, 2009. The adoption of FASB ASC 105 did not impact the Plan's financial position or results of operations.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. New Accounting Pronouncements (Continued)

b. Accounting for Uncertainty in Income Taxes

The FASB issued ASC 740 (formerly known as FASB Interpretation No. 48), *Income Taxes.* The Plan adopted this new guidance for the year ended December 31, 2009. Plan management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

NOTE C - INVESTMENTS

The Plan's investments, at December 31, are presented in the following table:

	2009	2008
Common stock		
Number of common shares	21,340.43	30,668.52
Cost	$ 7,721,538	$ 9,237,351
Fair value	$ 28,700,750	$ 59,800,541
Mutual funds		
Accessor U.S. Government Money Market Fund (cost approximates fair value)	15,663	21,041
	$ 28,716,413	$ 59,821,582

NOTE D - INCOME TAX STATUS

The Plan obtained its latest determination letter on August 19, 2005, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, a participant's account balance becomes fully vested and the Trust shall continue until the Trustees have distributed all of the benefits under the Plan to such participants or their beneficiaries at the time as prescribed by the plan terms and the Internal Revenue Code.

NOTE F - PLAN AMENDMENT

Pursuant to the fifth amendment of the Plan, effective January 1, 2009 distribution of a participant's 401(k) account may take the form of a lump sum distribution, or, if elected by the participant, equal annual installments over a period determined by the Plan Administrator, but not to exceed five years. Prior to the amendment, equal annual installments could not exceed three years.

NOTE G - RELATED-PARTY TRANSACTIONS

The Plan owns all of the issued and outstanding stock of The Segerdahl Corp., the Plan Sponsor. Certain other investments are held by Great Banc Trust Company, the Plan Trustee. Accordingly, all Plan investments qualify as party-in-interest transactions.

NOTE H - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 5, 2010, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.
