NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009 AND 2008

NOTE 1: **DESCRIPTION OF PLAN**

The following description of the Grundfos Pumps Corporation 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established effective January 1, 1987 by Grundfos Pumps Corporation (the "Company"). The company restated the Plan effective January 1, 2005. The Plan is a defined contribution plan whose purpose is to enable eligible employees to defer a portion of their salary to provide for their retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Merger – Effective April 1, 2002, the Board of Directors of the Company adopted a resolution to merge the Grundfos Employees' Retirement Plan (the "ERP") into the Plan (the "Merger"), and Prudential Trust Company was appointed the trustee, replacing individuals appointed by the Company. Effective July 2, 2007, the Board of Trustees of the Company adopted a resolution to merge the Grundfos CBS, Inc. 401(k) Plan into the Plan (the "CBS Plan Merger"), and Prudential Trust Company was appointed the trustee, replacing Fidelity Management Trust Company. Effective December 12, 2008, the Board of Trustees of the Company adopted a resolution to merge the Peerless Pump Corporation 401(k) Plan into the Plan (the "Peerless Pump Plan Merger"), and Prudential Trust Company was appointed the trustee, replacing Fidelity Management Trust Company.

Eligibility – An employee becomes eligible to participate in the Plan when at least 21 years old and employed a minimum of 90 days. At such entry date, employees are eligible to participate in the 401(k) portion of the Plan. A participant may not make withdrawals from their account prior to attaining age 65 except in the event of death, total or permanent disability, retirement, termination of employment, or proven hardship. There were 1,049 participants in the Plan as of December 31, 2009 and 1,041 participants in the Plan as of December 31, 2008.

Administration – The Plan is administered by the Company. The Company has appointed Prudential Trust Company to be the trustee of the Plan. All administrative costs applicable to the Plan, except investment expenses, are paid by the Company.

Employee Contributions – An employee will be eligible to make a pre-tax salary deferral on the first day of the month following completion of the age and service requirements. Plan participants may contribute up to 60% of their pre-tax annual compensation subject to certain Internal Revenue Code limitations ($16,500 in 2009 and $15,500 in 2008).

NOTE 1: **DESCRIPTION OF PLAN** (Continued)

Employer Contributions – The Company makes a fixed matching contribution equal to 50% of the amount of the participant's contribution not to exceed 6% of the participant's eligible annual compensation. In addition, the Company may contribute an additional 5% of each eligible participant's eligible annual compensation (previously contributed to the ERP).

Vesting – Each participant is 100% vested in his or her contribution plus earnings thereon. Effective January 1, 2002, employer matching and non-elective contributions by the Company changed from vesting on a seven-year graded vesting schedule to a six-year schedule.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions and (b) plan earnings. The Company's contributions are allocated among the plan participants in proportion to their compensation. Participants may direct the investment of their contributions, and any employer contributions, into a variety of mutual funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans – Participants may borrow a minimum of $1,000 up to the lesser of $50,000 or 50% of the participant's vested account balance. Participant loans are to be repaid with interest at least quarterly and in a time period not to exceed five years, unless the loan is for the purchase of the participant's principal residence, in which case the loan must be repaid with interest in a time period comparable to the repayment period permitted by commercial lenders for similar loans. Participant loans bear a reasonable interest rate as determined by the plan administrator. Interest rates on outstanding participant loans currently range from 4.25% to 9.50%.

Payment of benefits – Upon retirement, death or disability, distributions may be made in the form of a lump-sum of the participant's vested account balance, a single lump-sum distribution of a portion of the participant's vested account balance, or installments for required minimum distribution only.

This space intentionally left blank.
See next page for continuation of notes.

NOTE 1: **DESCRIPTION OF PLAN** (Continued)

Forfeitures – If a participant receives a distribution of their vested account balance, forfeitures (participants' allocated interest in plan assets which are not vested because employment is terminated before the vesting period is complete) are disposed of during the plan year following the plan year in which the distribution occurs. If a participant does not receive a distribution of their vested account balance, the nonvested portion is forfeited at the end of the plan year during which the participant incurs their fifth consecutive one-year break in service. Effective April 1, 2008, forfeitures are used to offset employer contributions. Prior to April 1, 2008, forfeitures were allocated among eligible participants in proportion to their compensation. Forfeited nonvested accounts totaled $131,698 and $89,295 during the years ended December 31, 2009 and 2008, respectively.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Use of Estimates – The preparation of financial statements, in conformity with generally accepted accounting principles, requires that the plan administrator make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting – The financial statements are prepared using the accrual basis of accounting.

Investment Valuation – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

NOTE 3: **INVESTMENTS**

At December 31, 2009 and 2008, the trustee, Prudential Trust Company, held the Plan's investments. The Plan's financial information that is included in the financial statements is based on information certified by the trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Money market funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

NOTE 4: **FAIR VALUE MEASUREMENTS** (Continued)

Mutual funds: Valued at the NAV of shares held by the Plan at year end.

Guaranteed investment account: Valued at the contract value which is the total cost of the investments at the time of purchase, plus or minus any additional deposits or withdrawals, plus accrued interest. The credited interest rate is the actual guaranteed interest rate paid to the participant's account per the contract. The value does not reflect the actual market value of assets held by the fund.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Assets at Fair Value as of December 31, 2009			
	Level 1	**Level 2**	**Level 3**	**Total**

NOTE 5: **PEERLESS PUMP PLAN MERGER**

Effective December 12, 2008, the Board of Trustees of the Company adopted a resolution to initiate a transfer of assets into the Plan from the Peerless Pump Corporation 401(k) Plan (the "Peerless Pump Plan") on behalf of the employees who participated in the Peerless Pump Plan. The net effect of this merger was a transfer of contributions receivable and a loan correction in the amount of $103,835. The 2009 transfer consisted of the following:

Receivables:	
Employee deferrals	$ 77,078
Employer contributions	29,622
Total receivables	106,700
Participant Loan Correction	(2,865)
	$ 103,835

NOTE 6: FEDERAL INCOME TAX STATUS

The Plan obtained its latest determination letter on August 11, 1993, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The January 1, 2005 restated plan (a Prudential prototype plan) has received an opinion letter from the IRS dated June 20, 2002, stating that the prototype plan was acceptable under section 401 of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirement of the IRC.

NOTE 7: RELATED PARTY TRANSACTIONS

The plan investments include shares of mutual funds, money market funds and a guaranteed investment account managed by Prudential Investments. Prudential Investments is the trustee as defined by the Plan and, therefore, those transactions qualify as party-in-interest transactions.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements of December 31, 2009 and 2008, to Form 5500:

	2009	2008
Net assets available for benefits per the financial statements	$ 74,888,884	$ 56,621,924
Deemed distributions reported on prior year's Form 5500 that are still plan assets	(14,957)	(6,108)
Net assets available for benefits per the Form 5500	**$ 74,873,927**	**$ 56,615,816**

For Form 5500 reporting purposes, a loan is a deemed distribution if the loan is treated as a directed investment of the participant's individual account and the participant has completely stopped making payments on the loan as of the end of the plan year. Loans reported as deemed distributions are not included on the Asset and Liability Statement of Form 5500, Schedule H but they remain an asset of the plan until such participants' benefits are distributed.
