Independent Auditor's Report

To the Trustees and Plan Administrator of the
JetBlue Airways Retirement Plan
Long Island City, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of JetBlue Airways Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the years ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and

- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of (Schedule of Assets (Held at End of Year) as of December 31, 2021) presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

General

The JetBlue Airways Retirement Plan (the "Plan"), a defined contribution plan, was established by JetBlue Airways Corporation (the "Company") on October 1, 1999. The Plan was most recently amended and restated effective January 1, 2018. There have been several amendments to the Plan since January 1, 2018 with the latest amendment effective on December 22, 2021. The Plan is administered by the Company. Great-West Trust Company (hereinafter referred to as Empower or Empower Retirement) is the recordkeeper and custodian of the Plan. The Plan is a profit-sharing plan covering qualified employees of the Company. Substantially all employees of the Company are eligible to participate immediately. Participation in the Plan is voluntary, and the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Participants should refer to the Plan document for a complete description of the Plan's provisions.

Plan assets consist of mutual funds, collective trust funds, fund of funds, and one self-directed brokerage account ("Charles Schwab SDB") that allows for investments in other companies common stock and mutual funds. Participants elect to have their contributions and related Company matching contributions invested in whole percentages in any or all of the funds offered by Empower Retirement. Transfers between the various mutual funds may be made daily by participants.

Contributions

Participants may make voluntary contributions up to the lower of (a) 100% of eligible compensation out of pre-tax earnings or (b) up to the maximum allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make voluntary contributions of post-tax earnings up to the maximum allowed by the Internal Revenue Code.

The Company makes a matching contribution of 100% of all employee contributions, up to the first 5% of annual compensation. Another component of the Plan is a Company discretionary contribution of 5% of eligible non-management employee compensation, which is referred to as *Retirement Plus*. Certain Federal Aviation Administration, or FAA-licensed employees, receive an additional contribution of 3% of eligible compensation, which is referred to as *Retirement Advantage*. Pilots receive a non-elective Company contribution of 15% of eligible pilot compensation per the terms of the finalized collective bargaining agreement, in lieu of the above Company matching contribution, *Retirement Plus*, and *Retirement Advantage* contributions. Profit Sharing is a discretionary incentive compensation payment by the Company that exceeds 5% of eligible compensation and relates to Company performance for a particular calendar year. Eligible employees may elect to defer up to 75% of this amount to the Plan as a Profit Sharing Deferral Contribution. There were no profit sharing contribution for the plan year 2021 and 2020.

Rollover Contributions

Participants who have participated in other qualified retirement plans may make a rollover contribution to the Plan of certain distributions received from those other plans.

Participant Accounts

Participants have separate accounts for employee and employer contributions. Contributions are allocated to the participants' accounts as authorized by each participant. Plan earnings are allocated to participants daily based on the number of shares in their accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in employer matching contributions is based on the participant's vesting years of service with the Company. A year of vesting service is a 12-month measuring period during which an employee completes at least 1,000 hours of service.

Employer matching contributions became fully vested upon three years of service with the Company. Under this vesting schedule, participants vest 20% in the first year of vested service, 20% in the second year of vested service, and 60% in the third year of vested service.

If termination from the Company is the result of death or disability, the participant is deemed 100% vested. *Retirement Plus* and *Retirement Advantage* contributions are 100% vested after three years of service or attainment of age 60, while still employed by the Company, whichever is earlier.

The Company's non-elective contribution of 15% of eligible pilot compensation vests after three years of service.

Profit Sharing contributions, if made by the Company, vest immediately.

Notes Receivable from Participants

Participants are able to borrow from their accounts up to the lesser of 50% of their vested balance or $50,000, reduced by the highest outstanding loan balance in the preceding 12 months. Loans must be made for a minimum of $1,000 and are repayable at the prime rate plus 1% at the date of issuance. Loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence and are secured by the balance in the participant's account. Principal and interest are paid ratably through regular payroll deductions.

In accordance with section 2202(b)(1) of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), for any loan made to a participant on or after March 27, 2020 and before September 23, 2020, the $50,000 aggregate loan limit is increased to $100,000. The aggregate amount of loans issued under this section of the CARES Act was $36,298,464, of which, $22,776,007 and $31,239,949 was outstanding at December 31, 2021 and 2020, respectively. Loan payments due from participants anytime beginning March 27, 2020 and ending December 31, 2020, who has an outstanding loan balance on or after March 27, 2020, may, upon the election of the participant, be suspended until the first pay period beginning on or after January 1, 2021. Subsequent payments will be adjusted for the deferral and any interest accruing during deferral. The period of deferral is disregarded when determining the loan terms.

Payment of Benefits

At age 59½ and thereafter, an active employee can withdraw funds from the vested balance of their account at any time. Upon termination of service, a participant or the participant's beneficiary may receive their Plan benefits in a lump-sum distribution.

While employed, participants may, upon written request and approval by the Plan administrator, withdraw all or a portion of their elective contributions and vested Company contributions. Withdrawals are only permitted for financial hardship and if other resources are not available. The amount may be limited to certain subaccount(s) and/or vested amounts.

In accordance with section 2202 of the CARES Act and Internal Revenue Service Notice 2020-50, qualified participants may request a Coronavirus-Related Distribution ("CRD") from vested balances between January 1, 2020 and December 31, 2020. A CRD may not exceed $100,000 (in the aggregate), or the total of the

participant's account balance, if less, reduced by the amount of any prior CRD(s) that the participant has received on or after January 1, 2020 from the Plan.

The Plan made $144,621,752 of Coronavirus-Related Distribution in 2020.

Forfeitures

All forfeitures of the Company's contributions from terminated participants' non-vested accounts may be used by the Company to reduce future employer contributions or to pay plan administrative expenses. Forfeitures of $1,672,155 and $2,027,284 were used by the Company to reduce employer contributions and pay plan administrative expenses in 2021 and 2020, respectively. At December 31, 2021 and 2020, there were unallocated forfeitures of $6,390,927 and $3,667,941 that are available to reduce future employer contributions or plan administrative expenses. Forfeitures of $970,572 and $921,409 at December 31, 2021 and 2020 were used by the Company to reduce its 2021 and 2020, contributions paid in 2022 and 2021, respectively.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Participants who borrowed from their accounts are responsible for loan origination fees and maintenance fees which are charged directly to their plan accounts.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. Benefit payments are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

Subsequent events have been evaluated through October 12, 2022, the date the financial statements were available to be issued.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded against the participants' accounts as administrative expenses and are expensed when they are incurred. Delinquent participant loans, other than those deferred under the CARES Act, are reclassified as distributions in accordance with the loan provisions of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. See Note 3 for discussion of fair value measurements.

The Plan presents in the Statements of Changes in Net Assets Available for Benefits the net change in fair value of investments which consists of realized gains or losses and unrealized appreciation or depreciation on those investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

Investment Fees

Net investment returns reflect certain fees paid by the investment funds to their affiliated investment advisors, transfer agents and others as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately presented as an expense in the accompanying financial statements.

3. Fair Value Measurements

Under the *Fair Value Measurements* topic of the Accounting Standards Codification, or ASC, the framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – observable inputs such as unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2 – quoted prices in active markets for similar assets and liabilities, and other inputs that are observable directly or indirectly for the asset or liability; or

Level 3 – unobservable inputs for the asset or liability, such as discounted cash flow models or valuations.

During the years ended December 31, 2021 and 2020, there were no changes in methodologies for determining fair value measurements and there were no transfers between fair value hierarchy levels.

The determination of where assets and liabilities fall within this hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mutual Funds – Share prices or net asset values (NAVs) for the Plan's mutual funds are generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation (IDC).

Participant Directed Investments **-** The Plan's participant directed investments (Charles Schwab SDB) are self-directed brokerage accounts ("SDBAs"). Investments in the SDBAs are selected by the participant. Investments are priced based upon end-of-day market values of individual holdings in the accounts. Within certain SDBAs there are a number of securities that are no longer available to be actively traded (purchased or sold) and are deemed to have no current value.

The following is a listing of Plan assets required to be measured at fair value on a recurring basis and where they are classified within the fair value hierarchy as of December 31, 2021 and 2020, respectively.

*Certain investments for which fair value is measured using the NAV per share as the practical expedient have not been categorized within the fair value hierarchy. The fair value amounts presented in these tables are intended to reconcile the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Collective Trust Funds - The Plan has collective trust funds that utilizes NAV per unit as the practical expedient to estimate the fair value of these in

vestments. The beneficial interest of each participant is represented by units. Issuances and redemptions of units are recorded, upon receipt of unit holder's instructions, based on the next determined net asset value per unit. NAVs for the collective trust funds are generally obtained directly from the fund house or other investment provider.

Fund of Funds **–** NAVs for fund of funds are calculated daily by the fund administrator. The initial pricing inputs are the quoted share prices obtained for the underlying mutual funds which are then adjusted to apply any applicable expense factor. The formula-calculated NAV is then systematically compared to an accounting-driven NAV. The accounting NAV is calculated by dividing the net assets by the number of shares outstanding.

The following tables summarize investments that make up the collective trust funds and fund of funds, measured at fair value based on NAV per share as of December 31, 2021 and 2020, respectively.

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

4. Certification Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, a qualified institution, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, and the supplemental Schedule H, Line 4(i)–Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment transactions and investment income and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2021 and 2020.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to certified investment information, except for comparing such certified investment information included in the above named financial statements and ERISA-required supplemental schedule.

5. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service ("IRS") dated May 2, 2016, stating the Plan was qualified under Section 401(a) of the Internal Revenue Code (the "Code"). Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended and restated subsequent to the receipt of the 2016 determination letter. The Plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the Code and therefore, believes the Plan, as amended and restated, is qualified and the related trust is tax exempt.

The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, including individual investments in the SDBAs, are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values

of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

8. Party-in-Interest Transactions

Plan investments included mutual funds, collective trust funds and fund of funds managed by Empower Retirement, the custodian of the Plan. These transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions.

9. Reconciliation with Form 5500

The following is a reconciliation of contributions per the financial statements to the Form 5500 for the year ended December 31, 2021:

Contributions per the financial statements	$333,839,190
