INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the
Employees' Savings Plan of ALSTOM Signaling Inc.

We were engaged to audit the accompanying statements of net assets available for benefits of the Employees' Savings Plan of ALSTOM Signaling Inc. (the "Plan") as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental schedule of assets (held at end of year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 5, which was certified by Bank of America N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. As disclosed in Note 5, the Plan Administrator has obtained certifications from the trustee regarding the completeness and accuracy of the investment information provided to the Plan Administrator by the trustee as of and for the year ended December 31, 2009, and as of December 31, 2008.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Respectfully Submitted,

EMPLOYEES' SAVINGS PLAN OF ALSTOM SIGNALING INC.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2009 AND 2008

Note 1 **Description of Plan**

The following brief description of the Employees' Savings Plan of ALSTOM Signaling Inc. (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan is a defined contribution plan available to employees meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participation Requirements and Determination of Benefit

All active salaried employees of ALSTOM Signaling Inc. (the "Company") and all union employees who are not classified as leased employees are eligible to participate. Employees become eligible to participate upon completing one hour of service. Participation commences as of the first payroll of the month following the date the employee meets eligibility requirements.

Participants are immediately vested in their contributions and Company matching contributions plus actual earnings thereon. Vesting in the Company's non-elective contributions portion of their accounts plus earnings thereon is as follows:

<u>Completed Years of Service</u>	<u>Vested Percentage</u>
Less than 2 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 or more Years	100%

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reasons, a participant may elect to have benefits distributed in a lump-sum payment or annuity payments. The Plan provides for in-service hardship withdrawals and age 59 ½ in-service withdrawals, subject to limitations.

Contributions

Under the Plan, eligible participants may elect to contribute up to 25 percent of their compensation on a tax-deferred basis or after-tax basis, but not in excess of the maximum amount permissible, as defined. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, the Plan allows for rollover contributions from other plans.

EMPLOYEES' SAVINGS PLAN OF ALSTOM SIGNALING INC.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2009 AND 2008

Note 1 Description of Plan - Continued

Contributions - Continued

The Company may make discretionary matching contributions if approved by the Board of Directors. The employer discretionary contribution matched 50 percent of the participant's first eight percent of eligible compensation contributed as elective deferrals for the plan year up to a maximum of \$8,000 for 2009 and 2008. The Company may also make an additional discretionary contribution at year end, if approved by the executive staff. The contribution is allocated to each participant based on the ratio of the participant's compensation to the compensation of all Plan members. A participant is eligible for this contribution if employed at year end or if during the year the employee becomes disabled, dies, or leaves the Company after reaching age 65. No additional discretionary contributions were paid for 2009 or 2008.

Effective April 1, 2008, the Company will make a non-elective contribution for each participant who is a non-union eligible employee. The amount of the non-elective contribution is equal to the percentage of the participant's compensation determined in accordance with the following chart, based on the participant's attained age as of the pay date for the payroll period:

<u>Age</u>	<u>Percentage of Compensation</u>
Under Age 35	4%
Age 35 to 44	5%
Age 45 to 54	6%
Age 55 or older	7%

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged with the participant's withdrawals. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Loans to Participants

Participants may borrow up to the lesser of \$50,000, reduced by the highest outstanding loan balance incurred during the previous one-year period, or 50 percent of their vested account balance, with a minimum loan amount of \$1,000. Loans are paid through payroll deductions over periods ranging from one to five years (or longer for a principal residence). The interest rate is determined by the Plan Administrator, based on the lowest prime rate published in the Wall Street Journal on the first business day of each month, plus one percent, and is fixed over the life of the loan.

Forfeitures

In accordance with the Plan document, forfeitures of non-vested non-elective contributions may be used to reduce future employer contributions and Plan administrative expenses. At December 31, 2009 and 2008, forfeited non-vested accounts totaled \$84,496 and \$34,938, respectively.

EMPLOYEES' SAVINGS PLAN OF ALSTOM SIGNALING INC.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2009 AND 2008

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting.

Investment Contracts

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. The statements of net assets available for benefits present the fair value of the investment in the common/collective trust as well as the adjustment of the investment in the common/collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Date of Management's Review

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 5, 2010, the date that the financial statements were available to be issued.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Loans to Participants

Loans to participants are recorded at amortized cost.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

EMPLOYEES' SAVINGS PLAN OF ALSTOM SIGNALING INC.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2009 AND 2008

Note 2 Summary of Significant Accounting Policies - Continued

Investment Valuation and Income Recognition - Continued

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies: Valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

EMPLOYEES' SAVINGS PLAN OF ALSTOM SIGNALING INC.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2009 AND 2008

Note 2 Summary of Significant Accounting Policies - Continued

Investment Valuation and Income Recognition - Continued

Common/Collective Trust: Valued at estimated fair value based on the underlying assets of the trust. The fair value of the underlying assets is obtained from information provided by the investment advisor using the audited financial statements of the common/collective trust at year end. There are no restrictions on redemptions of this investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

<u>Investments at Fair Value as of December 31, 2009</u>

***Note 2* Summary of Significant Accounting Policies - Continued**

Risks and Uncertainties

The Plan invests in investment securities, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payments of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

All costs related to administering the Plan are paid by either the Plan or the Company.

***Note 3* Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of termination of the Plan, a participant shall have a nonforfeitable right to the credited balance in their account.

***Note 4* Tax Status**

The Plan Administrator has received a favorable determination letter from the Internal Revenue Service, dated October 14, 2004, stating that the Plan, as then designed, is a qualified plan in accordance with applicable sections of the Internal Revenue Code ("IRC") and its corresponding trust is exempt from taxation under the IRC. Although the Plan has been amended since receiving the letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

***Note 5* Certified Information**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified to the completeness and accuracy of the information on the accompanying statements of net assets available for benefits as of December 31, 2009 and 2008, schedule of assets (held at end of year) as of December 31, 2009, and the related investment income (including interest and dividend income and net appreciation of investments) reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2009. The common/collective trust was included in the certification at contract value.
