INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Wittmeier Ford 401(k) Tax Favored Savings Plan

We were engaged to audit the accompanying statement of net assets available for benefits of the Wittmeier Ford 401(k) Tax Favored Savings Plan as of December 31, 2009 and 2008, and the statement of changes available for benefits for the year ended December 31, 2009 and the supplementary schedules as of and for the year ended December 31, 2009, as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion of the accompanying financial statements and schedules taken a a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1: Description of Plan

The following description of the Wittmeier Ford 401(k) Tax Favored Savings Plan provides only general information. Participants should refer to the Plan Agreement and Summary Plan Description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of the Company, except collective bargaining employees and nonresident aliens who do not receive United States source income, who have six months of service and are age nineteen or older. It is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA).

Administration. Under the terms of the Plan, certain corporate officer's of the sponsor are designated as Plan Trustee. The Plan has contracted with American United Life (AUL) Insurance Company to act as custodian and record keeper for the plan.

Contributions: Each year, participants may contribute up to the maximum allowable, not to exceed the limits of IRS Code Sections 401(k), 402(g) and 415, as defined by the Plan. If employees do not enter into a salary deferral agreement at the time they become eligible, three percent (3%) will be withheld from each employee until such time as they select an alternative deferral option. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may match employee contributions at the discretion of the Board of Directors or contribute an amount which it designates as a qualified non-elective contribution. The Company did not make a contribution during the current year.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, if any, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. In addition to the administrative fees charged to each participant by the record keeper, AUL may also receive indirect fees from the mutual funds the plan has investments with. These fees range from .30% to .75% of the invested balance and are reflected in each fund's investment return. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of service.

Forfeitures. The total non-vested portion of terminated employees account balances may be used by the plan sponsor to pay plan expenses or as additional employer matching contributions. There were no forfeitures generated or used during 2009, and there are no available forfeitures as of December 31, 2009.

Investment Options: Upon enrollment in the Plan, a participant may direct employee contributions in various increments in any of the investment options administered by American United Life (AUL) Insurance Company. Investment options may be changed with 30 days notice. A participant may invest in the AUL Fixed Interest Account with a guaranteed rate of return, or from a variety of pooled separate accounts which are invested in mutual funds.

Participant Notes Receivable. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan balances may be paid over a reasonable period of time not to exceed five years, except in the case that the proceeds of the loan are used to acquire a dwelling to be used as the Participants principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the prevailing interest rate charged on similar commercial loans, as determined by the Plan Administrator.

Note 1: Description of Plan (continued)

Payment of Benefits: On termination of service due to death, disability or retirement a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a life annuity over the employees estimated remaining life, a life annuity over a certain term, not to exceed twenty years, or a joint and survivors annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Amendments: In July 2009, the plan was restated in compliance with EGTRRA regulations, with an effective date of January 1, 2009.

Note 2: Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value as determined by American United Life Insurance Company except for its investment contract which is valued at contract value, which approximates fair value. Fair value of the Plan's pooled separate accounts are based on market prices of the underlying mutual fund investments. Participant notes receivable are valued at cost which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends area recorded on the ex-dividend date.

Risks and Uncertainties - The Plan provides for various investment options which are exposed to a variety of risks, including interest rate, market fluctuations, valuation, and credit risks. Due to the level of risk associated with certain investments, it is possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - Plan management has evaluated subsequent events through October 7, 2010, the date the financial statements were available to be issued.

Note 3: Information Certified by Trustee

The December 31, 2009 and 2008 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2009, the supplemental Schedule of Investments Held at December 31, 2009, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the custodian, American United Life Insurance Company, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This information has been certified as complete and accurate to the best of their knowledge.

Note 4: Significant Investments and Net Appreciation

The Plan's investments were held by American United Life Insurance in pooled separate accounts of various mutual fund investments. Significant investments representing more than five percent of the Plan's assets are separately identified as follows:

	2009	2008
Shares of Registered Investment Companies at Fair Value as Determined by American United Life Insurance Company:		
Thornburg International Value	$ 211,246	$ 151,421
American Funds Growth Fund of America	406,940	297,309
OneAmerica Investment Grade Bond	197,353	162,606
OneAmerica Value	234,230	167,325
SSgA S&P 500 Index Strategy	175,752	*
T Rowe Price Equity-Income Portfolio	144,887	*
Deposit with Insurance Company, at Contract Value		
AUL Fixed Account	680,553	582,458
Participants' Note Receivable	97,521	124,129

* Investment value represents less than 5% of assets.

For the year ended December 31, 2009, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value as follows:

Fair value as determined by American United Life Insurance Company:	
Pooled Separate Accounts	$ 425,981
Net appreciation in fair value of investments	$ 425,981

Note 5: Investment Contract With Insurance Company

The Plan has entered into a deposit contract with the American United Life Insurance Company (AUL) to provide participants in the Plan the AUL Fixed Account. The AUL Fixed Account investment choice is an obligation of AUL, and invested assets are commingled with the other assets in AUL's general account. There is no specific portfolio of assets in which the Plan's Fixed Account funds are invested. The crediting interest rate is backed by the income received from assets held in the general account and AUL's guarantee. Amounts allocated to the Fixed Account will earn interest at the higher of the rate guaranteed under the contract or the current rates established and declared in advance by AUL. The average crediting rate for the investment in the Fixed Option was 4.25% and 3.73% for the years ending December 31, 2009 and 2008, respectively. The crediting interest rate for this account was 3.75% and 3.73% at December 31, 2009 and 2008, respectively. The minimum guaranteed crediting rate was 1.50% and 1.10% at December 31, 2009 and 2008, respectively.

American United Life Insurance Company has stated that the contract value approximates fair value, and there is no fair value adjustment reflected in these financial statements. The investment is considered fully benefit responsive and normal participant withdrawals and transfers from the Fixed Option are processed at contract value. If the Plan were to request a liquidation, surrender charges and/or market value adjustments may apply. A significant deterioration in the creditworthiness of American United Life Insurance Company may result in participants' receiving less than full contract value.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 7: Tax Status

The Plan has adopted American United Life Insurance Company's Prototype Standardized 401(k) Profit Sharing Plan and Trust. The plan has obtained a favorable tax determination letter from the Internal Revenue Service dated March 31, 2008. Although the Plan has been amended since receiving this determination letter, the Plan administrator and the Plan's management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 8: Excess Contributions

For the year ended December 31, 2009, the Plan was required to return excess employee contributions of $10,826 to certain active participants as required to satisfy the relevant nondiscrimination provisions of the Plan. This amount is included in the plan's statement of net assets available for benefits as excess contributions payable at December 31, 2009.

Note 9: Administrative Fees

The administrative fees charged to the plan consist of an asset charge of $8,874 paid to AUL for record keeping services, and $890 of transaction fees for loans and distributions charged to specific participants. The plan sponsor paid $499 in documentation administration fees for the year ended December 31, 2009.

Note 10: Reconciliation of Financial Statements to Schedule H of Form 5500

As discussed in note 8, the Plan refunded excess contributions in March 2010 for the plan year ending December 31, 2009. For purposes of these financial statements, this amount was recorded as a payable as of December 31, 2009. The form 5500 is prepared on a cash basis, and these refunds will be shown as corrective distributions paid in the 2010 tax year.

Corrective distributions per schedule H of Form 5500	$	12,588
Add accrual for excess participant contributions payable as of December 31, 2009		10,826
Less accrual for excess participant contributions payable as of December 31, 2008		(12,588)
Excess contributions per the financial statement	$	10,826
Benefits paid to participants per schedule H of Form 5500	$	114,858
Less excess accrual for corrective distributions payable as of December 31, 2008		(4,046)
Benefits paid to participants per the financial statement	$	110,812

Net income on the Schedule H of form 5500 is $607,124 as compared to net income per these financial statements of $612,932. The difference of $5,808 is due to the cash versus accrual differences detailed above.

Note 11: Fair Value Measurements

Financial Accounting Standards Board ASC 820-10 (formerly FASB Statement No. 157, Fair Value Measurements), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets:

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset of liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Pooled Separate Accounts: Valued at fair value as determined by American United Life Insurance Company, based on the accumulation units and market prices of the underlying mutual fund investments.

Participant loans: Valued at amortized cost, which approximates fair value.

Deposit with Insurance Company (AUL Fixed Account): Valued at amounts contributed or transferred into the Fixed Account plus all accrued interest, less withdrawals or transfers out.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 11: Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009

WITTMEIER FORD 401K TAX FAVORED SAVINGS PLAN
001
94-1731373
December 31, 2009

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
