Note 1. Plan Description

The following description of the Bershtel Enterprises LLC dba WePackItAll 401(k) Plan (the Plan) for the employees of Bershtel Enterprises LLC dba WePackItAll (the Company) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established effective January 1, 2009, is a defined contribution plan covering all employees of the Company, who are at least 18 years of age and have completed 1,000 hours of service during the 12 months of employment. Plan entry date is the first day of the month following the completion of eligibility requirement. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts and Contributions

Participants may elect to contribute any combination of pre-tax deferrals or Roth deferrals from 1% to 86% of eligible earnings, as defined in the Plan, in 1% increments. The maximum participant deferral limit was $16,500 for the year ended December 31, 2009. Catch up contributions of $5,500 were available to participants who had attained age 50 or older by December 31, 2009, and had not exceeded the contribution limit for the Plan year.

The Company is required to make Safe Harbor matching contributions on participants' salary deferrals equal to 100% of participants' deferrals, up to 4% of compensation, as defined in the Plan. The Company's Safe Harbor matching contributions for the year ended December 31, 2009 were $75,038.

In addition, the Company may make annual non-elective contributions to the Plan. Non-elective contribution is allocated to all employees eligible to participant in the Plan. The Company did not make non-elective contribution for the year ended December 31, 2009.

Each participant's account is credited or charged, as the case may be, with the participant's contribution and allocations of the Company's matching contributions, annual discretionary contributions, and investment earnings and losses.

Note 1. Plan Description (Continued)

Vesting

Participants are immediately vested in their voluntary contributions, and Company's Safe Harbor matching contributions plus actual earnings thereon. Vesting in discretionary non-elective contributions is based on years of continuous service. A participant is 20% vested after two years, and continues to vest 20% per year thereafter. A participant becomes fully vested after six years of service.

Notwithstanding the above, if a participant (1) attains the age of 65, (2) dies or (3) terminates employment by reason of permanent disability, the discretionary non-elective contribution amounts become 100% vested without regard to years of service.

Participant Loans

Participants may borrow from their vested account balances up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The minimum loan is $500. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate as published in The Wall Street Journal on the 14th of each month, plus two percentage points. Principal and interest are paid ratably through payroll deductions or participants' own personal funds over a term not to exceed five years, except for loans used to purchase or improve the participant's primary residence, which may have a repayment term not to exceed 30 years. There were no loans outstanding at December 31, 2009.

Benefit Payments

Distributions of a participant's account are made upon termination of service, death, disability or retirement. Distributions are made in a lump-sum payment. If a participant's vested account is greater than $1,000 but less than $5,000, and the participant does not elect to have the amount rolled over into a specific retirement account or to receive a distribution directly, such account will be rolled over to an Individual Retirement Account. Account balances of $1,000 or less can be distributed whether or not requested. An in-service distribution can also be made to participants who have attained the age of 59-1/2, upon disability or when experiencing financial hardship.

Administrative Expenses

The Company incurs certain expenses in administering the Plan, which are not passed on as expenses of the Plan. Administrative expenses charged to the Plan consist of charges associated with benefit payments and loan processing.

Note 1. Plan Description (Continued)

Forfeitures

Forfeitures of terminated participants' unvested Company discretionary non-elective contributions may be used to reduce future Company contributions or may be re-allocated to participants' accounts. During the year ended December 31, 2009, no forfeitures were used to reduce employer contributions, and no forfeitures were available for future use.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Valuation of Investments

The Plan's investments are stated at the value as reported to the Plan by JP Morgan Chase Bank, N.A., (JP Morgan), the trustee of the Plan. Investments in shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset value of the shares held at year end.

Realized and Unrealized Appreciation

Realized and unrealized appreciation is based on the market value of the assets at the end of the Plan year compared to the market value of the assets at the beginning of the Plan year, or at the time of assets purchased/exchanged during the Plan year.

Note 2. Summary of Significant Accounting Policies (Continued)

Benefit Payments

Benefits are recorded when paid.

New Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2009-01 (formerly Statement No. 168), *Topic 105 - Generally Accepted Accounting Principles - FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles.* The Codification is the single source of authoritative nongovernmental U.S. generally accepted accounting principles (GAAP). The Codification does not change current GAAP, but is intended to simplify user access to all authoritative GAAP by providing all the authoritative literature related to a particular topic in one place. All existing accounting standard documents are superseded and all other accounting literature not included in the Codification is considered non-authoritative. The Codification is effective for interim or annual reporting periods ending after September 15, 2009. Management has made the appropriate changes to GAAP references in the financial statements.

During the year ended December 31, 2009, the Plan adopted FASB authoritative guidance that established requirements for the accounting and disclosure of events that occur after the financial statements date, but before the financial statements are issued or available to be issued. The adoption of this guidance had no impact on the Plan's financial statements.

Note 3. Certified Financial Information

The financial information included in the Plan's financial statements as it relates to investment assets, investment transactions, investment income, the schedule of assets held at end of year have been derived from information certified as complete and accurate by JP Morgan, the trustee of the Plan, in accordance with Section 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 4. Investments

The following represents individual investments that are 5% or more of the Plan's net assets available for benefits at December 31, 2009.

Mutual Funds:		
Blackrock Global Allocation	$	84,975
Ready Assets Prime Money		67,783
Blackrock Gro Prep Port		61,894
Blackrock S&P 500		39,642
Blackrock Conserv Prep		35,887
Vankampen Corporate Bond		31,333

Note 5. Income Tax Status

The Company has adopted a nonstandardized prototype plan sponsored by Automatic Data Processing (ADP). The Plan prototype received an opinion letter dated March 31, 2008 from the Internal Revenue Service (IRS), which stated that the Plan, as then designed, was in compliance with the applicable requirements of the (IRC). The Plan Administrator has not applied for a determination letter and ADP has not received a new opinion letter, but the Plan Administrator believes the Plan is currently being operated in compliance with the applicable provisions of the IRC.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market performance and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Fair Value Measurements

Fair value is determined based on assumptions that a market participant would use in pricing an asset or liability. Measurements of fair value are classified within a hierarchy based upon valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

Note 7. Fair Value Measurements (Continued)

Level 1 Observable quoted prices in active markets for identical assets and liabilities.

Level 2 Observable quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market.

Level 3 Model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

The following methods and assumptions were used to estimate the fair value of each class of assets that are recognized at fair value. There have been no changes in the methodologies used as of December 31, 2009:

Mutual funds: Valued using quoted market prices, which represent the net assets value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2009:

	Fair Value Measurements Using			
	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	$ 423,488	$ --	$ --	$ 423,488
Total assets at fair value	$ 423,488	$ --	$ --	$ 423,488
