We were engaged to audit the financial statements of J.A. Croson, LLC 401(k) Profit Sharing Plan as of December 31, 2009 and 2008, and for the years then ended, and the supplemental schedule as of December 31, 2009 as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E to the financial statements, which was certified by Great West Life & Annuity Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2009 and 2008, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of the J.A. Croson, LLC 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is classified as a defined-contribution plan, covering employees with at least three months of service, and who are age 18 or older.

1. Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Upon the death, permanent disability, or retirement of participants, their entire account balances become fully vested. Otherwise, vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service (defined as 1,000 hours during a Plan year). A participant becomes 100% vested after one year of service.

2. Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and an insurance company general account as investment options for participants. The Company at its discretion may elect to make employer matching and or profit-sharing contributions to the plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.

3. Participant accounts

Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Forfeitures

If a participant terminates employment with the Company while only partially vested, the non-vested portion of their Plan account, determined as of the end of the Plan year which the termination occurs, is forfeited. Forfeiture amounts are first used to pay Plan expenses for the Plan year in which the forfeitures are to be allocated. The remaining forfeitures are used to reduce employer matching contributions. There were $537 and $3,633 of unallocated forfeitures at December 31, 2009 and 2008, respectively.

NOTE A - DESCRIPTION OF PLAN (continued)

5. Participant loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest ranging from 5% to 9.25% which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. As of December 31, 2009 and 2008, the Plan had participant loans receivable of approximately $60,000 and $90,000, respectively.

6. Payment of benefits

Upon retirement or other separation from service, a participant shall be entitled to receive an amount equal to the vested portion of the balance in their account. Vested account balances in excess of $5,000 will be distributed either as a lump-sum or periodic payments, as soon as administratively feasible after the participant's employment termination date. Vested account balance of $5,000 or less will be distributed either as a lump-sum or periodic payments, as soon as administratively feasible after the participant's employment termination date. A disabled participant may request a distribution earlier than otherwise permitted, as soon as administratively feasible following the date the participant becomes disabled.

7. Plan expenses

Certain administrative expenses are paid directly by the Company and will not be reimbursed by the Plan. Certain investment expenses are netted against net appreciation in the fair value of investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting

The Plan's financial statements are prepared under the accrual method of accounting.

As described in Financial Accounting Standards Board (FASB) Staff Position AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a group annuity contract which is subject to the FSP. The adoption of the FSP did not have a significant impact on the financial statements as the estimated fair value approximates the contract value.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2. Investments, valuation, and income recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of pooled separate accounts are valued at the net asset value of shares held by the Plan at year-end. The fixed account is stated at fair value as determined by the trustee. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

3. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

4. Tax status

The Internal Revenue Service has determined and informed the Plan by letter dated November 27, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Service Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

5. Benefit payments

Benefits are recorded when paid.

NOTE C - RISKS AND UNCERTAINTIES

The Plan invests in various investments securities, which are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE D - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are pooled separate accounts managed by Great West Life & Annuity Insurance Company. Great West is the trustee as defined by the Plan and therefore these transactions qualify as party-in-interest transactions.

Fees paid by the Plan for administrative expenses amounted to $6,471 and $6,168 for the years ended December 31, 2009 and 2008, respectively. In addition, Plan participants also pay daily fees through the pooled separate accounts for investment management fees. It is impracticable to estimate the fees directly paid by the participants of the Plan.

NOTE E - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE AND CUSTODIAN (UNAUDITED)

The December 31, 2009 and 2008 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2009, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Great West, the custodian, held the Plan's investments and executed investment transactions. The following information, as well as the information in the supplemental schedule, was certified by the trustee as complete and accurate and, as directed by the Plan administrator, is unaudited.

Participant Loans	62,551		91,386	*

* Represents assets that make up 5% or greater of the Plan's net assets at December 31

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the aggregate value of their Individual Accounts regardless of vesting schedule years of service. Depending on the facts and circumstances, a partial termination may be found to occur where a significant number of employees are terminated by the Company or excluded from Plan participation. In the case of a partial termination, only those affected will become 100% vested.

NOTE G - FAIR VALUE MEASUREMENTS

FASB Statement No. 157, *Fair Value Measurements,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs.

NOTE G - FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: Invests mainly in fixed securities such as asset backed securities, residential mortgage backed securities, commercial mortgage backed securities, common stocks and corporate bonds. Valuation of investments held within pooled separate accounts is primarily based on quoted market prices.

Insurance Company General Account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuers.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2009:

	Investment Assets at Fair Value as of December 31:			
2009	Level 1	Level 2	Level 3	Total
Assets:				
Managed accounts				
Pooled separate accounts	$ -	$ 1,155,214	$ -	$ 1,155,214

Total investment assets at fair value	$ -	$ 1,155,214	$ 251,771	$ 1,406,985

Level 3 assets were 18% of total investments at fair value.

NOTE G - FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2008:

	Investment Assets at Fair Value as of December 31:			
2008	Level 1	Level 2	Level 3	Total
Assets:
